

Let Not Satan Steal Your Blessing!

Elder F. A. Stahl, our pioneer missionary, related many thrilling incidents at the General Conference which have come to him during his seventeen years in South America. He said, "I can not tell you what I have done, but I can tell you what God has done." He told how scores of the wildest savages came into the message, and how the chiefs of many other tribes were calling for special help; but they do not have the money consequently can not answer nearly all of the special calls. God rewards our faithful, earnest workers on the firing line with many precious souls.

Elder C. H. Parker and wife, who spent about twentyeight years in the South Pacific Islands without a furlough to the home land, told many incidents that touched our hearts. Whole islands are turning to God. Fierce cannibals are accepting the message. When we listened to reports we were made to feel that the God of Elijah is still with his people and his truth

Elder W. H Anderson, who has worked about thirtyone years in the dark continent of Africa, tells of wonderful progress in our work among the heathen. Thousands are accepting this message, and as we listen to these reports we were impressed that "the final movements will be rapid ones." In Rom. 9:28 we read, "For He will finish the work, and cut it short in righteousness; because a short work will the Lord make upon the earth." Are we all doing our part so that the Lord will say, "Well done, good and faithful servant"? Some may be tempted to make no effort to win souls, because they feel they are not trained to do this work, but leave it to the ministry. Do not feel that because you are uneducated you can not take part in the Lord's work. God has given to every man his work, and he has work for you to do. Let us search the scriptures and pray often, and God will show us just what we can and should do.

We read in Testimonies Vol. 6, pages 432, 433: "Do not pass by the little things and look for a larger work. You might do successfully the small work, but fail utterly in attempting a larger work and fall into discouragement. Take hold wherever you see that there is work to be done. It will be by doing with your might what your hands find to do that you will develop talent and aptitude for a larger work. It is by slighting the daily opportunities, neglecting the little things, that so many become fruitless and withered."

My great burden at this time is that every church member in the Western Canadian Union will take part in the Harvest Ingathering work this fall. Lei us pray about it, and then start to work just as soon as the campaign opens in our district. Do not postpone it, but make up your mind that you will get your share first, if possible, and thereby encourage someone else to go out and get their share. Please remember that the membership goal is not less than \$10.00.

There are some who are in bed, and some who are invalids in the wheel chair, who can not go out to solicit funds; but I am sure that such will pray for our success. Let us show them that we appreciate our health and the opportunities we have of going out by bringing in more than our own membership goal.

It may seem hard for some to get started in this work, but the Lord will bless us greatly if we will do our part to bring in the necessary funds, so that other very urgent calls in the foreign fields can be met. Let us remember that many have left their friends and loved ones at home and gone to the foreign lands to do service for the Master. Some of them are laboring under great difficulties in countries where they are exposed to many dangers and dreaded diseases.

Let us plan and pray that the Lord may have His way with us when the time comes for us to go out to solicit funds for the great mission fields.

JOHN J. KOEHN.

Music at C. J. C.

The College Board has make arrangements for instruction to be given in violin as well as in piano in the Music Department of the College next term. D. Robert Edwards, who was instructor in violin at Washington Missionary College last year, is to give this instruction at "The School of Character" this year.

One by-product of this new plan will be a strong orchestra which is open to all those who have orchestral instruments without charge. The training which membership in such an organization gives is a positive benefit to those who participate, and the organization contributes largely to the interest and value of school life. We would therefore urge all those who are contemplating attending the College this coming year to bring with them their musical instruments either wind or string, such as violins, 'cellos, trombones, cornets, etc.

Mrs. O. W. Reinmuth will give instruction in piano to those who desire to study this instrument. With this strong leadership in piano and the added feature of violin there is assured the prospective students of the College not merely efficient instruction but also the cultural and educational training that only a school life replete with good music can give.

Other musical organizations such as a chorus or glee club will be formed in which a large number of students may participate.

Remember the date--October 13.

Do the Missionaries Appreciate the Picture Rolls?

Nearly all of our Sabbath schools in this country that take the Picture Rolls, are sending them to foreign fields at the close of the quarter. Perhaps our people at times feel that this work is notappreciated by the missionaries. Many letters of appreciation come to our office from time to time, and many have personally told us of their gratitude for what the schools are doing. The following extracts from a letter from one of our workers in Malaysia show how much the Picture Rolls and Memory Verse Cards are needed, and also how thankful our missionaries are to have the schools send them this help:

"I wish it were possible to write each one separately, but the names on a few parcels were obliterated while others failed to give any address at all. Our Sabbath school lessons are six months behind yours in the homeland, so we depend very largely upon donated supplies that have already been used and kept in good condition. When we have more *Instructors* and *Little Friends* than we use for the schools, we distribute them among outside young people and children who read them with a deep interest. Several from the outside are attending our Sabbath schools because of the papers and cards they receive. What a joy it may be to some of our boys and girls at home to meet in the earth made new someone who is there because of his or her faithfulness in passing papers on to these needy fields.

We especially need papers, Picture Rolls and Cards coming regularly and systematically, also the *Worker*. Occasionally it is necessary for us to say, 'I am sorry, children, there are no papers for us today. We must study our lessons from the Bible this week, and perhaps we will get the papers to read later.' All Rolls should be well wrapped, with the wrapper extending well out over the edge, otherwise they may be in bad condition when received."

If your Sabbath school is one that has an address to send a Picture Roll to, but has failed to send it, will you not determine right now that hereafter your Roll shall be sent out every quarter, so that the worker who is anxiously watching for it shall not be disappointed? Write to this address once or twice a year and make College Height:, August 3, 1926

sure that the Rolls are being received, and ask if there is anything else you can do to help. Mention that worker or field in prayer. When officers change make sure that the sending the Roll is not overlooked. Schools that are sending their Rolls abroad have the inspiration of a direct contact with the mission fields which they will not get in any other way.

College News

Elder H. S. Miller recently had a sale of his household goods. He and the family have left for Keene, Texas, where Elder Miller will have charge of the Bible Department of Southwestern Junior College.

Shortly after school closed Mr. and Mrs. Jorgenson motored to Neenah, Wisconsin.

J. W. Wagner is assisting in an evangelistic effort at Galahad, Alberta. Associated with him are F. T. Balmer and Lloyd Reiswig.

Several of the classrooms in the Administration Building are being redecorated.

The new woodworking machinery has been ordered from the Oliver Machine Company, Grand Rapids, Mich.

Heavy rains during the middle of July have greatly improved the crop prospects in Alberta.

Mr. and Mrs. Lukens have left for Victoria by auto. They expect to visit Mr. Lukens' parents at Walla Wall enroute.

Carson Morrison left for Loma Linda on July 22. He plans to take the Dietitians Course.

Mary Barton sailed from Victoria for California on July 10. She will take the nurses course at Paradise Valley Sanitarium.

Prof. C. O. Smith was ordained to the Gospel ministry on Sabbath, July 17th, at the Alberta camp meeting.

Professor Klooster is in Calgary for three weeks working out the details of the new woodworking course at the Provincial Institute of Technology with the men who will be appointed to inspect this work at the College next year. Mrs. Klooster and the children accompanied him to Calgary.

About 450 quarts of apricots have already been canned. The canning is done in the laundry on a special canning stove. Forty-eight quarts can be placed in a large boiler at one time.

Norman Brown has just completed painting the barns and implement shed. These barns look very much better with their bright new coat of paint. The school family this summer consists of the following: James Burgess, farm manager; Percy Foote in charge of the dairy; Mike Sawchuk and John Osinchuk, farm assistants; Polly Hardy and Audrey Smelser, cooks; Bernice Brown works in the print shop and Miss Fife in the office.

Mrs. J. J. Koehn has been called to Dundurn, Sask., on account of the sickness of her sister. She was accompanied by Audrey.

The Canadian Watchman for August

This is one of our midsummer specials and when you have seen it you will declare it is one of the best ever supplied to our readers. The cover page is attractive showing an unusually good view of Mount Robson from the Canadian National Railway. The back cover gives a close up view of the Chateau Frontenac of Quebec together with a historical sketch of this interesting structure.

The contents of the magazine are of unusual merit. First the editor gives us two timely editorials, one on the Lord's Day showing the folly of making laws to enforce Sunday observance. The second is on the question of "Will the Jews return to Palestine and accept Jesus at His second coming?" There is an article on home life which should be carefully read by every parent.

One of the leading articles is by Elder W. C. Moffett entitled "Our Lord's Estimate of the Old Testament." Another interesting topic on the state of the dead is given by Elder C. T. Everson under the heading "Our Friends Who Have 'Gone Before.'"

In an interesting one page article Brother C. L. Paddock tells us "Don't Save Your Flowers Till the Funeral" giving an experience from life. "Under a Pirate Flag" presents to us in vivid form how God cared for a servant of His in bandit-infested China.

One of our doctors, M. L. Beebe, M. D. presents in attractive form a comprehensive article on "The Home Treatment of Tuberculosis," The usual features of "Seen Through Others Eyes" and "News Notes" help to round out a magazine of special merit.

Do not forget the August number in your missionary endeavors. As we write this sketch orders are coming by every mail, by telegram and by long distance telephone. Order your supply from your Book and Bible House today.

B. A. News

Brother Walter Taylor, while assisting some of the canvassers, has been a caller at the Academy a couple times recently.

We are pleased to see Miss Lois Walker and Brother and Sister Howard Dinwiddle among us this summer.

Brother Scott was home over the week end, seemingly very happy over his first week's canvassing. We appreciated his leaving the names of some prospective students at the office.

Empty jars in the store room are giving place to full ones these days. The folks in the kitchen report 320 quarts of cherries—part of them for pies—canned to date; 204, apricots; 160 rhubarb; 160, beets; 44 peas; and 50, beans. And they have just begun.

Brother Jake Buhler and his crew are busy in the hay this week. The wheat back of the barn has been cut and stacked for hay and at present they are cutting in the meadow.

"Let the youth who need an education set to work with a determination to obtain it. Do not wait for an opening; make one for yourselves." C. O. L. page 334. A proper proportion of prayer, faith, work, and gim determination, together with some careful planning, we believe, will assure most any young person the pr vilege of being at B. A. this coming winter. Test it for yourself.

A considerable number of the 1926-27 calendars have already been distributed. If you haven't your's as yet, write for it.

We have a word of cheer for those planning on a north-side room the coming year. Brother Finkle and his crew are installing a heating unit direct from the boiler to this side of the building. We surmise this will also be good news to the "stokers."

A letter from our "weather prophet" brings word that he is enjoying his vacation at Perdue. He says he is getting lined up for college next winter. We should also like to suggest that it is none too early now for folks to be getting lined up for B. A. for the coming year.

Harvest Ingathering Begins August 1st in British Columbia

August 1st is the date when British Columbia will launch the biggest Harvest Ingathering Campaign in its history. All should keep this date prominent in their minds.

For several years the General Conference has been suggesting an earlier start, and a finished campaign in six weeks, consequently this year the brethren and sisters at campmeeting voted unanimously that we would begin the first of August and do our very best to finish the campaign in six weeks.

Now, what will it take to reduce the length of the campaign to six weesk? It will mean that those who gathered \$100, \$50, \$25, or \$10 last year by intermittent efforts will have to stay by the work day after day, as far as possible, until they have the same amount and some over. For as the demands grow our goals must grow.

Those of us who had the privilege of attending the General Conference and listening to the marvelous reports from the foreign fields feel something as Sister White must have felt after she had had a vision of Heaven. She could not express in human language the glories she had seen and felt. I would appeal to our people to read (and if you have read to reread) the sermon by Elder Evans on "The Service of Sacrifice," in the General Conference report No.25 of the *Review* and also Elder Stahl's experience among the Indians of the upper Amazon pg. 13 of No. 27 as well as the many other gripping appeals.

God will hold us responsible for keeping these people in darkness unless we are doing our part to help enlighten them when opportunities are presented.

Some very pointed statements have been made in the Spirit of Prophecy regarding the Harvest Ingathering work. Here is one that has given me much courage:

"The Lord still moves upon the hearts of kings and rulers in behalf of his people. Those who are laboring for Him are to avail themselves of the help He prompts min to give for the advancement of His cause. The agents through whom these gifts come, may open ways College Heights, August 3, 1926

by which the light of truth shall be given to the many benighted lands. These men may have no sympathy with God's work, no faith in Christ, no acquaintance with His word, but their gifts are not on this account to be refused." "Christian Service," p. 168. Another statement tells us how to achieve success. "To all who are about to take up special missionary work with the paper prepared for use in the Harvest Ingathering Campaign, I would say: Be diligent in your efforts, live under the guidance of the Holy Spirit." Id. p. 169

The papers have been mailed and will be in your hands in time to study them over before August 1st. The success of this campaign depends upon the earnestness of your prayers and efforts. Let us truly make this the best Harvest Ingathering that British Columbia has ever seen.

W. J. SHAFER.

The August Signs

A graphic cover, showing the home being shot at by the theatre, divorce, and lack of religion, will quickly secure attention to the leading features of this excellent number.

"The Tragedy of Modern Wedlock," by Roy Franklin Cottrell, answers the question, "Why are our homes being broken up in such numbers every day?" Everyone will want to read it.

The craze for pleasure and new thrills on the part of both youth and age to-day is ably discussed in a splendid contribution by Merlin L. Neff entitled "Our Jazz Age."

Prof. Arthur W. Spalding lays down some sound principles in the problem of discipline of children and youth in "Do You 'Make Him Mind?' " Every parent will not only want to read this article, but to keep it.

Does scientific investigation show that God did not and could not have created our world in six literal days? asks Prof. George McCready Price. The answer is given in a most definite way in "Science and the Days of Creation."

"Oh dear, Another Cold" by Dr. Arthur N. Donaldson, gives some valuable hints as to what you should and should not do when threatened by this common affliction.

A question often asked is, How can a just and merciful God mete out such punishment as is commonly preached? Many phases of this question of the punishment of the wicked are interestingly and ably discussed in William G. Wirth's article, "When, Where, and How Is Hell?"

Other equally strong and helpful articles make the

August number a splendid one to pass out to neighbors and friends. Four cents each in lots of ten or more. Your Book and Bible House will gladly supply you.

Items of Interest

Camp meeting is over and the office is beginning to run along its usual course again with a little additional work as a result of camp meeting. We wish that all our people might have had the privilege of attending camp meeting and receiving its many blessings.

Brother Ruf, formerly connected with the Saskatchewan Conference and who before taking up his work there also worked in this Conference, called at the office last week. He and his wife spent a short time in the city before taking a trip to Banff and in the early part of the fall they will leave for South America.

A little farewell gathering was held out at Bethel Sanitarium for Elder Wood and family as they have been called to take up their labors at Edmonton. We are all very sorry to see them leave but we also realize that to keep the work of the Lord going changes must be made. They have our prayers as they take up work in their new field of labor.

Mr. F. T. Balmer who has been in Calgary for some time and who recently carried on the Bible work in the city, left for Galahad where he will connect with an effort with Brother Wagner and Lloyd Reiswig. During his absence, Professor Klooster of the Canadian Junior College who is staying in the city for a few weeks, will conduct the Sabbath services for the Calgary church.

Our president, Elder J. J. Reiswig, is at present attending the camp meeting up in the Peace River country in company with Elder Thompson, Elder P. A. Rick and Elder Rader.

General Conference Urges Immediate Prohibition Action

One of the most important resolutions passed by the recent General Conference was the following on Prohibition:

Prohibition:

Whereas, The public traffic in intoxicating liquors as a beverage is a menace to the life, liberty and happiness of innocent parties, increasing crime, and the economic burdens of society, and destroying the moral fibre and vitality of manhood and womanhood, and consequently the stability of a nation; and,—

Whereas, The past seven years of prohibition under the Eighteenth Amendment of the American Constitution has brought unprecedented prosperity to the American people, a remarkable increase in bank deposits by the laboring man, a great decrease in drunkenness, a reduction in crime caused by drink, an increase of the longevity of the race in the reduction of the death list, and added joy and peace to homes that had been previously cursed and impoverished by drink; therefore—

Resolved, That it is the sentiment of this World Conference of Seventh-day Adventists to encourage sobriety and the enforcement of proper regulations to prohibit the traffic in intoxicating beverages, and habitforming drugs, and we recommend that suitable literature be prepared in various languages and countries presenting the beneficial results of total abstinence from alcoholic liquor.

Surely every loyal Seventh-day Adventist heartily endorses this strong stand for temperance. Now is the time for us to act while the question is a burning one in the minds of all and such a prominent issue in the political world.

As usual our pioneer missionary journal, the Signs of the Times is in the forefront in championing this great temperance cause. Our good brethren of the Signs of the Times have anticipated, it seems, the above action of the General Conference by preparing a special Prohibition number. This special number has been prepared with great care, containing positive and fundamental truths on this great question. Without doubt it is the best piece of temperance literature thus far produced by the denomination and should therefore be distributed in every community. The General Conference Home Missionary Department believes that all of our people should definitely take hold of this Special this summer. Immediate action is imperative. Every church should take up this matter and place with their Book and Bible House an order sufficient to meet their needs. Price, in quantities, four cents a copy.

> E. F. HACKMAN, Associate Secretary, General Conference, Home Missionary Department.

The Mother's Opportunity

Mothers, this is your opportunity. The new Fireside course gives you full instruction enabling you to teach your child or children all the essential studies of the first grade. Textbooks, assignments, the spirit of the teaching, the ground to be covered, are all plainly indicated in these lessons. The mother taking the course is moreover continually in touch with a competent and experienced instructor who is ready to help her and her child or children at every point of need. For further particulars address Fireside Correspondence School, Takoma Park, Washington, D.C. 30-32

"Acts of the Apostles" in Foreign Languages

"Acts of the Apostles" is now available in both the German and Swedish languages and may possibly be ready in the Danish-Norwegian a few weeks later, at which time our announcement will be made.

The German book is imported from Hamburg, is bound in board binding and sells at \$1.75.

The Swedish book is published at Brookfield, is bound uniform with the English at the same rate, cloth \$2.70, limp \$3.90.

Orders should be sent to your Book and Bible House and books can be mailed out at once.

Colporteur News Notes

Saskatchewan colporteurs are making history. Look at their reports.

Elizabeth Goerlitz is in the lead, as might be expected. Several others have reports well over \$200.

P. F. Andrews is a new name on the British Columbia list, and he is doing very well for a beginner.

F. Zaparanuik has the largest report in Manitoba for the past week.

Gordon Maxwell, recently of C. J. C., is canvassing in Manitoba. He reports \$62 worth of orders for four days' work.

V. Tocker is having good success selling the Crisis Series books in Manitoba.

Guy Sharman is again in the field, and ranks among the best colporteurs in Alberta.

David McFeters has a report of \$100.45 for 41 hours. Wait until he gets warmed up.

Gertrude Gant is earning her scholarship, and she intends to get it before the summer is over.

Another good report comes in from Ruth Wage--\$197,50 in 40 hours.

Merle Hamren is selling "Home Physician" and has taken 29 orders in 88 hours.

Pearl Voisey has an enviable record of \$207.50 worth of sales in 30 hours.

More than a month of your vacation gone, students!

Brother Morris is spending a few days at the office, endeavoring to catch up with his accumulated office work. He plans to spend a couple of days in Saskatchewan next week, to counsel with Brother Hnatyshyn regarding his work.

Mervin Warwick has chosen Saskatchewan as his field of labor for the summ We are looking forward to his reports.

You get out of colporteur work what you put into it-put in full time, and reap the benefits in large sales.

Good Reading

Fenelon says "If the riches of the Indies or the crowns of all the kingdoms of Europe were laid at my feet in exchange for my love of reading, I would spurn them all." Many children as well as older members in our families have a great love for reading. Let us make sure that only the best reading material is in our homes.

Have you taken advantage of the special club rates for "the big three" and "the family group"? You can place your order for each at your Book and Bible House. The prices are as follows:

The big three, consisting of the *Review and Herald*, Life and Health, and Liberty, would cost if you subscribed for them singly \$3.85. The club price is \$3.00 for the three, or only twenty-five cents more than for the *Review and Herald* alone.

The family group, consisting of the above three journals, and in addition the Youth's Instructor, The Sabbath School Worker, The Church Officer's Gazette, and Present Truth would cost, if you subscribed for them singly \$7.65. The club price is \$6.25 in Canada.

I hope that our people will take advantage of these special offers, if they do not already have these papers coming to their homes.

Montesquieu says, "The love of reading enables a man to exchange the wearisome hours of life, which come to every one, for hours of delight." H. Mann says, "Resolve to edge in a little reading every day, if it is but a single sentence. If you gain fifteen minutes a day, it will make itself felt at the end of the year."

I receive monthly reports from the publishers of our different periodicals, and I notice that in some conferences the subscription list is rather low for some of our papers. It is important that we should have plenty of good reading material in our homes, or else our children will secure reading matter which might be very detrimental to them. I hope that every person who reads this will ask themselves the question: "Are we well supplied with
