General Information.

THE publication of the statistical report for the second quarter has been delayed on account of the intervening session of the General Conference. On the whole it is a better report than the previous one. There have been 2,022 additions by baptism

and 234 by vote, or a total of 2,256 with a net increase of 1,326. We have now gone well beyond the 60,000 mark in our membership which stands, at the end of June, at 60,543 for the Division.

The financial items necessarily continue to cause embarrassment so long as the currency remains unstable in a number of countries. The tithe receipts for instance show an increase of some \$23,000 over the first quarter which, unfortunately, does not represent actual gain as all will understand who are acquainted with conditions in the countries especially affected. The rise is due to the loss in the purchasing power of the money, so that inflated figures are the result. Hence an increase in the tithe for the German unions of about 3,000,000 marks, while for Russia the tithe alone has leaped from 384 million roubles for the whole year of 1921 to the enormous amount of 1,126,513,076 roubles for the first quarter of 1922. THE SECRETARY.
