

# Situation in War-torn Areas

By W. E. NELSON

We are receiving letters from the famine areas in Europe. While the daily papers in this country do not say much about famine conditions at the present time, yet the situation in war-torn areas is far from satisfactory.

From the president of one of our conferences in Germany we have the following:

"The need is very great, especially in the Pfalz Province, where our brethren have been starving for months. The reports I receive from there are shocking. Nevertheless, our brethren have confidence in the Lord, and remain joyful in the faith and in the conviction that nothing can come to them but what Providence has ordained for their spiritual good. From all the French zone I receive such reports, and time and again I must convince myself personally of these reports.

"I personally naturally suffer under such conditions. Traveling and visiting the churches is therefore greatly complicated, if only because of the food problem. From home we can take nothing along with us because bread is very scarce, and the main food consists of potatoes—if there still are any. And if one comes to people, he cannot take what little they have left, though there is willingness to give in spite of the dire need. Also the question of lodging is becoming increasingly difficult in view of the scarcity of room still available, which is becoming

more acute because it is being occupied by fugitives from the east."

One of our medical officers in the Army writes on May 18, 1946:

"They (the ministers, etc.) badly need warm clothes for the believers, and some serviceable suits and shoes for the ministers. The suit worn by the conference president was patched more times than I can tell you. They are living as perhaps you can only imagine. The conference president and his daughter live in one room in an apartment house next to the pile of bricks and rubble that represents what was once our church there. They had a curtain stretched across part of it—it was parlor, bedroom and sink, and the conference office in addition.

"The day I left Frankfort, April 5, I saw several sisters making up food packages for the needy families. Some Americans had sent a little food. Each package contained four cookies and about a half dozen small candy-covered chocolates, the size of lima beans, wrapped in a napkin. It was more than I could stand. Reading of needs in mission fields in the *Review* is one thing, but seeing it with my own eyes was something new. I had \$900 in my pocket and I left it all there. I gave \$200 to each of the two ministers' families. I gave them all my PX rations for the last four weeks I was there.

"I have told these things to a couple of people here and they want me to speak in church next Sabbath.

After talking to you I decided maybe I should, so I am going to tell them all I know about the situation and see if this church won't take the responsibility of sending clothes and food to those people in Frankfort that I know need it so badly. They are starving slowly. Disease will probably get many of them first, especially if this next winter is a severe one and it may well be since last winter was so mild.

"When I see so much food here coupled with the indifferent attitude of even our church members, it makes me very sad. The food I eat doesn't taste good thinking of those dear people whose only concern was lest those of us in America think they are begging. They just asked that 'if we had more than we needed,' could we spare a little to them, and they would pay for it later. I am pretty 'hard-boiled,' as you know, but I couldn't even answer them; I lost my voice."

From another place, written June 26, 1946, we have:

"During the last years we could not reserve anything, so that we have no provisions in stock. Had my neighbor, who is not an Adventist, not helped me out with fuel and food we could certainly have not survived. I cannot get into the Russian zone to my relatives who have a little farm. I tried it the other day, but got only as far as Gottingen in Hanover, and then had to return. I have

### How Big is An Atom?

It must be a very small particle, but within it are orbits of electrons and protons, and at the very nucleus a cluster of these infinitely small parts. Even the specialists among the scientists have difficulty in telling others in language that can easily be understood the relationship of these subdivisions of matter. Abstract mathematics is needed to state the complex answer:

Within every normal human being is at least a small amount of something that may be called ambition. It is a very essential possession and has had a mighty influence in man's achievement. There can be orbits of interest within it, and it may be difficult to define, but in the minds of those who achieve, it must be present.

Normally, it is a tremendous force. Without it, and the proper purposes that may stem from it, man's progress would have been insignificant. With it, and the energies directed by it, man has done the apparently impossible.

Wise and fortunate is the man who recognizes the necessity and the power of that inward something that spurs with such potency his forces, and directs his life into channels of noble achievement and lasting satisfaction. The list is too long to place here of men, truly great in mind and spirit, who refused to submit to handicap, but who were impelled to greatness by a small but mighty force within.

Fortunately there are forces outside the individual ready to help him, and pledged to work always for his best interest. Few obstacles can stand before an alliance of such inside and outside strength.

### News From the Colored Department

As a substitute for camp meetings the following regional meetings will be held for our colored believers in the union. For Oklahoma, August 28 to September 1, Oklahoma City. Those living in Oklahoma contact Elder Slater or your district leader for details. For Texas and New Mexico, September 4 to 8, in Dallas. Our believers in this area should contact your district leader or Elder Wil-

liams in Dallas. For Louisiana, September 11 to 15 in New Orleans. For further information contact your district leader or Elder Lee in New Orleans. For Arkansas, September 20 to 22 in Little Rock. Those in this area should contact Elder Davis in Little Rock.

We are expecting Elder Peters from the General Conference; Elder Reynolds of the *Message* magazine; Elder Dobbins and one of the staff doctors from Riverside; also Dr. Dykes and another representative from Oakwood College to attend these regional meetings along with our union and local workers.

We trust that all of our believers will plan to attend these meetings, for we are anticipating a real spiritual blessing at that time.

### Ozark Academy

This article will remind the members in Arkansas-Louisiana that at the recent conference session it was unanimously voted to continue Ozark Academy as a twelve grade conference school. This means, brethren and sisters, that Ozark Academy is your school, and you should plan to send the boys and girls of academic age to your school. After all it is the members of this conference who will have to support this school by sending our boys and girls there and making liberal donations for its support.

The new principal, Joseph Bishoff, has already assumed his responsibilities and all correspondence concerning the school should be sent direct to him at Gentry, Arkansas.

Let us assume our full responsibility in getting our boys and girls in our own school.

### Bible House Accounts

The servant of God has advised us to keep out of debt. There is nothing that will keep us from having full liberty more than to have ourselves mortgaged to such an extent that we cannot work for God. Our

conference committee was following the recommendation of our General Conference when we advised our Book and Bible House to operate on a cash basis because of the many accounts that appeared on the books of the Bible House. It seemed only good business to ask our Bible House to send out statements each month. It has been interesting to see the reactions that come from some of our people as a result of these statements. One person charged us with using "cold blooded" business methods. Another one complimented us for helping our people keep out of debt. The following is a quotation from his letter.

"Thank you for your letter of recent date pertaining to colporteur accounts. We realize your position in the matter and are well aware of the need for such to be kept up to date. We are aware of the amount we owe and have been eyeing it with an eagle eye and a great determination to decrease it rapidly. We plan to clear it up completely.

"May God's richest blessings rest upon you as you go about your duties as the leader of Arkansas-Louisiana Conference. We shall always remember you and your staff of workers in our prayers."

The servant of God has advised us to carry on all of our work in a

Elder Halsted reports this week a baptism of a Bible Auditorium of the Air student. This puts us into the thirties for this year, or more than double last year's record. Next week we will list all the workers who have had correspondence student baptisms this year.

A minister wrote this week and said, "I've known before that Sunday was not the Bible Sabbath. Now I would like to know why it is that Christians do not keep the seventh day. Do you think God is pleased when we do not keep the Bible Sabbath?" Of course, this man will learn about God's remnant church as he studies further.

*Please Note:* The subject for the four August Broadcasts is "The Man God Made the Manager." We are binding these broadcasts in one beautiful cover. It will be mailed to all who send an offering directly to the Bible Auditorium of the Air. Be sure to arrange for your copy. We hope someday to be able to send such material to all who contribute, whether through the church treasurer or directly to us. But for now, a special offering must be sent direct.

I wish you could see the accumulated requests for prayer. Please join us in remembering these people who write in. Thank you sincerely for all you are doing.

### Summer Slump Versus the Atomic Bomb

A year—yes, a whole year, has slipped by since the first atomic bomb wrought its great destruction of life and property in Japan. The supposed peace came, but really is not. Everywhere we turn in the world we find perplexity and increasing uncertainty. In the camp of God's people in Texas the summer slump is evident. It seems natural to expect it, but in these unnatural times we should do unnatural things. We should grow busier day by day.

A few suggestions worth considering:

1. Enroll everyone you possibly can in the Twentieth Century Correspondence School, P.O. Box 168, Fort Worth, Texas. The school needs more enrollments.
2. Always have some literature with you to give to a seeker after truth.
3. Carry on systematic literature distribution.
4. Give Bible studies at least once a week.
5. Hold lay preachers meetings.
6. Gather and send war relief clothing to the ragged of other lands. (For clothing labels and shipping labels, write me.)

Do some, or all of these suggestions. You will find the more of these items attempted the less you will suffer from summer heat and indifference and the greater will be your joy and interest. If you are doubtful that these results will follow try out the suggestions.

E. F. FINCK.

### Wedding Bells

While the stars looked down and many friends and relatives looked on, a marriage service was performed on the lawn of Mrs. William E. Norton of Corsicana, Texas.

After two solos were sung, the tune of the bridal procession sounded the approach of the bridal party. Under a trellis of vines mingled with roses, the minister took his position. Around

him gathered the bridal group to witness the union of Miss Margarra Fluorine Norton of Corsicana to Mr. Richard E. Tottress.

After a short trip Mr. and Mrs. Tottress will unite in a campaign for souls with Elder J. H. Williams of Dallas.

We all pray God's blessings upon their work for the summer and upon them. The writer performed the service.

### Farewell

In August of 1943, I arrived here in the Texico Conference to assume the leadership of this field. A few days ago a call came for me to lead out in the work of the Southern New England Conference of the Atlantic Union. After two days of careful and prayerful consideration, we accepted this call, and at the present time are on our way to our new environment.

The period of time spent in the Texico Conference forms one of the happiest chapters in our life story. We have enjoyed every day of our stay in this field. On the walls of our minds there will always be pleasant memories of the experiences here in Texico. We have learned to dearly love all the workers and the people, and it is with a feeling of sadness that we leave. We believe, however, that it is in God's plan that we should assume the larger responsibilities to which we have been called.

During this period of time that I have been in the field, I have consistently tried to promote a program of evangelism in all its various phases. I am glad to be able to leave the field knowing that considerable progress has been made in every field of endeavor. It is not necessary for me to mention figures of the growth of the work here in this field, for these will be given at the time of our camp meeting in August. The conference, financially speaking, has made considerable progress, and is in better standing than three years ago. The growth of the work in this conference has been possible because of the loyalty of our people and workers. We have every reason to

believe that this field will continue to progress and become one of the stronger conferences in the North American Division.

I wish to bespeak the same kind of cooperation and loyalty to my successor as you have shown me. Under his leadership I feel most confident that the work will grow mightily.

Mrs. Bietz, Duane Stanley, and Gordon Gale join me in saying thank you very much for being so patient with us, and so kind to us. Remember us in your prayers. Our new address will be South Lancaster, Massachusetts.

R. R. BIETZ.

### A Word of Greeting

At a recent meeting of your conference committee, an invitation was extended to me to fill the vacancy caused by Elder R. R. Bietz's acceptance of the presidency of the Southern New England Conference. We know that our people will regret losing him, and will want to remember him and his fine family in prayer that the Lord will continue to bless them in their new field of labor.

We count it a real privilege to be invited to serve the Lord and our fellow believers in the Texico Conference. We come to you at the most unusual time in the history of the world. The mighty movements among the nations, the multitude of other indications that may be seen on every hand, all serve to remind us that the coming of the Lord is indeed near. The church therefore must prepare as never before for its last great advance, and we know that only the blessing of heaven, and the united cooperation of our people can produce the glorious victory that has been promised.

As you know, camp meeting will be held in a few days, and we are trusting that this will be a time of real spiritual blessing. If present plans carry, Mrs. Dower and our two children will be with me, and we are looking forward to this meeting as a time when we shall become acquainted with many of you. We wish to urge all of our people to put forth a real effort to attend as much of the meeting as possible, and that an even larger number will come in for the Sabbath program.

Please continue to pray for us as we join with the fine group of work-

ers in this conference. Let us press forward unitedly and work faithfully as we meet the tremendous challenge of this mighty hour. To do this, and to faithfully serve you, we pledge our sincere efforts.

N. R. DOWER.

### Camp Meeting

Time: August 20 to 24. The first meeting will be at 8 p.m. August 20.

Place: St. John's Methodist Church, 14th and Avenue X, Lubbock, Texas.

Please bring your *Church Hymnal*. It will be used for rousing song services all during the camp meeting.

### Wedding Bells

Following the Sabbath of July 13, relatives gathered in the home of Mr. and Mrs. Chester Fisher of Stanley, New Mexico, to witness the marriage of their daughter Effie to Howard Birch of Mission, Texas.

Brother Birch plans to return to Union College this fall to finish his ministerial training.

We wish this couple the blessings of God and pray that their home will be a home where the peace and purity of Eden shall abide.

### News Notes

★ Elder H. D. Jeffries reports that on July 13 he visited the Stanley Sabbath School, and an isolated believer and her husband at Estancia, New Mexico.

★ On July 25, 1946, Mrs. Louella MaComber, who has been an invalid for many years and a member of the Albuquerque church, entered into rest. Sister MaComber entertained the blessed hope of the soon coming Saviour.

★ Sabbath, July 27, Elder and Mrs. C. J. Jensen, who have spent twenty-one years in India, paid a visit to the Albuquerque church. Our hearts are always encouraged as we hear of the progress of the work in mission lands.

★ If the reader has not yet sent in a reservation for camp meeting accommodations it is, of course, too late to do so after this issue of the RECORD appears. However, the locat-

ing committee is trying their best to find rooms for all who come, so the reader should go at once to the St. John's Methodist Church, where the camp meeting will be held. Someone will be on hand to help you to get located.

★ N. R. Dower, our conference president, visited the Lubbock and Brownfield churches Sabbath, August 3. He spent several days in the office getting acquainted with some of the conference problems. At this writing he is enroute to junior camp which is being held in the Sandia Mountains, near Albuquerque.

### Present Truth for August

*No. 15, Health and Temperance*—Just to live and to enjoy life fully, freely, happily, and healthfully is a wonderful privilege. Three important factors in the gospel of health are emphasized—eating good food, avoiding stimulants and narcotics, and praying unselfishly for others.

*No. 16, The Sanctuary*—God's revelation of himself to patriarchs and prophets, priests and people, through all the history of ancient times had one outstanding purpose—to lead men to be like Him in character. As men and women read this study of the sanctuary question, they will be led into a closer walk with God.

*Present Truth* subscriptions entered now will start with the first number of this year's series. Bible doctrines will be presented in their logical, convincing order as presented in tent or hall efforts, with a view to bringing the reader to a decision. One year, only fifty cents; in Canada eighty-five cents; District of Columbia and foreign, seventy-five cents. Order from your Book and Bible House.

"We look forward to your program every Sunday. I have told many of my friends about the broadcast and one of them said, 'When I want my soul fed, I listen to The Voice of Prophecy.'"—Kansas.

"I have just listened for the first time to your broadcast over the Mutual network and with eager haste I am requesting your Bible correspondence course as offered by you. After many months of blindness, a recent operation promises sight and this, if it comes, I have dedicated to God in such service as He may open to me. First, I want to make an intensive study of the Bible as preparation so that never again if blindness should ensure may I be without the inner light that leads to Him. I have so hungered and thirsted for the renewal of the promises of God

★ Sabbath, July 27, it was privilege to officiate at a baptismal service in Pine Bluff, Arkansas, when nine souls were buried with their Lord in baptism. Six of them came in as a result of the work of Brethren Miller and Holden, the three others as a result of the lay work of Brother G. A. Shain with the help of his son, Martin Shain. We understand there are a number of others who are preparing for this sacred ordinance.

★ Mrs. Jennie McDermott of Crabtree, Arkansas, is desirous of having *Health* magazine and used Sabbath school *Quarterlies*. If you have any of these on hand please send them to this sister who will use them wisely.

★ Brother and Sister C. H. Lovett have kindly consented to take the lead in the junior camp which will be held on the grounds of Ozark Academy August 11 to 18. We are certain that the young people will be properly cared for and will have a wonderful time. We hope your boy and girl will be there.

PHILLIPS, Mrs. Effie J., was born in Sedalia, Missouri, November 2, 1877, and passed away in her farm home near Frisco, Texas, June 27, 1946. On January 1, 1893, she was united in marriage with John Newton Phillips who preceded her in death in April, 1939. To them were born six children of whom 2 sons and 3 daughters survive. She is also survived by 2 sisters, 5 grandchildren, and 4-great-grandchildren.

For more than a quarter of a century she has been a loyal and devout member of the advent faith and until she was called away, she lived with the hope of the advent in her heart. She was laid to rest in the Little Elm cemetery where she awaits the last trump to call forth the sleeping saints.

## Situation in War-torn Areas

(Continued from page 1)

no towels, no bed linen. The boys have nothing to put on. But our greatest need is food. The parcel from Sweden has not yet come. I have literally not a thing in the house. This week I was away, many hours going on foot, nothing in my stomach from 7 in the morning and until 7 p. m. I didn't get a thing, walking from village to village. My feet were swollen. Like a beggar I went from door to door, and could not get anything. When coming to a farm where they were just having their meal, I so urgently begged them to give me something to eat, I got a half plate of soup. I was so hungry. Late in the evening I finally got a few potatoes for which I gave them an apron. Otherwise I would not have received anything. At 10 p.m. I was back home and immediately cooked some potatoes so that we had something to eat at midnight.

"Everything must be very carefully meted out, every piece of bread, each potato. Never can one have a good meal. I will perhaps just give you our ration supply for a week: two and one-half pounds bread, four pounds potatoes—if they are available, ninety grams meat (500 gr. 1 lb.), one-eighth pound butter (75 gr.) margarine in a month, one-half pound sugar, one-half pound foodstuffs per week. This is all, and from this we must live. That is impossible. We all have been reduced practically to skeletons. Bert looks particularly bad (a dentist); he has to work hard, and has so little to eat. I greatly fear for him. Our younger Hans is continually hungry. I have to keep everything under lock and key, otherwise he eats it all. Bertha has lost sixty-five pounds in weight. What we badly need is flour, sugar, fats, legumes, cereals."

Since the above was written we believe that we have been able to get food to a large number of our people, but even with the splendid offering we had on May 4 of more than \$650,000 we find that with our thousands of believers that it is wholly inadequate to meet their immediate needs. Our brethren in charge of famine relief in Europe are asking for another \$75,000 with which to buy food packages. These packages cost fifteen dollars each and we can purchase them from a re-

lief organization that guarantees delivery. They contain about 40,000 calories in food value.

Now is the time to eat. If we wait it may be too late. The Bible says there will be wars, famine and pestilence. We have had the war, we are in the midst of famine, and we may await pestilence unless we do everything possible to alleviate famine conditions.

## Voice of Prophecy

(Continued from page 5)

—for passages in the Bible needed for guidance and strength—but to find someone who had time to read to me was difficult. Now if God gives me renewed sight, I will never again be without the bread and wine of life and the guidance thus given will be to follow the path of His Word. Thank you again for the inspiration and help of your broadcast."—Virginia.

"I am enclosing the last two lessons I received from you. For me to say 'thank you' for what you are doing for me, would be absurd. My mother has kept me supplied with a Bible all my life, but I never thought there was anything in that Book for me until the past year—even after my acceptance of Christ some time ago I did not realize the riches I could gain by reading the Word and having Christian fellowship and daily prayer. The Voice of Prophecy has begun to unfold the shroud of mystery of God's Word for me, and it is impossible for me to tell you what it has meant to me. I had heard Christians talk about the joy they received through Christ, but I did not know that their joy was a real and tangible thing—I just thought it was something they dreamed up in their

own minds to content themselves with. Christ is as real a Person as one who might live next door to you, and those who are near to Him can actually feel His presence. What a peace of mind and contentment it brings to be drawing closer to Him in these strenuous times!"—California.

## New Publication

More and more our positions on prophecy will come under challenge as the last conflict intensifies. We must be able to give a sound and convincing answer to every one who asks us. We need to know the hidden strength of our historic fundamentals in prophetic interpretation. We need also to know how and when the confusion and departures on prophetic exposition all about us came into the Protestant churches that have swerved away from the sound positions of their founding fathers. We need to know just how sturdy and invulnerable our positions are on the great outline prophecies—on the year-day principle, the 1260 years, or the 2300 years, and scores of other points—particularly the focal point of 1844.

You will find all these, and the answer to hundreds of other vital questions, in the new *Prophetic Faith of Our Fathers* set. It is the result of thirteen years of intensive research by LeRoy Edwin Froom, editor of *The Ministry*. Thousands of dollars have been invested by the General Conference in gathering the full evidence from the Old World and the New. Volume III is now available—755 pages of text with complete documentation, and a full index and bibliography.

Impressively illustrated with thirty-two full pages of facsimile reproductions and six double-page graphic charts, this work is at once a history of prophetic interpretation, a handbook of ready reference, and a virtual encyclopedia of reliable information and verified sources and authorities and prophetic exposition. It is a must volume for the Seventh-day Adventist who wishes to be informed in this important field. Only \$4.50, it is now available through your Book and Bible House.
