WHY YOUTH CONGRESS?

Once in a great while it is most important to bring senior youth together for a great spiritual convocation. More than a decade has passed since 1949 when the Pacific Union sponsored a congress in the Hollywood Bowl. Since that time a new generation of youth has reached the age of accountability

Convention and Exhibit Hall of Long Beach, site of the Pacific Union Youth Congress scheduled for April 1963.

The Place of Rules and Regulations in the Fellowship

The Apostle Paul states, "That he might present it to himself a glorious church, not having spot, or wrinkle, or any such thing; but that it should be holy and without blemish."—Eph. 5:27. The standards of the church of Christ are high. In no other organization do we find such exalted standards of conduct. The fellowship exists in part to help us reach the standards of Christ. No fellowship is complete unless there are rules. However, let us remember that these rules have no inherent power to hold the church together. The remnant of Christ is not held together through policies, rules, recommendations, "whereases," or even Fall Council actions. Neither do families stay together because of laws. If rules and regulations would weld families together the divorce problem could be solved in a few moments in legislative session. However, genuine fellowship between husband and wife or between members of the church is not that simple.

The great unifying influence of church fellowship is Christ Himself within the hearts of individual members. The power that holds the church together is found in the lives of members who can say, "I am crucified with Christ: nevertheless I live; yet not I, but Christ liveth in me."—Gal. 2:20.

Having said all this, however, let us remember that this does not minimize the importance of rules and regulations. It simply places the emphasis where it belongs. Rules and regulations help to direct the family of God which, through the new birth, is already united. Rules of conduct are essential to maintain order and give direction. Lack of direction will make fellowship weak and anemic. Without a course of procedure fellowship and teamwork will deteriorate and finally completely disintegrate. Any organization having objectives must have policies which are means to help reach the goals. If members of the church family were allowed to move in harmony with their own inclinations and desires, the fellowship certainly would be marred. If every member would disregard discipline, the fellowship would be destroyed in short order.

We are told that: "The word of God does not give license for one man to set up his judgment in opposition to the judgment of the church, neither is he allowed to urge his opinions against the opinions of the church."—*Testimonies*, vol. 3, p. 428. Another thought from the Spirit of Prophecy: God loves all men and Christians in particular. His ear is ever open to the appeals of His people, those who have turned from the world and given themselves to Him. *Out of this sacred relationship grows a respect and a reverence which is manifested every day and everywhere. As Christians we are members of the royal family, children of the heavenly King. Therefore, we should say no word, perform no act that would bring dishonor upon that worthy name by which we are called.* (See *Ministry of Healing*, pp. 490, 491.)

The basic rules of the family of God are found in Exodus 20:3 to 17. This great moral code was given to us by God Himself. The Ten Commandments are the guidepost to show us what is necessary to maintain a good fellowship. The Psalmist said, "Great peace have they which love thy law, and nothing shall offend them." A group of people respecting the law of God and united in Christ constitute a happy family. In the last analysis all church laws, rules, and regulations must have their foundation in the Ten Commandment law. The directives of the church should be in harmony with the Word of God. Regulations do help a converted people to reach their objectives. From time to time certain rules of the church will be referred to in these articles. These play a definite part in a dynamic fellowship. Whenever the church has standards which are not in harmony with the Bible standard, we should have the courage to eliminate them. "The curse of every church today is that men do not adopt Christ's methods. They think they can improve on the rules given in the gospel, and so are free to define them, hoping thus to reform the churches and the workmen. Let God be our one Master, our one Lord, full of goodness, compassion, and love."—*Testimonies to Ministers*, pp. 192, 193.

R. R. BIETZ, President,
Pacific Union Conference.

Have You Joined?

"In every place the temperance question is to be made more prominent. . . . Many are on the very verge of the kingdom, waiting only to be gathered in."—*Temperance*, p. 258.

Let us do a greater work in reaping the harvest of souls. Have you signed up as a member of the American Temperance Society and thus given your support to this great work? Your 1962 membership expired as of January 30. Mail your membership to the conference office today.

and service. The time is ripe to marshal the forces of our youth for Christ in a great Youth Congress. Therefore, the stage has been set. The place—the new ultra-modern Sports Arena, Long Beach, California. The time—spring vacation, April 11 to 13.

The importance of this Youth Congress cannot be overemphasized. It is not intended to be just another meeting. There is too much at stake in the planning and expense of this gathering to consider it in the category of the "usual."

"Closed Until Further Notice"

The place was Monrovia, Liberia. A warm sun beat down upon a small cluster of men standing beside the air terminal. Some quality of sadness about them caught the eye and made one wonder.

Then the flight was announced. The American in the center of the group bade a final farewell and strode purposefully toward the waiting plane. Behind him forced smiles of the moment vanished. How long would it be before sahib could return? A year? Two years? Three? Funds with which to operate the mission were gone, he had said. And nothing remained but for him to return to his homeland and attempt to raise more money.

In the meantime, what would become of the mission? What would become of the flock he must leave behind? The mission was "closed until further notice."

Watching this unhappy moment in the experience of another Christian mission was the undertreasurer of the General Conference of Seventh-day Adventists, O. A. Blake. He had just been attending councils with long-established Adventist missions in Liberia, Ivory Coast, Ghana, Nigeria, and other countries where the third angel's message was moving ahead without interruption, where Seventh-day Adventist missionaries could get on with the job in the assurance that the folks "back home" were holding steady the lines that supplied their needs.

Pastor Blake thanked God for the guidance that had been given the Adventist Church in its organization. He thanked

God for a faithful membership that understood the meaning of partnership.

And what a partnership it is! Grace Brown in the little Murphyville church back home is in partnership with Dr. R. J. Harvey at the Malamulo Hospital and Leprosarium in Nyasaland. Through her mission offerings to the general fund each week she makes it possible for her "partner" to bring healing to some 40,000 people annually. But she, and others like her, are also in partnership with Dr. G. C. Hackett and his staff as they care for the sick and bring spiritual healing to patients of the Montemorelos Hospital in Mexico.

The hands of these home-bound members hold steady the hands of physicians and nurses and teachers and evangelists all over the world who have dedicated their lives to mission service!

To these homeland "partners" more than 2,200 mission families, plus thousands of nationals serving God with them, look for continuing support through their prayers and their offerings.

Would you know a specific cause to which you can send your personal support? It is here. The cause is here in the finishing of the commission of Christ in earth's last explosive hour. Let us move together, for the strength of unity in a heavenly cause cannot be matched!

God grant that there will be no "closed" Adventist mission posts until the task committed to our hands is accomplished.

Why Youth Congress?

(Continued from Page 1)

We believe the youth of the Pacific Union have come to a critical hour in the proclamation of the Advent Message at home and abroad. This congress is designed to fit every consecrated young person into God's program of service for our day.

The call and challenge of this hour is for renewal and restoration of the heroic spirit of venture for Christ—the spirit which prompted youthful leaders in God's cause in days of old. Surely the time has come for a mighty surge of evangelism among Advent youth of today.

Young people must be trained and drilled and disciplined for the thrilling times that are just ahead. The prelude of the work that God would have His chosen youth to do is over. We face a finishing task which our young people, augmented by the Holy Spirit, can accomplish.

Therefore, if you desire—

- Greater spiritual power in your Christian living,
- Counsel on how to solve your personal problems,
- A genuine wholesome contact with the youth of the church,
- To receive a new inspiration and build into your life more valor for Christ,
- To become personally acquainted with the youth leaders of the Advent Movement,
- To know how you can fit your life into the program of carrying the message to all the world in this generation,
- Up-to-the-minute information about what the youth of the church are doing from an educational, missionary, or social standpoint,
- To hear and see some of the denomination's most outstanding youth speakers, a massed youth choir of 1,000 voices, and the investing of 1,500 Master Guides—

Plan now to attend the Pacific Union Youth Congress April 11 to 13, 1963, Long Beach, California.

MILLER BROCKETT,
Youth Director,
Pacific Union Conference.

PACIFIC UNION REVOLVING FUND

There are tremendous possibilities before us to strengthen and enlarge the work of God in the Pacific Union Conference through the establishment of the Pacific Union Revolving Fund. You can have a part in this through the purchase of Pacific Union Association notes that are issued in the form of coupon-bearing bonds. Your funds will be serving the church while earning interest for you, and the amount invested is secure to meet your own needs and desires.

Hawaiian Literature Evangelists Institute

It was the writer's privilege to be in Hawaii for the annual Literature Evangelists Institute. Meeting with our dedicated workers in the beautiful Hawaiian Islands is always an unforgettable experience.

Brother Bruce Aitken, the publishing secretary, his five full-time literature evangelists, and a few part-time workers with the help of two students closed the year with a ten per cent gain in actual deliveries. In addition to placing more dollars worth of literature in the homes, these devoted workers turned in the following soul-winning report:

Baptisms	7
Attending Meetings	58
Studies Begun	75
Correspondence Course	309
Prayer in Homes	376
Free Literature Given	1,859
Former SDA's contacted and invited to church	22

When baptisms are reported in literature evangelists' reports, we always recognize that ministers, Bible instructors, and in many instances faithful laymen have assisted in preparing the individuals for baptism. We are indeed grateful to everyone who had a part in the seven baptisms reported.

The Hawaiian Mission administrators, departmental secretaries, and ministers in the area, by their presence at the institute, revealed their deep interest in and support of the publishing program.

We were fortunate to be in Hawaii at the time that the Castle Memorial Hospital opened. To be present when the prayers, dreams, and plans of many years of the mission executives, workers, Adventist professional men, and church members were finally realized added great significance and satisfaction to our visit.

Progress is being made in all lines of denominational endeavor in Hawaii. The workers and members are of good courage and determined to take advantage of all opportunities for giving the message to the friendly, gracious people in those beautiful Islands. It was encouraging to hear Brother Aitken and his literature evangelists talk about plans to double their deliveries with the Lord's help in 1963 over 1962 and to use every avenue for soul winning open to them as they visit the homes of the people.

We solicit an interest in the prayers of all of our people for the literature evangelists and every branch of God's work in Hawaii.

Orangewood Students Push Brooms

"Sweeping away the bill" might well be the motto of the Orangewood Academy students who are selling brooms to finance a recreation area for their school.

Orangewood students have sold \$200 worth of brooms this school year. They are \$400 short of their goal of \$3,600 needed for recreational facilities. The area will provide a place for basketball, volleyball, tennis, and roller skating.

The academy received the shipment of 600 brooms from the Marwin Broom Products of Jefferson, Texas. Sherman Cross, a member of the school board, is responsible for negotiations that made the project possible. His uncle, Mr. M. E. Connell, is the owner of Marwin Co. and graciously offered the brooms, that retail at \$2.49 each, to the students for \$1 each. The students in turn sell them for \$2 and realize a dollar profit for their project.

Last year the students from the academy, with help from the seventh and eighth grades in the elementary school, sold candy bars and raised \$1,500 toward this project. An adult donor agreed to match dollar for dollar what the youth would raise, and brought the total to \$3,000 for 1962.

Progressing at this rate, student salesmen will soon have made a clean sweep—and an active building program can be launched shortly.

SOUTHEASTERN CALIFORNIA

Manners and Message Seen by Thousands

As the KTLA television camera moves silently up and down the carpeted aisles of our Southeastern churches, adult and younger members alike are captivated with the heavy cords that follow, the bright lights that glare down momentarily then move on, and the subtle sign language of the technicians. The temptation persists to take just one hurried glance at the fascinating array of machines and men who are transforming a private worship service into an hour of devotion that thousands can share.

The Adventist Hour is so much more than a television "production." May we share with you just one of the many letters that cross our desk weekly from viewers in Southeastern?

"I must commend the church on the excellent behavior of the lovely children in the audience, on last Sunday's telecast. That tells a beautiful, silent story for the home environment of Adventists. . . . This is our first contact with Adventists."

Not simply another telecast, The Adventist Hour is a soul-winning agency that beams our message and manners to all of southern California. As the KTLA cameras move into *your* church, will the manners seen be as unreproachable as the message we as a people so proudly bear?

JIM EVANS,
Radio-Television.

The topic—"Storytelling." It was felt that this is one of the most effective methods of enlightening minds on Scriptural emphasis for all age groups. Please note—ALL age groups.

The conference administration has authorized and the Pacific Press has approved, and we are delighted to announce that Elder Eugene Sample is going to lead out in the presentation. He is one of our denomination's outstanding authorities on the subject.

Temperance Society Dinners

The Church Temperance Secretaries Dinners for this year boasted an attendance of 36 at Ventura Estates January 17 and 123 at Glendale Union Academy January 20, almost 100 per cent representation for the churches in Southern.

Elder W. A. Scharffenberg of the General Conference spoke both evenings and outlined future events that are on the docket for the American Temperance Society. "We must mix with the people in our various communities and show them what Adventists are doing in the field of temperance," the speaker emphasized.

Films that are available for rental, *Lis-ten* and *Smoke Signals* published by the ATS, and instructions for establishing ATS Action Units are all part of the materials available to individual churches through the Temperance Department of the Southern California Conference.

TUITION . . .WHEW!

In all probability a familiar reaction. But, I will have to admit that the cost of living has gone up much more rapidly.

Let's take a look at elementary tuition for instance. In our conference it averages \$21 per month. Analyzing the figure we find:

\$21 per month for nine months equals \$189 per year.

\$189 divided by 180 school days equals \$1.05 per day.

\$1.05 divided by six-hour school days equals 17½¢ an hour.

How many baby sitters could you get for 17½ cents an hour?

On the academy level the average is 38 cents an hour.

**What Others Are Saying
About It Is Written**

After nearly five months of telecasting *It Is Written* in Southern California, we are pleased to know that new viewers are still discovering the telecast. One person in Fillmore who recently began viewing the program wrote this note to us:

My husband and I look and listen every Saturday night to this program. We tuned in one night by accident and are so glad of this one accident. We are Southern Baptist members and both are teachers. These sermons are so well illustrated that even a child can understand. We are telling others about this wonderful program.

Christians of many denominations, as well as persons who have no church affiliation, are sending for "Take His Word." One viewer writes from Pacific Palisades:

We are members of the Lutheran Church and think it would be helpful in our Bible study.

We have learned about a number of persons who are inviting their fellow-church members to view *It Is Written*. A church-goer in Van Nuys writes:

Thank you for your very fine program on TV Saturday nights. I am a Baptist and when I meet with other Baptists Sunday morning we ask each other, "Did you listen to *It Is Written*?" You make the message so plain and wonderful, it makes us long for a closer walk with Him.

The telecast viewers are still thrilled with its presentation. As the total *It Is Written* campaign progresses, the programs become even more vital. Are you telling new people about *It Is Written* each week?

PHILIP FOLLETT,

Ingathering Story

Ingathering is past for another year, but this story submitted by Elder E. E. Kungel of the Tabernacle church in San Francisco will warm your hearts.

"Brother Sipai Tupua is a former Samoan chief now living in San Francisco who takes a very active part in the soul-winning programs of the church. He has a Bible study in his home every day and the people come to him having the utmost confidence in him. At Christmas time Brother Tupua gathered his family together and they determined to raise \$1,000 for Ingathering. They worked hard with these people participating: Sister Solo Tupua, Miss Ester Tupua, Brother F. J. Maae, Sandra Maae, Mrs. M. Aimor, Dorothy Fua, Mrs. S. Tuia, Miss Alfa Tuia, and Miss Vaaia Tuia. These are all Samoan people and they worked house to house with the musical cans we use, sometimes known as twinkle cans.

"On Sabbath morning Brother Sipai Tupua and his group brought to church a large jar filled with money which totaled \$917.60. The group stated they would have brought in \$1,000 but they helped some person to move his household goods one evening. The congregation was very much impressed with this work and a lady in the church promised to make up the balance to help the Samoan group reach their \$1,000."

With a spirit like this we will see the work of God finished speedily.

The "Five Day Plan" at Paso Robles

The pastor and five doctors conducted the "Five Day Plan" to stop smoking, in the Civic Auditorium at Paso Robles January 20 to 24.

It was most encouraging to see how well this program was received. A representative from the W.C.T.U. sat through the entire five evenings and was one of its best promoters.

Twenty-eight smokers enrolled; and from the show of hands on the last evening, it looked like well over 75 per cent were able to break with the habit or were well on the road to victory.

The following are remarks made by some of the individuals taking the class: One asked, "How does it happen that the Seventh-day Adventists started this program instead of some other organization?" Another said, "My friends refused to come with me and said that it would be just a waste of time, but now they want to know when the next class is starting." One gentleman said, "Up to the start of this class I had used tobacco for 50 years, but I haven't smoked since Sunday, and I have a friend that I would like to take to the next class." At the close of the third

Pictured from left to right are those who participated in Paso Robles "Five Day Plan": R. D. Walters, M.D.; Elder Lloyd Stephens; Janet Kirk, M.D.; Stanley Kirk, M.D.; O. E. Eros, D.D.S.; D. M. Hanson, M.D.

evening's program one man said with great emphasis, "The only thing wrong with this program is that there should have been three thousand in attendance this evening." On the last night three ladies who took the class came up to the pastor and volunteered to assist in any way possible when the next "Five Day Plan" was put on in the city.

It was thrilling to hear one lady say that there seemed to be a power there that she couldn't explain. The sponsors of the course knew that the power came because of a praying church. Each evening while the class was in session, members of the church were meeting in different groups in a number of homes sending their petitions heavenward for the success of the program.

The doctors gave most excellent help in presenting the physical aspect and giving counsel on healthful living.

(Dr. Bates of Atascadero who is not in the picture took the place of Dr. Eros in the class which was held January 27 to 31 at Atascadero.)

Rolinda church under construction.

Rolinda Builds New Church

The members of the Rolinda church look forward with anticipation as progress on their new church in Kerman reaches the halfway mark. Tentative plans call for completion in early April. Well over 90 per cent of the work finished thus far can be attributed to donated labor by the laity on successive weekends.

Interest is running high throughout the community since this will be the first Seventh-day Adventist church in Kerman and also will be the newest and largest church. It is located on Kearney Drive in an exclusive residential area.

Seating capacity will be in the 350 to 375 area and will include a balcony and large youth room, seating close to 100 members.

Many long hours of planning behind the scenes have gone into this project. A large share of this success can be attributed to Elder M. A. Wyman and to the present pastor, Ross Morris.

Contractor for the new edifice is Jim Crawford. This marks the completion of his twenty-first church building, all in the western part of the United States.

The Taft church distributed over one hundred food boxes during the past two Christmas holidays. These large and well-packed boxes were greatly appreciated by the recipients. A Steady Beacon Light

For nearly 40 years William G. Green has been shepherding the flock of believers at the Liberty Park church in Salt Lake City, Utah. In the early stages of the work in Salt Lake City there was only one church, and all the Adventist believers met together.

However, in the early 1920's Brother and Sister William Green, Brother and Sister E. D. Washington, and Sister Alice Henderson decided to try to build up the work among the Regional population by conducting their own meetings and church activities.

At first the meetings were held in the homes of the believers and interested per-

sons. Brother Green and Brother Washington visited many interested persons, gave out literature, and conducted Bible studies.

By 1924 there were ten members meeting together. The late Elder W. H. Green, former secretary of the Regional Department of the General Conference, conducted evangelistic meetings and organized the group into a church. So the Liberty Park church was founded.

By 1928 there was an attractive little church building erected on the very lot where Elder Green had conducted his tent meetings, 820 South 3rd East. With financial assistance from the General Conference, the church was dedicated in 1928 by Elder P. G. Rodgers.

Since that time William G. Green, or "Parson" Green as many love to call him, has been the guiding light of the little church. And now, in his eighty-fourth year, he is still leading out in a strong way, as there is no Regional pastor to assist.

The church is well organized, meeting its goal faithfully, and is well known in Salt Lake City. The members are all of good courage. The work of Brother Green through the years has been greatly appreciated. May he continue to shepherd the "little flock" and find them all in the kingdom when Jesus comes.

Salt Lake Zealous Seven

Seven children of the first and second grades of the Salt Lake City church school participated enthusiastically in the Ingathering campaign in December.

They greatly enjoyed helping with the caroling program and together brought in \$229.89 for the cause of missions. The awards they received were:

Faithfulness

Two heart-warming experiences recently came to my attention. Mrs. Carolyn Cook, who had just returned to the church by profession of faith two weeks before the Ingathering Crusade began, commented that the other churches to which she belonged never asked her to go Ingathering. She was so pleased when she was asked and felt needed. She worked a total of 14 nights and an additional two days in the business district, receiving a total of \$300 and gave out 1,350 pieces of literature. Well done good and faithful servant.

And then this story regarding one of our Missionary Volunteers, Miss Connie Creech, a 16-year-old who went out 13 nights with the singing band and spent two days in business solicitation. She received \$170.60 and gave out 1,200 pieces of literature. She certainly followed the Bible admonition, "Let no man despise thy youth."

Doubtless untold accounts of the faithfulness of our lay members could be told. I am sure many more thousands of steps were taken than we realize in making a reality across our country the million-dollar-week this year in Ingathering funds received. I believe the two examples of faithfulness cited above will suffice to illustrate the enthusiasm and zeal which characterize our people in every church, and I wish to thank one and all for the splendid cooperation given and the faithfulness in carrying on this year's world service appeal.

Petaluma Baptism

Sabbath, January 26, was a day of rejoicing for the Novato and Petaluma churches. Six precious souls were baptized at Petaluma, signifying their decision to unite with God's remnant church.

Jim and Pat Wilson from the Novato church decided to unite with Christ after studying the prophecies of Daniel and Revelation which opened their understanding as to the time in which we are living.

From the Petaluma church were four who showed their determination to give their lives to God. Patty Stumph, who has attended our church schools from the first grade and completed two baptismal classes prior to baptism, testified of her decision to walk the Christian way through baptism. Sharon Winfrey, who through a friend became interested in the Bible, could not hold back the Bible truths she was learning and thus her mother, Alberta

Pictured left to right participating in a baptism held at Petaluma on January 26 were: Pat Wilson; Jim Wilson; Alberta Winfrey; Patty Stumph; Candy Lowe; John Toppenberg, Novato pastor; Sharon Winfrey; and Robert Heisler, Petaluma pastor.

Winfrey, and her friend, Candy Lowe, were influenced by Sharon's enthusiasm and love of God's Word. After a series of evangelistic meetings held by the pastor and considerable Bible studies, these students of God's Word made their decision to give their hearts to the Lord and through baptism expressed their decision to unite with God's remnant church.

A call made following the baptism revealed that several others are looking forward to baptism and uniting with God's commandment-keeping people. We rejoice to see souls liberated from the bonds of sin, finding a new and wonderful way of life in Christ.

Mitzelfelt Chorale

The Mitzelfelt Chorale under the direction of Dr. H. Vincent Mitzelfelt will present a concert sponsored by the Lodi Academy on February 17, at 3:30 p.m.

Experiencing a constant growth in popularity as a result of radio, television, and recording sessions, the Chorale conducts a concert series each year. Included in its series last spring was a performance in the Hollywood Bowl.

Although qualified and experienced musicians seasoned by many performances, members of the Chorale represent a variety of occupations. Some commute as far as 65 miles for rehearsals.

To say that the Mitzelfelt Chorale is an experienced professional organization might be an understatement, for many of the singers hail from renowned organizations such as the Roger Wagner Chorale, the Robert Shaw Chorale, soloists for the Hollywood Bowl, and other such well-known professional organizations.

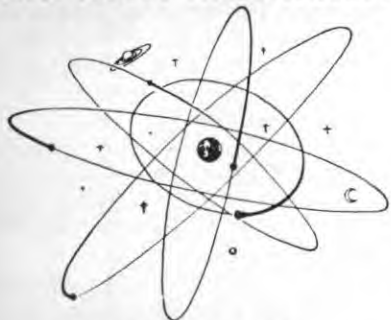

A graduate of Union College, Lincoln, Nebraska, and Loma Linda University, Loma Linda, California, director Mitzel-

felt is a practicing physician whose talent and enthusiasm are reflected in the intensity and precision of the Chorale.

Time of performance is 3:30 p.m., Sunday, February 17. The concert will be held in the Lodi High School Auditorium. Reserved seats will be made available through the Lodi Academy activities committee. Don't miss the opportunity to hear and enjoy this outstanding musical program.

Officers of the Pacific Union College Alumni Association report progress in planning for the Alumni Home-coming and Founders' Day program April 4 to 7.

This year the weekend activities will commence with the regular student assembly period at 9:30 Thursday morning, when some of the alumni will participate in a panel discussion on success in various careers.

On Friday the Founders' Day dinner and program will be held in the Cypress Room. Attendance at the dinner will be on invitation from President R. W. Fowler's office.

Sabbath morning Arlen Davidian, senior class president, will be in charge of Sabbath School. Dr. Graham Maxwell will be the speaker for the Sabbath morning church service.

At the alumni breakfast Sunday morning, the Senior Class of 1963 will be guests of the college. A business session of the Alumni Association, under the direction of Association President Scott Tandy, will follow the breakfast.

The final event of Home-coming weekend will be the ground-breaking ceremony for the new Pacific Union College church.

More detailed information will be forthcoming, reports L. R. Callender, organizational vice president of the Alumni Association.

Funds for Students Who Qualify

The college has a limited fund for grants-in-aid to students of the Pacific Union Conference. Applicants will be ranked according to need, scholarship, aptitude, character, and promise of success. Requests for the school year 1963-64 must be sent to the Dean of Students at PUC before March 1, 1963.

A. W. Millard, Dean of Students.

College Day April 22

Plans are well under way for the PUC College Day to be held on April 22.

The committee of students and faculty members are planning a very enjoyable and profitable visit for approximately 450 seniors from surrounding academies.

With the exception of students from Fresno and Armona Union academies, who will be arriving on Sunday because of long traveling distances, students will be arriving between 8:30 and 9 a.m. Monday.

Students will have a busy day beginning at 9 a.m. and ending at 4:30 p.m. when buses will be loaded to return to school. The day will include classroom visitation, departmental tours, convocation, individual interviews, recreation, and plenty of good food.

There was a church fellowship dinner for all members and friends of the Pacific Union College church at 6:30 p.m. February 10 in the College Gymnasium.

According to Mr. Al Reynolds, director of development for the Pacific Union Conference, the purpose of the dinner was to gather the entire membership at one time and place for information, inspiration, and fellowship, and to discuss the plans formulated by the church board and committee for the building of the new PUC church. Local laymen who are active in the building program spoke. No pledges or offerings were taken at the dinner.

Scientific Books

Five hundred dollars worth of scientific books have been donated to the Modern Languages Department for the purpose of providing its seminary library with the best material in the German language. The Goethe Institute of the German government donated the books for research and study. In addition the institute also provided 30 wall maps depicting the development of the German language and the political history of the nation.

Are You a Member?

"Temperance societies and clubs have been formed among those who make no profession of the truth, while our people although ahead of every other denomination in the land in principle and practical temperance have been slow to organize into temperance societies, and thus have failed to exert the influence they otherwise might." — *Temperance*, p. 236.

Commitment Day, February 23, is your final opportunity to sign up as a member of the American Temperance Society and join a Temperance Action unit.

Smoke Signals a Monthly

Smoke Signals, the colorful, four-page quarterly that tells why tobacco kills, has now become a monthly.

So says W. A. Scharffenberg, executive secretary of the American Temperance Society. "This four-page creation was geared to inform the laymen in an easy-to-read style the scientific and medical proof of why tobacco kills," he stated. "And now because of additional need for information in this area, we will publish *Smoke Signals* in 1963 as a monthly."

He noted that *Smoke Signals* has been published for nearly a decade and has reached upwards of 100,000 people during that time. Thus subscribers, who formerly received this publication as a quarterly, now can secure three times as much information.

"Untold numbers of smokers who have read *Smoke Signals* have been inspired to give up their smoking habits," he declared. "For example, Alvin C. Jones of Grand Rapids, Michigan, recently wrote that he gave an issue of *Smoke Signals* to two men where he works.

"One man in his early forties has nine children. The other man in his twenties has six children. After reading this particular issue, both immediately quit their habits and they are still abstaining.

"Perhaps the greatest achievement of all comes when a teen-ager or a pre-teen-ager reads the facts in this publication and decides never to start smoking," said Elder Scharffenberg. "Perhaps it was a copy that you gave to him or a \$1 subscription that you sent to his family. Whatever the case, we are pleased that *Smoke Signals* is now a monthly and we trust that our people will make ever greater use of this publication with a purpose."

The Wise Have It

The book of Proverbs, Ellen G. White has said, is a "treasury of practical wisdom." These God-given principles of successful living are as true and as up to date in twentieth century America as they were when King Solomon wrote them.

In this newest volume by Dr. Arthur L. Bietz, he has selected some of the outstanding proverbs and in his unique style explored the fuller, deeper meaning of them and brought out the helpful application of these sayings and maxims to today's problems. Some of the chapters are: "What It Takes to Be Wise," "You'll Get Your Pay," "Count to Ten," "The Power of the Tongue," "Fear Is Good," "The Danger of Exploiting Others," and "Hot Embers."

This is a refreshing and stimulating book, worth reading and rereading.

Order today from your helpful Book and Bible House. The price is only \$3.50, plus 15 cents postage. Be sure to include the sales tax with your remittance.

Temperance Day Offering

Members of the Pacific Union bolstered the union into the Number One position of all conferences in North America in the World Temperance Day Offering this past year with a grand total of \$27,526.47. Six of the seven conferences reached one hundred per cent of their goals.

Under the dynamic leadership of Elder Miller Brockett, Pacific Union temperance secretary, and seven conference temperance secretaries, the Pacific Union went \$3,308 over its goal. The special temperance offering from each individual conference is as follows:

Arizona	\$ 993.02
Central California	5,241.52
Hawaii	714.25
Nevada-Utah	595.68
Northern California	7,304.60
Southeastern California	5,672.09
Southern California	6,642.87

World Temperance Day was held in most churches last year on October 27. Offering goals are based on conference membership.

We are told in the Spirit of Prophecy: "Of all who claim to be numbered among the friends of temperance, Seventh-day Adventists should stand in the front ranks. . . . The conflict against this evil, which is destroying the image of God in man, must be vigorously maintained. The warfare is before us. No tame message will have influence now." — *Temperance*, pp. 233 and 239.

We cordially commend the leadership and the constituency of the Pacific Union Conference for their fine support of the temperance program. We are living in a time in earth's history when nothing less than one hundred per cent on the part of each one of us, with the Lord's help, will suffice to take the third angel's message to all mankind.
