New Viet-Nam Radio Program

By L. G. STORZ

A day for greater things has dawned for Viet-Nam and all of southeast Asia. Authorization has been granted for a free religious Chinese radio program over Radio Saigon every Sunday afternoon beginning July 1, 1956. For the first fifteen minutes the program is now presented in Hokkien beginning at 2:15 p.m., the second quarter hour in Cantonese at 2:30 p.m., and since September 1, 1956 the last fifteen minutes in Mandarin beginning at 5:15 p.m. We rejoice over this added boost to the proclamation of the third angel's message while the door of mercy lingers.

It was on January 29, 1954, that Prime Minister De authorized our first religious broadcast in Viet-Nam. This was one-half hour free time weekly from Radio Dalat in Vietnamese. The station manager with whom we had made contacts many months before, upon receiving the news, immediately placed Tieng Noi Hy Vong, (The Voice of Hope) on his official radio log and distributed this log immediately throughout Viet-Nam some weeks before the broadcasts actually began. Hope was used instead of prophecy in the Vietnamese broadcasts as the connotation of hope translates itself better into Vietnamese background and thinking than does prophecy. Several people wrote to the station master asking, "What people wrote to the station master asking, "What has happened to the Voice of Hope program? We want to hear this." Vietnamese hearts were ready and waiting for these messages that God has entrusted to His church.

Radio Dalat is on the mile-high mountain tops in the center of free Viet-Nam. The program still emanates from the studio which is located under the evening shadows of Dalat's cathedral spires. From these mountain tops the initial program was sounded throughout Viet-Nam on March 26, 1954, with

"Tay loa dua cao len, Dong thanh ta reo yang; Jesus gan tai lam tran gian!"

This familiar Voice of Prophecy theme song, a part of which is given above in Vietnamese, emanates from more than 800 radio stations around the globe and in more than a dozen languages.

"Lift up the trumpet, And loud let it ring; Jesus is coming again!"

A few months later on June 27, 1954, Radio Saigon also released to us one-half hour for this religious Viet-

namese broadcast. With the Chinese half hour we now have one and one-half hours weekly free time over Viet-Nam's radio stations. Certainly the Voice of Hope, called Voice of Prophecy in the Chinese broadcasts, is answering the challenge of this theme song with amplified voice. For the first time in history salvation's message can reach several millions of Vietnamese and Chinese of all levels in the strata of society instantaneously at almost no cost whatever.

The story of a disappointing incident in 1953 which led to our securing radio time has never been written nor publicly related. Several have urged that I write it for publication. It begins with an Ingathering incident. In 1953 we started building the new Dalat church—as usual without money! The Mayor of Dalat kindly authorized my soliciting for this project so I used this permit to its fullest possibility by visiting all the government officials as well as the business men.

Viet-Nam's Prime Minister, His Excellency Mr. Nguyen De, was a wealthy man but apparently difficult to meet. I had to satisfy myself by presenting our work, needs and literature to Mr. De's personal secretary who promised to present the matter favorably for us. This I did little realizing the consequences. Several days later I received news that H. E. Mr. De had sent a check for 20,000 piastres written to "Pastor Smith, Seventh-day Adventist Mission." Now Pastor Smith is a missionary of the C. M. A. church in Viet-Nam and this check reached his hands in spite of the fact that it was addressed to our mission. At the same time His Majesty Bao Dai (who happened to be in Viet-Nam at that time) likewise contributed 10,000 piastres which also went to the C.M.A.

As this money was never turned over to us, I went to see H. E. Mr. De's secretary. He was much embarrassed over the blunder they had made but stated that inasmuch as it was their own error H. E. Mr. De would surely duplicate his gift to us. The check was intended for us and was addressed to us. However, I would have to await the Prime Minister's return from an itinerary. I waited as requested. A week after his return I went to the Imperial Palace to see the secretary again. This time reception was refused. After several such unsuccessful attempts I decided to abandon the matter and count all as lost.

For several months prior to this we had also tried to secure radio time. The Dalat station manager worked in our favor, but the Minister of Information, a Cao Daiist, refused such permission. Just at this time I received the news that the Minister of Information had the top control of all radio stations except the one in Dalat. The latter being the imperial headquarters, H. M. Bao Dai had appointed Prime Minister De to be in charge of that particular station in order to hold a tighter control over all crown headquarter's propaganda.

Upon learning this, I decided that the moment was ripe to request radio time from H. E., Mr. De, as surely now he would be more apt to grant us a second request since he had blundered on the first one. This request would not cost him any money either! But how to meet him—that was now more nearly impossible than ever. At that moment I received in the mail the latest General Conference Redio and Television Statistical Report. It was an impressive document. In Viet-Nam our work is so small that to many we were unknown and unheard of. Our so-called enemies call us "The Adventist Club."

I prepared carefully a letter of request to H. E., Mr. De attaching this statistical report to the same, even though the report was in English. I requested him to kindly grant us a release of radio time as hundreds of

other stations in the world had done.

While waiting for the reply, needless to say we made the request the subject of much prayer. Souls were in the balances. After a month of silence had passed, I began to lose hope of even securing any reply—either Yes or No! When a letter finally came, you cannot imagine our joy when we read the favorable answer. To us the money is still lost but the radio is of far greater value. Where in this world is the gospel now being preached to so many people at so small an expense!

After hearing several of our Voice of Hope broadcasts, the station manager said, "That is the finest religious broadcast I have ever heard." Through his influence we later secured time on Radio Saigon — the Cao Daiist minister conceding to us. Now with this and the Chinese program we can reach the major portion of Viet-Nam's

population.

All the beauties of these radio mechanics are arranged and satisfying yet all will be of little value unless the Spirit of the Almighty be poured out with pentecostal power upon the listeners. Let us now as never before open our hearts to God in prayer and consecration pleading for that outpouring of the Spirit's power in our own lives as well as upon His harvest field. With the shadows of greater and darker political clouds threatening, truly the third angel's message must be quickly heralded so that all may have access to its life-giving power in this late hour. "Finally, brethren, pray for us, that the word of the Lord may have free course, and be glorified, even as it is with you." — 2 Thessalonians 3:1, 2.

The Rise and Development of the Seventh-day Adventists

By F. A. Mote (Part 3)

There never has been and never can be a true religious movement except God be the leader, and the success of every such movement is dependent upon the confidence of its adherents in this divine leadership. This confidence must rest on the assurance of the divine origin of the movement and the continued divine guidance. While there must be the human element connected with God's leadership of His people, this must ever be subservient to the divine. "... If thy presence go not with me, carry us

not up hence." (Exodus 33:15) This cry of Moses of old is the cry of our hearts today.

Perhaps one of the most marvelous outward manifestations of God's leadership that has ever been witnessed was seen in the exodus movement. Enshrouded with a pillar of cloud by day and of fire by night, the Lord went with His people.

During the entire period of forty years, although enshrouded with the cloud, the personal presence of the Saviour was with Israel, but only in one incidence did He speak directly to them; that was when giving the law at Mount Sinai. Frequent messages were communicated to them, but always through the prophet of God. So it is written: "And by a prophet the Lord brought Israel out of Egypt, and by a prophet was he preserved." (Hosea 12:13)

Down through the succeeding centuries the Lord has continued to lead His people by His prophets. Not until they had rejected the greatest of all prophets, Jesus, did

the Lord reject His chosen people.

The Remnant Church of God, known by us as the Seventh-day Adventist church, was to be distinguished by two characteristics. They "keep the commandments of God, and have the testimony of Jesus Christ." "And the dragon was wroth with the woman, and went to make war with the remnant of her seed, which keep the commandments of God, and have the testimony of Jesus Christ." (Revelation 12:17) "... for the testimony of Jesus is the spirit of prophecy." (Revelation 19:10).

These two characteristics were in the possession of the Adventist believers who had stood the test of the disappointment, and the story of their discovery has

already been related.

Even before the time of the great disappointment, God was calling men to act as His messengers to the Adventist believers. In 1842 He spoke to a man in Boston, Massachusetts, William Foy by name, giving him two visions. These visions related to the new earth and the travels of God's people to the Holy City. This men, William Foy, was a well-educated man and an able minister. Large audiences listened to his story of what he had seen and of the heavenly land. Not long before the disappointment in 1844, God gave this man a third vision, in which he saw three steps or platforms, the third extending clear to the kingdom of God. This vision he could not understand, as he was looking for Jesus to come very soon, so he did not make it public as he should have done.

Just shortly before October 22, 1844, God visited Hazen Foss of Maine with three visions. firmly believed the Lord would come on the tenth day of the seventh month of that year. He was a man of fine appearance, pleasing address, and quite well educated. A few weeks before the midnight cry ended, the Lord came near and gave him a vision in which he was shown the journey of the Advent people to the city of God, with its dangers. Some messages of warning were given to him which he was to deliver, and he saw also a few of the trials and the persecution that would consequently follow if he was faithful in relating what had been shown to him. Like Mr. Foy, he was shown three steps by which the people of God were to come fully upon the pathway to the Holy City. Being a firm believer in the Lord's coming "in a few more days," as the people then seng, the part of the vision relating to the steps to the pathway was to him inexplainable, and being naturally of a proud spirit, he shrank from the course that was given to him and refused to relate the story. The vision was repeated the second time, and in addition he was told that if he still refused to relate what had been shown to him, the burden would be taken from him and given to one of the weakest of God's children who would faithfully relate

what God would reveal. Again he refused. Then a third vision was given, and he was told that he was released and the burden was to be laid upon one of the "weakest of the week" who would do the Lord's bidding. This stirred him to action, and he resolved to tell the vision to others. But, alas, when he stood before the audience he could say nothing. The vision which was once so clear had fled from him and his mind was a blank. He stood before the large audience of people as dumb as a statue; and finally said, in the deepest agony, "I cannot remember a word of the vision." He wrung his hands in anguish, saying, "God has fulfilled His word. He has taken the vision from me." And in great distress of mind, he said, "I am a lost man." From that time he lost his hope in Christ and went into a state of despair. He never attended an Adventist meeting again and had no personal interest in religion. His demeanor in many respects, to say the least, was that of one deprived of the gentle influence of the Spirit of the Master; of one "left to his own ways, to be filled with his own doings." In this condition of mind he died in 1893.

A few months after the disappointment experience, God called the third person to serve as His messenger. This call came during a season of worship when five women were praying earnestly for light. In this group of women was Miss Ellen G. Harmon, a girl of seventeen. She was very frail, her health having been shattered by an accident so that physicians despaired of her life. The disappointment had been a very severe taxation on her physical strength, and some thought she could live only a short time. It was while praying for light regarding the disappointment that Miss Harmon was taken off in vision for the first time. We have already explained in a previous article the vision, at least in part, which was given to Miss Harmon. It was a wonderful comfort to her, and it encouraged and strengthened our faithful ones to whom she related the vision, giving them a sense of the presence of God in their bitter experience. Thus we can see that this young woman, who was so weak physically, and one who had been given up to have but a short time left in which to live, was one of the "weakest of the weak." God had laid the burden upon her to serve as His messenger. She became the prophetess for the

remnant people of God.

In The Review and Herald, July 26, 1906, she wrote thus of her divine call: "My Saviour declared me to be His messenger. 'Your work,' He instructed me, is to bear My word. Strange things will arise and in your youth I set you apart to bear the message to the erring ones, to carry the Word before unbelievers, and with pen and voice to reprove from the Word actions that are not right. Exhort from the Word. I will make my Word open to you. It shall not be as a strange language. In the true eloquence of simplicity, with voice and pen, the messages that I give shall be heard from one who has never learned in the schools. But My spirit and My power shall be with you.

Naturally, there was a real struggle in the heart of Miss Harmon. For some time she prayed that the burden be laid upon someone more faithful than herself. Still came the command from our Heavenly Father: "Make known to others what I have revealed to you." Finally, after the earnest prayers of the other believers in her behalf, she said to the Master: "Here am I, send me."

Soon her work began. After she had related her

Soon her work began. After she had related her first vision in Portland, Maine, Hazen Foss, who was in an adjoining room, recognized it as the same vision that God had given him, and urged the young woman to be "faithful in bearing the burden and in relating the testimonies the Lord should give her." To others he said, "That is the instrument on whom the Lord has laid this burden." From that day of unconditional surrender to her Master's will until her death, July 16, 1915, the

messenger of God, thus chosen and commissioned by God, never drew back. Of her early struggles, when the pioneers would be praying earnestly for light, she said; "When they came to the point in their study where they said, 'We can do nothing more,' the Spirit of the Lord would come upon me, I would be taken off in vision, and a clear explanation of the messages we had been studying would be given me, with instruction as to how we were to labor and teach effectively. Thus the light was given that helped me understand the scriptures in regard to Christ, His mission, and His priesthood. A line of truth extending from that time to the time when we shall enter the city of God, was made plain to me, and I gave to others the instruction that the Lord had given me." — From Letter to Physicians and Ministers, Series B., No. 2, p. 57.

Week of Prayer and Sacrifice Offering

By F. A. Mote (November 24, 1956)

Time marches on and still we see more and more evidences which tell us that the end of all things is nigh at hand. There are many trouble spots on earth today which bring terror to the hearts of the leaders of world affairs. We know as a people that God is causing the four angels, who stand at the four corners of the earth, to hold the winds of strife until the servants of our God are sealed in their foreheads. When that work is completed the end will come.

Once again it is time for us to make a liberal offering and thus help carry the good news of salvation to the multitudes of earth who are still without Christ and without hope of salvation. How thankful we should be that we still have an opportunity to give in order that others may live and find Christ. On this special day when a Sacrifice offering is to be presented to God, let us do our part with thanksgiving in our hearts that we are still being permitted to live and serve God.

In this hour of the world's great need, we shall pray that God's Spirit will rest upon each of our faithful believers and impress us with the importance of this hour when Jesus is about to finish His work on earth. Let us make this offering a very liberal one for the advancement of the work of Christ throughout the world.

BORNEO-BRUNEI-SARAWAK MISSION

Regarding the Mountains

BY ROGER ALTMAN

Sometime in July Pastor Arthur Mountain, President of the Borneo-Brunei-Sarawak Mission, felt that his health was somewhat below par, and about the first of August he came over to Singapore for medical attention at the Youngberg Memorial Hospital. Since improvement was not noticed, Mrs. Mountain joined him later in the month and finally it was decided that the only prudent course would be for Brother and Sister Mountain to return to the homeland if Brother Mountain's life were to be spared. Accordingly, on the morning of August 25, we most regretfully bade farewell to these dear people

who have put in so many years of arduous, faithful service in the mission field. In Brother Mountain's weakened condition the journey home by air was a trying and difficult one, but they reached Los Angeles safely and Brother Mountain underwent surgery on September 2. We are most happy to report that the surgery was successful, although quite radical, involving extensive work in the mastoid process and the inner ear. The physicians hold forth every prospect of a good recovery in due time. .

The unexpected departure of the Mountains from the leadership of the Borneo field has created a serious problem for the union committee. At its meeting of September 11, it was voted to place a call with the Far Eastern Division for C. G. Oliver to take over the presi-dency of the Borneo-Brunei-Sarawak Mission. We are sure that our readers will unite in continued prayers for the complete recovery of Brother Mountain and for the progress of the work in the Borneo field where the opportunities are so great and the line of laborers so thin.

Pioneers Once More

By W. N. ANDREWS

The almost funeral-like quiet that pervades the dining-hall must mean that some very solemn service is taking place. There is no talking aloud, and even the whispering is very subdued. What can it be? Has someone died? Somehow the faces of the young people gathered at the tables hardly look sorrowful. Rather, you would say that they were curious and expectant. What, then, is the cause of the quiet?

Nothing sad or really solemn, you may be sure. It is the first craft lesson of the first MV Camp held in North Boreno. The ten Juniors gathered in this class, along with those in the nearby school building, make up the personnel of the pioneer camp in the northern end of the Borneo-Brunei-Sarawak Mission. The eerie quiet just now seen is due to the novelty of the event, and perhaps in having a strange white man as the instructor. Really these campers, most of them students of the Sabah Training School, where the camp was conducted, had no idea of what might be in store for them. Hence the quiet and expectant attitude on their part.

For more than a year, Pastor and Mrs. Mountain, President and MV secretary of the Borneo Brunei-

Sarawak Mission, have looked foward to having a real MV Camp for the Dusun young people of North Borneo. July 19 was the high day for it to start. Twenty campers enrolled, and were divided into four units, with an even number of boys and girls. I had come over from Singapore to lead this first camp, and was ably assisted by Mrs. Mountain, Mr. and Mrs. George Benedicto, and four

Even though the group was small, we tried to conduct the camp in real MV style. Honor pennants were used to stimulate their reaching the goals for conduct, cleanliness, cooperation and all the rest of the things that make a camp successful. Only once did one unit fail to get the highest honors. Cleanliness, not a notable trait in this part of the world, was perfect. The quarters were kept unusually neat and clean.

The first morning all took part in forming the Morning Watch Circle, each camper carrying a stone to the circle, which was then dedicated as a place of prayer. And each morning, each unit was faithfully able to repeat the text for the day. The singing, the discussion of the text, and the prayer bands helped us get a good start on

the day's work.

Activities during the day included a Camp Council, when MV ideals were discussed, and an MV class period, devoted to working on various MV requirements. craft classes offered were glorified glass painting and braiding. Nature hikes, tracking and trailing, and a treasure hunt, added to the interest. Rain spoiled some of the evenings for camp fires, but the beauty of the full moon on Saturday nights, when we could have fires, made up for those nights we had to spend indoors. The stories by the several st-ff members, and the singing by the group will be cherished memories for a long time.

The success of the most important department of the camp, the dining-room, was attested by the campers who gathered at the door of the dining-room at the close of the camp, and gave three cheers to the cooks. Mountain, Mrs. Benedicto and Helen Agian were worthy of the cheers, for they had worked hard to provide us with good and wholesome food, which was really

appreciated.

Was the camp a success? If you could have heard the campers, after it was over, singing their favorite camp song, you would have no question in your mind. All over the campus you could hear them singing.

> "Oh me, oh my, I'm coming back bye and bye, If anybody likes this Junior camp, It's I, I, I, I, I!"

Indo-China Mission President

BY H. CARL CURRIE

One of the unsolved problems facing the new union president was the appointment of a president for the After a recent itinerary in this Indo-China Mission. field, the wishes of the workers and believers were un-mistakable. Soon after our return

L. G. Storz

to Singapore, the Union Committee voted to appoint L. G. Storz as mission president. Brother Storz has spent nearly ten fruitful years in this field and is well prepared for the mighty challenge that is facing him. He is a man of courage and knows the meaning of sacrifice and hard work. It will require much of both to speed the work onward, but his knowledge of the people and their confidence in him will be a tremendous asset in meeting the challenge of this great mission.

The Indo-China Mission which includes three countries, Vietnam, Cambodia and Laos, is faced with stag-gering problems and difficulties. In this mission alone, they encounter fourteen different and distinct languages, not including the multiplicity of Chinese languages, be-sides dozens of seperate dialects. At this time we have no training school in the Indo-China field and the result is a dearth of trained workers. Plans are being laid to correct this deficiency. Pastor Wentland, who has spent many years in Indo-China and speaks Vietnamese like a native, has been appointed as the principal of this new school. This year's Ingathering, with a goal set for Ps 1,000,000, is to be used entirely for the Vietnamese training school project. A previous appropriation of M\$17,058 is being made available for purchase of land and construction of buildings.

There is much in this field to encourage. The Voice of Prophecy radio work is now going forward in five different languages. The growth of our medical work during the past year has been nothing short of miraculous. Dr. and Mrs. Winton and the entire hospital staff have put their very best into this program and God has most richly blessed. There is a wonderful group of consecrated workers in the field, but far too few of them to accomplish the task of giving this message of salvation to the millions

of these three nations in this generation.

Other plans are under way for the building up and strengthening of the work throughout this field. The workers in Indo-China are of good courage, but they need our prayers. I would like to appeal to each reader of the Messenger to remember Pastor Storz in a very special was as he accepts the call of the Lord to lead out in the program of carrying on the Master's work in Indo-China to a triumphant and speedy conclusion.

MALAY STATES MISSION

President T. C. Chin Secretary-Treasurer Kong Hon Hin 140 Bukit Bintang, Kuala Lumpur

Our Work in the Federation of Malaya

By R. A. POHAN

After two years, it has again been my happy privilege to spend three weeks in the Federation of Malaya, and to make some personal observations of the progress of God's work in that most difficult section of God's vine-

My heart was filled with cheer and joy as I visited our churches and isolated members and learned of the steady progress of God's work and of the faithfulness of

His people.

In Kuala Lumpur the churches were in excellent condition, as was also the Telugu church in nearby Sungei Way. Here I visited a home whose members used to be faithful Adventists before the war. How well I remember that branch Sabbath school of about 15 members, conducted in Malay. Interest in the truth has not yet died in that home. With a fairly good number of Voice of Prophecy students and graduates in Kuala Lumpur a Malay Sabbath school can and should be conducted as a first step toward the organization of a church for our Malay speaking people here.

In Telok Anson and Bagan Datoh I met with our Telegu brethren and sisters who were of good courage. It brought joy to my heart to see Mrs. Ratnam, who had been rather shy and timid in days gone by, conducting a Sabbath school class with zeal and enthusiam. I found that a Chinese couple and child had been attending our Telegu church services in Bagan Datch for the last three months without knowing a word of Telegu. They own a tailoring shop which is now closed on Sabbath. They came to know of this truth through the Voice of Prophecy

and are now preparing for baptism.

In Alor Star we had known a local Moslem Malay since 1936. He served the government as a police officer and it was not until 1947 that he began to observe the Sabbath and was baptized in Penang. Following this he went on pension and settled in the vicinity of Alor Star. For some years we did not hear from him and I forgot to obtain his address before leaving Singapore. One morning at my regular worship I beseeched the Lord to pave the way for me to some how meet this brother as I did not know his address. After breakfast a small voice seemed to urge me to go to the railway station. I had hardly reached it when a train came in and among the score of passengers that elighted, I spotted our beloved brother whom I had not seen for five years. He noticed me also, and we embraced like long lost brothers. We went straight to my room where, at his request, we knelt in prayer of thanksgiving. Then he related the following. About the same time I had knelt in prayer that morning, he had felt impressed to come to Alor Star which is about 40 miles from his home. His wife told him it would only be a waste of time and money, and so felt it foolish for him to go. But the impression was so strong that he came anyway, and so we had this reunion and fellowship together. He assured me of his faith in Christ and His saving power. His confidence in the Adventist Truth is strong.

Before I came back to Singapore I had the oppor-

tunity of visiting Brother Maxworth in the Jelebu estate, Negri Sembilan, where he is working as a manager of the estate. Through his godly influence he was able to arouse

the interest of about 40 people of the estate in the truth of God. Our worker in Seremban, Brother Chan, has been instructed to conduct a Sabbath school in the Estate every Sabbath. For this we thank God. Pray for our work all over this great field.

Pathfinders: "A-Ten-Tion!"

MRS. ALFRED MAZAT

For thirty-two campers, Wednesday, August 15 couldn't dawn early enough. The past several weeks the Balestier Road Church Pathfinders, under the direction of their leader, Mrs. James Pogue, had been checking lists to make sure their gear was complete. At eight o'clock they started to appear with bed rolls, duffle bags, suitcases and cartons — but appear they did! Regardless of what type of luggage they carried, their faces all wore the same expectant and happy look — this was it!

Transportation was provided to take us all to Changi Point. Here boats were waiting to transport Pathfinders and their luggage, along with food and camp equipment, to the south side of Pulau Ubin. No doubt even the laconic boatmen were amazed at the passengers they had acquired - they were a singing cargo! The songs and choruses begun on this trip continued through the hike to camp, and characterized most of the camp activities regular caroling campers! From the docking point, we hiked two and one half miles across the interesting island, passing diked fishing ponds, rubber plantations and coconut trees. Then our camp-site came in view, and a cheer broke out as wearying feet forgot their weight in a sprint to be among the first to arrive.

Our camp was beautifully situated to overlook blue waters, with trees and hills purple in their distance, framing the picture. This was to be our own private beach. It was no small task to interest Pathfinders in getting their quarters ready with the cool waters so inviting! facilities consisted of a cottage for the girls, the basement of which housed the dining room, while an attap shelter over a cement slab, and one tent, housed the boys. Our kitchen was a separate small building, where our two char-coal burners began duty immediately boiling our drinking

In this setting, we carried on a busy program. Bobby Mill's trumpet aroused us at 6 A.M. to begin the day. Morning Watch and prayer bands, conducted by the counselers came first. This was followed by a brief period of calisthenics and drill, thus rousing a good appetite for breakfast. Camp duties followed each meal. The work was divided into camp clean-up, kitchen aids, and watercarrying. This last job took no honors for popularity, as the well was about one hundred and fifty yards from the kitchen, and the pails were so heavy, especially the last few feet! But all took their turns at each of the jobs and the spirit of co-operation manifested made the camp a success. The rest of the day was occupied with camp crafts, hikes, swimming, and classes taught in various fields. Fourteen honors were earned in the beginners swimming classes, ten in the intermediate, and seven in swimmers, a truly fine total.

Evenings brought the group together for worship, lesson study, and when the weather permitted, a camp fire. Here again Pathfinders fairly filled the air with their enthusiastic singing. Taps at 9:30 P.M. blown by Bryce Pescoe, reminded us that such a busy day called for a good night's rest.

Sabbath spent out of doors amid the quiet of nature is always a blessed time. Elder Wayne Andrews conducted our church service. We greatly enjoyed the visit paid us by the Andrews family, Mr. James Wong, and Mr. K. S. Chin. Mrs. Andrews and Mr. Chin endeared themselves to all of us by carrying with them across the

island, some sweet treats for our Sabbath dinner. We all appreciated their thoughtfulness. For the fine work of the devoted counselors, a special mention is appropriate. Bunny Cheah, Jonathan Lim, John Toh, Jimmy Low, Peter Foo, Esther Tan and Lily Neo served as Unit Counselors. For her work as camp cook, Mrs. C. H. Hwang, too, deserves a big "Thank-you". The many cheers given her by the children left no doubt that her tasty meals were appreciated.

Sunday, August 19, after lunch, we broke up camp and headed for home. Regretfully, we might add! All were unanimous in their feelings of satisfaction. It had been fun, worthwhile fun — and fun we all are anxious

to repeat next year.

School Auditorium

By Mrs. DANIEL TAN

Someone has said that "a thing of beauty is a jov Truly, the beautiful school auditorium that is so soon to be completed will be a joy forever to the entire school body. Both teachers and students have worked with great enthusiam to realize their goal, that of rennovating the old chapel building. It was through their tireless efforts in the last two Ingathering campaigns that this rennovation was made possible. The goal set for each year was high, but the spirits of the school body were even higher, resulting in a good overflow. The amount brought in these past two years was almost equivalent to the estimated cost of the rennovation. We still need, however, six or seven thousand dollars to put in new seats and other necessary equipment to complete the picture.

The old chapel used to seat 168 people, but with the

knocking down of the partitions, it has been enlarged to hold 300 seats. The old floor has been torn up and a new concrete floor with gradiented steps for the seats put in. This eliminates neck-craning for those sitting at the

back.

The old ceiling, too, has been taken down. From the new ceiling is suspended 14 large five-foot florescent fittings and 11 ceiling fans, thus making for excellent fan and light distribution where it was so poor before.

Perhaps the addition most appreciated will be the

newly designed platform with pulpit. The highlight of this section is the public address system which will contain a tape-recorder and record player. The amplifier cabinet is conveniently placed in the room behind the platform where one can be on the spot regulating the controls without undue fuss and disturbance to the audience.

For the same reason, the central control of lights and fans is also in back. There are five microphone outlets on the stage itself so that more than one microphone may

be used simultaneously.

For the benefit of programs to be held in the auditorium, lights, consisting of ceiling spotlights and footlights have been permanently installed. A two-anda-half foot space in front of the curtain affords room where readings may be rendered while preparations for the next part goes on behind the curtain. Two entrances, one on each side of the platform, lead back to the assembly room. Two peepholes on the doors enable those taking part to look through for their cues.

With such a setup, it is necessary for the auditorium to meet city safety regulations. Thus special doors have been installed so that the entire building can be quickly

emptied in emergencies. Exit lights, fire-hoses and extinquishers are other prerequisites of the regulations.

The old rickety, wooden staircase has been replaced with a concrete one. The other short flights of steps lead to the main part of the auditorium and backstage. The auditorium is flanked on all sides by large louvered windows which provide for all the needed ventilation that is so necessary in a big hall like this. The pastel green walls rre easy on the eye and produce a cooling effect in this hot and trying climate of the Tropics.

The ground floor of this building has also been completely remodeled, giving the school two additional classrooms and a new science laboratory and stockroom. All these rooms have been equiped with modern as well as

practical facilities.

The remodelling of this chapel building represents the last unit of rennovation in the school. The Malayan Union Seminary can now boast of a luxurious library, complete with tiled floor, formica-top tables and shelves, with a feir range of good-reading books; modern wellventilated classrooms, an up-to-date administration building; and a beautiful auditorium in which the students can sing praises to Him who has so abundantly blessed the

Haad Yai Church Dedication

By HUANG YUEN SEN

God sent His messengers, Dr. Gregory, one Siamese worker and myself, to open a clinic at Haad Yai on October 5, 1949. We can still vividly remember that opening morning. There were but four patients, and five or six persons were present for morning worship which was held in the waiting room. The room was small, the workers few, but our hearts were full of praise to our Lord. He had heard our prayers as well as those of our brethren.

In July 1954 we were able to open the Haad Yai Mission Hospital. At first we were a little worried that our hospital might be too far away from town to attract But the facts proved to be contrary. many patients. The beds are always filled to capacity, and the outpatients are more than we can care for.

Pastors Milne and K. O. Tan were able, with the help of the church members, to solicit enough funds to build a church for this area. This church was completed, and was dedicated on 18th August 1956. About one hundred people attended the solemn service which was conducted by Pastor Milne, president of the Thailand Mission. We are full of praise to God and are confident the work of God will continue to march foward. May the Lord richly bless this church, that many who live in this southern part of Thailand will come to know

(See picture of the recently dedicated Haad Yai church on page 7 of the Chinese section)

(Witnessing for Christ continued from page 5)

One day Pasang's wife developed stom ch trouble. A lot of money was spent with no resulting improvement. Their Adventist relative suggested taking her to our mission dispensary. Pasang was reluctant to do this, remembering all the things he had had to say against Adventists. But finally, in desperation, to save his wife's life, he took her. Through the providence of God, she recovered in three weeks time. During this time Pasang and his wife became better acquainted with the lives and doctrines of Adventists, and went away much friendlier to, and with more confidence in, the Adventists.

In six months time, Pasang again visited the mission with a friend. The Dispensary teacher thought he desired more medicine. But no, it was not medicine they wished, but a new religion. Said Pasang, "I am disgusted with our heathen customs. I want a new religion. teach us to be Christians - what to do, what not to do, what to eat, and what not to eat. And please teach us to pray." They had just a half hour before they must return, as it was rather late in the evening, so the teacher decided to begin by teaching them to pray to Jesus, and promised to visit their home in the near future.

With the newly-learned prayer in their hearts Pasang and his friend started home. It was quite dark as they neared a native graveyard along a small river. Every Dayak is filled with terror when passing a grave yard at night. The small river was filled with stumps, logs, and sticks so that it was hazardous even in the day to navigate it. Added to these difficulties, the overhanging boughs made it pitch black. How could they ever manage to make the homeward trip? Their hearts were full of fear. Finally one of them suggested that this was a good time to try that prayer they had just learned. May be Jesus would help them in their distress. After the prayer, they courageously began to row. Without their understanding how or why, the boat began to move along without hitting any obstacle. The boat moved so fast that they stopped rowing, and still the boat continued to move against the current! The man in front had to shield his face by putting his hands before his face. The man in back, steered, not knowing where he steered. This continued for about 15 minutes with full speed as though the boat was equipped with an outboard motor, hitting no sticks whatever. Finally they hit a large log, and stopped. They heard voices and knew they were at their home already.

Excitedly they went in and began to tell of their marvelous experience. This was the turning point in their lives. From now on they were Christians. But the people of their village did not receive them kindly, but turned against them and so they were forced to move away. It is not an easy thing to form a new long house with only two families. But God was with them, and in time, in spite of plots and accusations against them, they now have 15 more Adventists to join them. The hand that moved the boat on that dark night guided them in

their witnessing for God.

阮總理雖是一個富有的人,但却很難會見他。我只得將我們的工作和需要等,讓给他的私人図書 聽。幾天之後,我接到一個消息,說阮德理日常出一張二萬元鐵幣的支票,依然人是『集賢復孀安息 日會施密德牧師』。可是施密德牧師乃是宣道會的傳道士,玄崇雖是要寄給本會的,却與交到他的手 中。當時保大皇帝適在越南,他也捐了一萬元越幣,而此款也給宣道會收去。

因為宣道會始後未交出此款,我便再去見阮總理的敞青。他遊為此事覺得不好意思,因為他們原 來是要把錢捐給我們的,却弄錯了收款人的姓名。他說阮德理一定會再捐出一筆同等數目的錢給我們 的,但此事要等到阮德理出巡回來之後才能决定。我遵命等了一星期,便再去見阮德理的秘書,但實 **太他却拒絕接見。經過幾次的拒絕後,我便决意放棄了整個事件。**

在此事發生前幾個月,我們也進行申謂免費無線電腦落o桀功電台經理極力帮助我們,但是新聞 部長却拒絕我們的請求,因為他是一個高白敎徒o正當此時,我獲得一個消息,除了茶功的電台外, 其餘物電台都受新聞部長的控制。茶功是一個皇族總部,保大皇帝特委派阮德理直接管理茶功電台, 以 更 控 制 比 地 區 的 宣 庫 o

於是我認為這是向阮總理請准我們在茶功電台隨將的成熟時機了o他既已弄錯了一件事,這次 定比較容易答應我們的請求。但應當怎樣去會見他呢?這幾乎是一件不可能的事。此時我剛巧攸到全 诛?俞客來有關無線電及電視覽踏的統計報告 o 這是一個很動人的文件,可以給他知道本會全球生的 工作。本會在越南是一個小團體,以致有許多人未會聽見我問的名字,我們的所謂欲人辩呼我門乍『 復臨俱樂郎 o 1 我仔細預備一封請求信, 運着這份報告, 寄給完態理 o

當我門等候回音的時候,乃努力祈禱。過了一個月,一點動辯也無,我開始失去信心,甚至關傳 去間政府是否批 准 o 然而正當此時,阮總理的同信來了 o 我們變知允准的消息後,各位可以想象我們 的快樂情形。我們雖然失去了一筆錢,但這無線電腦醬更是貴重的。在世界上那裏有一個地方,可變 這麼少顏而向這樣多的人辯道呢?

電台經理於聽過我們經次廣播後,說道:『這是我所聽過最好的宗敎實籍師目。』在他帮忙下, 那位身任新聞部長的高台敎徒作了讓步,我們乃蒙准在西貢電台闊捲。如今再加上華語麗曆,我的信 息已可遍及越南大部分的居民了。

我們雖然有了這許多的方便,但若無黑靈的帮助,將不會做出选變東西來。但願我們大家誠心所 禱,耐求聖靈在聽者心中工作,結出美好的果子。世局之黑雲正在加增,所以第三天使的信息必須急 速傳開 0 最後,『弟兄們,我還有話說,請你們為我們讚告,好叫主的道理快快行開,得着榮耀,正 如在依門中間一様、』(粘漿羅尼迦後書三章 1 ・11 年)

禱告週及犧牲捐

時間一天一天地溫去,我們也看見多而又多 的證據,顯示萬事的結局已近了 0世界到處有苦 難,列國的政治家為此籍能不定o但我們知道, 目前的短暂和下,乃是上帝命令那站在四角的四 個天度,叫戰爭的風不吹在地上, 即使上帝獎人 的額部蓋了印記。當那蓋印的工作完舉時,世界 的末日也就隨到了o

我們如今又遙遇一年一麼的隱告週了。這是 我們慷慨捐獻,帮助福音傳遍天下的大好幾會。 今日仍有許多人是在黑暗中,他門沒有其解,沒 有希望。我們如今仍有機會牽獻金錢作款人的工 ? 作,心中應該多麼感激上帝阿。願我們各位兄弟 姊妹,在奉獻懷性捐之日,本奢感謝上帝的心, 默上我門的指款 o

際此時機,也願我們祈求上帝的靈降落在每 一個信徒的身上、使我們明白當前時代之重要。 願我們慷慨捐獻,使上帝的工作飛躍進步。

越南無線電廣播新節目 %道智

今鐘則以廣東話播出。我們深為此事慶幸不已。 在西貢無線電台作字小時華語宗教節目的隱稀。此隱務分為二段,前十五分鐘以厦門話捲出,後十五一個新的日子已經來到。越南政府尤准我們自一九五六年七月一日起,每星期日下午一點開始,

託給教會傳揚的信息。 寫信給電台經理說:『希望之聲的衛目為何尚未播出,我們正等候着收聽。』人心已預備路聽上帝交之聲』而不用『預言之聲』,因為希望一詞,比較適合越南人的思想背景。有一些人於獲悉此事後,即在我們尚未開始匿稱的幾個星期之前,將我們的『希望之聲』節目印發全越。我們所以採用『希望在茶切電台的越語廣播。在早幾個月前,我們即與當該電台經理接觸,當他接獲上可的批准消息後,越南政府第一次批准我們在國營電台廣播,是在一九五四年一月廿九日,這是每星期半小時免費

廣播就在歌聲中開始了o 茶叻電台是在越中一個一哩高的山上。在一九五四年三月廿六日星期五下午六時,我們的越南語

『戴老都高令,東坦大略旺..

民解手茶届陶鶏。』

主題歌: 這些字雖然讀來不順口,但謂子是我們所熟習的,是全球八百多個電台的預言之聲無線電腦播的

『信徒須宜告,使普世人聽;,

門解必定要再來。』

乃能够將末世的警告,同時傳給華越社會各階層的幾百萬人士,而我們所花費的錢,却幾乎等於緊。隨播沿稱預育之聲)乃是響應上述主題歌之號召,將救恩的信息傳給幾千萬的人。藉着此麗播,我們權。現在再加上了字小時的華語宗教廣播,我們在越南共有一小時宇的免費廣播了。希望之聲(華語幾個月後,即在一九五四年六月廿七日,西賈麗播電台也批准我們每星期作字小時的越語宗教廣

官員及商界人物。 様地憑着信心在茶功開始建築歎堂,我蒙茶叻市長恩准進行募捐之後,便利用此機會盡力去拜訪政府促我將此事為下公佈出來。這是著工運動的「個播曲。在一九五三年,我們雖然沒有錢,但像以往那我們在一九五三年有一檔從未公佈的失望經驗,但名却演發至我們今日的無線電鷹播。有幾個人
