NO. 43.

A RARE OPPORTUNITY FOR SERVICE.

WE have reached the period of the year in which the evenings are long, and multitudes will devote their time to reading. It is our privilege to supply many of them with our books. Thousands of our smaller books, such as contain present truth for this time, can be sold.

Within a few weeks many books will be purchased and presented to friends as holiday gifts. An excellent one for this purpose, and one that forceably presents the message, is the book recently issued, "Our Paradise Home." It presents in a brief, expressive, earnest manner, the plan of salvation, from Paradise Lost, to Paradise Regained. Though it is not yet four months old, nearly thirty thousand have been sold, and many hearts have been cheered and warmed with the reading of its thrilling truths.

Many of our brethren, sisters, youth, and children should sell this messenger of truth by the thousands. It can be used by our canvassers as a help when selling larger volumes. Who will engage in the work immediately? Cannot you, reader, sell and deliver a large number before Christmas? If you desire to make a holiday present, this little book will make a valuable one.

It is a subscription book, and gives a large discount to agents. It is finely illustrated by original engravings. Two bindings. Cloth, 50 cents. Board, 25 cents.

Address the State Tract Society.

Things Boys Will Want to Make.

ARTICLES have often been written on "How to Save the Boys," and this is a subject of vital interest to every parent. One good way to save them is to plan for their instructive entertainment and pleasure.

To furnish helpful suggestions for active, wide-awake boys, the *Youth's*

Instructor is now publishing a series of articles under the general title of "Around the Work-Table."

These papers are written by Edson Driver, of California. Boys who are growing up will be interested in these articles written by a grown-up boy. Boys who would like to do things, if they knew how, will here find detailed instruction fully illustrated, by one who "knows how" to do things.

A few of the articles are as follows:—

- The Climbing Sailor, and How Sailors Make Him.
- How Ice Is Made.
- Grandpa Talks of Centrifugal Force.
- Building a Modern Kite.
- How to Make a Simple Weaving Machine.
- Knots and Strings.
- How to Make a Hand Bracket Saw.
- A Simple Electric Engine.
- The Enchanted Egg.
- How to Solder.

Every boy will want to read these articles and make the experiments. No expensive apparatus is needed, but simply the tools and materials which boys usually have at hand or can easily procure.

Give the boys a chance to read this series by subscribing for the *Instructor*.

The first article of the "Work Table" series appeared in the *Instructor* of November 17, 1903, and we offer to send this number and all the remaining issues of 1903 free to every new subscriber who sends us 75 cents for the paper for the year 1904.

Address, Youth's Instructor, 222 N. Capitol St., Washington, D. C.

Three Ways of Doing.

WE FEEL confident that every Seventh-day Adventist will want to take an active part in helping to circulate the Capital and Labor number of the Signs of the Times. We wish to call attention to three ways in which this may be done.

FIRST.

By taking a certain number and

selling them on the street, or from house to house. For those who can spare the time, this is the better way, for it brings us face to face and in personal touch with the people. If necessary, this work can be done in the evening after the regular day's labor, and without expense. Indeed it may be made a source of income, as twenty-five papers cost only 75 cents and can be sold for \$1.25.

The statistics which this number contains are worth the price of the paper, to say nothing of the general articles and striking illustrations. The paper will sell at sight.

SECOND.

Those who cannot take the time, or for other reasons cannot engage in selling the paper from house to house, can take a club of from five to one hundred or more, and mail them to their friends or a select list of names. Ministers, school teachers, and professional men should certainly have a copy of this paper. Perhaps some will feel a burden to send to such. The price to you is only 3 cents per copy in lots of 25 and upwards. A very inexpensive way in which to do missionary work.

THIRD.

Possibly there may be some who do not have the time to even attend to re-mailing the papers. Such can send a list of names to the office of publication and have the paper sent direct to the individuals. The charge when sent in this way is as follows:

1 to 20 copies.....	5 cents per copy.
25 to 99 copies.....	4 " " "
100 or more copies.....	3½ " " "

This price includes wrapping, addressing, and mailing.

The retail price of this special number is 5 cents per copy. 5 to 20 copies, 4 cents per copy. 25 or more copies to one address, 3 cents per copy.

Address, Signs of the Times, Oakland, California, or your State Tract Society.

Arkansas & Department.

The Tent Fund.

Now we who were privileged to attend the camp meeting last summer appreciated the new audience tent, which was sadly needed as every one knows. We all belong to the Arkansas conference, and that tent is owned by the same conference, and many of us have had a share in the purchase of it. We have it nicely stored in a new tent house recently built and paid for. All the tents in the tent house are well sacked, and will always be shipped in that condition. Many who have attended our meetings from time to time realize that we are sadly in need of small tents as most of them leak very badly, and are past mending. Now what we want to do is to start a tent fund so as to be able to procure some tents before the camp meeting next year. Surely when we have made such good provisions for the care of the tents, you will all feel individually responsible in the matter, and deeply interested in helping us to raise a fund toward the same. In the foregoing article on "Camp Meeting Expenses" we suggested laying aside five cents a week; now we suggest FIVE CENTS A WEEK toward the tent fund, making a total of ten cents a week. Surely we can do that much to help the cause in our State. All donations should be sent to the Arkansas Tract Society, Springdale, Arkansas, where they will be gratefully received and promptly acknowledged by the secretary.

F. E. H.

Camp Meeting Fund.

THE practice in Arkansas has been in the past to defray camp meeting expenses from the tithe. For several reasons we do not want to continue that practice any longer. First, It is not right, as the tithe is holy unto the Lord, to be used for the spread of the gospel message. Secondly, Camp meeting expenses are quite heavy, and in paying them from the tithe we are using the money that rightfully belongs to the laborers, and thus we are depriving them of what is due them. Let us not pursue this unwise plan any longer. We have a suggestion to make. Let each one of our brethren and sisters from now on lay

aside FIVE CENTS A WEEK toward this camp meeting fund. We will never miss it, and in the aggregate it will be a great help to us. Now we all want a part in this gospel message in these last days; we all want to see the work come up in this needy field, so let us each bear his part of the burden, and the Lord will truly add his blessing. We want now to pay back to the conference the money we used last summer for camp meeting expenses because we owe the laborers on their last year's work. They need the money, and we know that you want them to have it, and every little will help. Now while we want to pay our back indebtedness on camp meeting expenses, we also want to raise enough to bear the camp meeting expenses for next season, so when it comes time for the camp meeting, we can draw from the camp meeting fund, and not from the tithe. May the Lord help all to feel that they have a privileged responsibility in this. Send all donations to the

ARKANSAS TRACT SOCIETY,
Springdale, Arkansas.

ITEMS OF INTEREST.

BRETHREN Pickney and Hethcote, of Black Rock, have just started out in the canvassing work. They have been delayed in getting started, but hope to devote their time to the work in the future.

BROTHER W. B. Randolph, of Locksburg, Arkansas, is canvassing for "Bible Readings." He felt burdened to take up the work, realizing the need of getting the truth before the people where he is living, and also being influenced by letters written him from the tract society office urging him to consider the work. He writes that his courage is good, and he enjoys his work, and that it is truly a needy field, and by the help of the Lord he is endeavoring to sow the seed and lay the foundation for future work such as preaching, etc. We would be glad to hear from others having a burden to sow the seeds of truth for the field is wide, and the laborers are few.

BRETHREN L. C. Sommerville and W. W. Palmer are at present making their deliveries. They are having excellent success and are of good courage. A dozen canvassers like these would bring Arkansas to the

front very speedily for they pay as they go, and the Lord is wonderfully blessing them. But the Lord is no respecter of persons. He is ready to bless all who make the same effort.

BROTHER Coyle Dasher has been delivering some, as well as taking a few orders the past week. He is young and has had very little experience in the canvassing work, but he writes that he is enjoying his work very much and feels that he wants to devote his life to it, and that he has had some blessed experiences while making his deliveries. His courage is good. Surely we do not know what the Lord has in store for us until we step out on His promises for He "is able to do exceeding abundantly above all we can ask or think, according to the power that worketh in us." Eph. 3:20.

BROTHER C. R. Dasher feels that the Lord is leading him in the work, and he is of good courage.

BROTHER C. W. Cutter with other helpers whom he has secured is going to thoroughly canvass the city of Hot Springs for the special number of the *Signs*.

BROTHER U. Bender and wife, of Little Rock, are going to take charge of the *Signs* work in that place. They have already ordered five hundred copies.

THE Fayetteville church is planning to do a good work with the special number of the *Signs* in that city.

BROTHER Randolph is planning to sow the seeds of truth as contained in the Capital and Labor number of the *Signs* in the city of Locksburg.

LETTERS and pamphlets have been sent out from this office to our people throughout the State, and it is hoped that responses will be received from others who will take up the work of circulating the timely number of the *Signs* that is to be out in a few days.

THE little company at Greenland are planning to enter the *Signs* campaign.

THE Fayetteville church has completely disposed of its quota of "Object Lessons" paid for the same. It surely has set a good example for the other churches to follow. We trust they will take heed and profit thereby. We have already gone far beyond the time allotted to us for the disposition

AN APPEAL.

“**A**WAKE; Arise, shine for thy light is come. Already many are receiving the Holy Spirit, and no longer will the way be blocked by listless indifference. All that the Apostles did, every church member of to-day is to do. A work similar to that which the Lord did through His delegated messengers after the day of Pentecost He is waiting to do to-day.”

A MIGHTY STRUGGLE IMPENDING.

The attitude taken recently by the President of the United States towards the demands of the trades union leaders is going to result in a struggle between capital and labor that will continue from now until after the next presidential election.

The publishers of the *Signs of the Times* are making every effort to bring out a special 24 page illustrated number. This number will be ready early this month and will be good reading from now until the close of the year. There will be articles from leaders on both sides of this great question. Each writer will set forth from his standpoint, his view of this mighty conflict, and the remedy for the difficulties now existing. Then, without taking sides with either party, the *Signs* will set forth in clear lines what the Bible says of the present situation, the only remedy and final outcome.

NOW! JUST NOW IS OUR OPPORTUNITY.

There is set before us now as a people the grandest opportunity to arrest the attention of the masses, and to give the world the great issues of the Third Angel's Message.

The Lord says: “When we have entire consecration, in whole-hearted service to Christ, God will recognize the fact by an outpouring of His Spirit without measure. If the signs that are thickening on every hand are not sufficient to arouse the sleeping energy of those who know the truth, then darkness proportionate to the light which has been shining will overtake these souls.”

A STIRRING APPEAL.

Elder A. G. Daniels, President of the General Conference, speaks of this movement in the following words; “I wish to appeal to every believer in the Third Angel's Message in America to

unite in the circulation of this special number of the *Signs*. Many millions of people are most intensely interested in the struggle. Their fortunes and their lives are involved in the final issue. Surely we can sell a million copies. We should show more zeal than the world does either in politics or this labor question. Let us prepare for a greater move than we have ever made.”

WHO WILL RESPOND BY ACTION?

We call upon the entire Conference to arise and go to work with this special number of the *Signs*. Let all work whether you feel like it or not. “In this you will find both a stimulus and tonic.”

Let TEXAS sell its full quota of the million copies, and in this way call the attention of the people of the Lone Star State to the great issues now before the world.

DO NOT DELAY.

Send in your order for a good large club of this special *Signs* on the subject of Capital and Labor. If you are a member of a church give your order to the librarian of your church. If you are living at a distance from any church, send your order direct to E. Harris, Keene, Texas.

We desire that there should be no debts incurred in this move to scatter the truth, and therefore we ask that all send in cash with their orders. It will be so much more satisfactory when we get through with the effort if we find ourselves free of any debt with the Tract Society.

TO OUR LEADERS

Superintendents of Districts, Ministers, Bible Workers, Colporteurs, Church School Teachers, Church and Sabbath School officers, arrange yourselves as leaders in this movement. Say to the rank and file of our people, “Be strong all ye people and work.”

N. P. NELSON.

President Texas Conference.

NOTES.

ELDER C. P. Haskell, who has been absent in the North since last spring, returned last Wednesday and is greeting his many friends here.

A. S. McCULLY has sold his house and lot to Mrs. Norris, and expects to move to Jewett soon, where he will make his future home.

PROFESSOR Curtis has moved into the new house recently built by W. J. Gregory near the Bakery.

OUR citizens who have been taking advantage of the chances for making a little money in the cotton fields are returning to Keene for the winter.

MRS. J. M. Huguley went to Waco yesterday to visit her parents.

ELDER C. P. Haskell is expecting a car of very fine northern apples at Cleburne to-day. This will be a fine opportunity to secure a supply of winter apples.

ELDER N. P. Nelson is again on our streets although still suffering some. It is hoped that he will soon be restored to his usual health.

THE Keene church is making arrangements for a grand rally next Sabbath. Those having it in charge hope for much good to be accomplished by it.

A MEETING was held in the chapel last night at which Brother J. F. Bahler outlined his plans for building a new Orphans' Home near Cleburne. At his request an advisory board was elected to help him in the work. At the close of his meeting a short meeting of the church was held. A report from the church advisory committee was presented recommending that immediate steps be taken to build a church in Keene. A preliminary building committee composed of the following brethren was elected: C. N. Woodward, W. W. Eastman, T. W. Field, W. Atwood, B. F. Woods, J. W. Kirkpatrick, J. W. Ranson. This committee will hold a meeting at once, and report at a mass meeting to be held next Saturday night at eight o'clock.

A MUSICAL TREAT.

THE greatest musical treat, probably, which the people of Keene have ever enjoyed will be given in the chapel on the evening of December 5.

It will consist of a song recital by Miss Helen Marie Day, of Landon's Conservatory at Dallas, assisted by Professor B. R. Shryock, also of Landon's Conservatory and well known in Keene. Miss Day is the instructor of voice in that institution, and all who have heard her have been charmed with her singing. The programme

A Change at Kansas City.

BROTHER B. R. Nordyke who has been for nine years Manager of the Kansas City Branch of the Pacific Press Publishing Company, left for Oakland, California, November 9th. This has been made necessary by the sickness of the Manager of one of the important departments in the Oakland office, whose place Brother Nordyke will fill.

Brethren H. H. Hall and W. R. Beatty have just finished auditing his books, and inform us that the accounts were found to be correct in every particular, and the business in a satisfactory condition.

Brother James Cochran, who has been Secretary of the Missouri Tract Society for ten years, takes the place made vacant in Kansas City. Brother Hall, who is Manager of the Book and Periodical department of the Oakland office, and Brother Beatty who works in the same department, will spend several weeks in helping Brother Cochran get acquainted with his new work and in looking after the interests of the "Capital and Labor number" of the *Signs of the Times*.

LETTERS were sent out last week to all whose subscriptions have expired, with a request that they renew at once. Some have already responded, but many have not, and unless they do so soon we shall have to cut their names off our lists. This we dislike to do very much. On the contrary the paper should go to every Sabbath-keeping family in this Union Conference. In it are found every week notices and appointments which it is desired all should see. Will you not renew at once, and secure another.

Seeing as God Sees.

THOUGHTS suggested by sermon preached in the Chapel by Elder J. P. Lorenz.

WE ARE going to see how many of our young people see as God sees. First we notice that there are two ways of seeing,—with the natural eye and with the spiritual eye. We see with the natural eye as Job describes it in Job 19:26: "And though after my skin worms destroy this body, yet in my flesh shall I see God." Another example is found in 2 Kings 6:15-17. There the young man could only see with the natural eye at first, but when God opened his eyes, he saw things as they really were, as God saw them.

Dear reader, how are you seeing? Are you gliding along unthoughtful of the future? May God forbid that any of our readers should perish by the way. The Lord sees that His people are going to serve Him. Are you going to see that way? Read the Word while you have it with you, and ask the Lord daily to help you to see as God sees. W. L. NEWTON.

will lean towards the religious, and will be very instructive as well as entertaining.

The proceeds will be used in purchasing a microscope for the Academy something which has been badly needed for several years. It is hoped the people of our little village will realize what they will miss if they do not attend. Let all remember, also, that besides the high-grade entertainment they will receive, they will be helping the Academy in a worthy cause, and don't forget that our interests are all bound up with those of Keene Academy. of the books, and unless we arouse ourselves to the situation, our voices I am afraid will be somewhat faint when the song of jubilee is sung. We all want to have a part in that song, and with a little consecrated energy and backbone there is no reason why we should not. But a listless indifference will never take us into the kingdom.

BROTHER and Sister Moss, an elderly couple of Gravette, have worked twenty hours, made sixteen exhibitions, taken four orders for books and sixteen for helps, value five dollars and six dollars respectively.

THE school at Springdale now has thirty pupils enrolled with the prospect of more coming. It is doing good work and everything is progressing harmoniously and satisfactorily.

Notice.

OUR sister states are making a special effort to send a copy of the Capital, and Labor number of the *Signs* to the news-paper editors in their state; and through the kindness of the Pacific Press they will be mailed from there free of cost. All it will cost us will be three cents a copy, but we have an aggregate of two hundred and fifty and three hundred editors in this State, which means an outlay of about nine dollars. We do not feel that we can take this money from the tract society or conference, but it must be made up by donations. We do not want to fall behind on this important line of missionary work. The daily and weekly newspapers have much to do with moulding public opinion. Every editor should have a copy of this number of the *Signs*, and the only way that we can reach the most of them is to send them a copy for, in over two-thirds of the towns in this State where papers are published there are none of our people to canvass the place. If each one will give a little, it will not take long to make up the required amount. May the dear Lord burden the hearts of the good brothers and sisters to help in this important campaign. All donations will be promptly acknowledged and gratefully received by the Arkansas tract society.

These papers will contain twenty-four pages each, and will be fully illustrated. The price will be five cents for single copies, and three cents each when ordered in lots of ten or more. Let all our people who speak these languages, scatter this number of these papers like leaves in autumn.

THE FIELD.

PAUL'S VALLEY.—I was at Paul's Valley November 5-11, holding nine meetings. On the Sabbath a church of twelve members was organized with a full set of officers. We had good meetings; quite an interest was manifested by some outside people. At the last meeting, when I spoke on the Seal of God and the Mark of the Beast, I asked how many there were who wanted to stand on the Lord's side in this question, and several besides our own people stood up. One man who attended only two meetings came forward at the close of the meeting and said he would keep the Sabbath from now on.

There is a good prospect of having a strong church here in the near future. Elder Sommerville started the work here last year, and Brother Adams and others have held the fort so far and brought a few new ones in. They expect to open a church school by December 1. All they need now is a good place to meet and hold their school in.

G. F. H.

SHATTUCK.—The Shattuck church

will be dedicated on the 12th of December. The brethren extend a cordial invitation to the neighboring churches to attend. We expect Elder Shultz to be present, or some other minister if he cannot come. We hope some of our German brethren in Oklahoma will visit us during that time.

G. F. H.

OKMULGEE AND LENA, I. T.—September 17 I joined Elder Field in a tent effort at Okmulgee, Indian Territory. We held meetings five weeks but were hindered by rain a part of the time. A number decided to obey the gospel of whom together with nine old Sabbath-keepers were organized into a church by Elder Field.

I then visited Lenna, I. T. where I had labored before camp meeting. We held a two week's meeting here, Brother Field coming in time for the last week. Quarterly meeting was held and another was added to the church. The brethren here are all of good courage, and are making an earnest endeavor to live out the truth.

Pray for the work in the Indian Territory, Brethren. It is a hard field, but there are honest souls here who are longing for the truth, and we are the ones to carry it to them.

We have only a short time in which to work; and unless we improve it, we will never know the blessing that comes from a knowledge of having done our duty. E. L. MAXWELL.

W. H. WHITE writes that he is holding meetings in a school house near Hulen. The interest is fair, 150 being out the Sunday night before, (November 1.)

From the Canvassers.

ISAAC BAKER.—I have just returned home from making my delivery of books, in company with Brethren Hickman, Pruett and Thompson.

All of us had good deliveries save Brother Thompson. His books were delayed, and I do not know whether he has received them yet or not.

There are now some three hundred or more copies of books placed in the hands of the people of Greer county. Brethren, just think of the sermons contained in those books. There are several thousand sermons now in the reach of those people. Who knows the good that may be accomplished

through the efforts put forth there. Now, if this work could be followed up by some good minister, there would doubtless be greater good accomplished. My hope and prayer is that this good work of canvassing may go with more power than ever before, and thus hasten the coming and kingdom of our Lord and Saviour Jesus Christ.

Holiday Editions of the German, Swedish and Danish Papers.

THERE are to be holiday editions of the German, Swedish, and Danish papers published at College View, Nebraska. These "specials" will contain twenty-four pages and cover, and will be fully illustrated. Such topics as the Signs of our times, the Eastern question, and Second Coming of Christ, Labor and Capital, the Third Angel's Message, and others of equal interest will be considered.

The publishers of the *Signs of the Times* have reduced the beautiful and impressive double-page illustration which they are using in the special Labor and Capital number, for each of these foreign issues. This adds greatly to the attractiveness and will enable those who are working for the *Signs of the Times* to easily circulate these papers for the illustration will show that they are somewhat similar.

Are there not many of our readers who know of those in their vicinity who speak these languages? If so, would it not be well to order enough copies to supply each of them?

And then there is another phase of the question which demands our attention: In the cities of New York, Philadelphia, St. Louis, Milwaukee, Cincinnati, and Chicago there are more than four million Germans, Swedes, and Danes. There are workers who would gladly carry these truth-filled papers to this people if the papers were furnished them. They cannot afford to purchase and use them themselves, however. Donations for this purpose are being received by the International Publishing Company, College View, Nebraska. The price will be 3 cents each where ten or more are ordered at one time. Fifteen thousand copies of each paper can be used judiciously.

We are sending out many sample copies. If you receive one please consider it an invitation to subscribe.
