## H. C. Retzer Assumes Leadership in Nevada-Utah

At a recent meeting of the Nevada-Utah Conference Executive Committee consideration was given to the matter of future leadership of this great field. After prayerful thought the members of the committee chose as president Elder H. C. Retzer, Sabbath School secretary of the Pacific Union Conference. He has accepted the call and has assumed his new duties. Those wishing to contact him will address him at 1095 East Taylor Street (also P.O. Box 1470), Reno, Nevada.

H. C. Retzer

Elder Retzer comes to the Nevada-Utah Conference with a background of experience which will serve him well as administrator of this growing field. He started his ministerial work in 1944 in the Northern California Conference and served in pastoral and evangelistic work for a period of nine years. In

1953 he was asked to lead in the Sabbath School Department of the conference. In 1957 he was invited to be home missionary secretary, and in this capacity he served until 1959 at which time he was called as Sabbath School secretary of the Pacific Union Conference.

Although Elder Retzer has assumed his new duties, his family will not be able to move to Reno until after school closes. Elder and Mrs. Retzer have three children: Darold, twenty-one, a senior ministerial student at La Sierra College who will be attending Andrews University next year; Cheryl, eighteen, a senior at Glendale Union Academy; and Verlyn, sixteen, a Glendale Union Academy sophomore.

We have every reason to believe that Elder Retzer will give capable, spiritual, and consecrated leadership. We pray that the conference will continue to make great strides in the advancement of the kingdom of God.

R. R. BIETZ, President,  
Pacific Union Conference.

## American Cancer Association Research Study

The American Cancer Association research study, in which Seventh-day Adventists are taking a significant part, is progressing satisfactorily. We are confident that very worth-while information and inspiration will result. This, of course, is the result of the faithfulness of our enrollees in responding with the information asked of them.

At the present time there are many who are filling out the cards and returning them to the researchers and group leaders in the churches of California. We hope that none will take the matter lightly, and say "It does not amount to very much, and they will not miss my card."

Every card that is not returned will be greatly missed; therefore, we hope that all will make a very special effort to return the card as indicated. Our record of response is considerably higher than the national average. We want to keep it that way.

Thank you again for your kind cooperation.

WM. H. SHEPARD,  
Health Education.

## "Much Land Yet to Be Possessed"

A great work in gospel giving has been done. We have entered 189 countries, representing 98.23 per cent of the world population of approximately three billion. Nevertheless, I am sure all will agree that there is "much land yet to be possessed." While we have entered 189 countries, yet some of them have barely been touched as far as the gospel is concerned. There are still thirty-four countries that have not been entered. God's command is: "Go forward; add new territory; enter new territory . . . and give the last message of warning to the world."—*Evangelism*, p. 61.

Jesus can never take us home to glory until we have completed our task—which includes the conquest of the unconquered areas of earth. Never in our history have Sabbath School members faced a greater challenge than today, yet the lethargy manifested by many members toward the uncompleted task and the unentered territories is astonishing. Where are those who are willing to make a covenant with God through sacrifice—to do something unusual for Him and give unparalleled support to the cause in response to this special appeal?

The coming of Jesus and the close of probation must be very near, and yet there are millions of human beings still in heathen darkness, upon whom the light of God's message has never shone. What shall we do about trying to reach them during this year? Jesus has warned us that "the night cometh, when no man can work." Very soon our opportunities to save men will be forever past.

This appeal is intended as an earnest call to our Sabbath School members throughout the world field to plan to give much more through the Sabbath School offerings this year than ever before. The year 1964 should be marked by our greatest efforts to reach the nations of earth and to finish the work of God.

We are sure there are many of our Sabbath School members in different countries who could and would be willing to double their offerings during this present year. Several million dollars beyond any previous year's income are urgently needed to meet the needs of our expanding world program.

Not only in North America but in many of our other home-base divisions, God's people are unusually prosperous. Remember that the Bible rule for giving offerings is "as God hath prospered" you (1 Cor. 16:2). Since 1930 our Sabbath School offerings per capita in North America have increased just 1.7 times, while our tithe per capita has increased 4.25 times. The same picture is more or less true in other sections of the world field. I ask the question: "Are we really giving 'as God hath prospered'?" God has dealt liberally with us. Shall we not do something extraordinary for God and show our deep gratitude for His blessings by reaching out a helping hand to those who are still in darkness? Then the work can be finished, and we can ever be with our Lord.

G. R. NASH, Secretary,  
Sabbath School Department,  
General Conference of SDA.

## Camp Desmond T. Doss

This year Camp Desmond T. Doss will be celebrating the thirtieth anniversary of the Medical Cadet Corps training June 9 to 23 at Grand Ledge, Michigan. Thirty years ago in 1934, the present day military medical training for Seventh-day Adventist young men began at Union College under the direction of E. N. Dick, Ph.D., professor of history. Since that time this training has progressed with the rapid changes in the military until today it has become a vital training for every Seventh-day Adventist young man facing the military draft.

As Americans, we all have the heritage to prepare for service to country. This has always been a privilege. However, as Seventh-day Adventists, at times there are certain problems involved as we serve our country. This is the big reason why every Seventh-day Adventist young man should have this orientation in military service.

### Definite Problems

Sabbath observance and a belief in non-combatancy bring some definite problems to Seventh-day Adventist young men within the military forces. These problems are kept to a minimum because of Medical Cadet Corps training, though they are ever present. The knowledge of how to meet them and the knowledge of what the position of the church is on these subjects is invaluable to a young man facing a military obligation.

Camp Doss is operated by the General Conference of Seventh-day Adventists to answer these questions for our young men in the United States who face possible military service through the Selective Service System.

If you are a young man who is facing the military draft, why not be with us at Camp Doss this year and help celebrate the thirtieth anniversary? Or, if you are a parent of a young man who needs this training, why not see to it that it is made available to him this summer?

For further information, write to: Medical Cadet Corps, P.O. Box 146, Glendale, California 91209. A brochure will be sent to you, along with an application blank.

HARRY GARLICK, Director,  
Medical Cadet Corps,  
Pacific Union Conference.

## "It's the Little Things"

Just a small thing—the cover of a can, the top of a box.

But after twenty-three years, during which many people have remembered small things, something big has been produced. Very big!

From those small things—Loma Linda Foods labels—has come \$159,278.55 since the label redemption plan began in 1940.

"It is interesting to note that payments through the label redemption plan were the highest in history in 1963, representing a thirty-eight per cent increase over 1962," writes Werner E. Carlson, Loma Linda Foods advertising manager.

"The Pacific Union Conference alone increased its income from labels nearly \$2,000—from \$5,178 to \$7,121—in 1963. Total payment for labels from all Loma Linda Foods divisions in 1963 was \$13,572.06."

Remember, it's the little things that count!

HERBERT FORD.

## Camp Meeting Season

Camp meeting season is here again. Many district and several conference-wide convocations have been or will be held. Much time, effort, and money will be spent arranging for these important spiritual gatherings. Sometimes the question is asked, Do these meetings still serve a worth-while purpose? Through the centuries meetings of this nature have brought much inspiration and help to the church of God. Certainly the remnant church has profited much from the Christian fellowship and the study of God's Word at these meetings.

Although circumstances have made conference-wide camp meetings impossible in some areas, this does not mean that they have lost their value where they can be conducted. If it was profitable for the early church to have meetings of the believers and pray for the early rain, certainly the remnant church could well afford to have gatherings praying for the latter rain.

The church originated at Pentecost in an "upper room" where the followers of Jesus "continued with one accord in prayer and supplication." I believe there are many problems in the world and in the church which call for corporate prayer. At these camp meetings the believers of God can unite their hearts and through prayer bring strength to the entire church. Yes, camp meetings are still worth while. Make definite plans now to attend. You'll be richly rewarded if you seek a blessing.

Pacific Union Conference.

## Dorcas Activity Gets Publicity

Not only will the Korean orphans be  
happy for a large shipment of clothing  
that was gathered, checked, and packed by  
the faithful Dorcas workers of the Ogden,  
Utah, church, but the city was made  
aware of Adventist activity through good  
PR with the daily paper.

Mrs. Frank J. Trunkey, Ogden Dorcas  
leader, and her assistant, Mrs. Martha  
Cain, with their pastor, Elder Sheldon D.

ing picture by the Ogden Standard Ex-

## HAWAIIAN MISSION

## New Honolulu TV Program

This is a day of great things and of new  
things. In God's work—the most important  
work in the world—every advance means  
should be used to hasten the coming of  
Jesus.

Hawaiian Mission is by faith taking an-  
other forward step in carrying out the great  
commission. Since Sunday, April 12, at  
4:30 p.m., a new TV telecast is being  
presented over Channel 13. Elder Philip  
Knoche, pastor of Honolulu Central  
church, is in charge of this new program.  
This will be a religious-slanted news com-  
mentary type of program.

The Mission Committee feels this will  
be a forward step in evangelism here in  
the Islands, and we earnestly solicit the  
prayers and support of God's people as we  
launch into this new endeavor.

B. W. MATTISON, President.

## Laymen's Congress

How I wish Hawaii could have at least  
100 delegates at the Laymen's Congress.  
I know it would be a valuable help in  
training us for effective soul-winning work.

Here is some good news, however! In  
addition to the eight fully-sponsored dele-  
gates, the mission has voted to accept 20  
additional delegates on this basis: any lay  
member approved by the Congress Com-  
mittee to serve as a delegate, and who will  
provide his own transportation, will be  
provided the \$20 cost of registration, board,  
and room at the Congress. We must have  
these requests by May 15, and will honor  
them on a "first-come, first-served" basis.  
If you are planning a trip to the mainland,  
come to the Congress.

We can effectively use all 28 Congress  
trained laymen in the future lay program in  
Hawaii. If you have any questions about  
the Congress, please write to the Home  
Missionary Department.

L. E. FLETCHER, Secy.,  
Home Missionary Dept.

## Teachers Receive Certificates

Two of our outstanding teachers at the  
Hawaiian Mission Elementary School in  
Honolulu received their professional cer-  
tificates from the educational superintend-  
ent of the mission at a recent Home and  
School meeting. Both these ladies com-  
pleted their master's degree in education  
at Pacific Union College last summer. Miss  
Florence Tamanaha is presently teaching  
grade six and Miss Alice Kondo grade  
four at the elementary school.

The professional certificates from the  
denomination represent in a very special

## News of Kauai

Although there was more than the usual  
rain during our visit to the Garden Isle  
of Kauai, it was an inspiration to visit our  
believers there. The courage of the mem-  
bers was evident as we met with the mem-  
bers of the Kekaha, Kalaheo, and Kapaa  
churches in a union meeting at the Kapaa  
church.

Our people there are determined to  
witness for Christ in every way possible.  
Under the dedicated leadership of Elders  
Victor Aladen and Varner Leggitt, and  
with the loyal support of the members, two  
evangelistic efforts are being planned.  
Elder Leggitt will lead in the first one at  
Hanalei, a beautiful but unworked section  
of the island. Following this, Elder Aladen  
will conduct a similar effort at Eleele on  
the southern part of Kauai. These efforts  
will be followed up by Bible-Marking  
classes.

Pray for a rich harvest of souls as the  
result of the dedicated efforts of our pas-  
tors and believers on Kauai!

B. W. MATTISON, President.

## Servicemen's Offering May 9

Seventh-day Adventist young men in  
military service are a very real part of  
the activity of the churches here in the  
Islands. Several of our churches have pot-  
lucks every Sabbath for these young men  
who come in from the military bases to  
services, and how thankful we are for the  
witness of these loyal soldiers of the cross  
to this last warning message of our God.

A very important offering, the Service-  
men's Literature Fund Offering, is to be  
taken in all of our churches on May 9.  
This offering goes to provide literature  
to our boys in military service. It is re-  
ceived only every other year, so the offer-  
ing for providing literature to our service-  
men must be sufficient to take care of the  
needs for a two-year period.

Most of us recognize the great expan-  
sion that is taking place in all parts of our  
church program, and certainly this is true  
in respect to our boys in military service.  
We need a liberal offering on May 9 to  
take care of the pressing needs. Won't you  
determine in your own hearts now to plan  
ahead for this most worthy cause? Our  
servicemen and chaplains are depending  
upon us. Let us demonstrate our appre-  
ciation and faith in them on May 9 by  
giving a very liberal offering.

LAVERN PETERSON,  
National Service Organization.

way the preparation, experience, and abil-  
ity of these fine Christian teachers. This  
now makes a total of four teachers with  
their professional certification at the ele-  
mentary school here in Honolulu.

Two other members of our teaching  
staff in the Islands will be working on  
their professional certificates this summer  
at our own schools. Miss Margery Smith  
will be attending Pacific Union College,  
and Miss Patricia Miyashiro will be attend-  
ing La Sierra, both of them working to-  
ward their master's degree in education.

We are extremely thankful, not only  
for these fine dedicated teachers, but for  
every member of our teaching staff in the  
Islands. To these dedicated workers we  
have entrusted our most precious heritage  
—our own young people—and we pray that  
God will continue to direct, and inspire,  
and encourage each member of the team  
here in our field.

LAVERN PETERSON,  
Educational Superintendent.

## Organist to Present Program

A musical program of distinction is being anticipated by the Glendale Seventh-day Adventist church, 610 East California Street.

Ladd Thomas, dean of the Pasadena and Valley Districts Chapter of the American Guild of Organists, and organist of the First Methodist church of Glendale, will present a sacred concert May 2 at 5 p.m.

Mr. Thomas is well known in the Southern California area as a concert organist and lecturer on music. He has also given organ recitals in Detroit, New York, Pittsburgh, and other eastern cities.

Interest in the Bible as well as in church music motivated Mr. Thomas to continue his formal studies after graduation from Occidental College in June 1959. His advanced work was in theology, and in 1962 he completed his course work for a master's degree in that field.

The Glendale church wishes to share this musical treat with all its neighbor churches and friends, states Gladys Rue, minister of music. Please consider this a cordial, personal invitation to mark the close of Sabbath, May 2, by attending the Ladd Thomas program in the main sanctuary of the Glendale church.

LIV JOERGENSEN, Press Secy.

Applications, room deposits, and inquiries for the 1964-65 school year are coming in daily. It is not too early for you to plan for the school term than begins in the fall of 1964. Should there be those who wish summer employment because of financial need, please contact: Principal, Newbury Park Academy, 180 Academy Drive, Newbury Park, California 91320.

"Phase two" of the Calimesa building program includes the erection of the sanctuary which has already begun. It will seat 400. "Phase three" will provide additional classrooms and auxiliary facilities for cooking classes and other church functions.

### Calimesa Holds Services of Thanks and Reconsecration

A special thanksgiving and consecration service marked the official opening of the new church facilities at the corner of Fourth and Myrtlewood Drive in Calimesa March 21 with Pastor Howard A. Crawford officiating.

Elder Crawford pointed out that this was not a church dedication, but an opportunity for the congregation to express their thanks to God for His many answers to prayer, and to reconsecrate themselves to the finishing of the task begun when 21 branch Sabbath School members of Calimesa, under the pastorship of Elder Perry Green, first met in July of 1961.

After Elders B. L. Hassenpflug and E. Toral Seat held a tent effort during the summer of 1962, the attendance rose to 80, necessitating a search for larger quarters.

Finding the local church doors closed to them, the locating committee knelt for further guidance, as they had previously, and were soon led to the tract office of the Virginia City Village subdivision, who not only rented them a store building, but some months later sold them the site on which the church stands today.

On October 13, 1962, the company of-

ficially became the Calimesa Seventh-day Adventist church, and immediately began to lay plans to locate and build the church building which is so rapidly becoming a reality under the pastorship of its first full-time minister, Elder Crawford.

The congregation is presently meeting in what the building committee terms the "first phase," consisting of Youth Chapel, several classrooms, and Dorcas facilities. The fact that their 127 members are already crowded only serves to emphasize the need to continue with "phase two," which will consist of the sanctuary seating about 400. "Phase three" will complete the structure with more classrooms and a center which can be used for cooking schools and emergency needs. The structure, when complete, will enclose a garden area for meditation. Its stucco and brick exterior was designed by Vernon L. Von Pohle to harmonize with the Early Western atmosphere of the Virginia City Village subdivision which surrounds it, and will be a house of prayer open to all who seek the Lord.

### Loma Linda Elementary School Holds Science Fair

More than one hundred scientific projects and experiments were displayed by pupils in grades seven and eight of the Loma Linda elementary school at its third annual science fair, held Thursday evening, March 19.

First award ribbons were presented to the following students: Joan Christensen, Christianna Winter, Gordon Peterson, Jeanne Hardinge, Carolyn Jackson, William Wittlake, and Debbie Hillman.

Of the projects presented, six were accepted for competition at the Inland Science Fair sponsored by the Industry-Educational Council of San Bernardino and Riverside counties, held on the Orange Show grounds. Twenty-three projects received second place ribbons. Judges for the event were Leonard Bullis, Ph.D., Charles Hunter, D.V.M., and Grant White, Ph.D., instructors at Loma Linda University.

The local science fair is held each year in cooperation with the Home and School Association, and has as a primary purpose the fostering of interest in the sciences among the junior high school pupils. This year's fair was coordinated by Mrs. Roy Olsen.

Approximately 600 parents and friends of the school came out to see the exhibits. A delightful supper was served by the Home and School ladies under the leadership of Mrs. Lewis Johnson.

ROBERT GALE, Principal.

### Loma Linda Union Academy Salute to Excellence

William Albee, science teacher, Gary Hanson and Dianne Rosenquist, students at Loma Linda Union Academy, were guests at the Redlands University-Educational Council of San Bernardino and Riverside counties.

The meetings were held as a salute to outstanding teachers of high school mathematics, science, and communication.

The guests heard lectures by outstanding scientists and took part in discussions.

Among other personalities, the group heard Robert L. Olson, director of Apollo Manufacturing for Space and Information Systems, Division of North American Aviation, Inc. As part of his lecture, Mr. Olson explained the intricate mechanism involved in landing astronauts on the moon and getting them back to earth.

### Calexico Mission School Backs Temperance Program

The Calexico Mission School supports the Temperance program 100 per cent. The mission school chapter of the American Temperance Society is made up of 90 per cent non-Adventists who come from homes just across the border. Many of the homes represented by the students are divided homes, homes where the fathers can't be found, where problems of liquor and dope addiction are many.

The children get quite enthusiastic about the temperance sponsored programs, especially the poster and oratorical contests that recently took place. One student, a girl, told the writer that she ought to win first prize in both poster and oratorical contest, as her father owns four bars (or cantinas, as they call them) in the sister city of Mexicali. These non-Adventist youth aren't afraid to speak out for the Temperance cause, and become dedicated advocates against all vices so prevalent in their town, Mexico's fifth largest.

The mission school is unique in that the eight contestants gave their speeches

### Encinitas Welfare Building Opened

On January 28, Mr. Robert Weston, president of the Encinitas, California, Chamber of Commerce, cut the ribbon at the official opening of the Dorcas Welfare Center in Encinitas.

This significant event was a day to remember by all those who had worked so hard to make this fine Health and Welfare Center a reality. The civic officials present were surprised and pleased with the facilities now ready to render a much-needed service to the growing beach city of Encinitas. We are certain the Dorcas Welfare workers, under the able leadership of Marie Foster, will not disappoint them. Elder Dorsey Furr, the pastor, is leading the whole church into a stronger influence in the community.

and program this year in Methodist and Adventist churches from Ensenada to Tijuana to Mexicali.

The mission school not only teaches high Christian standards and ethics, not only English or verbs, but teaches each student to dedicate his body as well as his soul to a soon-coming Saviour.

### Corona Twins Receive Special Award

Krissy and Kathy Jack received a special award at their Missionary Volunteer meeting for outstanding faithfulness to the Corona Pathfinder Club. These two girls joined the Corona Club in February of 1959 and five years later they are still faithful Pathfinders. In five years they have missed only two meetings—which is an outstanding record. These two girls have not only been faithful in attendance, but have been very active in the club program—learning various skills and sharing their faith. They were presented a plaque by Miss Margaret Ludders, club director, for their faithfulness.

Ground was broken March 6 for the new gymnasium building for San Diego Union Academy. The gym itself will be 80 by 140 feet with a portion of the building having three levels, which will provide facilities for lockers, showers, band room, and home arts. Plans call for having the building completed by next school year, at a projected cost of \$160,000. ## Crescent City Disaster

Crescent City Seventh-day Adventist Welfare workers went into action Sabbath morning, March 28, at 1:40 o'clock. There was no regular Sabbath service. All members worked diligently to feed and clothe homeless victims of the tidal wave. Seventh-day Adventist doctors worked around the clock to care for the wounded.

Civil Defense directors and Red Cross leaders turned all supervision of food and clothing over to our Welfare Center. Sandwiches, hot meals, and clothing were provided by our welfare workers on a 24-hour schedule for three days.

The local radio station announced the program being conducted by Seventh-day Adventists, and the city responded very well. The school gymnasium was stocked with good clothing. Our workers distributed over 5,000 items of clothing the first three days after the disaster.

We are most grateful for the wonderful way our people arose to the occasion in Crescent City. Let us pray that God will cause a mighty soul-winning work to be done as a result of their labor.

## Re-Creation Weekend

For 35 youth and their leaders, March 6 to 8 were truly days of re-creation of spirit and body as they met together at Pinecrest Camp in the snow covered Sierra Mountains. Much could be said of the activities that took place there, but the spirit of the young people emphasized their interest in receiving a blessing.

Friday evening, after some activities in the snow and a wonderful supper, the group gathered about the fireplace for the MV program. After a rousing song service, Cathy Peters, one of the youth leaders of the Sanitarium Society, asked Elder C. M. Mellor, the Sanitarium pastor, to present the topic for the evening, "How to Be Happy and Be an Adventist."

Sabbath morning was beautiful with snow falling from the trees about the lodge and fresh snow falling with it. Soon the snow stopped and the clouds cleared away and we were able to see the deep blue sky. It was wonderful to watch God paint His pictures in Nature.

Once again the group gathered about the fireplace for Sabbath School and church which were conducted by the young people except for the sermon which Elder E. L. Sorensen from Angwin presented. The

Baptism in Russian River at Rio Lindo Academy.

hearts of all were stirred to a deeper desire to serve their Master.

After a hearty dinner prepared by Mr. Val Logan, our excellent cook, the group of ambitious young people made their way up the mountain trail through the snow to get a better look at the beauty below and see some of the unusual things of Winter.

Speeding down the lighted toboggan run and games for those not caring for the cold were the events of the evening with popcorn and apples to give it the taste of Winter Sabbath evenings.

All were up early Sunday morning for another wonderful meal prior to the fun all had in the snow, some going to the ski runs nearby and others staying at the camp to toboggan. All had a good time without accident, for which we thank God. As the youth left the camp for home all expressed a desire to do this again next year and recommended a Winter Outing at Pinecrest to all who would like Re-Creation.

## Baptism at Rio Lindo Academy

March 14, 1964, will be a Sabbath long remembered by the students and faculty of Rio Lindo Academy. With the warm sunshine and the beauty of the Sabbath, the school family and friends made their way down to the Russian River that surrounds the campus, to witness the baptism of eight students. As the choir sang the wonderful hymns of consecration, the writer had the joy of baptizing these precious young people.

Does Christian education pay? How much would you pay to have your son or daughter accept Jesus Christ? As a result of this baptism, I believe Rio Lindo has already been paid for in full.

At the present time the students are conducting a fourteen-week effort in the city of Healdsburg. Some of the young people baptized recently are participating in this effort. I am sure that you would feel the pride that we do here at Rio Lindo Academy as we witness our students taking an active part in a soul-saving program. Pray for these young people as they find their place in God's work.

M. M. SEIBEL, Pastor.

## Redding Youth Have Week of Prayer

The Redding Youth Week of Prayer culminated in the baptism of 17 young people and two adults on April 11, bringing the total membership of the church to 433. Fourteen of the youth who were baptized attend the Lawncrest Junior Academy, and attended a baptismal class conducted by Pastor C. E. Westphal and Associate Pastor Gordon Travis.

Using "The Power of Choice" as the theme of the week, Elder Harold Kono, pastor of the Japanese church in Sacramento, presented such topics as: "Endurance and Perseverance to Achieve Success"; "The Strongest Argument in Favor of the Gospel Is a Loving and Lovable Christian." Elder Kono emphasized that the young Christian is to have a definite purpose in life; must conquer his inabilities, search the Scriptures; have courage and be of enduring faith.

During the Week of Prayer, the influence of parents, teachers, and church members was felt. The parents have certainly been repaid a hundredfold by witnessing the willingness of their youth to go forward in baptism. Remember these newly-baptized members in your prayers that their influence may be for the furtherance of the gospel.

## Third Quarter Sabbath School Workshop Schedule

As camp meeting runs into the third quarter, the third quarter's material for division leaders and teachers must be demonstrated beforehand. Due to the setting up of campground and two holidays during this time, we are sorry to have to reduce the number of workshops to five. These major workshops will be held as follows:

Fresno Union Academy,  
Sunday, May 3, 1 p.m.  
Modesto Union Academy,  
Tuesday, May 12, 7 p.m.  
Bakersfield Youth Center,  
Sunday, May 17, 1 p.m.  
San Francisco Philadelphian Church,  
Tuesday, May 19, 7 p.m.  
San Jose Conference Office,  
Tuesday, May 26, 7 p.m.

We urge all to make a special effort to attend one of the above workshops even though it may be a little inconvenient. For the benefit of the churches that find it impossible to be represented, the material for this quarter will be available at camp meeting.

CLYDE C. GROOMER, Secy.,

## "We Appreciate . . ."

"We appreciate . . ." is the common expression of the Seventh-day Adventist young men in military service for the fine literature your offering every two years provides. This appreciation is often expressed in words like those in the following testimony:

"I am writing to tell you how much I appreciated the church magazines and the service that I received from you. It was a comfort to know that if I ever had any problem in my service life I could have someone to go to for help and advice. . . . The service personnel appreciate your work more than you could possibly know."

On Sabbath, May 9, the members of the Central California Conference will have an opportunity again to boost the spiritual morale of our young men in the service by giving liberally to the Servicemen's Literature Fund Offering. When the offering was taken two years ago our conference gave generously.

Since this fund is used to provide the *Review and Herald*, the *Youth's Instructor*, and other literature to our youth in the service, as well as to provide missionary literature for them to distribute, we know that you will support this fund strongly on May 9.

JOHN S. MCINTOSH, Secretary,  
National Service Organization.

## "Newcomers" for Youngsters

Youngsters, Mom and Dad, we would first like to introduce you to *Pee Wee*. Who is *Pee Wee*? Well, Jamie, a very adventuresome little boy, found him early one morning and wasn't sure when he saw a tiny bit of animal without any hair wiggling in the dirt. Jamie's discovery looked like a tiny bluegray ball, but little bluegray balls couldn't move all by themselves.

"I wonder what it can be!" Jamie exclaimed to himself. It turned out to be that *Pee Wee* was a tiny new-born baby ground squirrel that brought no end of adventure and excitement to Jamie and his entire household in the days that followed.

*Pee Wee*, by Bertha Crow and well illustrated by Jim Padgett, is a story that will touch the heartstrings of any youngster. The price is only \$2.75.

Now, we would like you to know Tim, the *Pony Boy*. He and his Dad worked together as real partners on their big farm. Tim's pride and joy is his pony, Star, who was given to Tim as a wonderful surprise. The day Tim's father gave him Star, he asked Tim to hop up on the haywagon and then to close his eyes tight and keep them closed as he walked to the other end of the wagon and back.

"But, Daddy, I might walk right off the side of it," he exclaimed. "Suppose you take my hand and then you can walk without falling," his Daddy answered. You see, Tim's father wanted his boy to understand how Star would feel, for Star was blind and could not see a hill or a tree, a creek, or even a barn. Star needed a friend that she could trust and who would also be eyes for her. Tim became that devoted friend.

Tim learns many good lessons in caring for his horse that will be valuable to each boy and girl who reads this new, exciting book. Pearl Peden, author of *Pony Boy*, has set forth a jewel for boys and girls. The book is illustrated with full-page color pictures and has thought questions at the end of the chapters which will help bring good lessons home to each youngster. Everyone will enjoy the surprise that awaits the reader at the end of the book. *Pony Boy* sells for only \$2.75.

So, why not open your home to these two "newcomers" that will delight your youngsters. Order today from your church missionary secretary, or from the Central California Book and Bible House, P.O. Box 580, San Jose, California. Please add tax and postage.

Weed Alone," was a most timely and well prepared oration. Taken from her speech is this interesting story: "In the country of Colombia they use the metric system for linear measurement. Nevertheless, some of the Huraco Indians who live in the north use a different system. Whenever a passerby inquires of the distance to a certain village, their answer might be 'two tobaccos away.' The Indians think that a man walking at a normal rate of speed would be able to smoke two cigars before he reached the village. Does not every smoker use tobacco in the same way, as a unit of measurement? Does not every

cigarette and cigar measure and limit his life that otherwise might be more healthful, more enjoyable, and of greater length?"

## LA SIERRA COLLEGE

### Criterion Receives "All American" Rating from the ACP

The 1963-64 La Sierra College *Criterion*, the weekly campus newspaper, has received an "All American" rating from the Associated Collegiate Press (ACP) in competition with college and university newspapers throughout the United States.

"All American" is the highest rating a college newspaper can receive from the ACP, the National Association of College and University Papers with headquarters at the University of Minnesota School of Journalism in Minneapolis. Last year the *Criterion* received a first class rating, the second highest ACP award.

In achieving the "All American" rating, the *Criterion*, judged as a weekly at a college with an enrollment of 1,200, received 3,440 points out of a possible 3,700 points. The ACP judge cited the *Criterion* for its "excellent" coverage of the death of the late LSC President Dr. Fabian A. Meier; for its "good" creative feature copy; for its "excellent" personality sketches; for its makeup and layout; and for its "fine" editorial coverage of human interest subjects.

This is the first "All American" rating won by the college *Criterion* since 1956. Barbara Hand, junior history major from San Diego, is editor-in-chief.

### Signs of the Times Reaches People With the Message

Are you aware of the influence that *Signs* has in our personal and church missionary program? If you are, then I suggest you consider the following steps in preparing for an active part in the *Signs* ministry.

1. Recognize that every believer in Christ has a definite responsibility in proclaiming the gospel of Jesus Christ.
2. Determine in your heart, "I might by all means save some."—1 Cor. 9:22 (last sentence).
3. Have a burden for the soul salvation of others.
4. Nurture a desire to finish the work of God so Jesus may come soon.
5. Plan for personal preparation so you may be an instrument in God's hand to win souls.
6. Give prayerful consideration to those for whom the ministry of *Signs* should be provided.

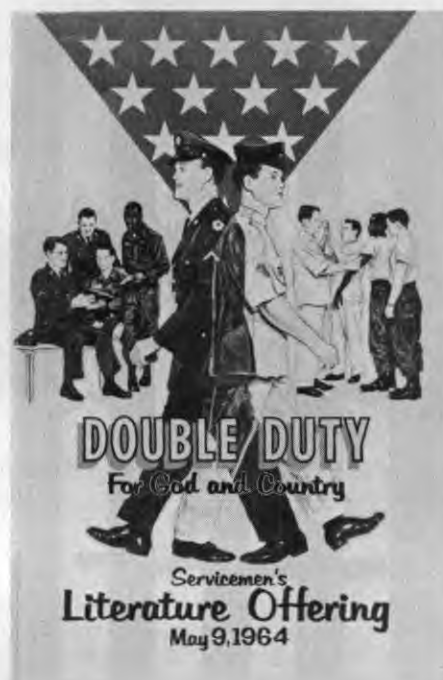

The Spirit of Prophecy, in outlining the purpose of our literature, states that people everywhere are taking sides, either on the side of righteousness or with the apostate powers. So our publications must clearly present the fundamentals of the everlasting gospel. Thus the people may know of the truths that will prepare them to meet their God.

This admonition coincides with the purpose of *Signs of the Times* as stated by Elder James White, its first editor, when he wrote, "Through *Signs of the Times* we wish to erect thousands of pulpits . . . where we can appeal to people . . . upon the exhaustless themes necessary to a fitness to receive the dear Saviour at His second advent."

*Signs of the Times* is reaching people with the message today. We should therefore keep in mind as we are in the Crusade that it is an evangelistic program. May every member help extend the influence of *Signs* according to his ability so multitudes may learn of the great truths which are so dear to our hearts.

### Temperance Man of the Year

A science-mathematics teacher at Bass Memorial Academy, Mississippi, has been named Temperance Man of the Year for 1963 by the American Temperance Society.

Clifton Keller, 26, was selected for the award by society judges throughout North America. He sponsors the academy's ATS chapter and has enrolled every student and faculty member as active ATS members during the past school year.

Under Brother Keller's leadership, students of Bass Memorial Academy have conducted a campaign in Alabama, Mississippi, and northwest Florida to make people aware of the dangers of drinking and smoking.

Mr. Keller's outstanding leadership has inspired a high percentage of the Bass Memorial Academy student body to participate actively in temperance activities. During the past school year students submitted 84 temperance essays, 84 jingles, and 54 posters, and gave ten orations. They also distributed more than 3,000 temperance tracts and periodicals.

"Mr. Keller has been sponsoring an outstanding program in temperance education," says W. D. Wampler, temperance secretary of the Alabama-Mississippi Conference. "Our entire conference area has felt the impact of his leadership, and members everywhere are now beginning new activities to educate about the problems relating to tobacco, alcohol, and narcotics."
