The figures given in this report are not, in all cases, as large as they should be. For instance, the S.B. figures in some cases are taken from the treasurer's report of money actually received, as published in the REVIEW, no report of the pledge having been sent to the General Conference. But payments are always below what is pledged, and what can be, and probably will be, in time paid in. Again, we have taken the churches and membership, in some instances, from the report of last year; for although we know there has been an increase, we cannot tell how much. The states from which no report has been received are, Michigan, Missouri, and Vermont.

Secretary.
