Using the "Testimonies" Wrongly

S. A. Ruskjer

The untold worth of the "Testimonies" given to us by the Spirit of prophecy can never be fully understood nor appreciated until the work of God on earth is finished and the saints are gathered home. The gift of the Spirit of prophecy is one of God's greatest gifts to this denomination.

Two thousand years ago the Seer of Patmos, looking down to our day, saw the true church of God manifesting two striking characteristics in its belief and practice. He saw that the remnant church would keep the commandments of God. The fact that the remnant church would be a commandment keeping church was recognized as a distinguishing characteristic of the remnant church. That would indicate that the other churches would not keep the commandments of God. How true that is today. The other distinguishing characteristic of the remnant church was seen to be the fact that the remnant church would have the Spirit of prophecy. This characteristic is a distinguishing one likewise because the other churches do not have the Spirit of prophecy.

We wish that all of our members might come to appreciate more fully than ever before the wonderful gift that God has given to us in that gift of the Spirit of prophecy. We are often made very sad to discover that the writings of the Spirit of prophecy are neither rightly understood nor rightly used by some who claim to have confidence in them. We believe that if all of our people would recognize that the "Testimonies" are a divinely inspired commentary upon the Bible, and if they would always use them as such, we would have no trouble over the question of the right or wrong use of the "Testimonies." Occasionally we hear some who profess to be earnest Christians state that the Spirit of prophecy says this, that, or the other thing, or that the "Testimonies" say this, that, or the other thing when in reality the "Testimonies" do not say anything of the kind. It is possible to misquote the "Testimonies" even as it is possible to misquote the Bible. It is also possible to use

statements from the "Testimonies" out of their proper setting and thus draw a wrong conclusion, just as it is possible to quote statements of the Bible out of their setting and thus do an injustice to the teachings of the Bible. But while some make the mistake of misapplying statements found in the "Testimonies," a far greater error and sin is committed by those who label as "testimonies" statements that were never written by the pen of divine inspiration at all.

Recently our attention has been called to errors and sins of this kind carried on by one of the so-called reform movements. A book gotten out by one of the would-be reformers, called the "Shepherd's Rod," Vol. 1, on page 110 makes the statement that it is quoting a statement made by Sister White in 1892. Then it quotes the statement: "If the people of God had gone to work as they should have gone to work right after the Minneapolis meeting in 1888, the world could have been warned in two years, and then the Lord would have come."

"The Shepherd's Rod" says that the statement is quoted from the General Conference bulletin of 1892. The facts are that no General Conference bulletin was issued in 1892. The facts are that after our brethren have made a diligent search through all of Sister White's files, no evidence can be found to indicate that she ever made such a statement. And yet the so-called reformers are using that statement as if it came from Sister White, in order to bolster up the false theories which they are endeavoring to lead Seventh-day Adventists to believe.

Again the "Shepherd's Rod," Vol. 2, page 297, makes a statement in which they claim that certain things were written to one of our ministers in California concerning the 144,000. That statement is entirely false. The brethren at the vaults at Elmhaven have made diligent search through all the records and files of Sister White's writings, and it is found that Sister White never addressed a letter to the brother mentioned by the "Shepherd's Rod." Moreover, it is certain that no letter with that

purported statement ever came from the pen of Sister White.

Again, the "Shepherd's Rod," Vol. 2, pages 149 to 152, in trying to bolster up the idea that the mystical number 666 applies to the United States, the two-horned beast, claims that it is quoting from the Spirit of prophecy, when as a matter of fact the statements quoted were not written by the Spirit of prophecy at all. The statements referred to were written and published by James White in 1847. Elder James White never claimed to be a prophet, and surely it would be wrong to quote things he wrote and say the Spirit of prophecy wrote them.

This is only a sample of the unfair and un-Christian methods used by some of these so-called reformers as they carry forward their work of deception. Any theory that has to be bolstered up by false quotations and a wrong application of what the Spirit of prophecy actually wrote for this people, is wholly unworthy of our time and attention.

Let us as a people be thankful for the wonderful gift that God has given to us in the form of the Spirit of prophecy, and let us make a proper, legitimate, and liberal use of the light that God has given to us as a divinely inspired commentary on the Bible; but let us shun all false doctrines and theories though they may pretend to believe in, and quote from, the writings of the servant of God.

MEN AND MINUTES

Within both men and minutes there are potentialities far beyond the compass of these two hundred fifty words I am writing. Light travels at the rate of 186,000 miles per second, but a minute is sixty seconds. The combination of men with minutes makes possible the dissemination of the light of God's truth throughout all the world in the little portion that is left of this last generation.

Literally thousands of loyal church members

have enlisted in the army of "Minute Men" and are proving to be tireless Ingathering workers. With the thrilling knowledge that \$10.64 will sustain our world-wide foreign missions work for a full minute, these minute men and minute women are getting under the burden of the world's need for one, two, three, four, five, or more minutes. And largely because of the zeal of these enthusiastic "Minute Men," the Ingathering campaign receipts show a gain of nearly \$80,000 as compared with the same date of last year.

Many thousands of our loyal members have buckled on the Ingathering armor, and God has gone before them as they have witnessed to the triumphs of the truth in heathen lands and the wonderful progress of uplift work done nearer home. Let us keep the fires of enthusiasm burning brightly in every church, and see that the fire of the divine Spirit's presence has opportunity to work for us and through us as we press on toward the fullest Ingathering victory. But we must make the utmost of every minute if success is to be won. *Do it now. Tomorrow may be too late.* And remember, "We are to stand as minute men, ready for service at a moment's notice."—"Christ's Object Lessons," p. 343.

ALABAMA-MISSISSIPPI NEWS NOTES

Following Elder Walker's effort at Hattiesburg, thirteen have united with the church, nine by baptism and four on profession of faith.

Elder Curtis will soon be closing a very interesting out-door effort at Vicksburg. Twenty-five came forward at a recent meeting, signifying their determination to keep the Sabbath.

It is every encouraging to see how the Harvest Ingathering reports are coming in. Apparently those who are working are determined to keep going until they have raised \$10,000, which we have taken as our goal for this year. We feel sure that, with the help of those who should begin work immediately, we shall not come behind in this excellent endeavor.

Acceptance for mailing at special rate of postage provided for in Section 1103, Act of October 3, 1917. Authorized on July 26, 1929.

Elder Walker and his company of solicitors passed through Meridian recently; they are now working in the north-central part of Mississippi.

Elder Keate is spending several days with the believers at Montgomery, Jasper, and other places in Alabama.

Brother Ashlock is starting several new colporteurs, and we are hopeful of seeing some good holiday deliveries.

Elder Sype writes in concerning the good work which the members of the Mobile church are doing in the Harvest Ingathering campaign.

The weather is ideal, the people have a mind to work, our friends and neighbors seem inclined to give, the cause of missions is greatly in need of the funds which we can help to supply; so we have every reason to quicken our pace and redouble our efforts in this, the most important Harvest Ingathering campaign we have ever yet launched. Our great Commander is ready to accompany everyone who will heed the command, "Go forward." With His help we shall not fail.

WITH THE COLUMBIA CHURCHES

It was my happy privilege to meet with both the white and colored churches in Columbia on Sabbath, October 20. Brother Graves has been conducting a tent effort in Columbia for the past four weeks. The cool weather has greatly cut down his attendance, but there are a number of interested souls. On Friday night it was my privilege to speak at the tent. One young man raised his hand at this service to signify his intentions of accepting the message for this time.

The Lord has truly blessed the Columbia church during 1934. We were greatly encouraged to note that during the first eight months of 1934 the Columbia church has paid \$300 more tithes than was paid during the entire year of 1932 and 1933. The tithe of the Columbia church for 1932 and 1933 was just a little over \$1100 each year, but for the first eight months of 1934 the tithe of the church amounted to \$1440.

The Columbia church is making a most excellent record in the matter of raising mission funds. They have already raised more for missions in the first eight months of 1934 than they raised for the entire twelve-month period of either 1933 or 1932. The Columbia church has a per capita of thirty-five cents and has the honor of leading all the churches in the Carolina conference in having the highest amount per capita for the first eight months of this year.

In the afternoon we were glad to meet with the faithful band of colored believers in this city. We

were glad to find them of good courage and determined to be true to the message. J. L. Shuler.

CAROLINA NEWS NOTES

There are fourteen churches now over the top in the Ingathering in the Carolina Conference. The church at Pisgah have already reached more than \$10 per member and have stated that they will not rest content until every one of their 62 members is a "Minute Man." We need more churches like Pisgah!

Word came in from the Fayetteville No. 2 church that they organized singing bands and had one field day, with the result that they raised \$37 in eight days, thus reaching their goal of \$50. The singing bands raised \$15 of this amount.

The Minute Men Honor Roll is growing by leaps and bounds. There are many, however, who have raised \$10 and lack only the 64 cents of becoming members of this band. Don't let 64 cents keep you from joining the host of loyal workers who are going to support the world-wide work of God for one whole minute.

Elder Woods has just returned to the office from assisting the Raleigh No. 1 church in its Harvest Ingathering campaign. Elder Chas. Larsen has been spending a few days with the Spartanburg church. Both of these churches have sent in excellent reports.

Prof. A. W. Spalding has been making a short visit to the Mountain Sanitarium at Fletcher. The people there were very pleased to have Prof. Spalding speak to the church while there.

Miss Anna Knight spent a week visiting the church school teachers throughout the colored division of the Carolina conference recently. She spent several days with the churches at La Grange and Raleigh, arranging for a new school.

The Book and Bible House now has in a good supply of the book "Helps to Bible Study" by J. L. Shuler. Send in the twenty cents for your copy now.

Listen to this report! The colporteurs of the Carolina Conference have taken 761 subscriptions for the *Watchman Magazine* since the first of September. Is this not a report of which to be justly proud?

HARVEST INGATHERING OPENING

The official date for the opening of the Harvest Ingathering campaign in Florida this year has been set by our committee as December 1.

Our goal this year will be \$15,000. Every member of every church and company in our field is invited

to join the Minute Member Club by raising at least \$10.64 during the campaign. It has been figured out that it takes just \$10.64 per minute to run our foreign mission program, and we believe there are hundreds of our people, and we trust thousands, in Florida who will be delighted to solicit at least that amount. However, we trust that no one will stop at \$10.64, for this is only a minimum goal.

Suggestions have already been written in our periodicals to impress all our people with the fact that this year the great foreign mission program of the Advent movement faces a very difficult crisis. Because of the loss sustained through the deflation of the American dollar, it has become necessary to increase the Harvest Ingathering fund \$250,000 over the amount raised last year. In order to do this, it will be necessary for every member to bear his full responsibility in carrying his share of this tremendous load. It is unthinkable that any true-hearted Seventh-day Adventist would, by a willful neglect of his God-given responsibility, make it necessary to call our missionaries home because of a lack of support.

The question we must ask ourselves is, "Shall the church falter on the threshold of her greatest triumph?" You can best answer the question by the diligence with which you enter the Harvest Ingathering effort. Many in Florida already have gone out and have been successful in raising a goodly sum toward their goal. The report of the General Conference, which has just come to us, shows that thus far this year there has been a gain of \$112,368.-61 over that received of the same period of 1933. Surely the Lord is blessing our people everywhere as they go forth in faith.

Last year we decided to carry our campaign in Florida through the heaviest part of the tourist season of the new year. We will, therefore, continue our work even into January and February of 1935. Let every church now decide upon its individual goal and never cease until the full goal is reached. We wish that every treasurer of every church and company would send us in weekly reports of the Harvest Ingathering funds, so that our bulletins will give correct reports of each church.

Singing bands should be organized in every town and city. This is a wonderful way in which all of our young people may have a part, and can lend their support.

Is not this the time when Florida should make a record of achievement in Harvest Ingathering work second to no other conference in America? By God's help we can do it if we will.

Louis K. Dickson.

FLORIDA NEWS NOTES

Elder Dickson joined with Elder Kirk and Brother Barnhardt in the Miami church, Sabbath, October 20, in an effort to recruit workers for the magazine and colporteur work. A strong response came to the

appeal for consecration. A number of magazine recruits were called for and trained for magazine work in connection with the American Legion convention, which was held in Miami. Brother Barnhardt will join with Brother Crisler in future training of those who have given themselves for specific literature work.

We have appreciated the visits of Elder H. F. Kirk in a large number of our churches during his brief visit. His message regarding the triumphs of the colporteur work were most inspirational and helpful to our people.

We have just had the privilege of a brief visit from Prof. J. E. Weaver, the new educational and M. V. secretary of the Southern Union Conference. He visited most of our church schools and Forest Lake Academy and gave definite help and counsel. Elder Kelley joined him in this visit and counsel.

Word has just come from Elder Leland that he has recently baptized twelve souls in Tampa.

Elder Pryor reports baptizing 20 souls on Sunday night, September 30. These good soul-winning results of our evangelists are most heartening.

Miss Irene Glidewell and Mr. Clayton A. Roan, both members of the Sanford church, were married at Daytona Beach on Thursday, Sept. 27. They will live at Sanford.

Kellogg; Savannah, Mrs. M. M. Quattlebaum, Mrs. Katie Ritter, Mrs. Miller, Floyd Pichler, Mrs. Laura Williams, B. T. Byrd, Mrs. R. K. Ferrell, Mrs. Graddick, Mrs. B. T. Byrd; Statesboro, Mrs. Luellen Burke; Thomaston, Mrs. J. C. Reid; Savannah No. 2, Elder F. H. Stevens, Ethel Davis.

TO FINISH THE CAMPAIGN

We regret very much that Brother Robert H. Pierson has had to leave the field in the height of the Harvest Ingathering campaign to submit to an operation for appendicitis. Word comes to us that he got to Orlando in time to save very serious complications that would have come had the operation been put off much longer. The last word received from Sister Pierson is that he is doing nicely, and we have hopes that in a couple of weeks he may be in the harness again.

During his absence we trust that every church will keep driving ahead with the Harvest Ingathering toward a full \$10 goal for every member. There should be no slacking of our pace until every church is over the top. We are glad to observe that Statesboro, our youngest church organization, has made their goal in the first Harvest Ingathering campaign of their history as an organized church, and did it in seven weeks. Surely every church can do as well if they will only get down to business.

H. E. Lysinger.

COLPORTEUR EXPERIENCE

A woman living in a fine house in Valdosta was visiting in the country and looked over a "Bible Footlights" which I placed in that home. She immediately wrote the Southern Publishing Association for the price of the book. I went to see her, taking several books with me, and she bought one on sight for cash, saying, "I need a book just like this to help me to understand my Bible."

GEORGIA-CUMBERLAND NEWS NOTES

Brother Deyo plans to visit Bristol and Johnson City over the week-end in the interest of the colporteur work.

We were glad to have Elder Ruskjer stop over in Atlanta for a day and pay us a visit.

Brother Ortner passed through Atlanta and stopped over for a few hours. We are always glad for the union brethren to stop in the office on their way through Atlanta.

Harvest Ingathering is coming along nicely, and we appreciate the fine response we are receiving this year from our membership. "Victory Week" was a real victory for a number of churches. We are glad to report that the following churches have reached their goals: Athens, Atlanta, Augusta No. 1, Columbus (over \$10 goal), Copper Ridge, Greeneville, Knoxville No. 1, Lenoir City, Macon, Rome, (over \$10 goal), Savannah No. 1, Statesboro. We hope that more of our churches will report over the top soon.

Brother James went out with the Sanitarium church school this past week, and they brought in over \$30. Our juniors this year have done a noble work.

We appreciate the hearty response from Conference members this past week in the Harvest Ingathering. We hope that every conference member will feel the responsibility of this Ingathering campaign and raise his individual goal of \$10.

We are glad to report that the colporteurs are having fair deliveries, and we ask you to remember these workers in your prayers.

FROM LAWRENCEBURG, TENN.

The Lawrenceburg, Tenn., church centers around the Lawrenceburg Sanitarium; and although the sanitarium is practically filled,* the members take time to do their part in Harvest Ingathering. It was my privilege to work in the business district while there with Brother I. H. Sargent, and to go out two nights with the singing band. The church has far passed the total for last year and will continue to work.

A very commendable feature of this church is that they have two mission Sabbath schools. Brother A. L. Hall met with the Sabbath school in town, and Brother H. L. Reese has charge of one about eight miles from Lawrenceburg at the home of Brother and Sister C. V. Cates. I was pleased to see an attendance of 25 at this Sabbath school. Why should we not have small branch Sabbath schools all over our conference? Many of our churches have ample leadership. Why not start a Sabbath school? I believe most of our isolated believers could conduct home Sabbath schools and invite the neighbors.

Before our return home, we visited various isolated believers. Brother W. T. Pitcher of Manchester, Tenn., reported that he has been a reader of the *Review* for over forty years, and would not think of doing without it. Every Seventh-day Adventist should be a reader of the *Review*.

V. G. Anderson.

WHY DIDN'T IT RAIN BEFORE?

The day of miracles is not past, despite the fact that some try to limit God's power by use of the word "luck." Instead of luck in experiences like the following, we see the mysterious working of the power of God. Why didn't it rain before or since? is the question the man who believes in "luck" must answer.

One of our faithful colporteurs, Brother William Reed, a student of Oakwood Junior College, had this wonderful experience. He had gone as far as the car could go, and found that the one to whom he was to make the delivery was about a mile in the woods, picking cotton. He might have left this

person unseen, but he walked the mile, only to hear him say, "I am sorry. I really want the book, but I have no money. If the man I am working for will lend me the money, I will take it. You go back to the house and tell him to pay it for me, and I will pay him when pay day comes." Brother Reed went back, but the man said, "I believe what you say, but if he wants to borrow the money from me to pay for this book, he will have to come up here and tell me so himself. I have the money, but the only way you can get it is to get him up here."

Brother Reed was tired, and had already walked two miles to try to deliver the book. But just then God sent a shower, and the man came running out of the field. The book was delivered, and the delay gave a chance for another canvass, which resulted in two books being delivered before the rain was over.

KENTUCKY-TENNESSEE NEWS NOTES

The Harvest Ingathering continues to make good progress. Eighteen churches have already raised more than they did during the entire campaign last year. Bowling Green No. 2 is the latest church to go "over the top."

Miss Nannie May Smith is visiting the Mayfield, Paducah, and Memphis church schools. While on this trip she expects to assist them in organizing for Harvest Ingathering.

After a trip in central Kentucky assisting colporteurs, Brother Smith is leaving to start another new worker, Brother Hulie Crews of McKenzie, Tenn. Brother Crews just accepted the truth and is going right into the colporteur ministry.

Brother L. F. Littell and family of Lebanon, Tenn., invited a number of their Nashville friends to join them in a picnic dinner at their home near Nashville, last Sunday afternoon. A number drove down and had a very enjoyable time.

Our Harvest Ingathering Honor Roll has passed the 225 mark. Most of these are Minute Members, having raised \$10.64 or more. Memphis has the largest number on the honor roll so far.

We are glad to report that Brother W. F. Rocke of Madison, who was seriously injured in an automobile accident, is at present somewhat improved, and his condition is hopeful for an early recovery. Our prayers and best wishes are with Brother Rocke that he may be restored completely.

PISGAH NEWS NOTES

Doctor W. B. Holden, superintendent of the Portland Sanitarium and Hospital, Portland, Oregon, made a brief visit here last week.

The latest member of the school family at Pisgah is Gerald Paul Westcott, born to Dr. and Mrs. Westcott on September 26.

Prof. and Mrs. A. W. Spalding, of the Home Commission of the General Conference, were welcome

visitors here recently. Professor Spalding's chapel talk was very much appreciated.

Professors Weaver and Waller recently spent a week inspecting the church schools of the Carolina Conference. Mrs. O. S. Lindberg accompanied them on this trip, giving physical examinations to the school children.

A group of our teachers attended the North Carolina Educational Association meeting in Asheville last week.

Dr. Westcott left last week for a vacation in the West. He is accompanied by his mother, who returns to her home in California.

Last Saturday night the young ladies of the school entertained the young men with a marsh mallow roast on the mountain above the campus. The evening was ideal for the games and other features planned by the recreation committee.

We were pleased to have Elder Ruskjer visit us again last week and speak to the school family at the chapel hour. He brought a very encouraging report on the progress of the Harvest Ingathering work throughout the union.

It was our pleasure this week to entertain three of our missionaries from Africa,—Prof. and Mrs. G. R. Nash, superintendent of the Malamulo Mission Training School, and Prof. C. E. Wheeler, who is in charge of the Rusangu mission school. This group is making a tour of various schools of the South in the interest of their mission station work. We were delighted to have them speak at two chapel periods on the marvelous development of the work in Nyasaland and Rhodesia.

The past week was a thrilling time here, due to the great interest displayed in finishing the Harvest Ingathering work. Elder Woods, assisted by Elder and Mrs. Larson from Shanghai, China, led the forces to victory. One field day there were 35 engaged in the campaign. On Sabbath, October 20, the total amount in the hands of our treasurer was \$660. With the church membership of 62 this amount is equivalent to \$10.64 per member.

AN IMPORTANT NEW BOOK

Mrs. Plummer's new book is now ready. It will be received joyfully by the army of Sabbath school teachers now serving. It is a nice looking book, and the material in it has been prepared with the greatest of care. The preface announces the truth concerning the book:

"This is not a pedagogical work, not a book on psychology, not a scientific treatise on education, not a set of rules. Instead, this book presents, with simplicity, the principles that should be observed by teachers of religious truth, illustrated by stories, experiences, and facts that make the meaning clear to the most casual reader. The text is over no one's head in point of understanding.

"The setting forth of old plans and practical methods that have borne the test of years of ex-

perience, with a thread of appeal running through the text,—an appeal for deeper personal consecration, for more effective soul-winning endeavor,—these are what this book contains.”

This book has been chosen for the Sabbath School Workers' Training Course for 1935. Undoubtedly that year will be one of our most successful training course years. Get ready for it! Order the book! It contains 192 pages, and the price is \$1.25. Order through your Book and Bible House. Order in good time so you will not be disappointed by long delay and cannot get ready for the first lesson, which will be in the January number of *The Sabbath School Worker*.

“Fear not that thy life shall come to an end, but rather fear that it never shall have a beginning.”

COLLEGEDALE NEWS NOTES

Elder W. E. Read, president of the British Union Conference, spent the week-end of October 19 and 20 at Collegedale. He is in this country to attend the coming Fall Council, and is visiting some of our schools and other institutions before the council convenes. Elder Read spoke to our students at the vesper hour Friday evening. He gave a brief sketch of the work in the British Union, also referred to conditions in some other parts of the Northern European Division, where our people have been enduring rather sharp persecution. He followed this with a helpful study on the blessing of the Lord, how it may be received and how recognized.

Elder Read delivered an inspiring sermon at the regular Sabbath service, dwelling upon the progress of the closing message and the certainty of its ultimate triumph. At the young people's meeting in the afternoon, he spoke of mission work in Africa, especially in the territory under the supervision of the Northern European Division. Having visited these parts, he spoke from personal observation. He gave an interesting account of the manners and customs of the people, then dwelt on the progress of the gospel work among them. Wonderful miracles of grace are being performed among these dark-skinned people. After the close of the Sabbath Elder Read left for Madison, Tenn., where he was to visit the N. A. N. I.

Twenty-one children in Miss Hinton's room, grades one to three, went Harvest Ingathering on Thursday, Oct. 18. Working in the office buildings of Chattanooga, they did not have territory enough to keep them busy all day, so they did very well to receive \$44.05 for missions.

Evening after Sabbath, Oct. 20, thirteen of our young ladies from the school, under supervision of chaperons, solicited for missions on the streets of Atlanta, where they received \$41.69. They solicited also on the return trip next day and received \$22.78, a total of \$64.47 for the trip.

Saturday evening, Oct. 20, a sale of Ingathering produce was held in the tabernacle. The articles offered included fresh and canned vegetables and fruits, potted plants, some needle-work, etc. Time did not permit the sale of everything on hand, but the total sales amounted to a little over \$37. Other amounts have also been coming in, so that our Ingathering total stands at \$748.95 at this writing.

The community work is being continued while the fair weather lasts. Early last week several solicitors worked in the vicinity of Snow Hill; they made 25 visits, and received quite a quantity of farm and garden produce, and a small amount of cash. A temperance tract was left at each home, besides the Ingathering magazines distributed.

On Sunday evening, October 20, Mr. K. F. Amb of Berrien Springs, Mich., gave an exhibition in our chapel of many interesting and beautiful views of Immanuel Missionary College, its buildings, industries, campus, etc. These views left very good impressions of this fine school on the mind of the spectators.

The Pre-Medical Scientific Club held its first meeting this school year on Saturday night, Oct. 6, when twelve members were present. At the meeting a week later twenty-three members were added, and there are others who will join later. Students registered in the science department are eligible to membership. The purposes of the club are to become acquainted with the scientific advances being made, and to interest others in these scientific truths.

Prof. C. E. Wheeler and Elder and Mrs. G. R. Nash and little daughter, home on furlough from Africa, paid a brief visit to Collegedale last week. On Wednesday at the chapel hour, Brother Wheeler spoke of the school work in Rhodesia, and of interesting experiences on their trip from Africa to Europe while en route to America. That evening Elder Nash spoke in the chapel, giving many interesting facts and experiences concerning the work in Nyasaland, with its 14000 believers, its leper hospital and other lines of mission work. We wish these brethren well in their work, and invite them to visit us again.

Our industrial work at Collegedale is being enlarged to that extent that there are openings for quite a number of additional workers. See the advertisement on the preceding page of this issue.
