

Pacific Union Plans Annual A. S. I. Fellowship Retreat

An A.S.I. Fellowship Retreat is planned for April 19-22 at the Wawona Adventist Camp in Yosemite Park. We are looking for all 82 A.S.I. members in the Pacific Union to be there.

In addition to these members, we are giving a special invitation to prospective members to attend, and believe me, no one will be disappointed. The program Thursday night through Sunday noon will be terrific. The cost is just \$25 per person. This includes nine meals and a banquet, registration and lodging. (Each must bring his own bedding.)

The program will include music by the Heritage Singers, lectures, films, discussions on topics such as Personnel and Management, Labor Unions, Food Management, Business and Sabbath Observances, and Data Systems for Clinics.

Speakers and discussion leaders will include W. J. Blacker, Alonzo Baker, D. A. Neufield, R. D. Drayson, Caris Lauda, Allan Buller, Paul Damazo, Don Hickock and E. L. Buckley.

A. S. I., which stands for Association of Privately Owned Seventh-day Adventist Services & Industries, was organized in 1947 under the sponsorship of the General Conference.

At present, in North America, there are 213 members representing businesses which employ thousands of people.

It is also possible to obtain a personal membership. Memberships range from \$15 to \$40, depending on the number of employees.

Those interested in joining this organi-zation or in attending the Fellowship Re-treat should secure a brochure and application either from their local conference ASI secretary or Miller Brockett, A.S.I. Secretary, Pacific Union Conference, Box 146, Glendale, CA 91209. Phone (213) 241-5173.

To Strengthen Industrial Programs

Percy Miles Accepts Pacific Union Conference Call

Percy Miles, general manager of Loma Linda Foods, has accepted a call from the Pacific Union Conference to help build a much stronger indus-

trial program in the academies of the Un-

emies and colleges, Mr. Miles will work under the direction of

Versitron Industries.

Brother Miles has spent a total of 30 years with Loma Linda Foods; one year as assistant sales manager, three years as sales manager, 13 years as manager of the Mt. Vernon Plant and the last 10 years as general manager of Riverside's plant.

Brother Miles has made a contribution to Loma Linda Foods of large dimensions. He has devoted every ounce of energy and talent in the execution of his work.

Loma Linda Foods is fortunate to have Eric Howse, secretary of the World Food Service, as general manager. At the request of Loma Linda Foods Board, the General Conference has released him for one year. Brother Howse has spent most of his life in the food business. His expertise will be of great value to the food company. In the meantime, we are looking for a general manager. It is our hope that a new manager will be secured within a few months so that he can be associated with Mr. Howse for the remaining months of the year.

Loma Linda Foods has made much progress. Within the last few years, over \$800,000 has been spent to update the equipment of the plant. The competition

in the food business today is very keen. We're also glad to announce that we have called a man to give us some additional help in food-quality control. R. R. BIETZ, Chairman,

Loma Linda Foods Board of Trustees.

SO YOU WILL KNOW....

At this writing, it is February 28. This is the time of the year for the Alumni Postgraduate Assembly of the School of Medicine of Loma Linda University. For the first time, the entire program was conducted on the Loma Linda Campus and in the Loma Linda vicinity. Always before, facilities in Los Angeles have been used for much of the program.

On Tuesday, February 27, our Minority Groups Committee met during the morning hours. This committee meets on a quarterly basis in order to consider specific matters that relate to the work of the church among the different ethnic groups. Represented on this committee are individuals from our Black, Filipino, Spanish-speaking and Japanese-speaking churches as well as conference presidents, educational and public relations secretaries from the Union office and also the Union officers.

Wednesday, February 28, was an annual event. Early in each year we audit the records of the Union Committee. This means we go over the Financial Statement in detail and also check the reimbursement and remuneration provided each worker on the Union staff. We do this throughout the conferences as well, and it is to make certain that everyone was reimbursed adequately yet still within the policies we have developed. James Howarth, who retired a number of years ago, served as chairman of the Audit Committee. He was the auditor in this Union for a number of years and still lives in Glen-dale. We were happy to have W, B. Ochs, a former president of the Pacific

Union, join us at the time of the audit. We also met in an executive session and considered numerous items, many of which were of a routine nature such as authorizing certain trips, requesting General Conference personnel to assist in different meetings, passing on invitations to workers from other organizations and passing on to the General Conference a number of sustentation applications. The Arizona and Northern California conferences requested permission to ordain (Continued on Page 2)

At the Beginning of Its 37th Year

"The Quiet Hour" Moves to New Headquarters "The Quiet Hour" broadcasters go into this year, their 37th, in newly purchased

headquarters. Emanating from the home of founder J. L. Tucker and rented quarters previously, "The Quiet Hour" is now at home permanently in a predominantly residential section of Redlands at 550 Brookside.

Reserves made a substantial down payment on the building with 4,000 square feet on a 130x250 foot lot with ample parking. Possibly the most exciting pros-pect of all is the inclusion of an assembly hall where a "Sunday Afternoon Series" opened March 4 for a year-round evangelistic center.

At Open House, March 4, both J. L. and L. E. Tucker were on hand for the reception and beginning of the "Sunday Afternoon Series.

Treasurer E. L. Green's financial report for 1972 is an enviable one for any broadcast ministry. Donation increase was nearly \$200,000. Of the 74,000 on their mailing list, 60 percent are non-Adventists. And it's these listeners who are fascinated and challenged by Pastor J. L. Tucker's appeals for mission planes. Last year alone, five Cessna 180's were paid for and sent with Division approval to Ethiopia, Mexico, Bolivia, Tanzania and Zaine.

From additional monies sent (\$152,-464.14 total), projects were completed at Ghana Health Clinic, Hong Kong Hospital and Calexico Mission and radio emphases were funded in Ireland, Malawi and Africa. One listener from Oklahoma sent enough funds to pay the salary of 40 native church workers in New Guinea.

Your prayers are solicited for this radio outreach-and all local broadcasters in the Pacific Union.

Thailand Adventist Officials Offer To Contact Servicemen

Many American military personnel are presently located in Thailand. There are no Seventh-day Adventist military chaplains assigned in that area and the American military bases are usually in the remote areas.

Word from the president of the Thailand Mission, Elder D. Kenneth Smith, indicates that he and others would be glad to make contact with American Adventist servicemen there. Elder Smith and his workers travel throughout Thailand.

If you have friends or relatives who are servicemen stationed in Thailand that you would like contacted for a specific purpose, please send me their names and full military address and details of why you wish the contact made.

This amount is credited to a fund in the General Conference and is used to provide appropriations for work in overseas divisions that can be supported from the tithe. The General Conference in turn from non-tithe sources gives up an appropriation which is credited to our Extension or Non-tithe Fund. At the beginning of 1972 there was a credit in our Extension Fund of \$319,443.73. two individuals in each conference, and these requests were considered very carefully. It was voted to concur in the requests so that these workers can be ordained at the coming camp meetings.

During the noon hour, a number of the committee members viewed a film made from a tape that is being used on a television station here in Los Angeles. This program, entitled "It's Your World," is produced by the Southern California Conference. It is an attempt to use our health concepts to at-tract interest in our church. There is much interest and enthusiasm for the program.

Plans are under way for summer programs that involve our youth. Paul DeBooy told us that he has in motion plans that will involve scores and scores of our young people. He proposes to present programs at the Orange County Fair in Southern California and at California Expo in Northern California. The Union Committee provided \$6,000 to help supply the materials necessary and to cover some of the expenses that will be involved. We be-lieve this is an excellent exposure for Seventh-day Adventists through our young people. Many, many people will be blessed by the ministry and witness of our youth.

Some funds for inner city work were distributed—actually about \$15,000. Building projects, totaling about \$500,000, and about \$250,000 in loans from the Pacific Union Revolving Fund were approved. On this page is a recap of the operation in the Union Conference for 1972.

Nevada-Utah Is LISTENing for 1973

Nevada-Utah is LISTENing for 1973. Every pastor and church temperance leader is getting the word out. This is the year that all previous records will be broken.

Now is the time for the world to be informed of the truth about Satan's devices such as alcohol, tobacco, drugs. This is the year that the world needs to make rational decisions based upon these facts. This is the year that the world needs to read the positive side of healthful living. "Listen" magazine can, and will, do all these things.

As the members study plans for Mission 73, they should include the marvelous entering wedge of "Listen." Many people are able to trace their first contact with God's church through the reading of "Listen." Let's give many more the opportunity, now.

"Listen" costs only \$2.75 per subscription this year. It is suggested that every "The Bible Story" books some time ago. As they read these volumes one by one, they learned of the way of salvation and were happy to accept it. As they read of the seventh-day Sab-bath, they began to inquire as to the right

day of the week to keep as the Sabbath. They went to the pastor of their church,

a Presbyterian minister, and asked him which day of the week was the Sabbath according to the Bible. Being a forthright man, he answered "Saturday, the seventh day of the week is the Sabbath." This settled it for these good people. They knew they had at last found the true Sabbath of the Bible.

In March, 1972, their search for the church ended as they found the Seventhday Adventist Church, the church that kept the true Bible Sabbath.

After many studies and quite a long time of church attendance, they were both baptized and are now rejoicing in the Remnant Church.

family receive a monthly copy at their home address. Surely every household will do this. Next, all relatives and friends should have the privilege of "Listen." Every family will want to do something for these folks. Last, the health services department of the conference has collected the names and addresses of every jail and place of detention in our territory.

It is hoped that these approximately 500 subscriptions will be sponsored by the members of the conference. These men and women have time to read. They will read "Listen." Many of them have problems directly related to the evils which are the thrust of this publication.

What will you do? Is it possible that you could do even more than ever before? How hard are you LISTENing?

HOWARD BARRON, Secretary, Health Services Department.

It's Time To Start Thinking About Summer Camp

It's time to THINK summer camp, Nevada-Utah will enjoy the pleasures and recreation of Pinecrest Camp. Dates for this summer are July 22-29, 1973.

Plans are being made now for new and different Honor classes and activities. Camper cost will remain at \$45, which includes transportation by bus from Salt Lake City and Las Vegas. We have already made preliminary contact with the bus companies and they will be ready to leave Saturday night, July 21, at 11 p.m.

Plans are in the making for a new and even better hiking-camping trip for the teens. There will be a new leadership this year with emphasis on spiritual growth in Christ and a better knowledge and understanding of the great out-of-doors.

There are some money-making plans already in the conference office and those youth who need to raise their own way should plan now and start soon. If you desire information, write: Youth Depart-ment, Box 1470, Reno, NV 89505. We will not have any "sugar" programs to

suggest. Happy planning for a beautiful experience at camp this summer. We hope ev-eryone will be able to attend!

HOWARD M. BARRON, Director, Youth Activities Department.

Kansas Avenue Church Plans Dedication Services for Spring

After almost five years since completion of their church facilities, the members of the Kansas Avenue Seventh-day Adventist Church will dedicate their church early this spring.

At a recent business meeting, it was voted to liquidate the remaining mortgage within three months beginning in February of this year.

Following a recommendation of church pastor Horace M. Barker, the Executive Board of the church selected a committee of Frank O. Bannon, chairman, Bessie Shirley, Richard W. Hodnett, Kenneth Mainess and Edwin Nebblett to explore ways to effectively put the plan into operation.

Yucaipa School Students Present Valentines to Hospital Patients

Children love to cut, paste and make pretty things and the first and second graders of the Yucaipa Valley Seventh-day Adventist School are no exception-especially when the things they are making are created with the idea of bringing joy and happiness to others.

"Say it with Love," was the motto students fol-lowed in making valentines for patients at the Yucaipa Valley Convalescent Hospital.

On Valentine's Day, the first and second graders visited the Yucaipa Valley Convalescent Hospital to personally deliver handmade valentines to the patients.

Some were decorated with paper doilies and satin ribbons. Others had butterflies or pieces of lace and netting. Each valentine had the words of I Peter 5:7, "He careth for you," carefully printed on it.

The children sang several of their fav-orite songs including "Jesus wants me for a sunbeam" and "This little light of mine, I'm going to let it shine."

These children showed that they really know how to let their lights shine and brighten the lives of others.

SHIRLEY MERTZ, Press Secretary, Yucaipa Church School.

Mr. and Mrs. Wittlif

Their Garage Becomes a "Clothes Closet" for Others

Mrs. Bertha Wittlif, who as a child was shifted from one foster institution to another and between different relatives'

homes as well, has a big heart for orphans, foster children and needy families. During the past two years, she and her husband have cared for 30 foster children in their modest home in Goleta, and have carpeted and turned their garage into a "clothes closet" for others. Some might consider this to be the ultimate in selfsacrifice, but not so for the Wittlifs-they consider it a way of life.

The \$96 to \$126 a month paid to parents of foster children, is not always sufficent to feed and properly clothe them, Mrs. Wittlif says. She had one little girl brought to her in a pair of boys' under-pants-that's all. Another baby's entire wardrobe consisted of one diaper and one T-shirt.

The last three foster children brought to the Wittlif home-two brothers and a sister-had only the ragged clothes they wore. They were caked with dirt, and their long hair was matted. After baths, haircuts and new clothes from the "closet," these little ones looked like different children.

She not only helps children, but adults as well. Some families have been helped with beds. For example, a crippled woman who slept on the floor and a family with three children whom they bedded on a concrete slab, now sleep more comfortably.

One pregnant mother in labor stopped at the Wittlif home on her way to the hos-

Dr. Bernell Baldwin Speaks

"How To Increase Your Brainpower" To Be Discussed

"How To Increase Your Brainpower" will be the topic under discussion during a symposium, featuring Dr. Bernell Bald-win of Loma Linda University.

Sponsored by Pomona Junior Academy Home and School Association, this pres-entation will be held March 17 at 7:30 p.m., at Pomona Junior Academy Auditorium, 850 E. Grand, Pomona.

Dr. Baldwin, who received his doctorate in neuro physiology from George Wash-ington University, Washington, D.C., now teaches physiology of behavior at LLU. He will discuss the function of the brain as related to environment, and will prove that an individual can be "turned on" to achieve lasting fulfillment without using

pital. She had nothing for her baby until Mrs. Wittlif gave her a layette of 57 articles, including diaper pins, blankets and baby bottles. The woman exclaimed, "It's just like Christmas!"

Not infrequently, Mrs. Wittlif says a prayer for her closet. When it needs replenishing she telephones anyone she thinks is able to donate clothes. In August, she gave out 986 articles of clothing, including 300 pieces of clothing in one day, plus 12 pieces of furniture.

As a result of publicity given her work by the Santa Barbara News-Press last fall, Mrs. Wittlif was able to distribute 1,126 articles of clothing and some 236 pieces of furniture during the first three weeks of

September. "I can't thank the people of Santa Barbara enough," she stated when commenting on the overwhelming response. Peo-ple mailed her things, filled her parked car while she was in stores or beauty parlors, and often recognized her on the street and told her they had things for her in their cars. Her telephone rang almost constantly for six weeks during September and October.

When asked what her closet needed most right now, Bertha Wittlif named cribs and small children's clothing, for which there is a constant demand. Truly she is fulfilling the Lord's bid-

ding to clothe the naked. And by so doing unto the least of these, she is doing it unto Him.

E. A. Schmidt Reports Northern's Progress during 1972

At our recent Annual Session, it was a privilege to present the following report of progress made possible through the faithfulness of our people in their tithes and offerings during 1972.

Our records revealed that 1,340 members were added by baptism and profession of faith. The net increase in membership as of December 31 was 629, making a Conference total of 25,635.

Tithe for the year reached an all-time high of \$7,245,338, or an increase of \$566,778 over 1971. The mission offerings totaled \$1,121,102, showing a gain of \$66,668 over the previous year. In addi-

Nearly 750 Complete the 15-hour Carmichael Lay Institute About 750 dedicated gospel workers re-1230 South Central, May 5 and 6, will

About 750 dedicated gospel workers received certificates after attending all 15 hours of the lay institute conducted in Carmichael February 3 and 4.

The count showed that 30 pastors were registered; about 90 of the 106 churches in Northern California were represented; and around 75 attended who represented 30 different denominations. There was a wonderful spirit of Christian fellowship as they studied how to win souls for Christ.

There is something unusual about these institutes. Each one is a school—a 15-hour, witness training program with full-time attendance required. Though it is disappointing to refuse admission to some very sincere people who cannot attend full time, the full-time requirement is necessary to understand the course, and this requirement has eliminated from attendance all those who do not really mean business. Sabbath classes are from 9 a.m. to 9 p.m., and Sunday classes are from 9 a.m. to 6 p.m. Registration for the Lodi institute begins at 8 a.m. Sabbath morning, May 5. See your lay activities leader concerning registration charges. No tape recordings are allowed, and attendance is limited to Northern California.

The next lay institute at Lodi Academy,

tion to these funds given by our membership, more than \$3.5 million was donated for local church work throughout the Conference.

Surely the Lord has blessed our membership and we appreciate their dedication and continued support of the church and its activities. Mrs. White in Manuscript 67, stated, "The Lord Jesus is very near to those who thus appreciate His gracious gifts, tracing all their good things back to the benevolent, loving, care-taking God, and recognizing Him as the great Fountain of all comfort and consolation, the inexhaustible Source of grace."

Grand Avenue Church Sponsors a January Five-Day Plan

During January, in connection with National Education Week on Smoking, a Five-Day Plan was conducted in the city of Oakland. This Plan was sponsored by the Grand Avenue Church, with Pastor Murray W. Deming and Associate Pastor Einar Haugen giving excellent help to Elder Charles G. Edwards and Dr. Eugene Zimmerman.

During the Five-Day Plan, some of the persons in attendance especially requested a continuing program of reinforcement at the close of the Plan. Accordingly, a reunion was set up one week following the program at the Montclair Women's Club. At the reunion, a request was made for the program to continue, so far a number of weeks on Tuesday nights these folk have been meeting at the Grand Avenue church social room. Ladies of the church have provided some delicious fruit juices for refreshment. On one occasion, they also provided various hot drinks for the folk to try, which would show them better alternatives to coffee.

Recently, a survey was handed out to determine interest in other health-educa-

how to help finish the task. An army is being formed, a dedicated army. Your help, your prayers and your presence, when possible, is needed. Is God calling you? If He is, please answer the call, and we'll see you in Lodi, May 5 and 6.

These people have been warm in their praise and appreciation of Seventh-day Adventists for what they are doing for the community.

Santa Rosa Youth Operate Wayout Booth at Citrus Fair

The youth department of the Santa Rosa Church operated a Wayout booth at the Cloverdale Citrus Fair, February 16-18.

It was God's leading that we were able to obtain booth space only two weeks before the fair opened. The booth was open 12 hours daily for three days of the fair and during this time many interesting and profitable contacts were made. People of all ages were attracted to the booth which had a colorful display of materials in spotlights and blacklight.

Over 100 people "signed in" for the materials offered and over 700 newsprints, which encouraged people to write for mate-

rials, were given out. We feel a great deal of seed-sowing was done by this outreach, and now we solicit your prayers that these seeds may be watered, grow and bring forth fruit to God's kingdom.

C. M. Willis Schedules Speaking Itinerary in Central

Elder C. M. Willis, associate manager of the periodical department of the Southern Publishing Association, will be the featured speaker at several of our churches during his scheduled itinerary to the West Coast.

Always a highly spiritual and interesting speaker, Elder Willis will pose the challenge to the Church of the teeming multitudes of unsaved souls in our large cities and the use of literature as an effective means of reaching them.

The servant of the Lord has said that "blessed soul-saving Bible-truths are pub-lished in our papers. There are many who can help in the work of selling our pe-riodicals." 9T, p. 63.

Radio Program Influences a Fresno State University Student

Mike Bartel, a student at Fresno State University, listened to the radio program of G. T. Armstrong and heard him state that the seventh day is the Sabbath. Mike was a member of the Mennonite Church, as were his parents and relatives.

Setting out to look for a church that observed the seventh-day Sabbath, he drove by the Clovis church just as Steve Hamilton, a member of the church, parked his car at the curb. Mike asked Steve what church met there, and Steve told him Seventh-day Adventists. They talked for about 15 minutes, and Mr. Hamilton invited him to come in for the services. Mike said he needed to go home for proper

The Central California Conference is now preparing for its spiritual highlight of the year-the 95th Annual Camp Meeting at Soquel.

Visalia Church Plans 5-Day Plan at the Visalia YMCA

A Five-Day Plan to Stop Smoking will be held in the Visalia YMCA, 211 West Tulare Avenue, March 12 to 16. Elder Darold Retzer will be working with five local physicians in the Plan, which starts

at 7:30 each evening. For several years, the Visalia Church has tried to have two clinics each year. This persistence has paid off as more people are becoming aware of the possibilities of this plan.

The Mid-valley TB and Respiratory Disease Association has shown much interest in the plan, since it is the only regular program to which they can refer people who want to stop smoking.

In January, Dr. Sven Markoff and Elder Retzer were asked to explain the concepts of the plan to the Association's Board of Directors. As a result of this meeting, they have offered to cooperate with the Five-Day Plan by calling the local physicians and asking them to refer people to the current program. In addition, they will administer a Pulmonary Function Test to those who attend the first night, and again at a follow-up meeting two weeks later.

PLEASE NOTE: Individuals are asked to care for their own changes of address. Please use the form appearing in next week's issue if you are moving or if your address is changing for any reason.

Students Give Handmade Valentines to Patients

On Valentine's Day, 25 third-grade students from Virgil Hauselt Memorial Junior Academy presented handmade valen-tines to the 125 residents of La Casa Extended Care Hospital in Santa Cruz. It was their way of saying "Somebody loves you," reports their teacher, Mrs. Nila Myers.

After the children distributed valentines, they sang some of their favorites songs, including "This little light of mine, I'm going to make it shine!"

If the twinkle they brought to the eyes of the residents of La Casa is any evidence, the youngsters really know how to let their lights shine and brighten the lives of others.

Mrs. Anita Edwards, activities director at La Casa, served the children refreshments, and then they sang more songs.

These same children raised \$125 for the Faith for Today Valentine Offering.

The Sunday afternoon witnessing outreach is reaching more people each week. Felix Dugaduga believes in one-to-one evangelism and is helping to coordinate this form of witnessing.

The songs and talks are given in English, Filipino and Hawaiian by several groups from the churches, with special emphasis on the youth groups who are able to participate. At this point, most of the attendees are Filipino and older folk, but news of this type spreads rapidly, and others are wanting to be informed one-to-one evangelism IS effective.

This program was started less than two months ago, and already Brother Dugaduga reports that three folks are regularly attending services at the Diamond Head church and that he is giving them Bible studies. These individuals are eagerly awaiting the evangelistic effort by The Voice of Prophecy to be held here in Honolulu in September. The field is ripe and the harvest sure.

This same type of evangelistic program, if duplicated by dedicated workers across our nation, could be the means of winning unnumbered souls to Christ. Time is short, for both many of the older folk who are seeking the answer for their lives,

Dear Brothers and Sisters:

Your faces are familiar to me. I have seen them shining with the love of Christ in hundreds of audiences as I have traveled throughout the country.

In talking with you after my meetings, I have had many of you express a wish to see some of the thoughts in my Bible Studies printed in book form. I am delighted to tell you this has been accomplished.

A few years ago, my pastor, Elder Charles Sohlmann and I started working together on this project. With a great deal of Divine help we have written a series of three books, each expanding on a different area of topics discussed in the "Eden to Eden" theme.

Pacific Press has now published these books, and all three are available to you in paperback from your Bible house. Each exalts the person and righteousness of Jesus Christ. The titles are:

- 1. The Gospel of Jesus Christ
- 2. A People Ready for the Return of Jesus
- 3. Christ's Message to the Last Generation

It is my great hope that these books will be of inspiration to you as we prepare to meet before God's throne.

Yours in a loving and soon coming Saviour,

New Testament Witnessing Training Continues in Arizona

Wonderful reports of decisions for Christ are coming from churches in Ari-zona where New Testament Witnessing Training classes are being held.

Elder Don Gray, associate ministerial secretary for the Pacific Union Conference, conducted a New Testament Wit-ness Training class in Phoenix January 26-30. All Arizona pastors, and certain laymen whom the pastors invited, attended this training class held in the Phoenix Central church.

After the January session held in Phoenix, the administrators and departmental men joined with district pastors to begin a 13-week program. The program was launched on Friday night and continued daily through the next Tuesday. They are continuing one day each week for 10 weeks.

"I have never seen any training program that has inspired our people SO much," said one lady in attendance. "I've learned more about how to win souls during these five days than I did in all my college work in theology." She had taken the course preparing for Bible instructor.

Another person, an electrical contractor, just learning how to begin a conversation was thrilled.

In Cottonwood-Sedona, four decisions were made and new people began church the next Sabbath. Several new Bible studies have resulted there.

In Morenci, there is no church, except a small group of ladies and children. These

ladies, having been just born into God's family, and a first-love experience, had been giving Bible studies. Now they are excited from results of the New Testament Witness Training. Two decisions were made for Christ and several new Bible studies were begun at Morenci.

This program thrills our people and these days of classwork and visitation are a thrilling experience for them. I have never seen anything that helps them so much.

Opening Night of Phoenix Five-Day Plan Attracts 125

From October 8 to 12, Dr. Herschel C. Lamp and Elder Lewis Wynn conducted a Five-Day Plan to Stop Smoking in the John C. Lincoln Hospital. The small con-ference room provided by the hospital was only half filled by the 15-20 smokers in attendance, but group enthusiasm was high as was the success rate.

Another plan was scheduled for February 18-22 in the same conference room. Elder John Newbern, pastor of the Sun-nyslope Church, joined Dr. Lamp in this program.

On opening night, the room was crowded with 45 people at 7:15 p.m., 15 minutes before the scheduled time to begin. By 7:30, there were 125 people pres-ent, most of them in the hall. Quickly the hospital cafeteria was opened and the entire group was transferred to the new location. Since the cafeteria was not available the following evening because of a previous commitment to another meeting, the group was divided into two sectionsone to meet at 6:30 p.m., the second at 8 p.m.

Each evening throughout the program, approximately 50 persons attended each session despite heavy rain on the third evening. At the last meeting, a tally re-vealed that 71 percent of the group stopped smoking completely and of those who were still smoking, the average number of cigarettes used per day was six.

A cameraman-reporter from Channel 3 television was present the second evening and filmed a five-minute segment of the program which was shown on the 5 p.m. news the following evening.

An offering was taken at the conclusion of the clinic and voluntary contributions amounted to \$111.
