only 10.3 per cent this Union easily shows the largest net gain. Next comes the Polish Union—not because of the largest number of additions, but on account of the low percentage of apostasies. Each field, however, shows a very definite forward move.

Tithe

While there is a very fair increase in the total tithe, yet the per capita shows a decrease of one cent. This is easily accounted for when we remember that any large increase in African membership is bound to bring down this figure for the Division. The total tithe

from the missions alone shows an increase of over \$1,000.

Offerings

Our total offerings show an increase of \$12,700 over the year 1929. More than \$8,000 of this increase has come through the Harvest Ingathering and Big

Division for the Year Ended December 31, 1930

Week funds. The Sabbath-school offerings also show a very encouraging increase. Considering the unemployment and the general economic depression on all sides, this success spells clearly the sacrifice, earnestness, and hard work of our members. There was a slight decrease in the Week of Sacrifice fund, but to redeem this

goal for 1931 for this offering was set at \$15,000 during the Winter Council of the Northern European Division. This is a high jump but Nothing Ever Daunts the members of the N.E.D., and we look forward with courage and confidence to a glorious success in every branch of our work in the coming days.
