General Information.

In the increase of membership the third quarter of 1922 has been better than the second. 2,251 new members were received by baptism and 230 by vote, while in the second quarter the gain was 2,022 by baptism and 234 by vote. The net gain

in the third quarter was 1,354 against 1,326 in the second, thus bringing the total membership of the European Division up to 61,897.

On the other hand the tithe has decreased from \$109,810.42 to \$101,451.49. But the offerings have increased from \$30,904.44 to \$42,547.01, which is due to the Harvest Ingathering, that brought in \$17,732.31. The book sales increased from \$103,962.85 to \$126,171.39. It may be well to remember that in our denomination from a financial point of view the third quarter in the year is not the best.

Some may notice that in the reports from Russia the amounts in roubles are smaller than in the previous quarter. The reason for this is the new currency in which one rouble is equal to 10,000 old roubles.
