## of Seventh-day Adventist Conferences, Missions, and Institutions

Year Ending December 31, 1935. The Seventy-third Annual Report

Issued by the General Conference of Seventh-day Adventists, Takoma Park, Washington, D. C.

Compiled by H. E. Rogers, Statistical Secretary

At the close of 1935, this work was conducted in 353 countries, islands, and island groups, by 25,185 evangelistic and institutional laborers, who are using in their work 578 languages and dialects. This increase in languages has come mainly during the last fifteen years. The increase since 1929 has been 184, or one new language added on an average of every twelve days during the last six years. The increase in countries and islands in which work was begun during 1935 was 28, and in new languages in which work is conducted, 39.

The membership of the 8,026 churches of the denomination throughout the world, December 31, 1935, was 422,968. This is a gain of 123,413 during the last six years, and is equivalent to a gain greater by 5,642 than the entire membership in the United States and Canada as it stood six years ago. This gain is also equivalent to the membership in all the world up to 1914, or 70 years after the beginning of this movement.

This gain is shown by Divisions, in the table below:
