

SEVENTH-DAY
ADVENTIST® CHURCH

Supplement to the 2013 Annual Statistical Report

of the General Conference of Seventh-day Adventists®

(This supplement is for the purpose of making available membership statistics
for the year ending December 31, 2012.)

12501 Old Columbia Pike • Silver Spring, Maryland 20904-6600

STATISTICAL REPORT

of Seventh-day Adventist® Conferences and Missions Throughout the World

for the Year Ending December 31, 2012

A WORD ABOUT THIS REPORT

This is the first ever *Supplement* to an edition of the *Annual Statistical Report (ASR)*. A word of explanation is in order and a brief historical reflection will help provide context.

The most recent edition of the *ASR* was, according to the subtitle, the *149th Report*. Yet while it was, to be sure, the 149th report of annual Seventh-day Adventist statistics, it was the 105th *ASR*. For the separate, standalone *ASR* only first appeared in 1907. During the denomination's first twenty-six years, the General Conference Secretary presented a report on denominational statistics in the previous year to each year's General Conference Session. After 1889, Sessions became biennial (and later first quadrennial and then quinquennial). Starting in the late 1860s, the Secretary's annual report was published in the *Review and Herald* (today's *Adventist Review*). Gradually, the statistical section of the Secretary's report became longer and more elaborate; in consequence the printed version became distinct from that presented orally by the Secretary at General Conference Sessions. These published reports generally appeared in the *Review*, but occasionally in the *Seventh-day Adventist Yearbook* (which still includes statistics on the total number of churches and members for each administrative unit), or the *General Conference Bulletin* (now defunct).

In 1907, however, H. E. Rogers, who had been appointed the first statistical secretary of the General Conference in 1905, brought out a separate *Statistical Report of Seventh-day Adventist Conferences, Missions and Institutions: For the Year Ending December 31, 1907*. There has been a discrete published *Report* for every year since then.

In 1911, for the first time, the enumeration of the reports was included in the title, as part of a new subtitle: *Seventh-day Adventist Conferences, Missions and Institutions: Forty-Ninth Annual Statistical Report Year Ending December 31, 1911* was the new style. This also saw the first use of "Annual Statistical Report," the generic title by which the publication is now known around the world.

From the beginning, the Report always (and necessarily) was published in the year following the year to which the statistics applied. By the time the first standalone edition appeared, it was beginning to be a challenge to publish the report within twelve months of the "year ending" date given in the title. In the preface to the *1907 Report*, Rogers noted that statistics all came from the secretaries of missions, conferences, and institutions; and as he tartly commented:

"Unfortunately the time of publishing such reports must always be determined by the delinquency of the secretaries who are the most indifferent in furnishing the returns desired." As the Seventh-day Adventist Church has grown and spread, it has become increasingly difficult to publish the *ASR* in the year following the "title year." At the same time, most American Churches (and the *Seventh-day Adventist Yearbook*) use the year of publication in the title, rather than the year to which published data applies. This has led to confusion about the statistics printed in the *ASR*.

As noted in the prefatory comment, the *2013 Report* represented the first stage in a major shift. As software is increasingly being used for tracking statistics on congregations and members, "end of year" statistics are now available soon after the end of the year, although institutional and employee statistics will continue to take time to collect and process. Consequently, the *149th Report* bore in its title the year of publication (2013) rather than the year of statistics (2011). The *2014 ASR (150th Report)* will report membership statistics for 2013, but statistics on employees and institutions for 2012 and this will be the model thereafter. This means vital statistics will be published much sooner but it also means an annual *Report* will no longer print statistics for only one year. It is partly for this reason that the *ASR* now takes its full title from the year in which it is published.

This shift means, however, that the 2012 statistics for membership (including baptisms, congregations, etc.) will not appear in a regular edition of the *ASR*, since the *2013 ASR* published 2011 statistics, while the *2014 ASR* will publish 2013 membership statistics and 2012 institutional statistics. **That is the reason for this Supplement: it presents the membership statistics for 2012.** This *Supplement* is published in .pdf form only.

A note on Church Growth.—During 2012, a total of 1,114,574 persons became Seventh-day Adventists by baptism and profession of faith. The net membership increase was 401,601—the difference being due to the global program of membership audits that is currently underway. We thank God that church leaders are acting to ensure the highest standards for denominational statistics. We also give thanks for the way that the Holy Spirit convicts men and women worldwide. This is the ninth successive year that total accessions exceeded one million.

Dr. David Trim, Director
