Ingathering Planning

REPORTS are coming in indicating real activity on every front in the Ingathering Campaign. Every conference is throwing its entire force into the field. The Home Missionary secretaries of the local conferences are mapping out new and up-to-date methods, sending out suggestive work sheets to the district leaders throughout the field. These faithful district leaders in turn are meeting with their church boards, counseling with their church officers, encouraging their church members, and visiting in the churches, and helping with the soliciting; really, a great program is onward with a forward march.

If we can continue with the pace we have started, it will not take us as long this year as heretofore to reach our goal, and without doubt before we realize it, we will have accomplished our goal and have a generous overflow which will be a great help in the conduct of the work in the local fields, in addition to supplying the sinews of war for the forces overseas.

Let us keep up our courage and continue to help until the work is finished, remembering to

"Keep 'Em Faithful"

THE enemy is raging. He is crushing, killing, destroying, on every side. A great nation is in danger, and it needs great numbers of men who can operate the destructive and defensive weapons of the air, in order to protect itself from the enemy. It

needs not only men who can fly, but also the full support of all who provide the machines to fly, in fact of every single citizen of the country.

Then, to call the attention of the citizens, it sounds out the call "Keep 'Em Flying" by big signs placed in countless public places, even by songs and dramas in nation-wide broadcasting programs. Many millions of dollars are given to "Keep 'Em Flying," immense factories throng with busy workmen, every possible transportation facility is strained to the utmost to provide material, all to "Keep 'Em Flying" and to save the homeland.

In this great conflict, Seventh-day Adventist young men have been called. Not only must they be loyal to their country, but they have a far more deadly and bitter enemy. He is seeking to destroy their *souls*! He is not satisfied with trying to control the questions of national importance. He is crushing, killing, for *eternity*! Our slogan, for our boys must be "Keep 'Em Faithful."

How can we do it? The answer is the Medical Cadet Corps. It has been originated for that purpose. Every activity in it has been planned to "Keep 'Em Faithful." The spiritual instruction in it, the fellowship with others of like problems and hopes, the medical instruction, even the drilling, all have as the one and only objective to "Keep 'Em Faithful."

To every Seventh-day Adventist young man from 17 to 35 years of age in the territory of the Southwestern Union Conference I would say, if you want to know how to meet the problems of the army, at-

tend the coming Medical Cadet Corps Training Camp to be held at the Oklahoma campground, October 30 to November 19. It could very easily mean the difference between eternal life and losing your faith and hope in God.

Fathers and mothers and wives and loved ones of those who are of military age, you cannot afford to pass by any opportunity to help "Keep 'Em Faithful." You know that there is nothing in your whole life that you would not give for that young man. Why not help now, and make it possible to keep him faithful. See to it that he gets the Medical Cadet training at the Southwestern Union Conference training camp to be held on the Oklahoma Conference campground.

Fill in the registration blank at once and send it in, together with your registration fee of \$5. This may be your last chance. Read carefully all the information which will appear in the RECORD, and write your conference M. V. man at once.

Pressing the Battle to the Gates

"God's people are called upon to rally without delay under the blood-stained banner of Christ Jesus. Unceasingly they are to continue their warfare against the enemy, pressing the battle even to the gates." "Testimonies," Vol. VII, p. 30.

Oklahoma called out 3300 soldiers to labor in the Ingathering. Their campaign under the supervision of General McConaughey and Major General Eckman, together with a corps of competent colonels, is to

be finished by Sept. 27. Another large force of more than 4000 volunteers under Major General Barclay are out on their annual maneuvers. There is much intensity and considerable strategy shown as citadel after citadel of the enemy falls. Over to the east another large force of nearly 3000 is battling for the Master who never lost a battle. Away in the west still another force of 1500 is bombarding the enemy.

This is no mimic war, for Satan, the commander of the opposing force, is thoroughly entrenched and is battling every inch of the territory. Were it not for the fact that angels of God are helping the righteous in this struggle, the outlook would be dark indeed. As it is however, with this added help banner after banner of the enemy has been taken, and many citadels occupied by the enemy are now in the possession of the men in the ranks.

God's troops are out after souls and dollars. Last week multitudes of the enemy had their minds turned to Jesus, and more than \$4,000 dollars came from the enemy's strongholds into the treasurehouse of the King of kings.

In this campaign the men in the ranks are given proper credit for the

victories thus gained. Now that the foes are retreating it is planned to put on a "blitz" that will require the services of every layman in the field. With the officers working and fighting with the men in the field, there is no reason why an overwhelming victory cannot be won by the end of September.

Let every soldier of the cross do his duty now.

E. A. MANRY.

Too Many Calls

OCCASIONALLY it is suggested that too many calls are made for funds. It is even added that these calls are increasing in number, and this is offered as a criticism in the belief that there should be something done about it. I do not know what could be done about it, for these calls are based upon need, and to whom shall we direct the need if not to Seventh-day Adventists?

This problem is partially answered in the following statement: "The light of the gospel shining from the cross of Christ rebukes selfishness, and encourages liberality and benevolence. It should not be a lamented fact that there are increasing calls to give. God in His providence is calling His people out from their limited sphere of action, to enter upon greater enterprises. Unlimited effort is demanded at this time when moral darkness is covering the world." "Testimonies," Vol. IX, p. 254.

So, brethren, even though the calls are coming more frequently, let us look upon it as added opportunities given us in the providence of God to help finish the work and likewise to help rebuke selfishness and encourage liberality and benevolence on our part.

News Notes

Word has just been received from Brother Beeler that his district is now entirely over its Ingathering goal. The same is true of the district cared for by Brother Kelsey. We are very happy that two out of our

eight white districts are on the victory side of their goal line.

Elder Coopwood reports that a number are now keeping the Sabbath and that there are very fine prospects for a new church to be raised up at Pine Bluff, Arkansas, where he is drawing to the close of his evangelistic effort.

Elder Loudon is erecting a tent at Monroe, Louisiana, and he expects to begin an effort in a very few days there. This is a new location for work among our colored people. We trust that he shall have great success in his undertaking.

Brother Bell informs us that he is nicely located in Clovis, New Mexico, and is taking over the duties of the Texico Conference office. We are expecting Brother Gardner to arrive any day to take over the work in our local office.

On Sunday, September 14, it is planned that a dedicatory service shall be held for the school building just out of the city of New Orleans. This educational project is next in size to our Gentry Junior Academy. Elder Neil and the New Orleans church are to be commended for their faithful efforts in bringing this project to a successful accomplishment.

Mrs. Ruth Smith is the latest addition to the working force of our conference. She comes to us from the Northern California Conference, where she has been in charge of the magazine work in that part of the field. We have called her to the Arkansas-Louisiana Conference to take charge of this same department in our work. It is planned that she shall be directly responsible for all the magazines that are distributed in our field, and she will plan to build up a corps of workers such as will enable us to give wide distribution to our good magazines throughout all parts of our conference. Sister Smith will give personal help and instruction to any who are interested in having a part in this work. Every church should have at least one person who is giving at least part time to this important line of service. It has great possibilities in it that as yet we have scarcely touched. Sister Smith will be very glad to get in touch with anyone who is interested in the development of the magazine work.

Not only should single copies of our magazines be sold in great num-

bers throughout all the larger cities of our territory, but in many of these smaller places we should have individuals who are engaged in taking subscriptions for them, which work can be done very successfully by many of our church members both old and young who are in position to give a little time, if not full time, to this line of employment. We invite you to keep your eye on the magazine work of the Arkansas-Louisiana Conference where we expect to see it grow.

and advance as fast as possible in aggressive warfare." *Special Testimonies to Ministers and Workers*, No. 7, page 64.

Surely, brethren, "the King's business demandeth haste." We can now see plainly how this "hedging" process mentioned can take place. Let us grasp the present opportunity and know that He who commandeth will give power to perform.

Medical Cadet Corps Camp

THE Southwestern Union Conference Committee has authorized another Medical Cadet Corps Camp. This camp is to convene October 30 to November 19 inclusive. We are pleased to inform you that this training course will be given on the Oklahoma campground. We expect to have a large number of young men from Texas, New Mexico, Arkansas, and Louisiana to join the Oklahoma boys in this training course.

We find that the young men who took this training last winter on the campus at Keene appreciated immensely this work. Several of them who took this course are already in Army camps, and they are very grateful for the discipline and training that was offered in our own camp.

We trust that each local elder and parent of boys over seventeen years of age will make every effort possible to have them take this course this fall.

The curriculum will follow quite closely the outline below:

Basic and Technical Training II	144
Soldier dismounted and close order drill	18
Litter drill	18
Physical Training, Marches and Bivouac	18
First Aid, Bandaging, Splinting	38

Daniel and Revelation

THE Book *Daniel and Revelation* has held a very prominent place among the Seventh-day Adventist literature for many years. The readers of the RECORD will be pleased to learn that this grand old book has been redressed with new covers and illustrations. Thirty-two pages of special notes, etc., have been added, making a new book of 832 pages. Cloth binding \$2.25, and DeLuxe \$3.25.

Medical Cadet Corps Training Camp

WORD has just been received from the union office that the date of the next Medical Cadet Corps Training Camp will be October 30 to November 19. The place for this meeting is the Oklahoma Conference campground. We feel that the young men who have a desire to take this training should be preparing to devote the three weeks above specified to this work.

You may not have received your call, but if you are in draft age your name will eventually be on the list, and why not make the proper preparation so that your experience while in the army will be more pleasant and less embarrassing.

The government has recognized the stand Seventh-day Adventists have taken and are willing to place our boys in the Medical Department.

Any information that you desire as to expense, etc., should be directed to Elder V. W. Becker, Educational Superintendent for our conference.

Attention Young Men

ALL young men will be happy to know that plans have been effected for conducting another Medical Cadet Corps Camp for the Southwest. The young men of Texas will be privileged to meet with the other men of the Southwestern Union. The selected date is October 30 to November 19.

It has been decided that the coming Medical Cadet Corps Camp will be held on the Oklahoma camp meeting grounds near Oklahoma City. It is believed that this will be an excellent site for this training work.

Word has been received also that Dr. Dick will be present to lead out in the training work of the camp. Naturally, there will be other efficient help to make it worthwhile to all who attend.

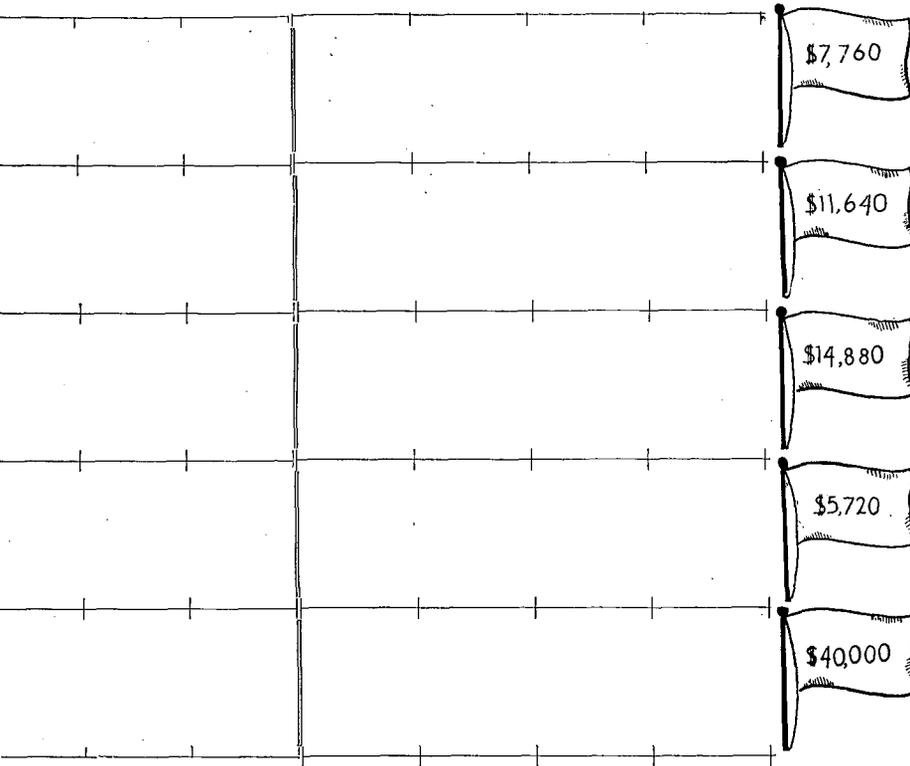

The cost of the camp for each boy is approximately \$30. This is within the reach of all our young men.

Field Goal

We want this word carried to all parts of Texas, for all of our young men within the draft age should plan to attend. Not one should be left out. It has been proved so many times that our boys with Medical Cadet Corps training who are called to army service are those who have less perplexity. Now is the time to prepare. Surely God expects us to do our part to prepare for the trying times ahead.

Another District Goes Musical

SABBATH, August 30, was a day long to be remembered at Sandia, Texas. The Seventh-day Adventist company there numbering 30 were hosts to the third monthly convention of the District S. D. A. Singing Convention.

Sabbath school was well attended. Brother Harry Spicer of Corpus Christi occupied the pulpit during

the eleven o'clock hour. He gave a fine study on "Fear not, little flock." This was followed by a social meeting with a good response.

At noon the home of Mr. and Mrs. W. T. Jones was thrown open for the picnic dinner. Between 75 and 100 were present.

At 2 p. m. the Singing Convention opened with Mrs. W. T. Jones, chairman, presiding.

The afternoon was spent in congregational singing, duets, quartets, and special music.

The convention really rang out in song when the old time song leader, L. H. Burk, who will be 80 years old in December, led the old hymn "Standing on the Promises." One outstanding quartet was "I Would Be True," by Brethren A. E. Burk, H. Spicer, K. Miller, and Miss Dunning.

Corpus Christi, Sandia, Falfurrias, Taft, and Sinton were well represented.

The next meeting of the convention will be in the Corpus Christi church on Sabbath afternoon, September 20, 1941, at 2 p. m. Conference representatives and all visiting brethren are welcome.

CLIFFORD GOODLET,
Secretary, Corpus Christi.

News Notes

The reports that continually sift into our office from the different parts of the field show that our workers and people are actively engaged in the Harvest Ingathering work and are having success.

Elder V. W. Becker, our Educational secretary, is very busy these days getting the different schools lined up for their opening day. At the time this news item is being written, it appears that we will have several more schools this year than last year.

Word has been received that Miss Geneva Ackerman, graduate of S. W. J. C., class of 1933, sailed from Los Angeles on August 20 on the Steamship Monterrey for Honolulu, Hawaii, where she will teach in our mission school. This adds another one to the list of many missionaries from our Texas Conference.

Brethren A. E. Van Noty and A. E. Eubanks are busily engaged helping the student colporteurs make their deliveries. We understand Elder J. A. P. Green also is giving splendid assistance to these students. We have greatly appreciated the work these students have done during the summer and send them back to school trusting that God will bless them abundantly this year.

TEXICO

PRESIDENT, V. A. LAGRONE
SEC'Y-TREAS., T. R. GARDNER

Medical Cadet Corps Camp

THE Texico young men of draft age and those nearing it will be glad to know that another camp is to be held at Oklahoma City, October 30 to November 19. The cost will be about the same as before, probably around \$30 for all but transportation. Those of our young men who have taken this course and later were called into service say that it has meant many times its cost to them. We feel

sure that every young man between the ages of 16 and 35 in the Texico Conference will be very anxious to take advantage of this opportunity to take the Medical Cadet training.

We desire to do what we can to help you secure transportation for as little as possible. In order to do this we will need to know very soon just who will go and how many are going in their own cars and how many passengers they can take. If you are interested in taking this training, please let us hear from you just as soon as possible even though it may not be definite that you are going. Tell us whether you desire transportation with someone or plan to take your own car. If you take your car, how many passengers could you take?

LEE CARTER.

An Appeal for Workers

Now that Harvest Ingathering is well on its way to the close of the campaign, and the Christmas holidays are approaching, I feel very much concerned that all of our brethren and sisters who can possibly devote some time to the literature work do so. It is time now when we should begin to take orders to be delivered before Christmas. There are many people who will be looking for just the kind of books that we have for Christmas gifts for their children.

Bedtime Stories are a wonderful set of character-building stories which everyone appreciates. *Golden Stories for Boys and Girls*, *Best Stories from the Best Book*, and *Steps to Christ* are other small books which give us a wonderful supply of just the kind of books for which the people are looking. We shall be glad to give those who are interested in selling these books to the public, the advantage of the regular colporteur discount.

In reading the *Testimonies* on the subject of literature ministry, we find Sister White tells us that this is the very work that the Lord would have His people do at this time; also, she states that where there is one colporteur in the field, there should be one hundred. These statements should cause each member of the church to think very seriously and ask the question, "Lord are you calling me to this work?" I am praying that many may hear this call.

Should you feel impressed to devote some of your time in this manner, please write to your Field Missionary Secretary, and he will be glad to plan your work with you.

R. R. COBLE.

News Notes

The constituency of the Texico conference welcomes Brother O. J. Bell and family who have just arrived in the field to take over the work of treasurer. Brother Bell has been serving in the same capacity in the Arkansas-Louisiana Conference. We are sure that they will find a place in the hearts of the believers of this conference.

We had a most enjoyable regional meeting at Reserve, New Mexico, among our Spanish believers. One hundred twenty-five were present. This is the second regional meeting held for our Spanish people this year. The previous one was at Dixon. The believers in Reserve have been working for several months gathering funds for the purpose of erecting a church building. The building had been completed at the time of the regional meeting, and we dedicated it free of debt. It was a day of rejoicing with our Spanish believers.

The Lord certainly added His blessings to the work that has been done there. At the close of the meeting six were baptized. Three years ago there were no believers in this place. A faithful colporteur started the work there. We have some splendid substantial believers in the district. Elder G. W. Casebeer, Elder H. B. Lundquist, the Bible teacher from Keene, Texas, Dr. A. D. Tuttle and wife from Portales, and V. A. LaGrone were present for this meeting.

Our Spanish believers in Rancho Grande have completed their church. It is a very neat building. For the first time they are having a church school in this place.

Elder C. A. Walgren in writing stated that sufficient funds have been gathered in so that the believers in Hot Springs, New Mexico, have purchased a building which they expect to remodel for use as a place of worship. We are very glad for this as it has been needed a long time. In less than two years eight new church buildings have been erected in the Texico conference. We thank the

Lord that this has been possible for it certainly strengthens the work wherever our believers have a humble place they can call their own in which to worship.

We send our good wishes and prayers to Brother and Sister Gardner as they go to their new field of labor. Brother Gardner will be treasurer of the Arkansas-Louisiana Conference.

A number of our churches have already reached their Harvest Ingathering goal and continue to work. We want to urge all of our isolated believers, if you do not have necessary supplies, write to the office and they will be sent to you. We hope that you will do your best in the Lord's work this year in this endeavor of bringing in funds for His cause. We know that each one of you will do your bit so that this conference can finish its work on time with its full goal.

The Thirteenth Sabbath will be September 27. Of course each one is definitely planning for a large offering on this day. Why not make this a banner day for gifts to the Lord in this field? You will do your part, won't you?

Brethren King and V. A. LaGrone met with the church at Mayhill August 30. A splendid spirit prevails in the church. Three people were baptized. On Sunday three were baptized at Roswell.

Brother Lee Carter met with the folk in Borger over the Sabbath. They sent word to the office that they want a church school. A church school is always a strength to the church, if properly conducted. It is the Lord's plan to have these schools where there are at least six children. Where there are not that many, a home school could be arranged. Our church schools are not in any sense to be considered schools to be supported by the parents only. Church school is what the name stands for. All should have a part in supporting these schools.

Brother Coble just returned to the office after being away several days in the interest of the Harvest Ingathering. He helped the Hereford church raise its goal except \$15, and also gave a day's work to the church in Plainview, and assisted the church at Tulia.

Brother Mireles reports that there is a large interest at Petaca where he

has recently closed an effort. The attendance was large. We are looking for good results from this effort.

Our Spanish believers in Socorro by faith have launched out on a school program for this year. They did not want their boys and girls to go to the outside school. They are putting forth real earnest effort to have a school of their own. This is the way the Lord would have it.

Mr. and Mrs. John T. Hamilton have been spending a few days with their parents in Keene before going on to their new home in Walla Walla, Washington. Mrs. Hamilton was the former Miss Arlene Winsor, the secretarial teacher at the college.

SOUTHWESTERN JR. COLLEGE

PRESIDENT, H. H. HAMILTON

News Notes

By the time this issue of the RECORD reaches you a new school year will have opened at Southwestern Junior College. September 15 and 16 are the regular registration days, and we hope all the students will be here by that time, but if you have been delayed by circumstances or indecision, it is still not too late to come.

Activity is everywhere apparent on the campus, for last-minute preparations are being made this week. There have been rooms to be papered, dormitories to be cleaned, West Hall to be rewired, the deep well to be pulled and repaired, and, most important and interesting of all, applications to be acknowledged and interviews with students and their parents to be made.

All the teachers have arrived. Those who came in this week were Miss Ambs, the dean of women; Miss Wood, the instructor in piano; and Miss Brickman, the new secretarial teacher. All three have spent the summer studying in their respective universities. The other members of the faculty have all returned and are at work on the campus.

Mr. and Mrs. L. N. Carter are taking a well-earned vacation in New Mexico, visiting their son Elder Lee Carter and his family. They will return before school opens.

The training school, in order to be in harmony with the other church schools in the union, opened September 8 with a total enrollment of seventy-seven. Mrs. J. C. Turner, who has been connected with the college for several years, is the new normal director. The critic teachers are Mrs. Flora Moyers, Miss Maude Reid, and Miss Mary Woodward.

College News Notes

(Continued from page 7)

Elder and Mrs. Miller recently left Keene for their new home in Jefferson, where Elder Miller will take charge of the Jefferson district. Since they have lived in Keene for the past fifteen years and have taken a very active part in school, church, and community life, they will be greatly missed. The people of the village honored them at a farewell reception and presented as a parting gift an innerspring mattress.

Elder Lundquist, the new head of the Bible department at the college, has been appointed pastor of the Keene church to succeed Elder Hampton, who has been transferred to Austin.

New students are arriving every day. To every one of them and to those who are yet to come we extend a cordial welcome.

Medical Cadet Training Camp

THIS camp is to be held on the Oklahoma campground, from October 30 to November 19.

PURPOSE

1. To give to all Seventh-day Adventist men of draft age a better spiritual preparation for the problems before them.

2. To fit them to render acceptable service for our nation in the Medical Corps of the Army, in case they are called to serve in the Army.

3. To give them elementary training in army courtesies and practices, which will be invaluable in solving problems of Sabbath keeping.

4. To provide instruction in defense against gas and airplane attacks, and the more common types of modern warfare.

5. To form a spirit of unity among Seventh-day Adventist youth, to be a strength to them in every personal crisis.

6. To acquaint them with the rights of noncombatants, with our laws, and with the documents and forms used at this time by the Army.

PROGRAM

The spiritual preparation to be given to the young men who attend will consist of a thorough preparation in Seventh-day Adventist doctrine. The course will be comprised of the following: a study of Bible doctrines, *Messages to Young People*, *Steps to Christ*, and the last section

of *Great Controversy*. This series of studies, carried on every day of the camp, will be similar to the work of the Advanced Study and Service League, as recommended by the Missionary Volunteer Department of the General Conference.

The program is strenuous, consisting of 12 hours of activity each day. The drill and physical exercise will be interspersed with instruction in first aid, litter drill (stretcher bearing), anatomy, camp hygiene, personal hygiene, organization of the Army, defense against gas and airplane attacks, army regulations, and the rights of noncombatants in time of war. Two hours a day will be spent in recreation and games. Two hours daily will be given over to spiritual instruction and man's duty to God.

Aside from this, there will be discussions each evening of the principles of noncombatancy during war time, of what comprises real conscientious objections, of how to conduct oneself in the presence of the officers and the other soldiers. Every effort will be put forth to give our young men the instruction that they will need to stand the test.

It is desired to call special attention to the matter of social activities during the camp. All social activities other than those provided by the camp will be entirely out of the question, as the program does not permit for any outside activities.

WHO MAY ATTEND

All S. D. A. men between the ages of 17 and 35 who are in good and

regular standing in the church may attend. Those older who feel they would like to attend and carry on the full program will be welcome. However, it is urged that all in the ages mentioned attend.

EXPENSES

Plans are being made to make it possible to give the full benefit of the camp for \$15. This will cover registration fee, uniform, medical examination, books, and tuition. As can be seen, the cost has been cut to the minimum. Then in addition to this, will be the expenses of room, meals, and laundry. All travel expenses are also in addition to the above.

We are estimating that room and meals for the three weeks will not be less than another \$15, and it may exceed it a little.

A registration fee of \$5 is required of all, which should be sent with the blank to the union office. That will leave a balance of \$25 at least that each one should have to meet other expenses.

ARTICLES TO BRING

1. Bedding.
2. Personal toilet articles.
3. *Bible, Christ in Song, Sabbath School Quarterly, Morning Watch Calendar, Messages to Young People, Steps to Christ, and Great Controversy.*
4. Proper clothing for outdoor work, and whatever you desire for Sabbath. The uniform will be provided upon arrival, and will be used almost entirely. Shoes should be black. Also, bring a black necktie and tennis shoes.

APPLICATION BLANK

I hereby make application to enter the Medical Cadet Corps Training Camp of the Southwestern Union Conference.

I hereby declare that I am a baptized member of the Seventh-day Adventist church, and that it is my firm desire and plan to abide by its principles at all times.

I agree: To abide by the rules of the Medical Cadet Corps, and if, for any reason, I find myself out of harmony with the program of the camp, I shall cheerfully resign. (It is understood that no use of tobacco is tolerated.) Further, I agree to release the Medical Cadet Corps Council of all responsibility in case of accident or sickness.
