The Statistical Report for 1918

A REPORT SHOWING FIFTY-SIX YEARS OF PROGRESS

THIS, the fifty-sixth statistical report of denominational organizations, presents some of the most encouraging features of any report ever issued. If full reports were in hand, the figures shown would be greatly exceeded, but in the absence of complete returns, conservative estimates have been used. This is true in the case of Europe as well as a few other countries. Until conditions are such that complete returns can be obtained, the figures presented are the best that can be shown.

Churches and Members

The number of churches now stands at 4,181, an increase during the year of 106. The membership sustained a net increase during the year of 8,810, being an increase from 153,857 for 1917, to 162,667 for 1918.

The number baptized during the year was 14,787. The net gain of 8,810 would indicate that 5,977 had been dismissed during the year because of death and for other causes.

Laborers

There has been an encouraging increase in the number of laborers in the various classes. The number of ordained ministers stood at 1,102, or a gain of 58 during the year; licensed ministers, 856, a gain of 155; licensed missionaries, 1,526, a gain of 85; and book and periodical canvassers, 1,876, a gain of 14. The total laborers of all classes, including those just named, is 5,864, or a gain of 411 during the year 1918.

Funds

The year 1918 witnessed a large increase in the amount of funds contributed for the various lines of work. These funds may be summarized thus:—

FUND	AMOUNT	PER CENT
Title	\$3,841,317.96	55.70
Foreign Miss. Offerings	2,072,917.21	30.06
Home Mission Offerings	981,484.65	14.24
Total	\$6,895,719.82	100.00

This is a per capita of \$42.39 for the entire membership of 162,667.

In addition the following funds have been raised by the denomination for the lines of work indicated:—

Maintenance of educational institutions	\$1,885,738.46
Increase in valuation of church buildings, church school buildings and their equipment, and charity work in sanitariums	373,451.55
Total	\$2,259,190.01
Grand total including tithes and offerings shown above	\$9,154,909.83

This is a per capita of \$56.28 for the entire membership throughout the world.

It should be stated in this connection that the above total does not include funds for the upbuilding of institutions, a report of which for 1918 is not yet available.

Total Funds Contributed from Organization of Work

The various summaries appearing in connection with the report will show the amount of funds contributed for various lines of work since the General Conference was organized in 1863. The total amount contributed for all lines of work is \$51,049,087.97. This amount is distributed as follows:

FUND	AMOUNT	PER CENT
Title	\$32,586,752.91	63.84
Foreign Miss. Offerings	11,375,508.42	22.28
Home Mission Offerings	7,086,826.64	13.88
Total	\$51,049,087.97	100.00

Of this amount there was contributed during the seven years from 1912 to 1918, inclusive, \$28,032,604.43, or 54.92 per cent of the total contributions during the past fifty-six years.

The percentages shown above indicate that of every \$100 contributed, \$63.84 was title; \$22.28 foreign mission offerings, and \$13.88 home mission offerings.

Foreign Mission Offerings from North America

It will be observed that the total amount of contributions for foreign missions throughout the world was largely increased during the year, amounting to \$2,072,917.21, an increase of \$719,231.14, or a gain of 53.15 per cent over the amount for 1917. Of the total contributions for foreign missions, North America contributed \$1,669,007.35, or 80.51 per cent of the total amount contributed. There is presented below a statement of contributions from North America, with the per capita amounts, during recent years. In this summary are included the returns from the United States only up to and including 1912, after which date the figures shown indicate returns from Canada as well, such arrangement corresponding with previously published reports.

YEAR	AMOUNT	PER CAP.
1906	\$159,064.40	\$2.72

1917	1,013,329.42	11.61
1918	1,669,007.35	18.14

\$7,356,772.72

Twelve years ago the per capita of offerings to foreign missions from this territory was \$2.72. For 1918, the per capita, it will be observed, was very largely increased, amounting to \$18.14. This per capita is based on the entire membership at the close of 1918, namely, 91,972. For every dollar contributed by each of the 59,981 members in this territory twelve years ago, the increased membership of 91,972 gave during 1918 \$6.66.

Column 2, 1906-10 includes Treatment Rooms

For a number of years the figures in Summary 8 have included information regarding certain sanitariums and treatment rooms, and of those connected therewith, which were listed in Table 2 as being under private management, but are now omitted from this report. This omission will account for the apparent decrease in the above figures.

Footnote for Table 1

(a) Under General Conference are included those engaged in general labor, and not accounted for elsewhere. Miscellaneous tithes and offerings are also listed under this head. In column 18 there is also shown the amount of book and periodical sales by the various publishing houses and not included in the report of sales by conferences.

The report of the Treasurer of the General Conference shows \$1,250,990.89 as total foreign mission funds received from the Unions during 1918. To this amount should be added \$418,016.46 as the miscellaneous funds from individuals received by the General Conference, thus making the total foreign mission funds for 1918, as indicated in the table.

Literature Sales

The sales of denominational literature during 1918 amounted to \$3,416,500.00. This literature is issued in 94 languages, in the form of 600 bound books, 333 pamphlets, and 1,738 tracts, and one copy of each (the books in the cheaper binding) has a valuation of \$758.48. A set of denominational literature, or a sample copy of each production, would contain 228,190 pages. The number of persons engaged in the production of this literature was 853, and in its circulation, 1,376, a total of 2,729 persons engaged in this branch of denominational work.

Institutional Work

There are 41 publishing houses and branches, 32 sanitariums, 14 treatment rooms, and 77 educational institutions, having assets, as listed herein, of \$9,199,407.22, employing 3,647 persons, occupying over 800 buildings, and using over 15,000 acres of land in connection with their work. These institutions had an income during 1918 of approximately \$6,000,000.00. In addition to the 77 educational institutions carrying work of academic and higher grades, there are 843 schools doing primary work, employing 1,043 teachers, and having an equipment value of \$322,046.72.

Resources Classified

At the time of closing this report, the complete tabulation as to denominational resources for 1918 had not been compiled. The latest available figures are for 1917, which are as follows, the figures shown being for the entire field:—

Conferences	\$3,110,970.34
Conference Associations	1,979,059.89
Tract Societies	492,294.51
Educational	2,722,456.16
Publishing	2,343,148.87
Sanitarium	3,297,329.19
Food Companies	177,779.64
Church Buildings	2,513,377.85
Church School Buildings	237,006.09

Total for 1917	\$16,873,422.54
Total for 1916	15,284,215.27

Increase for 1917

The foregoing figures do not correspond in every instance with those contained in the different sections of Table 2, for the reason that there are organizations not incorporated in Table 2, which nevertheless are doing certain lines of work there classified. For instance, a Sanitarium Association can not be represented as a Sanita-

rium, or report all the items given in Table 2, and yet it has resources engaged in this line. And in the case of certain institutions, their resources are included by a holding corporation, whose annual statement has not been segregated by lines of work. So the apparent discrepancy arises. Both lists are correct, having in mind the object to be presented. The figures presented above are taken from a series of reports that are absolutely accurate.

For the past six years, these resources have run thus:—

1912	\$12,084,438.13
1913	12,812,783.61
1914	14,039,279.39
1915	14,254,615.45
1916	15,284,215.27
1917	16,873,422.54

Thus it is shown that the increase in the resources of organizations connected with this denomination during the past six years has been \$4,788,984.41, the gain being 39.63 per cent. Complete returns for 1918 will doubtless show further increase; for summary 1 shows that the gain over the amount for 1917 in total funds for evangelistic work alone was \$1,776,036.33, or 34.69 per cent.
