# STATISTICAL REPORT

of Seventh-day Adventist Conferences, Missions, and  
Institutions in the World Field  
For the Year Ending December 31, 1977

## A WORD ABOUT THIS REPORT

Some significant changes appear in this "Annual Statistical Report." First, the North American Division is for the first time treated as one of twelve world divisions and appears in all the tables in alphabetical order, not first. Second, contribution categories have been expanded and clarified.

**Arrangement of Data.**—Although the North American Division continues to hold a special relationship to the General Conference, the goals of church leaders in internationalizing the church are well served by this year's presentation of data. The basic tables (pages 6-21) therefore begin with the Afro-Mideast Division instead of the North American Division. In addition, the World Summary on pages 20 and 21 does not show a comparison of North American totals with all "overseas" division totals. In fact, an attempt has been made to avoid the use of the term "overseas divisions."

**Contributions Figures.**—Categories have been altered to recognize the World Mission Fund as a distinct entity in treasury reports and to provide a way for all contributions at all levels to be included in these reports. For a specific definition of the new categories, as used in the basic tables (pages 6 to 21), write to the Office of Archives and Statistics. Users should note that same contribution comparisons between current and past years will be difficult because of the realignment, particularly because of the addition of an "Other General Conference Funds" category. The term "Intradivision Funds" replaces the term "Home Mission Work" and includes generally comparable data.

\*Not including children or workers returning from furlough.

This report shows a sizeable increase in contributions. Some of this increase may be due to better reporting procedures, that is, the use of new contribution categories.

**Bible Instructors.**—The Annual Council of 1975 voted to issue missionary credentials and licenses to Bible instructors in place of the former Bible instructors' credentials and licenses. In order to maintain a record of the number of such workers, this report adds a column for Bible instructors in the first workers' table on page 5 while deleting three columns pertaining to Bible instructors in the second table.

**Corrections.**—1976 Annual Report, p. 10, line 5D (Romanian Union Conf.): The five figures should read: 516; 47,130; 3,135; 473; 40,628.

1976 Annual Report, p. 5, workers' tables: Data supplied by the Pacific and Southern unions were incorrect. North American and world totals were affected. Correct data for the Southern Union are available on request.

North American Division reports for 1974 to 1976 show a marked irregularity in "Total Offerings for World Missions" (Col. 9). The 1976 data were evidently affected by the large Adventures in Faith Offerings and by some irregularity in reporting by the Pacific Union.

For additional information on data sources and accuracy and completeness, see page 2 of previous "Annual Statistical Report."

Nations. The following report is based on information given in Statistical Papers Series A, Vol. XXX, No. 1, January 1, 1978.

As changes are made from time to time in the administrative bodies or political boundaries of countries, and as such changes are recognized and published by the United Nations, we shall endeavor to change our list accordingly. These changes obviously make comparisons with previous years difficult. Further, such changes do not necessarily indicate the withdrawal of Seventh-day Adventists from any indicated area so changed.

Certain countries are preceded by an asterisk (\*) which denotes a country not as yet entered by work of Seventh-day Adventists. This part of the list is also subject to change, and anyone intimately acquainted with conditions, knowing of a correction that should be made, will kindly advise the Director of Archives and Statistics, especially as new mission territories are entered.
