REPORTS FROM GENERAL CONFERENCE
DISTRICTS.

DISTRICT NUMBER ONE.

Elder I. D. Van Horn, Supt.

The territory of this district includes the Provinces of Nova Scotia, New Brunswick, and Quebec, the New England States, Middle States, and the States of Maryland, Virginia, and West Virginia. The membership of the churches is a little more than 5000.

The Maritime Provinces of Nova Scotia and New Brunswick comprises a mission field with two ministers, who have met with good success in the city of St. John, raising up a church of over sixty members. There is a large increase in the tithes and offerings.

The Quebec Conference is pushing the work forward, building a meeting house at Fitch Bay, with a basement for a Conference school. The tithe amounts to $998.63. This and other offerings are on the increase.

The Maine Conference is fast recovering from her financial embarrassment, is paying her obligations, and is making fair progress in all branches of the work. The increase of her tithes to $3600, and the increase of her offerings for various objects speak of prosperity.

The Vermont Conference also gives a cheering report of progress. Revival work in the old established churches has added many members, and given strength to the work. Receipts for the year are reported to be, tithes $3453.82; donations and offerings, $800.82; and book sales, $8310.15.

The New England Conference has shown good work in the past year, both in bringing people into the truth, and in her finances. The tithe $12,588; offerings received, $4,851.50, and book sales, $5959.82, making a total of over $23,000. The school at South Lancaster has prospered greatly, being full to overflowing.

The New York Conference has been doing good, aggressive work in new fields. Several churches have been raised up, and meeting houses have been erected. The finances are increasing, and the Conference is free from debt. The receipts for the year in tithes are, $6758; offerings, $1230, and book sales about $20,000. These figures give a fair showing.

In Pennsylvania we have had a hard-working Conference, with good results in all the different lines of work. Having recently worked out of heavy financial embarrassment, they show, with the blessing of the Lord, much prosperity. There has come into the treasury in tithes, $10,132.94; in offerings, $984.58, and in book sales, to the amount of $21,809.80.

The Atlantic Conference has had a prosperous year. While persecution for the truth's sake has been in her borders, it has added new life to the work, increased the membership, and made more firm those who accepted the truth. A large interest, with excellent results, has been carried forward in Jersey City. The Atlantic Conference, though young, is showing good financial strength. Her tithe for 1893 was $7790.44; offerings, $1180.91, and book sales, $8129.
GENERAL CONFERENCE DISTRICT REPORTS.

The Virginia Conference is small and is carrying a heavy burden of debt. A change is taking place for the better. The officers and leading men in council, viewing the situation, have united in such plans as will surely bring relief. Already the scale is turned in the upward direction, which gives proof of better days to come.

The West Virginia Conference, though small and young, is rapidly advancing in the different branches of the work. Her finances are in good condition. A special point of interest is her preparatory school at Newark. The careful management, large attendance, and the interest taken in the spiritual welfare of the children, is exerting a wide influence for her good.

Thus the Lord is blessing his own work.

DISTRICT NUMBER TWO.

Elder R. M. Kilgore, Supt.

Comparing the present with the work in this district a year ago, we are able to report progress. The laborers in all the departments are pressing forward with courage and hope; success having attended all their efforts more or less.

During the year, tent meetings have been held in Tennessee, Louisiana, Florida, Alabama, and Georgia, all of which have yielded fruit. At Gainesville, Ga., a prosperous church has been organized; a meeting house of good proportions has been erected, and is now occupied by the church, and in which a church school has been opened, with Prof. E. C. Keck as principal.

In Florida a State Conference, a State Tract Society, and a Sabbath-school Association have been organized. This young Conference enters life with three ordained ministers, two licentiates, and six churches, with an aggregate membership of 140. The tithes received the year preceding the organization amounted to about $2000. They are supplied with two new tents, and with the force at hand to man them, and the willing, able, support behind the laborers, we look for success to attend their efforts.

The work among the colored race in the district has been more active, and very encouraging results are already realized. At Knoxville, Tenn., and Lexington, Ky., two very worthy companies have been added to our numbers from the ranks of this people. At both places the work was done in a quiet way, from house to house, by Bible readings, and parlor instruction. Sabbath-schools have been organized, and at Knoxville a church has been organized. With the more systematic and aggressive work now being set on-foot by the General Conference, we look for more satisfactory results to follow our efforts in behalf of this people.

A successful mission has been opened in South Carolina, with stations at Spartanburg and Greenville. The work has been conducted quietly, by means of tract distribution and other private labor. At each place souls have been led to Christ. At Spartanburg, steps are already taken toward the organization of a church.

The canvassing work is making aggressive operations in all the States comprising the district. The past year an average of 49 agents occupied the field, and sold $2544.77 worth of books. At the present time there are 65 agents in the field. Their sales for the two weeks ending April 6, amount to $2638.

The educational interests of the district are represented by the schools in operation at Gainesville, Ga., Graysville and Springville, Tenn., and Terra Cela, Fla. A good degree of success has attended all of these, though in their infancy. The academy at Graysville, Tenn., has an enrollment of 126 students.
SUMMARY.

In district No. 2, there are two organized Conferences—Tennessee River and Florida—whose combined working force is, six ministers, two licentiates, and two Bible workers. In the General Conference mission territory there are five ministers, three licentiates, and two Bible workers. In the district there are twenty-eight churches, and 708 members. Increase of membership since last report, 111. The tithes and offerings are reported in the General Conference Secretary's report.

DISTRICT NUMBER THREE.

Elder J. N. Loughborough, Supt.

This district consists of the State Conferences of Michigan (including the Province of Ontario), Ohio, Indiana, and Illinois, and contains 414,915 square miles of territory, and (according to last census) 13,897,949 persons. Of these, over 11,000 are Seventh-day Adventists, either organized into churches, or scattered families and individuals. Last year these paid, for the support of the ministry, tithes to the amount of $77,000, an increase over the previous year, of $9,000.

In this district are located a number of our denominational institutions. Of these we note the Central Publishing House, at Battle Creek, Mich., employing nearly three hundred hands. In the same city is the great Medical and Surgical Sanitarium, the largest institution of the kind in the world. Here is also the first college that was established by the denomination. This building, though capable of accommodating several hundred students, is crowded to its utmost capacity. Just out of the northwestern line of the city is the Orphans' Home, under the management of the Medical Missionary and Benevolent Association of the denomination. This building was erected by the timely gift of $30,000, by Mrs. Haskell, of Chicago, and was dedicated and opened in February, 1894. Already it furnishes a happy home to nearly half a hundred fatherless and motherless children.

About eleven months since (May 1893), a branch of the Battle Creek Sanitarium was opened at 28 College Place, Chicago. As a charitable branch of its work, a free dispensary, with free bath-rooms and a free laundry, was opened at 100 Van Buren St. Through the agency of the dispensary, relief has already been given to thousands of needy and suffering souls. Some of these have been brought to a knowledge of Christ and his truth. The work done in different parts of the city, by the physicians and nurses of the Benevolent Association, has seemed to create among the people an interest to know more of the Seventh-day Adventists and their work.

During the past season, rooms were provided for a Bible school, to be conducted for twenty-four weeks, in Battle Creek. This school, which closed March 28, sprang from the desire expressed by many of maturer years, who could not attend our College, to have a six months' opportunity to study the Bible, history, and elements of language. It was thought that there might be from 150 to 200 who might wish to take such a course. The enrollment of the school reached the astonishing figures of 318. Those who have attended the school express themselves as highly gratified with the opportunities they have enjoyed.

It is no longer a matter of experiment whether such schools are profitable. So large a company may not be called together again in any one school, but it is very probable that such Bible schools will be conducted in connection with our colleges, and some of the other schools in the various General Conference districts.

During the last year, the Michigan Conference has constructed a commodious Mission Home and Chapel in the city of Detroit. With the large band of Bible
workers going out in that city, in connection with the services conducted in the Chapel, there is a steady accession to the numbers accepting the truth in that city.

During the same time the Ohio Conference has erected a Mission Home, by the side of the commodious chapel on Cedar Ave., Cleveland. The work is steadily advancing in that city. They have also changed the Mount Vernon Sanitarium into an academy, in which a prosperous school has been conducted the past winter. The spring term has an enrollment of ninety-five.

The camp-meetings held in the district the past season, with one exception, were much larger than ever before. The sum total of all the Seventh-day Adventists encamped in the meetings of District No. 3, was about 6500. The largest camp of all, and in fact the largest gathering of Seventh-day Adventists yet known, was the camp-meeting held in Lansing, Mich., the latter part of September. This consisted of 514 tents and rooms, and 3384 campers. The Lord came very near to his people in these camp-meetings, and many souls were led to give themselves to him.

Following the camp-meetings, or from October 10 to 15, the district Conference for District No. 3, was held in Battle Creek. As this was the first Conference of the kind, the superintendents of several other districts were present, to aid by their counsel. The Conference was immediately followed by State institutes in Michigan, Ohio, Indiana, and Illinois. These State institutes held from seven to ten days each, and afforded opportunity for all the laborers in each to receive instruction in the lines considered in the district Conference.

From the State institutes a number of laborers went out to the churches, to carry on the same work among them, especially infusing in the minds of all, the importance of the words, “Arise, shine,” by living out the truth, and working for the relief of the poor and needy around them, not only spiritually but physically. Great good was accomplished as a result of this line of meeting and labor.

The present outlook for the work in District No. 3 is very encouraging. As a result of the institute work, many have been led to take hold of the work in some line, either in canvassing for our books and periodicals, in tract distribution, or in caring for the needy and afflicted; and they are greatly blessed of the Lord in so doing.

The hard times, and the stringency in the money market, have driven many from the canvassing field, but even in that line the work is looking up in some parts of the district.

Never was there such a widespread inquiry for the truth in District No. 3 as at the present time. In various parts of the district we hear of souls who by reading have accepted the truth, begun to keep the Sabbath, and are calling for some one to come and preach the truth to their neighbors. May the Lord guide, that such souls may receive the light.

DISTRICT NUMBER FOUR.
J. H. Darland, Supt.

This District is composed of five State Conferences; namely, Iowa, Wisconsin, Minnesota, Nebraska, and South Dakota, with a membership of 9666. Most of these Conferences have been organized several years in the past, and have been among our strongest Conferences. There are no institutions to speak of, with the exception of Union College, College View, Nebraska. This school has had a large attendance the past year, and many will go forth this coming season, as laborers in the different States which surround this institution. These Conferences have always furnished their share of laborers for the general work, and they still have a fair working force in each Conference.
During the last summer there were fifteen camp-meetings held in this District; five of these were the general camp-meetings where the State Conferences were convened. At all these meetings there was a deep spiritual interest, and quite a large number were baptized. The whole number of baptisms as reported from the different Conferences is 513.

There were twenty-one tents run in the several Conferences during the past season, resulting in about 485 accepting the message. Besides these meetings there have been a large number of workers engaged in holding meetings in school-houses, besides the Bible workers and canvassers who have been engaged in their lines of work. According to the reports from the several Conferences, the membership in the District has increased 720. While this has been an actual increase, there have more come into the truth than these figures represent, as quite a large number have moved into States outside the District. The past season has not been as favorable a one for the canvassing work as other seasons; yet there has been a good degree of interest manifested in each State on the part of the canvassers, and all things considering, good work has been done.

During the year 1893, the Christmas offerings amounted to $9881.62; the Sabbath-school offerings, $6259.49; the First-day offerings, $4318.22. Besides this, there has been given in other donations and pledges the amount of $3647.10. This amount has been contributed by this District to the support of the work in foreign fields. In addition to this sum, the several Conferences have paid $77,010.30 in tithes to the support of the laborers in the home field. In all the Conferences there is a balance on hand in the treasury for the support of the ministry. Taking into consideration the financial depression of the past season, this is a very good showing for the several Conferences.

During the past winter, there has been a special effort made to circulate reading matter in most every State in the District. Most of the States have accepted the offer of the I. R. L. Association, and have had from 100,000 to 150,000 tracts sent into the State through the mails. While we do not know what the results of this work will be, we have heard very encouraging reports thus far. In addition to this large amount of reading matter sent through the mails, the State societies have been sending out through different workers a large number of "Rome's Challenge" and other tracts which have been recently published. This work has opened up the fields for preaching so that there are not a sufficient number of laborers to fill the calls. We have every reason to be encouraged in regard to the work in District No. 4. There are a large number of young people who are consecrating their lives to the work, and when they have had sufficient training, they will no doubt make valuable laborers. Union College has a large number in training, and we trust that in a few years they will be efficient laborers in the different lines of work in the third angel's message. Every Conference is trying to encourage its workers and increase its force of laborers, and we have every reason to believe that it will be but a short time until the message will be sounded in every part of each State in the District.

DISTRICT NUMBER FIVE.

Elder A. J. Breed, Sept.

This district is made up of the following State Conferences: Kansas, Missouri, Arkansas, Colorado, including New Mexico and Wyoming, Texas, and the mission field of Oklahoma. Kansas is the largest Conference in the district. It has seventy-six churches with a membership of 2083, five hundred and twelve having united with them since June 30, 1893. They have thirteen ordained ministers, eight licentiates, eleven Bible workers, and twenty-eight canvassers, besides fourteen who hold missionary credentials.
The amount of tithes paid the past year is $16,495.58, with an increase over the year 1892 of $2485.09; First-day offerings, $840.87, with an increase of $181.13; annual offerings for 1893, $1395.25; increase over the year 1892, $52.09. They have 94 Sabbath-schools, with a membership of 2216. Book sales have amounted to $15,225.91. Four camp-meetings were held in the State the past year, with 1550 camped upon the grounds.

Missouri has five ordained ministers, twelve licentiates, four Bible workers, and thirty-eight canvassers, besides twelve holding missionary credentials. There are thirty-three churches in the Conference with a membership of 1155. Seven churches were admitted to the Conference at its last session. From December 1892 to December 1893, 299 had united with them in church fellowship.

They have paid in tithes the past year, $7775.20, with an increase over the year 1892 of $2022.19. Amount of First-day offerings $331.60; increase, $107.50. Donations, including annual offerings, $1123.01. Their book sales amount to $8802.45. The present membership of the Sabbath-school Association is 1281; six new schools have been added during the year with a membership of 359. Two camp-meetings have been held during the season with 775 in attendance.

Arkansas.—The laborers in Arkansas consist of three ordained ministers, one licentiate, twelve canvassers, and three who hold missionary credentials. The tithe amounts to $1500, an increase over the past year of $150. Donations for foreign missions including annual offerings, $118.87, an increase of $40. They have fourteen churches with a membership of 400, having added eighty to their numbers during the past year. Two new churches were admitted to the Conference at its last session. The present membership of their Sabbath-schools is 344, three new schools having been added to the Sabbath-school Association during the year that is past. They have sold books to the value of $3,234.30. Two camp-meetings were held in the State with 247 in attendance.

Colorado has six ordained ministers, four licentiates, eight Bible workers, seventeen holding missionary credentials, and sixteen canvassers. Amount of tithes paid for the year 1893 is $7536.80; increase over previous year, $2635.94. Donations including First-day and annual offerings are $1395.75. There are twelve churches in the Conference, three having been organized and added to the Conference the past year. Three new Sabbath-schools have been organized, making a total membership of 870 belonging to the Sabbath-school Association.

Two camp-meetings were held in the State, with an attendance of 650. A very successful canvassers' school has been held in the city of Denver, with an enrollment of 115. They have sold books to the value of $8135.60.

Texas has four ordained ministers, three licentiates, five Bible workers, four holding missionary credentials, and forty-four canvassers. They have seventeen churches, two having been organized the past year, with a membership of eighty-two, making a total membership in the Conference of 650. There are thirty-one Sabbath-schools in the Conference, having a membership of about 600. There has been paid in tithes to the Conference the past year, $5312.90, an increase over last year of $1536. Their donations, including annual offerings, have been $1954.05. Books have been sold to the amount of $11,509. One camp-meeting was held, with 800 attending.

Oklahoma is a mission field carried on by the General Conference. At present there are laboring in the field two ordained ministers, one licentiate, and six canvassers. Thirteen churches have been organized with a membership of upwards of 300. There are twelve Sabbath-schools, as reported in the April number of the Sabbath-school Worker of 1894, with a membership of 421. There has been paid in tithes to sustain the work, $1451.59, besides First-day and annual offerings amounting to $89.84.

They have purchased a new 54-foot tent with a 20-foot splice, at a cost of
$137, for use at camp-meetings, and for carrying on the work in new fields. One camp-meeting was held, with 284 encamped upon the grounds.

Thus it will be seen there are laboring in District No. 5, thirty-three ordained ministers, twenty-nine licentiates, twenty-eight Bible workers, and 144 canvassers, beside forty-seven holding missionary credentials. There has been paid in tithes $40,072.07, an increase over the year 1892 of $8802.23. Donations to foreign missions, $8790.17, an increase over previous year of $696.16. Subscription books have been sold to the value of $46,907.16.

Twelve camp-meetings have been held in the district during the past season with 4354 encamped on the grounds. Conference schools have been held in each of the different Conferences except Arkansas, and one is to be held there later in the season. There is a spirit of labor among the brethren, and steps are being taken to educate laborers to better carry on the work. Calls come from every direction, to "Come over and help us," and the most perplexing question is how to meet the openings and interests that are springing up in all parts of the district. The increasing demands of the work have made it necessary for the Pacific Press to establish a branch office at Kansas City, Mo., to supply the canvassers who have labored so faithfully to advance the truth by scattering our publications among the people. This has been much more convenient than to send to Battle Creek for publications. Several new church buildings have been erected the past year, and now steps are being taken to build in the cities of St. Louis, Kansas City, and St. Jo, Mo., in order to meet the increasing demands of the work. A school has been established in Texas, and plans drawn to erect suitable buildings for a college the coming year. The school has already been running for several months in a temporary building with upwards of 90 students enrolled. The school is somewhat different from any yet established among us. It is to be an industrial school, with farm to be run in connection with it, where manual labor can be combined with the school work. They have purchased 800 acres of land, and divided it into parcels, and sold in lots containing from five to twenty acres each, to suit individuals. Already sixty houses have been built, others are under process of construction. The following periodicals are taken in the district: 1495 copies of the Review, 1086 copies of the Signs, 1505 copies of the Home Missionary, and 1640 copies of the Sentinel, — Good Health, — Medical Missionary, 738 Youth's Instructor.

The foregoing represents a few of the facts showing what has been done in the district during the year that is past; but there are influences at work, which cannot be represented by figures, nor expressed by statements. They can only be realized by those who have been present at meetings or by those engaged in the work. The brethren are of good courage, and in spite of the hard times take hold of the work in earnest, and with a determination not to leave the field until the work is done. A spirit of prayer and devotion is taking hold of the brethren generally. Many are engaged in missionary work who in the past have seen but little to do. On the whole we look back over the work of the year, since laboring in the district, and thank God for the blessing of the past and earnestly pray for his guiding hand in the future.

DISTRICT NUMBER SIX.

Elder J. H. Morrison, Supt.

This is an important District, not only on account of the extent of territory that it embraces, but especially in view of the important institutions located within its bounds. Three organized Conferences exist within its limits. The California Conference, with a membership of 2707; the North Pacific Conference, with a membership of 1100; the Upper Columbia Conference, with a membership of 519, and the mission field of Montana with a membership of 79; giving a total membership for the District of 4405.

The work in these various States has been exceedingly prosperous during the
last year, considering the hard times which have been everywhere felt. A detailed report of the work would be of little interest. Mention will be made of a few of the prominent features which indicate the prosperity and success of the message.

California.—California held its general camp-meeting in May. Following this were held two local camp-meetings, one in the northern and one in the southern part of the State. As a result of these meetings our people were much encouraged, and a goodly number were baptized, having experienced a deep conversion. Several tent efforts were also made in various parts of the State during the summer, and for the most part, good success attended the efforts put forth in this line.

An interesting feature of aggressive work has been the conducting of mission schools for the Chinese and Japanese in the bounds of the State. Schools have been conducted at various points, but the one in San Francisco in behalf of the Japanese deserves special notice. Here a school has been running since last June, with a membership at present of about eighty pupils. The regular attendance has ranged from fifty to sixty. A number who have had their interest awakened in this school have gone to our denominational schools, and are pursuing a regular course of study, while several have taken hold of the truth, and are hopefully converted.

The Pacific Press has been doing a prosperous business, and as shown by its report on another page, has made a most excellent gain. This is all the more remarkable when we come to consider the hard times that have existed for a number of months in the past. Many business houses have closed, and this makes all the more apparent the prospering hand of the Lord in the prosperity that has attended the work in this institution.

Healdsburg College has closed another year of successful work. In this institution many have obtained a fitting for work in the cause, and in thus supplying laborers for all branches of the work, its utility and efficiency have been apparent. The enrollment and attendance for the past year have been encouraging.

The success that has attended the Rural Health Retreat for the last year has been most encouraging. Various improvements have been made, especially in the addition of a twenty-room building for the accommodation of patients. This was finished somewhat late for the season last year, but the enlarged accommodation thus afforded will be found especially valuable for the year to come. The medical force has been supplemented by the addition of two physicians, and these greatly increase the capacity of the Sanitarium for good. There is now under contemplation the establishment of a branch in the City of Oakland, where a physician from the Retreat will be in attendance two days in the week. While this is designed primarily as a benevolent work, its influence will no doubt be felt in materially aiding the institution, in sending patients to it who may be met with in the city work. The Nurses' Training School conducted in connection with the institution has proved very successful thus far in fitting laborers to engage in that line of work, and offers to all who may wish to fit themselves for labor of this kind, in the future, additional advantages.

North Pacific.—This Conference, notwithstanding their financial crisis, and the hard pressure in carrying their work, have succeeded as well as in former years. The laborers in the field have met with fair success in sowing the seeds of truth in new soil. One special feature in connection with this Conference, the same as in the California Conference, has been the carrying forward of mission work for the Chinese and Japanese. This has been especially noticeable in the school for the latter nationality at Portland, Ore. At this place a Japanese minister, with nineteen of his followers have embraced the truth without any effort on our part. That which called the attention of these people to the truth for this time was a letter received from a young Japanese attending school at Healdsburg College. In the conversion of these people to the truth the workings
of the Lord were certainly apparent, almost without the aid of human instrumentalities.

*Upper Columbia.*—This Conference has had a doubly hard time the last year, caused by the crop failure. This, with the general financial pressure brought to bear upon it, has had a tendency, from a human standpoint to cast a cloud over the work; and yet, notwithstanding this, they have never seen a time when they have had so many conversions and additions to the church as during the last year, and this has given them great cause for courage and joy.

Walla Walla College has gone beyond the expectations of its friends, considering the circumstances under which it has labored. The attendance has increased, and a good grade of work has been done by the scholars. The outlook for the future seems bright, and this institution, the same as the one in California, will, if patronized by our people, prove a nursery in the furnishing of laborers for the different branches of our work in that section.

The work in the Montana mission field has exhibited much vitality. Encouraging gains have been made, and the workers and our people generally are of good courage and hope.

The work throughout the District, considered as a whole, has been exceedingly prosperous, far beyond what was expected, and what many dared to hope. The hand of the Lord has been evident in the progress it has made. The workers generally are buoyant with hope and courage as never before, and they consider the past progress of the cause as indicative only in a small degree of the great things they hope to receive from the hand of the Lord in the future.

**DISTRICT NUMBER SEVEN.**

Elder W. C. White, Sr.

This district embraces Australasia and New Zealand, with a population of over four millions. There are two organized Conferences in the district—that of Australia, with 9 churches, and a membership of 700, and that of New Zealand, which contains 8 churches, with a membership of 284.

The truth was planted in these islands by Elders S. N. Haskell and J. O. Corliss, in the year 1885. Since that time it has made steady headway and advancement.

A comparative statement of the work for the years 1892 and 1893 will give some idea of the strength of the cause in this district:

By study of the comparison made above it will be seen that a most encouraging gain was made in the last year in every line indicated. We regret that
through failure to obtain complete returns, the comparison cannot be carried out more completely; but this by no means fully represents the progress of the work.

The increased sale and distribution of reading matter has brought increased prosperity to our publishing house, and this together with some custom work done for the outside, has given employment to our brethren and sisters, and tided the house over the hard times experienced by the Colonies; while others have failed completely, and suspended operations.

It has recently been decided to issue the *Bible Echo* as an eight-page weekly. Under this arrangement the paper can be sold for one penny per copy. Our brethren and sisters have shown their appreciation of this move with a hearty good will, in selling the paper from house to house and taking orders for the same. The first edition of the weekly paper amounted to 15,000 copies, and it is to be hoped that this number can be augmented in the months to come.

A very successful Bible school has been conducted in the past, and it is expected that this will soon be merged into a permanent college for the education of workers for this field.

But while we note with interest the progress and advancement of the work, we realize that there is more yet to be done, in warning the many thousands in these colonies, who have not known the light of truth; and with increased facilities, and with deeper consecration, we hope to accomplish more in the future even than has been accomplished in the past.

AUSTRALASIAN UNION CONFERENCE.

The Australasian Union Conference composes District No. 7 of the General Conference District, and at the present time includes the Conferences of Australia and New Zealand. During the time of the Australian camp-meeting, Jan. 15-25, 1894, this Conference was organized. Delegates were present from Australia and New Zealand.

The object of this Conference is to unify and extend the work of the third angel's message, under the general direction of the General Conference, in the Australasian field. As the work extends in that field, other Conferences will be organized. In the organization of the Union Conference, these local Conferences will be brought together for counsel and instruction in the work, and for mutual encouragement, and development of the important interests carried forward by the denomination, in that field.

The officers of the Conference are: A president, a vice-president, a secretary, a treasurer, and an executive committee. The president of the Conference will always be the superintendent of the district appointed by the General Conference. This arrangement will afford the opportunity for all moneys belonging to the General Conference, such as tithes from the local Conferences, First-day offerings, and other general and personal contributions, to be paid to the treasurer of the Union Conference, and he to hold and disburse the same at the order of the General Conference. This arrangement will greatly simplify matters, and avoid the paying of exchange on money, back and forth. Already the Union Conference treasurer has received $487 tithe from the Australian Conference, and $129.50 donations to the foreign mission work.

The meeting was well attended, and all appreciated the privilege and the importance of such an opportunity for consultation and instruction in the work of the message. The regular meetings will be held once in two years. Special meetings can be called at any time circumstances demand it. The present officers are: President, W. C. White; Vice-President, A. G. Daniels; Secretary, L. J. Rousseau; Treasurer, Echo Publishing Company; Executive Committee, W. C. White, A. G. Daniels, L. J. Rousseau, G. T. Wilson, S. McCullagh, Joseph Hare, H. Muckersey, A. Reekie, James Smith.

THE GROWTH OF OUR SABBATH-SCHOOLS.

The above figures give the average for each year as reported. It will be noticed that the number of schools has increased from 640 in 1884, to 1804 in 1893, and the membership has increased from 16,200 in 1884 to 40,100 in 1893. The report for the last quarter of 1893 shows 1924 schools with a membership of 43,776.

DONATIONS TO MISSIONARY ENTERPRISES.

The following figures show the amount donated by our Sabbath-schools for the objects specified. These figures cover the time from Jan. 1, 1887, to Jan. 1, 1894, a period of seven years:

</tr>
</tbody>
</table>

Total                                      $115,533.71

This is an average of over $16,500 a year, or more than $4000 a quarter during the whole time.
The following table shows the amount of our Sabbath-school contributions and the amount donated to missions during each of the seven years from Jan. 1, 1887 to Jan. 1, 1894:

<table>
<thead>
<tr>

</tbody>
</table>

From these figures it will be seen that our donations for missions have gradually increased from $10,000 in 1887 to $24,000 in 1893. Thus the average per quarter in 1887, was about $2500, while in 1893 it was about $6000. This is certainly a very gratifying showing so far as it relates to the financial help given to the cause by our Sabbath-schools, and shows how much can be accomplished in raising money by a steady flow of small sums from all our people.

The loss on the Worker as given above needs explanation. It really includes some of the previous losses that did not appear in former reports. The reason is this: In 1891 and 1892 the unexpired subscriptions for the Worker were estimated and not computed. Careful computation at the close of 1893 shows the value of unexpired subscriptions to be $886.48. This indicates that they would have been not far from $750 at the close of each of the two previous years, but they were estimated at only $250, hence the loss on the Worker for those two years was considerably more than the report showed, and this year the loss is considerably less than indicated by the report. In other words, the loss on the Worker, amounting to $1691.26 during the last three years, was about $560 each year, instead of $88.61 for 1891, $570.43 for 1892, and $1032.22 for 1893, as shown by the treasurer's reports for these years.
The thirty-fourth annual meeting (third under new charter) of the stockholders of the Seventh-day Adventist Publishing Association, was held in answer to call, published three consecutive weeks in Review and Herald, at the Tabernacle in Battle Creek, Mich., April 4, 1894, at 10 A. M., with the president, O. A. Olsen, in the chair.

The call for shares showed a representation present of 7524 shares and proxies. Elder S. N. Haskell opened the meeting with prayer.

The treasurer, A. R. Henry, gave the following report for year ending Dec. 31, 1893, supplementing it with a careful explanation:

The committee on Resolutions offered the following resolutions which were unanimously adopted:

Whereas, The publishing work was organized among us to help carry on the cause of God, and has been greatly prospered; therefore,—

1. Resolved, That we thank God for the increased prosperity which has attended the Pacific Press during the past year, and regard this as another evidence of the special blessing of God upon this branch of his work.

Whereas, The interests of the Pacific Press demand the constant and careful watchcare of those in charge; therefore,—

2. Resolved, That we disapprove of the Manager being called to bear responsibilities in other branches of the work which take his time and attention from the business of the office.

3. Resolved, That we hereby acknowledge the goodness of God in the prosperity which has attended the Signs of the Times and the Bible Student's Library during the past year, and that we express our sincere thanks to our people throughout the great field for their earnest efforts in augmenting the circulation of these publications; and we still ask their hearty co-operation in greatly enlarging the field and usefulness of not only our missionary paper, but our pamphlets and tracts.

Whereas, The paper entitled Our Little Friend is designed to be a means of instruction to the children, and the support so far accorded to it indicates that its weekly visits have been appreciated; therefore,—

4. Resolved, That we ask for its encouragement such an extended circulation as will warrant the expense and labor necessary to a high degree of excellence, both in appearance and usefulness.

5. Resolved, That we endorse the action of the Board of Directors in disposing of the Sentinel Library, to be merged into the Religious Liberty Library, and we urge the importance of an extensive use of the valuable literature, not only of the numbers already in stock, that are familiar to many of our people, but also of the new matter that will necessarily be called out by fast occurring events.

Whereas, The General Conference and Review and Herald have granted General Conference District No. 5 to the Pacific Press for the sale of books, and as said district is large and far from the office of publication, comprising Texas, New Mexico, Indian Territory, Oklahoma, Arkansas, Missouri, Colorado and Kansas; therefore,—

6. Resolved, That we approve of the vote of the Board to take immediate steps to establish a branch office and book depository in Kansas City, Mo.

7. Resolved, That we indorse the action of the Board in securing larger rooms and better facilities than heretofore for conducting business in San Francisco.

Whereas, It is a great help to the office to have money on hand to pay bills as soon as they are contracted, thereby getting the benefit of cash discounts, and establishing an excellent financial reputation; therefore,—

8. Resolved, That we express thanks for help in this direction during the past year, by the deposit of money in the office at a low rate of, and in some cases without, interest.

Whereas, There is a great increase in the number of bank failures, therefore,—

9. Resolved, That we again urge our people to make the Pacific Press a place for depositing money as a matter of safety.

Whereas, The Missionary Echo has been published at a loss; therefore,—

10. Resolved, That unless there shall be evidences of an increase in its circulation, or a greater demand for its issue, we recommend that the office cease to
bear the responsibility of its publication as soon as its present contract and obligation shall expire.

11. Resolved, That we express our approval of the action of the Board of Directors in selling the London Branch of this Company to the General Conference on the terms and conditions agreed upon and stated in the report of the Manager.

Whereas, All the institutions connected with the work of God should be schools to fit laborers for the service of Christ, and it is evident that as we near the end greater and increasing efforts should be put forth in this direction; therefore,—

12. Resolved, That we the stockholders of the Pacific Press Publishing Company, instruct the incoming Board of Directors to, as soon as convenient, adopt such plans as will place before every employee and especially the apprentices, the opportunity of obtaining a practical knowledge in at least the common branches of education.

GENERAL INFORMATION.

POSTAL GUIDE.

ALL mailable matter for transmission by the United States mails within the United States, is divided into four classes, under the following regulations:

FIRST-CLASS MATTER.

This class includes letters, postal cards, and anything sealed or otherwise closed against inspection, or anything containing writing not allowed as an accompaniment to printed third-class matter.

SECOND-CLASS MATTER.

This class includes all newspapers, periodicals, or matter exclusively in print and regularly issued at stated intervals as frequently as four times a year, from a known office of publication or news agency, to actual subscribers or news agents, and transient newspapers and publications of this character mailed by persons other than publishers. Such publications must bear date of issue, and be numbered consecutively, be formed of printed paper sheets without board, cloth, leather, or other substantial binding; must be published for dissemination of information of public character, or devoted to literature, art, or a special industry, and have a legitimate list of subscribers.

THIRD-CLASS MATTER.

Mail matter of the third class includes printed books, pamphlets, engravings, circulars in print or by the hectograph, electric pen, or similar process, and other matter wholly in print, proof-sheets, corrected proof-sheets, and manuscript copy accompanying the same.

Manuscript, unaccompanied by proof-sheets, must pay letter rates.

Printed matter is defined by statute to be a reproduction upon paper by any process except that of handwriting of any words, letter, character, figures, or images, or any combination thereof, not having the character of actual personal correspondence.

A circular is defined as a printed letter which, according to internal evidence, is being sent in identical terms to several persons, and does not lose its characteristics as such by writing therein the date and name of address or of sender, or the correction of mere typographical errors. Section 364, paragraph 2, P.L. & R., edition 1881, is amended so as to read: "Matter prepared by the type-writer is inadmissible as third class matter, and must be regarded as personal correspondence. Circulars and other matter printed in imitation of type-writing may, however, be admitted as third-class matter, when they are not in the nature of personal correspondence."

The limit of weight is four pounds, except single books in separate packages, on which the weight is not limited.

The name and address of the sender, preceded by the word "from," may be written upon the package, and a simple manuscript dedication may appear in a book or upon the article inclosed.

FOURTH-CLASS MATTER.

Fourth-class matter is all mailable matter not included in the three preceding classes, which is so prepared for mailing as to be easily withdrawn from the wrapper and examined. It embraces merchandise and samples of every description, and coin or specie.

Articles of this class that are liable to injure or deface the mails, such as glass, sugar, needles, nails, pens, etc., must be first wrapped in a bag, box, or open envelope, and then secured in another outside tube or box, made of metal or hard wood, without sharp corners or edges, and having a sliding clasp or screw lid, thus securing the articles in a double package. The public should bear in mind that the first object of the department is to transport the mails safely, and every other interest is made subordinate.

Such articles as poisons, explosives, or inflammable articles, live animals, insects, or substances exhaling a bad odor, will not be forwarded in any case.
The regulations respecting the mailing of liquids are as follows: Liquids, not ardent, vinous, spirituous, or malt, and not liable to explosion, spontaneous combustion, or ignition by shock or jar, and not inflammable (such as kerosene, naphtha, or turpentine), may be admitted to the mails for transportation within the United States. When contained in glass bottles or vials, such bottles or vials must be strong enough to stand the shock of handling in the mails, and must be inclosed in a wooden or paper-mache block or tube not less than three sixteenths of an inch thick in the thinnest part, strong enough to support the weight of mails piled in bags, and to resist rough handling; and there must be provided, between the bottle and its wooden case, a cushion of cork-crumbs, cotton, felt, asbestos, or some other absorbent, sufficient to protect the glass from shock in handling, the block or tube to be closed by a tightly-fitting screw lid of wood or metal, with a rubber or other pad so adjusted as to make the block or tube watertight, and to prevent the leakage of the contents, in case of breaking of the glass. When inclosed in a tin cylinder, metal case, or tube, such cylinder, case, or tube should have a screw lid with a rubber or cork cushion inside in order to make the same watertight, and should be securely fastened in a wooden or paper-mache block (open only at one end), and not less in thickness and strength than above prescribed. It would be well always to consult the postmaster in reference to the proposed mailing of liquids. The limit of admissible liquids and oils is four ounces, liquid measure.

LIMITATION OF WEIGHT OF PACKAGES.

No package weighing more than four pounds shall be received for forwarding by mail, except single books weighing in excess of that amount, books and documents published by order of Congress, official matter from departments of Government, or from the Smithsonian Institute.

DOMESTIC RATES OF POSTAGE.

ON FIRST-CLASS MATTER.

Rates of letter postage to any part of the United States, two cents per ounce or fraction thereof.

Rates on local or drop letters at free-delivery offices, two cents per ounce or fraction thereof. At offices where there is no free delivery by carriers, one cent per ounce or fraction thereof.

Rates on postal cards, one cent. Nothing must be added or attached to a postal card, except that a printed address slip may be pasted on the address side. The additional of anything else subjects the card to letter postage. A card containing any offensive dun, or any scurrilous or indecent communication, will not be forwarded. Nothing but the address must be placed on the face, or stamped side.

Rates on specially delivered letters, ten cents on each letter in addition to the regular postage. This entitles the letter to immediate delivery by special messenger. Special delivery stamps are sold at post-offices, and must be affixed to each letter. An ordinary ten-cent stamp affixed to a letter will not entitle it to special delivery.

Prepayment by stamps invariably required. Postage on all letters should be fully prepaid, but if prepaid one full rate and no more, they will be forwarded, and the amount of deficient postage collected on delivery; if wholly unpaid, or prepaid with less than one full rate, and deposited at a post-office, the addressee will be notified to remit postage, and if he fails to do so, the letter will be sent to the Dead Letter Office. Such letters will, however, be returned to the sender if he is located at the place of mailing, and if his address is printed or written upon it.

Letter rates are charged on all productions by the typewriter or manifold process.

Letters (but no other class of mail matter) will be returned to the sender free, if a request to that effect is printed or written on the envelope. There is no limit of weight for first-class matter.

Prepaid letters will be re-forwarded from one post-office to another, upon the written request of the person addressed, without additional charge for postage. The direction on forwarded letters may be changed as many times as may be necessary to reach the person addressed.

ON SECOND-CLASS MATTER.

Rates of postage to publishers and news agents, one cent a pound or fractional part thereof, prepaid by special stamps. Publications designed primarily for advertising or free circulation, or not having a legitimate list of subscribers, are excluded from the pound rate and pay third-class rates.

Publications sent to actual subscribers in the county where published, are free unless mailed for local delivery at a letter-carrier office.

Rates of postage on transient newspapers, magazines, or periodicals, when sent by others than publishers or news agents, one cent for each four ounces or frac-
tion thereof. It should be observed that the rate is one cent for each four ounces, not one cent for each paper. These rates do not apply for transient publications mailed for local delivery by carriers at a free-delivery office.

Sample copies (which must be exactly like regular edition) may be sent by publishers from the office of publication, at the pound rate, to persons not subscribers, for the purpose of inducing them to subscribe, or advertise, or become agents thereof. They are not entitled to free circulation in the county where issued, and must be mailed separately from editions that are. They must not be inclosed in the same package with copies intended for subscribers. They cannot be mailed by news agents at the pound rate.

News agents and newsboys are persons engaged in the business of selling second-class publications. A mere local or traveling agent for a publication is not a news agent. The news agent must file with the postmaster at his office of mailing, a statement showing the names of the periodicals which he mails, the post-office to which they are directed, the number of subscribers to each on his list, with dates to which their regular subscriptions extend.

Supplements and extra editions may, without extra postage, be folded within the regular issues of second-class publications; but they must in every case be issued with the publication, and contain matter omitted from the regular issue for want of space, time, or greater convenience. If mailed separately, they must be prepaid as third-class matter.

A mark, without words, may be used to call attention to a word or passage; or a typographical error may be corrected. The words marked copy may then be written on the publication.

ON THIRD-CLASS MATTER.

The rate on matter of this class is one cent for each two ounces or fraction thereof.

Third-class matter must admit of easy inspection. Otherwise it will be charged letter rates on delivery. It must be fully prepaid, or it will not be forwarded. Its wrapper must bear no writing or printing except the name and address of the sender, and a return request.

ON FOURTH-CLASS MATTER.

Rate of postage, one cent for each ounce or fraction thereof (except seeds, roots, bulbs, cuttings, scions, and plants, the rate on which is one cent for each two ounces or fraction thereof). This matter must be fully prepaid, or it will not be forwarded.

The name and address of the sender, preceded by the word from, also the names and number (quantity) of the articles inclosed, may be written on the wrapper of fourth-class matter without additional postage. A request to the delivering postmaster may also be written, asking him to return the package if not delivered.

REGISTRATION.

All kinds of postal matter, except second-class matter, can be registered at the rate of eight cents for each package in addition to the regular rates of postage, to be fully prepaid by stamps. Each package must bear the name and address of the sender, and a receipt will be returned from the person to whom addressed.

The Post-Office Department or its revenue is not by law liable for the loss of any registered mail matter.

MONEY-ORDERS.

Domestic money-orders are issued by money-order post-offices for any amount up to $100, at the following rates:—

For sums not exceeding $5, five cents; for $5 to $10, eight cents; for $10 to $15, ten cents; for $15 to $20, fifteen cents; for $20 to $40, twenty cents; for $40 to $50, twenty-five cents; for $50 to $60, thirty cents; for $60 to $70, thirty-five cents; for $70 to $80, forty cents; for $80 to $100, forty-five cents.

When more than $100 is required, additional orders must be obtained, but not more than three orders will be issued in one day to the same payee, payable at the same office.

POSTAL NOTES.

These will be issued for sums less than $5, for a fee of three cents, and are payable to any person presenting them, either at the office designated on the note, or at the post-office of issue within three months of date of issue.

No duplicate can be secured in case of loss, as the note is made payable to bearer.
LETTER-SHEET ENVELOPES.

GENERAL SUGGESTIONS TO THE PUBLIC.

(MFrom the United States Official Postal Guide.)

Mail all letters, etc., as early as practicable, especially when sent in large numbers, as is frequently the case with newspapers and circulars. The trouble of the post-office is much diminished if letters, when mailed in large numbers, are tied in bundles, with the addresses all in one direction.

Make the address legible and complete, giving the name of the post-office, county, and State. The name of the street and number of the house should also be given on letters addressed to cities where letter-carriers are employed; while the letter will eventually reach its destination without a number, the omission is often a cause of hesitation and delay. In the case of letters for places in foreign countries, and especially in Canada, in which country there are many post-offices having the same name as post-offices in the United States and in England, the name of the country as well as the post-office should be given in full. Letters addressed, for instance, merely to “London,” without adding “England,” are frequently sent to London, Canada, and vice versa, thereby causing delay, and often serious loss. Letters addressed to Burlington, N. S. (Nova Scotia), often go to Burlington, New York, on account of the resemblance between S and Y when carelessly written. It would be better to write out names of States in full.

Avoid, as much as possible, using envelopes made of thin paper, especially where more than one sheet of paper, or any other article than paper, is inclosed. Being often handled, and even in the mail-bags subject to pressure, such envelopes not unfrequently split open, giving cause of complaint against officials who are entirely innocent in the matter.

Never send money or any other article of value through the mail, except by means of a money-order, or in a registered letter. Any person who sends money or jewelry in an unregistered letter not only runs the risk of losing his property, but exposes to temptation every one through whose hands his letter passes, and may be the means of ultimately bringing some clerk or letter carrier to ruin.

See that every letter contains the full name and post-office address of the writer, with county and State, in order to secure the return of the letter, if the person to whom it is directed cannot be found. A much larger portion of the undelivered letters could be returned if the names and addresses of the senders were always fully and plainly written or printed inside or on the envelopes. Persons who have large correspondence find it most convenient to use “special request envelopes;” but those who mail only an occasional letter, can avoid much trouble by writing a request to “return if not delivered,” etc., on the envelope.

When dropping a letter, newspaper, etc., into a street mailing box or the receptacle at a post-office, always see that the packet falls into the box, and does not stick in its passage; observe, also, particularly, whether the postage stamps remain securely in their places.

Postage stamps should be placed on the upper right-hand corner of the address side of all mail matter.

Postmasters are not obliged to accept in payment for postage stamps or stamped envelopes, wrappers, etc., any currency which may be so mutilated as to be uncertain, or the genuineness of which cannot be clearly ascertained. They are not obliged to receive more than twenty-five cents in copper or nickle coins. They are not obliged to affix stamps to letters, nor are they obliged to make change, except as a matter of courtesy. They must not give credit for postage.
Letters cannot be carried out of the mail except in postage-stamped envelopes. Even if a person is not acting as a common carrier, there is no objection to his carrying a sealed letter, whether in a stamped envelope or not; but to continue the practice, or receive money for so doing, would subject the party to a penalty of one hundred and fifty dollars. Newspapers, magazines, and periodicals may be carried out of the mail for sale or distribution to subscribers, but if they are put into a post-office for delivery, the postage must be paid thereon.

It is forbidden by the regulations of the Post-Office Department for postmasters to give to any person information concerning the mail matter of another, or to disclose the name of a box-holder at a post-office.

Mail matter deposited in any receptacle erected by the Post-Office Department, such as street mailing-boxes for the reception of mail matter to be collected by letter-carriers, or boxes in railroad depots for the reception of matter to be collected by employees of the railway mail service, cannot be reclaimed by any one under any circumstances. If letters intended for city delivery are deposited in boxes in railroad depots, it is at the risk of the person doing so. Such mail cannot be reclaimed, except through the Dead Letter Office.

Letters addressed to persons temporarily sojourning in a city where the Free Delivery System is in operation, should be marked "Transient" or "General Delivery," if not addressed to a street and number, or some other designated place of delivery.

All matter concerning lotteries, gift concerts, or schemes devised to defraud the public, or for the purpose of obtaining money under false pretenses, is denied transmission in the United States mails.

A subscriber to a newspaper or periodical who changes his residence or post-office, should at once notify the publisher, and have the publication sent to his new address.
