STATISTICAL REPORT

of Seventh-day Adventist Conferences, Missions, and Institutions throughout the World For the Year Ending December 31, 1984

A WORD ABOUT THIS REPORT

1000 Days of Reaping.—The second full year of a special worldwide evangelistic thrust has concluded. During the first nine quarters of the 1000 Days of Reaping, 880,919 members were added to the church. The table below gives figures for each division and attached field and shows the extent to which the world objective was met as of December 31, 1984.

Territorial Change.—On January 1, 1984, the Eastern Africa Division and the Trans-Africa Division merged. The two southernmost unions, the South African Union and the Southern Union, became attached unions, administered by the General Conference. The new division continues under the name Eastern Africa Division.

Change in Figuring Per Capita.—Some divisions are able to report contributions from only certain unions in their territory. The past method of figuring per capitas has employed the total membership of such divisions despite only a partial contributions report. Beginning this year the division per capitas are figured using only the membership of the reporting unions. The result is a truer picture of each division's giving patterns.

The world per capita, however, is still figured using the entire world membership, excluding China and the USSR.

An economic factor has in the recent past sharply affected the contributions reported for Korea and certain nations in the Caribbean because the funds could not be transferred out of the country. This 1984 "Report" gives the full amount donated even though the funds did not reach the next higher organization.

Corrections.—On page 33 of the 1983 "Annual Statistical Report" the Faeroe Islands should not have a dot, but there should be a dot on the following line to show that there is no established work on the Falkland Islands. On page 34, Tuvalu should not have a dot, and the United States population should read 233,700,000.

COUNTRIES AND AREAS OF THE WORLD SHOWING WHERE SEVENTH-DAY ADVENTIST WORK IS CURRENTLY ESTABLISHED

Recognizing the need of a standard list of geographical and political divisions of the world which can be used as a basis for checking the different areas in which Seventh-day Adventist work is established, the General Conference Committee voted to use the list of countries and areas published by the United Nations. The following report is based on information given in "Statistical Papers," Series A, vol. XXXVII no. 1, January, 1985.

As changes occur in political administration or boundaries of countries or areas, and such changes are recognized and published by the United Nations, this list will be revised accordingly. These changes obviously make comparisons with previous years difficult. Further, such changes do not necessarily indicate the withdrawal of established Seventh-day Adventist work from the territory affected by the change. Recognizing that the Seventh-day Adventist Church does not involve itself in political affairs, the reader should attach no special significance to the presence of certain names in this list or the absence of others.

The work of Seventh-day Adventists is being carried on in nearly all countries and areas of the world. Seventh-day Adventist work is considered to be established in a country or area of the world when one or more of the following criteria have been met: when an organized church meets regularly; when a mission station, health-care facility or school is functioning regularly; or when a regular full-time denominational worker is based in the country carrying on outreach or soulwinning activities through such units as a Sabbath school, an organized company or a language school. Seventh-day Adventist work is not considered to be established in a country or area when it is limited to a series of evangelistic meetings, literature-evangelist work not based there, scattered Sabbathkeepers, workers traveling through, or temporary service by regular workers, student missionaries or other volunteer workers.

A dot (•) denotes a country or area where Seventh-day Adventist work is not currently established. Anyone intimately acquainted with local situations, knowing of a correction that should be made, is invited to write the Director of Archives and Statistics, especially as new work is established.
