FAITHFUL, EVER FAITHFUL

Faithful, ever faithful, brother,
Faithful to the end;
To your captain in the battle
All your powers lend.

Faithful, ever faithful, brother,
Stand you tried and true;
Christ has need of faithful soldiers,
For there's much to do.

Faithful, ever faithful, brother,
Quit you like a man;
Earnest be and ever ready,
Do whate'er you can.

Faithful, ever faithful, brother,
Victory is sure;
There's no chance for failure, brother,
If the heart's kept pure.

— C. P. Bollman.
PREFACE

In the following pages will be found complete directories of all the conference and mission field organizations, as well as institutions, connected with the denomination. In a work growing as rapidly as is this one, and whose territory is so extensive, frequent changes are inevitable; so that much of the matter contained herein is subject to revision very soon after publication.

EDUCATIONAL INSTITUTIONS

OUTLINE OF COURSES IN EDUCATIONAL INSTITUTIONS

At the Educational Council held at St. Helena, Cal., June 4-14, 1915, it was recommended that the work of our intermediate schools, academies, and colleges be organized upon a semester (half year) basis, each semester to be subdivided into three periods of six weeks each. It was also recommended that the credits given in these schools be reckoned upon a unit basis, one unit representing a study pursued 38 weeks with five recitations a week, forty-five minutes in length, or its equivalent; that college credits be given on the semester-hour basis, a semester-hour representing a study pursued one sixty-minute hour a week for eighteen weeks. The scope of the various courses conducted in these schools is as follows:

SURVEY OF THE FIELD
FOR YEAR ENDING NOV. 1, 1921

A brief review of the year's work throughout most of the fields is presented in the following pages, closing with the year ending Nov. 1, 1921.

NORTH AMERICAN DIVISION CONFERENCE

The total church membership of the conferences in the United States and Canada for the quarter ending September 30; 1921, was 100,673, this number being an increase for the four preceding quarters of 1,250. The funds contributed during the four quarters ending September 30, 1921, are as follows: Tithe, $3,428,061.54; foreign mission offerings, $2,260,597.22; home missionary offerings, $774,594.25; total, $6,463,253.01.

The number of persons baptized during this period was 6,925, an increase over the preceding year of 404. The number of evangelistic laborers, September 30, 1921, was 2,592; institutional, 2,902.

BRITISH UNION CONFERENCE

M. N. Campbell, President

This report covers only nine months of 1921. The British Isles have passed through a severe crisis during this period. The most disastrous coal strike in its history took place, lasting more than three months. This brought to a standstill practically every other industry, and six million people were thrown out of employment. The nation came to the very verge of civil war and revolution. During this period the cause of God suffered considerably, as the tithe income was seriously affected. The local conferences had a difficult time to carry on their work. However, people continued to accept the truth, 426 new members being added to the churches during the three quarters covered by this report.

The general hard times affected the canvassing work to quite an extent, but as we had a larger number of workers in the field, the book sales dropped very slightly below the record of 1920.

The college has an enrolment of 117, as compared with 200 last year. The financial stringency was felt by this institution more than the others, excepting possibly, Caterham sanitarium. The publishing house, food factory, and the Stanborough Park Sanitarium showed excellent gains for the year.

Last year our Ingathering goal was £7,500, which was greatly exceeded. This year we are aiming to reach £12,000. The campaign is in progress while these words are being penned. From present prospects we shall reach our goal in spite of the fact that it is about three times as hard to get money this year as last.

Early in the year, the writer visited our West African mission field and held an institute for the white and native workers at Waterloo, Sierra Leone. Several of the inland stations were visited. The work in that field is progressing hopefully. There are at present 550 Sabbath keepers in the West Coast missions. The health of the workers is keeping up well in such a difficult climate. In Egypt and East Africa the cause is making good headway. During the year, our stations in old German East Africa (now Tanganyika) were restored to us by the British Government and steps are being taken to reopen them.
The offerings to missions show a steady increase. This was true during the severest part of the financial depression, indicating a strong spirit of loyalty on the part of our British believers to the cause of missions.

The cause is growing in Britain and the churches are showing a good spirit of courage and devotion.

CENTRAL EUROPEAN UNION
G. W. Schubert, President

The Central European Union has suffered most because of the war as far as territory and boundary variation is concerned. Formerly this Union consisted of southern Germany including Alsace-Lorraine, most of the territory of the present Czechoslovakian Union, and the rest of Austria, with Istria and Dalmatia.

By ceding Alsace-Lorraine and South Tyrol to the Latin Union we lost about 260 members; to the Jugoslavian mission field we gave three churches. We lost over 1,200 members altogether through the breaking up of Austria.

Today the Central European Union consists of southern Germany, the Austrian republic, and German-Switzerland. The Central European Union is today, with the exception of a small extremity of Italian territory, wholly German territory. The Union has a total membership of 6,636. It consists, after doubling smaller conferences and mission fields, of six conferences, viz.:

1. Main-Neckar Conference with headquarters at Frankfurt/Main. This conference has a membership of 1,331. It includes the district of Frankfort on the Main, the southern portion of the Rhine province, the Hessian and Bavarian Palatinate, and the northern part of the Baden.

2. Wurtemberg-Baden Conference with headquarters in Stuttgart. This conference consists of the southern part of Baden, the whole of Wurtemberg, and Hohenzollern districts. Its members number 1,624. The newly acquired school of our Union is at Kirchheim, near Stuttgart. This school was dedicated on October 2, 1921. With the presence of the conference board, and the delegates of the West and East German Unions, it was solemnly committed to its purpose. Elder L. R. Conradi preached the dedicatory sermon to an audience of about 700.

3. North Bavarian Conference with headquarters in Niiremberg takes in the northern part of Bavaria. It has a membership of 925.

4. South Bavarian Conference has its headquarters in Munich. Our sanitarium, "Kurhaus Wittelsbach," is located in Bad-Aibling. The new institution has achieved good results, far above our expectations.

5. The Austrian Conference headquarters is located at Vienna. This conference with a membership of 584, includes the territory of the German-Austrian Republic.

6. The territory of German Switzerland and Lichtenstein with headquarters in Zürich. This conference has a membership of 984. Beside the two institutions named, a school and a sanitarium, the Union has a successful nurses home at Wiesbaden.

The headquarters of the Central European Union is in Munich, Tizianstr. 35, in a building owned by the Union. Besides the institutions named, the South German Building Association owns buildings in Nüremberg, Stuttgart, Frankfort/Main, and Wuerzburg, in which there are good meeting halls and dwellings.
The East German Union was established in 1909, with a membership of 5,005. At that time it consisted of East Germany, Hungary, Galicia, and the Balkan States. It now consists of the eastern Pusussian provinces: Pomerania, Brandenburg, Silesia, East Prussia, (Posen and West Prussian being lost to our Union by being joined to Poland), the republic of Saxony, and the republic of Lithuania, with a total population of about 25,000,000. On the first of July, 1920, the Union had a total membership of 10,418; with 138 workers and 265 churches. During the conference year there was a net gain of 904 members, twenty-nine churches organized, and also fourteen new workers entered the vineyard of the Lord. On June 30, we had 152 workers and 294 churches with a membership of 11,322. Today this Union is divided into eight conferences: Berlin, Brandenburg, Masourian, East Prussian, Pommerania, Northeast Saxony, Silesia, West Saxony, and the mission field of Luthuania. Our work is progressing. In all parts a good interest is manifested in behalf of our message.

During the calendar year 1920, we received in tithe 3,075,697 marks, which is 1,584,142 marks more than the preceding year. The total offering for missions in 1919 amounted to 806,853 marks, whereas, in the year 1920, the offering amounted to 610,260 marks.

In our different departments we have also made good progress. One secretary has taken charge of home missionary and the Sabbath school work, while another has the young peoples' and educational work. One of our doctors has taken charge of the medical missionary department. On the first of July, 1920, our Union had ninety-four missionary volunteer societies with 2,673 members. The young peoples' work is received with a warm heart in all parts of the field, while our youth are gaining a greater interest in this wonderful work, and endeavor to work more earnestly for the Lord, thereby growing in faith.

The home missionary department has made great progress. Both old and young are working together with a missionary spirit in the church as well as in the neighborhood. For the department of medical missionary work we can only record good progress. In Charlottenburg, Dresden, Breslau, and Leipsic, we are supporting homes for lady nurses, in which, under the supervision of a head nurse, ten nurses can do private nursing. A special conference nurse has been apportioned to the church in practically every conference, whose duty it is to stand by and assist the sick members of the church in word and deed, and carry the burden to make plain to the church members and to give them instruction as to proper and simple nursing.

Up until December, 1920, the different buildings in Friedensau, one sanitarium, two school buildings, "Altersheim" (home for the aged), and the sanitarium belonged to the three German unions in common. But through agreement and an indemnity to the other two unions, these institutions became the property of the East German Union on Jan. 1, 1921. The Friedensau school has an attendance of about 150, and because of the enlargement of its industrial lines, the students are enabled to earn a great part of their school expenses. Although, it was impossible for us, because of the compulsory school attendance, to establish church schools, yet since 1917 we have one of these at Friedensau with an enrolment of thirty-five children. Up until 1919 a law existed that our children dared not be absent from school on the Sabbath, but since
this time under the proposal of the parents, the children are freed from attending school on Sabbath.

The sixty-four inmates in the old peoples’ home fill it to its utmost. While the sanitarium in Friedensau treats less difficult cases and is more for recuperative patients, the sanitarium in Zehlendorf, also a clinic, treats very serious cases, and undertakes the most difficult operations. But not only are the physical wants and ailments healed in these institutions, but many persons find the healing balm for the sin-sick soul.

Although we have many difficulties to meet, yet the work of our great God is moving steadily forward. With thankful hearts we want to erect our “Eben-ezer,” trusting that He will continue, as in the past, to lead us on.

THE WEST GERMAN UNION
P. Drinhaus, President

The territory of our Union is western Germany, with Holland as a mission field. The Union comprises about thirty million inhabitants. The principal cities of this field are Hamburg, Cologne, Duesseldorf, Hannover, Bremen, and Essen. It was in this field that in the year 1874 the first church of Germany was organized by Brethren Andrews and Erzberger. The home of this church was Vohwinkel near Elberfeld. Seven kilometers from this place is situated our school, Missions-Seminar Neandertal. Our church membership has grown from that small beginning to 8,833. During the first three quarters of 1921 we received 994 believers into church fellowship. In the cities our evangelists use the largest halls for their work, and the chapels used by the churches have everywhere grown too small.

Our young peoples’ societies have a membership of 1,544. Our school opened for the first time with about sixty students. During our Harvest Ingathering campaign 400,000 magazines were used in one month. At this writing the result in offerings received cannot be given.

The churches, as well as the hundred evangelistic workers of our field, are of good courage in the knowledge that God will at this time finish His work.

THE SCANDINAVIAN UNION
J. C. Raft, President

The Scandinavian Union consists of Sweden, Norway, Denmark, Finland, Esthonia, and Lettonia, together with Iceland and Abyssinia as mission fields. It has a total population of about eighteen million. Every country has its own language, manners, and customs; also the value of money varies greatly and causes some difficulty, as the currency in some of the countries has but little value. In order to pass from one country to another, it is necessary that one be provided with a passport. All this impedes the work, and places obstacles in the way; but in spite of all this, the work moves steadily along by the grace and power of God.

The work within the Scandinavian Union has been reorganized to some extent during the past year. Instead of having as heretofore two or three local conferences in each country, we now have only one. We have organized the departmental work, and these various departments are working well. The work which Brother Steen Rasmussen, the de-
partmental secretary for the Union, has carried on, together with his collaborators in the local conferences, has already borne abundant fruit. The missionary volunteer work is well organized, and our churches are busily employed scattering our smaller publications. The harvest ingathering work has also been launched, and the results are splendid. In the Sabbath school department marked progress has been seen, and the gifts to missions have increased to an amount three times the amount it was before we organized the departmental work.

In the educational work, we have been somewhat behind. For this reason special effort is now being made to make up for lost time. We have four schools in the union, one in each of the following countries: Sweden, Denmark, Norway, and Finland, and we are working toward the plan of establishing separate schools also in Lettonia and Esthonia. Our brethren and sisters take a deep interest in the educational work, and earnest efforts are being made by each conference to make the schools what the Lord intended they should be.

Our medical work has for several years occupied a prominent place here in Scandinavia. With Skodsborg Sanitarium as the mother institution of several smaller treatment rooms, this branch of our work has made good progress every year, until it now has become a strong organized department of our work. The medical and health work has been the means of securing many friends for the threefold message among the better classes of society, and among men of influence and prestige.

What has already been said about the medical work is true regarding our publishing work. For many years we have sold much literature. Our books, tracts, and periodicals have found their way into thousands of homes, and have been the means in the hand of the Lord, to win many souls for present truth.

It is a source of special encouragement and joy to us that so many souls have been won during the past few years, the past being the very best in our experience. The number of souls won during the year 1921, soon to close, will exceed one thousand. Our ministers have worked hard and diligently, and the Lord has blessed their efforts. The churches show a marked interest in the work of the Lord, and the spiritual life among our brethren and sisters is on the increase. The Lord is with us and is working for us. We are of good courage. We expect great things from the Lord, and with this aim in view we continue our work.

SOUTHERN ASIA DIVISION OF THE GENERAL CONFERENCE

W. W. Fletcher, Vice-President

India, Burma, and Ceylon comprise the territory of the Southern Asia Division. The population of these countries exceeds 320,000,000. The predominating religions are Hinduism (220,000,000 adherents), Mohammedanism (68,000,000 adherents), and Buddhism (12,000,000 adherents). There are about 4,000,000 professing Christians in India and Burma, three fifths of whom are in South India, where Christian missions have been longest established, and where there are about 750,000 adherents of the Syrian Christian Church, which is known to have been established on the southwest coast of India since the fourth century. Statistics show that while the Hindu community is increasing at the rate of five per cent per decennium, the Mohammedans six per cent, and the Buddhists eleven per cent, the Christian community shows an increase of thirty-four per cent, and the Protestant Christian community forty per cent.
The work of Seventh-day Adventists was commenced in India about twenty-six years ago. At the present time the message is being proclaimed by voice or by means of literature in sixteen languages.

**Publishing Work**

The multiplicity of languages and dialects with varying scripts makes the task of publishing for this division a difficult and expensive one. Nevertheless, encouraging progress is being made with a well-defined program of advance in this department of the work. A literature committee, with a secretary free to devote most of his time to the work, is endeavoring to prepare a line of salable literature that will be understood by all classes of the population, and other special lines for free distribution by church members. The publishing house organization has been strengthened, and a number of new men added to the field literature workers.

**Educational Work**

During 1921 the first building of the Vincent Hill School, Mussoorie, was completed. This school is conducted in English, and is destined to play an important part in the work in India.

In South India the main buildings for the training school work for the Dravidian language group (the five leading languages of South India) have been completed. This school is located near Bangalore, and is supported by intermediate schools in the Tamil, Telugu, and Malayalam language areas.

Considerable building work has been done at Hapur, United Provinces, where the training school for Northeast India is located. The Hapur school is to be a training center for the Urdu, Hindi, Punjabi, and Garhwali language areas, supported by intermediate schools in those language areas.

Additional buildings have been erected at Lasalgaon, Western India, in connection with the training school for the Marathi and Gujarati peoples.

In Bengal progress has been made in the opening of an intermediate school at Gopalgunj.

In Burma a property has been purchased at Taikgyi for the training school for Burmese and Karen girls.

**Medical Work**

Well-equipped treatment rooms are operated at Simla and Mussoorie, at an elevation of about 7,000 feet, on the foothills of the Himalayan mountains. These institutions are doing much to bring the message favorably to the notice of the official and the educated classes, both foreign and Indian.

Dispensaries to meet the needs of the poorer classes are operated at Kalyan, Bombay Presidency; Chuharkana, Punjab; Karmatar, Santhal Purganas; and Kammamaung, Burma. At practically every mission station, also, more or less attention is given to the care of the sick.

**Sabbath School Department**

The Sabbath school membership of the Southern Asia Division stood at 1,810 on June 30, 1921, an increase of 47 per cent as compared with the corresponding quarter of 1920. The Sabbath school offerings during 1921, judging by the receipts for the first three quarters, are likely to amount to about $6,000 gold for the year.
Northwest India Union Mission

The territory of this Union includes the Bombay Presidency, Central India, the United Provinces, and the Punjab, and a number of adjacent states. The population is estimated at 150,000,000, or almost half that of the entire division. There are three organized missions in the Bombay Presidency, the United Provinces, and the Punjab. In each of these fields the workers are in touch with promising situations. During 1921 the first foreign family for the Gujarati work reached the field, Brother and Sister R. A. Smithwick entering on the study of the Gujarati language. The working force in each of the three local missions has been strengthened during 1921. Pastor I. F. Blue is superintendent of this Union Mission.

Northeast India Union Mission

This mission includes Bengal, Bihar, Orissa, and Assam, within its territory the population numbering about 91,000,000. Although Bengal was the first field in the division to be entered with the message; the Northeast has been the most slenderly manned of all the unions. This condition has been somewhat corrected during 1921 by the addition of five foreign families and one single lady to the working staff. Pastor H. E. Willoughby was appointed during the year to the superintendency, which had been vacant for some time. A new field, North Bihar, was entered with the message, Pastor H. E. McWhinny leading out in this development, assisted by Brethren J. E. Saunders and James Dean and their wives, who are studying the Bihari language, which is closely related to the Hindi, and which is spoken by about 24,000,000 people.

South India Union Mission

The languages of South India are known as the Dravidian group, and are distinct from the Aryan group, the languages of the north. There are five leading languages. The message has gained a substantial footing among the Tamil, Telugu, and Malayalese-speaking peoples, and we have organized missions in each of these language areas. The message exists in printed form in the fourth language, the Kanarese, and in the latter part of 1921 Brother and Sister Henry Hansen were assigned to Ceylon for work in Singhalese, the fifth and last of the main languages of the group. The superintendent of this Union Mission is Pastor G. G. Lowry. The territory of the Union includes the Madras Presidency, the Native States of Mysore and Travancore, and the island of Ceylon, with a total population of about 60,000,000.

Burma Union Mission

While Burma has a population of only about 12,000,000, its indigenous people speaks a large number of languages and dialects. There is also a large alien population from India and China. Work is being carried on in the Burmese and Sgaw Karen languages, and also in the Telugu. Subsequent to the death of Pastor C. F. Lowry there was a vacancy in the union mission superintendency; but Pastor Joseph Phillips was appointed to that office early in 1921. Other workers also arrived during the year to strengthen the forces in the Burma Union.
General Conference Visitors During 1921

Brother H. H. Hall, of the General Conference Publishing department spent six weeks in India in February and March, and gave valuable help in planning for the publishing work, and in general counsel.

Pastor W. A. Spicer reached India on October 30, and began an itinerary which was to cover fourteen weeks, including attendance at the biennial conferences of the four union missions.

The Division suffered a great loss early in 1921 in the departure of Pastor J. E. Fulton, General Conference Vice-President, who was compelled to retire from the field owing to ill health.

THE EAST BRAZIL UNION MISSION

H. Meyer, Superintendent

The third year of our existence as a union mission is almost gone. Our trials and difficulties are not decreasing; the severe financial crisis which set in a year ago and still is being decidedly felt in almost every part of this field, has also affected our work. Yet we have no reasons to complain. The blessings of God have been much more abundant, and the manifestations of his power much greater than our difficulties.

Our present membership is over 1,400, giving us a net increase of more than 200 for the year. Many new interests have sprung up, and the workers are of good courage. We are especially pleased to see our city churches take on larger dimensions, which we must attribute to a large extent to consecrated home missionary work.

The Rio de Janeiro Mission has a membership of 312. In the month of December we dedicated our first church building in the city of Rio de Janeiro. This church is ideally located, is well built, and has a seating capacity of 320. At Sebastião de Lacerda, a place in the interior of the state, a Sabbath school of seventy-five has been organized, which is entirely the result of the work of the church members. Elder R. J. Wilfart, the superintendent of the mission, with his co-workers have more than they can do.

The East Minas Mission has a membership of 266. In the month of October our first church building was dedicated in this field. The number of workers has been unfortunately small this year, but new workers are arriving. This we surely appreciate. The field is without a superintendent at the present.

The Espírito Santo Mission has 400 members, and a number of strong churches. One at Serra Pellada is still our largest church in all Brazil. Two new church buildings have been dedicated in this field during the year. It also has three church schools doing good work. We are very much in need of more workers for this mission.

The Bahia Mission, with a membership of 118, about the most promising field in our union, is again without a superintendent, as Brother F. S. Chollar was compelled to return to the States on account of his wife's physical condition. This state was struck very severely by the financial crisis, but by the help of the Lord our work has progressed, and the tithe and offerings show an increase over last year.

The Pernambuco Mission has a membership of 304. It has been without a superintendent for a year and a half. Brother C. E. Rentfro takes the superintendency at the beginning of the year. The church at Recife has grown considerably, and in the interior several new companies have developed.
We were aiming that our advance guard should reach the Amazon this year, which we were unfortunately not quite able to do. But our colporteurs have entered the states of Piauhý and Ceará where nothing had been done before, and as a result of their work we have some fifty persons in that zone keeping the Sabbath of the Lord and waiting anxiously for the arrival of a minister.

With confidence and courage we are looking ahead, knowing that this is the opportune time for extending the cause we love to all parts of this great field.

INCA UNION MISSION
E. F. Peterson, Superintendent

The past year has been one of triumph and progress in the Lord's work in the Inca Union Mission. Hundreds have come to the light of the everlasting gospel. Some have suffered bitter persecution because of their faith. Witness of the message has been borne before presidents, senators, and congressmen of republics; editors of leading papers; heads of commerce and business; bigoted religionists; domineering local authorities; sincere seekers after truth; caviling scoffers; indifferent unbelievers and semi-savages, many of whom heard for the first time the name of Jesus spoken in adoration and reverence.

The territory of the Inca Union Mission comprises the republics of Ecuador, Peru, and Bolivia, with a population of about ten million people—a large percentage of whom are pure Indians or mixed blood. There are four local mission fields, each with its staff of officers and workers. In all there are 124 workers. Thirty-one are foreign workers, eight of whom are ordained ministers. Ninety-three are natives of the three republics in the union, and eighty-two of these are pure Indians who have been trained in our own schools.

To date more than 600 have been baptized this year, and we hope to baptize before the close of 1921, 500 others, who are awaiting that sacred rite in different places in the local mission fields.

At one mission station 245 were baptized by one minister in one afternoon. This is the largest number ever baptized at one time in the history of this field.

One minister writes that he expected to baptize during the last six Sabbaths of the year groups of believers, numbering from thirty to one hundred in a place.

Only one church has been organized during the year. Several church buildings have been erected. Active work is begun in several new places. Brother Orley Ford began work late in the year for the Indians of Ecuador, near Riobamba; but has transferred the center of his work to a place called Colta, near Cajabamba. The new mission will be called the Colta Mission.

F. A. Stahl, who was compelled to leave the high altitudes around Lake Titicaca and who pioneered the Indian work in that region, has spent some time recuperating his health at Lima, and laboring in other parts of Peru. He made a trip into the interior of eastern central Peru among the Chunchos and semi-savage Indians of that district. He found favorable openings for our work there, and is now preparing to establish himself among two tribes previously not reached by the gospel. He is specially interested in the Campas, a powerful tribe, who have heretofore resisted all efforts to evangelize them. Thus the work has gained a new foothold, and is being proclaimed in two other of earth's diverse tongues.

INCA UNION MISSION
Fifty-five schools were conducted during the year, with an enrolment of more than 2,500 pupils. Two training schools, one at Platerfa, Peru, for Indian workers, and the other at Miraflores, Lima, Peru, for Spanish workers, with fifty-three primary schools make up the total. Calls have come to us for more than three times that number of schools. Our schools contribute largely to the success obtained in reaching so many people every year with the gospel of Christ.

A successful harvest ingathering campaign was conducted also, principally by the foreign workers. But each year the native workers and members are taking more active part in this work of soliciting funds from those outside our ranks. Noticeable and encouraging were the results secured even by the young lady students of the Lima training school. The Bolivian Mission received an amount equal to $34.20 per member.

The visit of J. W. Westphal to some of the centers of our field, was a source of great help to the work and workers. At that time calls were made for funds for the world-wide work, and a liberal response was shown by the members and workers.

Our foreign workers have adopted the North American standard for mission offerings of 60 cents a week. We have also been successful in raising funds for the Lima training school. Tithes and offerings show a material increase over the previous year, as also do the sales of literature. We are grateful for this, and specially in this time of financial crisis when it is more difficult to increase our receipts.

A special temperance number of the Spanish magazine El Atalaya was extensively circulated in September and October. Considerable interest was shown in the Big Week for sale of literature and home missionary work.

Four new families of workers have joined us. Three from the United States and one from another part of South America. Brother and Sister Walter Thomann came from Chile to engage in Indian work in Bolivia. The following all arrived from the United States: Brother and Sister Schwerin, for Indian work in the Lake Titicaca field; Elder and Mrs. Isaac to Ecuador, he to act as superintendent of the Ecuadorian Mission; and Elder and Mrs. Striplin to Lima to take charge of the Industrial Institute, the Lima training school. We expect several others before the close of 1921.

Those who have arrived, only partly replace those who had to leave the field to take up work elsewhere in the continent, so our lines are still thin.

Our workers travel by steamer, train, electric car, automobile, horse, mule, and on foot, carrying the glad tidings of the kingdom over mountain, valley, and plain. Thus the work speeds on. God blesses our efforts and works with us and independent of us to accomplish His work of grace among the inhabitants of the territory in the Inca Union Mission. But the crying needs call for more workers to garner in the harvest awaiting their efforts.

BOLIVIA MISSION

During the past year the work in Bolivia has progressed well. The attendance at the meetings at our mission stations have so increased that now many hundreds are hearing the truth. At the Rosario Mission we have baptized this year over one hundred. The total number baptized to this date, October 4, is 129. We hope to
baptize, before the end of the year, fifty or sixty more.

The interest in the gospel among the Indians of Bolivia is equal to that of the Lake Titicaca Mission. If we were able to fill the openings we shall soon have in Bolivia a splendid work in progress. Indians come to us from many districts and plead for schools and for pastors to teach them the gospel. We have three such openings at present.

Brother Walter Thomann, of Chile, is now opening a station that gives great promise. We are glad to acknowledge with gratitude the arrival in Bolivia of Brother Hindbaugh, who has taken over the work of secretary and treasurer of the mission.

Our colporteur work and missionary efforts are also advancing under the direction of Brother L. G. Beans. The tithes and offerings have increased. The harvest ingathering work is succeeding well.

Items of interest to us are that we have succeeded in obtaining legal recognition by the government of our schools in the republic, and authority for civil marriage of the Indians as well as civil registry for births of Protestant children in the country.

Beside the addition of workers mentioned above, Brethren Marcos Zenteno and Juan Curasi, native Aymara Indians, were transferred from the Lake Titicaca mission to work as station interpreter and teacher of Indian primary school.

ECUADOR MISSION

We regret that, on account of failing health, Brother J. D. Lorenz and family were obliged to leave the field in July. They are now enjoying a much needed furlough in the States. Brother Lorenz labored successfully in his field for about four years, acting as superintendent. In August, with my family I came to relieve Brother Lorenz.

In June Brother and Sister Orley Ford came to take charge of the Indian work. Orley Ford has labored among the Indians of the Lake Titicaca for nearly four years with splendid results. We feel very grateful that God has opened the way for definite work among the Indians in this field.

After making many visits to the different Indian settlements, Brother Ford has now opened a mission among the Indians near Riobamba. One of the members of the Quito church and his family have moved to Riobamba to assist in starting the mission and to act as Indian interpreter. A school will soon be opened there. The interest is very good and now seems to be the opportune time to establish a strong work among the Indians, and reap a harvest of souls among this needy class of people.

A few colporteurs have labored in Ecuador with very good results. Splendid records have been made with our books. Catholicism reigns supreme, and the opposition is bitter at times. Only a few weeks ago a priest was the instigator in the burning of about seventy sucres worth of books of one of our colporteurs. The government is liberal, and God is greatly blessing the work in this needy field. The outlook for the coming year is very encouraging.

LAKE TITICACA MISSION

The year 1921 has been freighted with many perplexities, many difficulties, but withal many joys. We are glad to report a substantial increase along all lines.

Our new station called the Huancané Mission was permanently estab-
lished in the district of Piata. Brother J. H. Elvin began working there in the month of February, and as a result of faithful work 245 were baptized on June 11. A church was organized at the same time. New mission buildings will also be completed here this year.

We now have nine central mission stations with two substations. We have twelve foreign families in our field. Two from Argentina, one from Canada, and nine from the United States. During the year we have had seventy-three native workers employed.

This year three new families have taken up work here: L. L. Clark has been placed in charge of the Oca Pampa Mission; G. A. Schwerin in charge of the Esquifias station; and W. F. Miller in charge of the Plateria Mission. Of our former workers, David Dalinger has been placed in charge of the Pomata Mission. Brother Jose D. Replogle remains in charge of the Have Mission, A. C. Ford at Haua station, A. H. Field at Umuchi, or “Broken Stone” station, Pedro Kalbermatter at Laro, and H. M. Colburn is our secretary and treasurer.

Two of our former workers have left us to fill urgent calls in other fields. Brother Orley Ford to Ecuador to begin the Indian work there, and Brother J. S. Hindbaugh to Bolivia as secretary and treasurer. We are glad to report that none have had to leave the field because of health conditions.

Dr. Theron S. Johnston has been permanently located at the Plateria Mission to head up the medical work. His services are more and more in demand by the workers, Spaniards, and Indians. He treats from sixty to 130 sick people each Sunday.

This year with sixty-two teachers we have conducted forty-nine schools in which 227 girls and 2,147 boys attended, making a total of 2,374. Our Quechua school at Laro was the largest school of the season, 161 students being enrolled. Many new school houses are being built, and many calls coming for new schools—especially among the Quechua Indians. We are perplexed to know how to answer them.

On May 16 we began what is known as the Puno English School, in the town of Puno. We were fortunate in securing as directors Sisters Gussie Field Colburn and her mother Rovilla M. Field. This school was divided into two sections, day and night, Sister Field having charge of the day school, and Sister Colburn the night school. This school has been a mighty power in the hands of the Lord in bringing a bond of unity between us and the Spanish people.

We have only two ordained ministers in our field with a present membership of 2,646. We expect the membership to increase to over 3,000 before the end of the present year. We have five licensed ministers and twenty-two holding missionary credentials. Our tithes and offerings are on the increase. The largest offering of the year being that of the Pomata station on June 25, $45 dollars given that day largely by the native brethren. We expect to baptize 1,000 converts this year. Surely God is working as never before.

E. H. Wilcox.

THE PERUVIAN MISSION

The Peruvian Mission has eight organized churches, with a membership of 396 at the close of the first nine months of 1921. Our tithe receipts show a gain of $1,114.75 over the corresponding period of last year. Our mission offerings have also shown a steady growth, as during the first nine months of 1921 we reached $2,920.76, which is a gain of $1,065.82 over the corresponding period of the preceding year. The goal as set
by the Division for our field for this year is twenty cents per week per
member, and by the help of the Lord we have gone beyond this amount
two cents.
In the harvest ingathering campaign we have up to date raised
$1,209.08, which is $362.46 more than the total of last year. The sales
reports of our literature for the first nine months of this year exceed
those of the same period of last year by $6,500.48.
We are endeavoring to carry on a systematic and energetic home mis-
sionary campaign. This year we have lost from the field the only or-
dained minister, excepting the superintendent. He was obliged to leave
because of failing health. We are greatly in need of more foreign help
in this field.

L. D. Minner.

SOUTH BRAZIL UNION CONFERENCE
F. W. Spies, President

Having arrived at the close of another year, it again becomes our
privilege to tell of the conquests, which the third angel's message has
made in our union conference during this period.
First of all we are grateful to our kind heavenly Father, that he
guarded the lives of our workers, for whereas some seven of them were
the victims of typhoid, all were spared, our many prayers for their
recovery being answered.
In glancing over the experience of the year just closing, if we consider
only the temporal side, we might mention many hindrances and obsta-
cles. The crisis which manifested itself in almost all lines of business,
together with the low prices paid for the products of the country and
the depreciation of the currency of the country, caused such a shortage
of funds in most of our fields as made almost all advance moves impos-

Publishing Work

The publishing work has felt most keenly the shortage of money
among the people, and our faithful colporteurs have found it much
more difficult to dispose of our truth-filled literature. Still they are
hopefully pushing ahead. We are about completing a Portuguese edi-
tion of "Great Controversy," which is really our first large book in this
language. We confidently expect that it will give a new impetus to
our book work.

Educational Work

The shortage of funds has also resulted in diminishing somewhat the
number of students in attendance at our training school. Still we have
had some eighty in attendance during almost the entire school year. As
a class, our students for 1921 are a most earnest and faithful group of
young people.
During the past year the school's power plant has had its efficiency
more than doubled, thus enabling us to provide a better and more ade-
quate supply of light and water to meet the constantly increasing needs.
Our carpenter shop, at which a number of our boys are receiving train-
ing in this line, has done good work. The same is true of our sewing
class, in which a number of girls are instructed in this art.

Harvest Ingathering

In spite of hard times and the fact that the harvest ingathering for
missions is still a new enterprise in our union, this being only the sec-
and year in which this work has been attempted, there has been an encouraging growth in the results obtained. Last year we succeeded in gathering $4,000. The receipts are not yet in this year, yet we have in hand the sum of $6,925.

**Rio Grande do Sul**

One of the fields which suffered most by the financial crisis was Rio Grande do Sul. Cattle raising, which is one of the chief sources of income in this state, received a severe blow when prices for cattle dropped one half in value of a year ago. Cereals also dropped in price, and as a result the receipts of the conference were greatly diminished. Still the work has made progress. In Santa Maria, one of the chief interior cities, a series of tent meetings was held, with the result that a company has been raised up, and a good interest still continues. Other churches have been strengthened, and as a whole the work looks hopeful.

**Santa Catharina**

Although the working force of this conference is very small, the work has made progress. The message has penetrated into new districts, winning a goodly number of new believers to the truth. Financial depression caused tithes and mission offerings to fall far short of what they were last year.

**Paraná Mission**

An extended tent effort has been made during the year in Curitiba, the capital of this state. The church has been greatly encouraged, and a number of new members added. Also in different parts of the interior the message gained a foothold, and has brought precious souls to rejoice in the hope of a soon-coming Saviour.

**São Paulo Mission**

Perhaps more progress has been made in this mission during the past year than in any other field in our union. Especially has the book work been greatly prospered. In many places where our faithful colporteurs have gone, they have left in their path precious souls rejoicing in Him who is the Light of the world. A goodly number have been baptized, and in spite of the close financial condition, both tithes and offerings have increased.

**West Minas Mission**

This large mission is still awaiting the arrival of more workers. An evangelistic effort is at present being made in Varginha, one of the largest cities of the mission. Interests are springing up here and there in different parts of the field. West Minas, like other parts of Brazil, has felt the financial depression, still it is one of our promising fields, and as the working force is increased we dare expect to see a marked development in this mission.

**Matto Grosso**

Matto Grosso being almost entirely a cattle raising state, when the crisis struck it, the lack of business and consequently of money was seriously felt by our colporteurs who were endeavoring to sell our good literature there. But if on the one hand a shortage of money hindered this line of work, Brother Rohde, our evangelist in Matto Grosso, tells of important interests springing up in different places, thus showing that the people in that vast territory are interested in the message.
In closing this brief review we feel to thank the Lord of the harvest for His special blessings, and to consecrate ourselves to the work with renewed zeal and energy in order to finish the Master's work in this generation.

THE FAR-EASTERN DIVISION OF THE GENERAL CONFERENCE

C. C. Crisler, Secretary

The Far Eastern Division includes within its boundaries the countries of Asia lying east of the Himalayas, together with the Philippine archipelago and Malaysia. The dominant racial types are Mongolian and Malay. Here Buddhism, Shintoism, Taoism, and Confucianism hold sway over the minds of well-nigh a third of the human race; here also dwell nearly a third of the Moslem world.

Working Forces and Constituency

Our denominational activities among these peoples of the Far East had their beginnings about twenty years ago. Little by little our working forces have been increased, until we have in this division field (June 30, 1921) 307 foreign and 887 native workers; a total of 1194.

Our Far Eastern constituency has developed slowly. With the gains have come also some losses, partly because of the inability of a few to shepherd properly at all times those who unite with us in Christian fellowship. June 30, 1921, our membership stood at 8,648, which is 1,519 more than on the corresponding date a year before.

By four-year periods, our membership records are:

</table>

This shows an increase of more than 100% every quadrennium. Surely God is adding His blessing to the efforts of His messengers in these lands.

During the year the East Siberian Union has been transferred to the Far-Eastern Division, with a membership at time of transfer of approximately 175, since increased to 242.

The Publishing Work

Our publishing work centers in five plants — Tokyo, Seoul, Shanghai, Manila, Singapore. From each of these is issued annually a large quantity of literature in the vernaculars in which we are operating. Monthly magazines filled with present truth are published in the Japanese, Korean, Wenli, Mandarin, Tagalog, Ilocano, Panayan-Visayan, Cebuan, and Malay languages. Tracts and pamphlets are published in the languages mentioned, and also in Amoyese, Battak, Bicol, Cantonese, Cebuan, Ibanag, Javanese, Java-Malay, Pampangan, Pangasinan, Shanghai, and Tibetan — a total of twenty-one for the entire field.

Every month our magazines are sent to tens of thousands of homes. The increasing sale of subscription books and our other literature bids fair to place at least some of our publishing houses on a self-supporting basis soon, aside from the salaries of the foreign workers employed therein.

Medical Missions

Medical mission work is conducted at a few stations only. — Soonan
The Educational Work

From the first, educational work has been given a prominent place. In nearly every important language area where missionaries are stationed, we have sought to gather our youth of promise into schools. Thus far these schools have not been made self-supporting, although some revenues are realized. In the Far Eastern Division we have at present five training-schools, with an enrolment of 603; six intermediate schools with 686 students; and 122 church-schools with an enrolment of 3,618. In all, upwards of 5,000 students are in regular attendance in our schools, and these are served by forty foreign and 227 native teachers. A few denominational text-books in the vernaculars have been printed or mimeographed, and progress is being made in the preparation of still other texts for which there is special need.

The Sabbath School Work

From the beginning, our Sabbath school membership has been in excess of our church membership. At the close of the second quarter of 1921, the Sabbath schools reported 12,435 students, which is nearly fifty per cent more than the total number of baptized believers. Year by year, the totals for the Sabbath school department have stood as follows:

- June 30, 1917: 6,810
- June 30, 1918: 9,343
- June 30, 1919: 9,217
- June 30, 1920: 10,763
- June 30, 1921: 12,435

The Sabbath school offerings are constantly increasing, being $9,004.29 gold for the first half of 1921.

The Field Work

The field work in the Far East is conducted by eleven Union Missions, which we will mention one by one, with a brief statement concerning each.

1. The South China Union, under the superintendency of Pastor F. H. Deviney, is one of our oldest fields, and here our membership (Sept. 30, 1921) is 1,704, an increase of 241 in one year. The South China Union embraces several language areas,—the Cantonese, Hakka, Swatow, Amoy, and Foochow,—each of which constitutes a separate fully-organized local mission field. Some Mandarin work is done in Kwangsi. There are yet other language areas in the Union, notably the Hainanese and the Annamese, but nothing has been done in these outer districts aside from the occasional sale of literature. In South China the training of our youth is given especial attention, schools having been in operation the past year in Foochow, Amoy, Canton, Swatow, and Waichow, besides forty-seven church schools.

2. The Japan Union, under the superintendency of Pastor H. F. Benson, is another of the fields where work was first begun in Eastern Asia. Here our membership (June 30, 1921) stands at 285. Precious are the trophies of grace won in Japan, and none can measure by mere
statistics the good that has been done in this great field. Japan offers unnumbered opportunities for the propagation of the gospel.

3. The Chosen Union, under the superintendency of Pastor C. L. Butterfield, has a membership of 1,041 (June 30). The school in Soonan, conducted along industrial lines, is a strength to our work throughout Chosen.

4. The Manchurian Union, under the superintendency of Pastor B. Petersen, is one of the youngest of our missions, and has a growing membership, which now stands at 127.

5. The North China Union, under the superintendency of Pastor Frederick Lee, is the youngest of our missions, and includes the provinces of Chihli, Shandung, and Shansi, with a membership of 108 baptized believers. Pastor Lee has his headquarters in our Peking Mission Compound. Here in the capital of the Chinese Republic four chapels and a primary school are conducted.

6. The East China Union, under the superintendency of Pastor O. A. Hall, with headquarters in Shanghai, has a constituency of 694, (Sept. 30, 1921). There are three leading vernaculars spoken—the Shanghai, the Mandarin, and the Wenchow. Work is conducted in each of these. During the year, school work for the youth has been undertaken in a strong manner in Nanking and in Wenchow.

7. The Central China Union, under the superintendency of Pastor F. A. Allum, is another of the older mission fields of Eastern Asia. The baptized membership is 1,188 (Sept. 30, 1921). There are two intermediate schools, at Hankow and at Yencheng. In addition, there is a flourishing higher primary school in Changsha, Hunan. The province of Shensi must yet be manned, although a work has been started there and is now in charge of Chinese brethren.

8. The West China Union, under the superintendency of Pastor M. C. Warren, has at present a baptized membership of seventy-four (June 30, 1921). At Tatsienlu, near the Tibetan frontier, Dr. J. N. Andrews is establishing a medical mission, and is preparing to issue a few tracts in the Tibetan. Our other permanently located stations in West China are in Chungking, the union headquarters, and in Chengtu.

9. The Philippine Union, under the superintendency of Pastor S. E. Jackson, has the largest constituency of any union in the Far East—2,692 (June 30, 1921). The work along all lines—publishing, educational, and evangelistic—is making progress. In the Philippine Union there is one organized conference, the Central-Southern Luzon, where self-support has been practically attained. The publishing work in Manila is also nearing this much-to-be-desired goal. The central training-school, at Manila, is in a flourishing condition.

10. The Malaysian Union, under the superintendency of Pastor F. A. Detamore, presents many difficulties in operation, in view of the large numbers of Mohammedans, to say naught of many language areas and of trying climatic conditions, that have seemed to militate against rapid development. The membership of Malaysia now stands at 553 (Sept. 30, 1921).

11. The East Siberian Union, under the superintendency of Pastor T. T. Babienco, was formerly a portion of the European Division, but because of political changes has been transferred to the Far Eastern Division. Many opportunities for evangelizing are being improved, and the membership now stands at 242 (June 30, 1921).
By Faith We Advance

The workers in the Far East are of good courage in God, and are determined to press on as never before for the finishing of the work entrusted them of Heaven.

AUSTRALASIAN UNION CONFERENCE

C. H. Watson, President

Despite the grave conditions prevailing among the peoples of all lands, and the serious financial crisis that has for some time confronted the world, we are gratified to record very definite advances in the Lord's work throughout the Australasian Union Conference. Both in the homeland and our island mission field good progress has been made, and clear evidences of Jehovah's leading have rewarded the consecration and effort of our workers.

Our local conferences increased during 1920 by one, the membership of New South Wales becoming too great, as well as too scattered, for one president to supervise with that close personal oversight desired; therefore, in place of one New South Wales Conference we now find the South New South Wales Conference with a membership of 1,257, and the North New South Wales Conference with a membership of 850, thus placing under the direction of this union nine local conferences in the homeland, one in the islands of the South Pacific, embracing Fiji, Tonga, and Samoa, and two organized mission fields, i.e., Eastern Polynesia and Solomon Islands.

Organized churches throughout the field number 144 as against 139 for 1919. Five hundred and four souls in the homeland, and 120 in our mission territory have been baptized during the year, bringing our membership in the homeland to 6,989, and in the island field to 1,048, making a total for the union of 8,037.

Our workers holding credentials on Dec. 31, 1920, numbered forty-seven; ministerial licenses 77; teacher, medical missionary, or missionary licenses 178; colporteur licenses 144, making a total of 446 laborers, and showing an increase of sixty-two for the year.

In our finances the Lord has wonderfully blessed, and the faithfulness of our membership has been definitely revealed in the large increases noted in tithes and offerings. The total amount received as tithe amounted to £55,151, being an advance of £13,071 on the 1919 figures. Foreign mission receipts totaled £32,882, or an increase of £9,607. Sabbath school offerings amounted to $8,213 or £1,815 in advance of 1919. The total receipts from all sources for 1920 amounted to £95,753, or £23,414 (equaling 32.36%) more than in 1919. The receipts for 1920 per capita averaged £13/3/3 as against £10/11/1 for 1919.

Appeal for Missions

Our aim for the harvest ingathering for 1920 was £10,000; the amount realized was £12,741, or an overflow of £2,741. The average receipts for each member in the home field reached £1/15/8 compared with £1/0/7 for 1919. The average amount received per magazine published was 2/6½. As the result of the activity of our membership, a considerable number of individuals have been brought into definite
touch with the message, and several have been directly won to the truth.

**Publishing Work**

The year has been successful in every way, and our band of bookmen in the field have been greatly encouraged in their activity. Our book and periodical sales for 1920 totaled £33,884, or £3,431 above 1919, and of this sum religious works formed the larger portion sold. Our publishing house at Warburton has been kept at work at high pressure throughout the year, and during the twelve months printed upwards of 27,000 subscription books, trade books, and helps, 1,500,000 pages of tracts and leaflets, 950,000 copies of the Signs of the Times, 150,000 copies of our **Appeal for Missions** magazine, together with 125,000 copies of lesson pamphlets, etc.

**Health Food Work**

Unprecedented success and remarkable development has marked this department. Our food factory at Cooranbong, working twenty-four hours per day for five days each week, has been unable to cope with the demand for its products, and considerable extension has been made in buildings and plant to increase the output.

A new factory has been erected in West Australia for the chief purpose of manufacturing cocoanut margarine and is doing well, while a large building is just completed in New Zealand for the manufacturing of our foods in that dominion, thus relieving our Cooranbong factory and enabling our products to be retailed there without the duty now charged on foods from Australia.

Of our eight cafés, six have made substantial profits on the year's running. The prospects for 1921 are excellent.

**Medical Work**

The Sydney sanitarium, to which has recently been added a large annex providing accommodation for forty additional patients, nurses' quarters, and a most up-to-date operating department, is being patronized by a constantly increasing number of patients. The buildings are attractively furnished, and the grounds pleasantly laid out, and everything possible is done to make the stay of patients pleasant and helpful. The Lord has definitely blessed our doctors and nurses, and many individuals live in health, and a number rejoice in the truth today through their association with this institution. Both our Warburton and Christchurch sanitariums have enjoyed increased patronage, and the Lord has blessed the work of all connected therewith.

**Sabbath School Department**

As stated earlier in the report, the offerings for missions that have come in through this department represents a gain of £1,815 over 1919. The membership has increased from 10,773 to 11,194, revealing an addition of 421. Four hundred and eighty-four of the membership have been baptized, and sixteen new Sabbath schools have been organized. An average of 80% of our Sabbath school membership were in attendance each Sabbath during the year, and during the last quarter upwards of more than one in every four of our membership had a perfect attendance record. The lessons have been carefully studied, and our people have received definite help as the result of their association with this branch of the work.
Home Missionary Department

The home missionary department has been launched, and, from reports that are reaching us, our people are being stirred to greater activity and more systematic effort. The circulation of the Signs of the Times has been increased from 10,396 to 14,049 per week. Our "Appeal for Missions" work has claimed a good deal of the attention of the department, and has been abundantly blessed,—our goal having been more than reached and our mission work thereby materially strengthened.

Educational Department

In our church schools we have enrolled upwards of 700 young people, while in our higher schools we have upwards of 300 young men and young women, and in our Sydney sanitarium forty-eight are in training for medical service. These figures in the grand total reach 1,110, or equal to almost one sixth of our membership. For 1920, fifty-three were graduated from our three secondary schools and sanitariums; this constituted a record for our educational work in Australia.

Plans are on foot for the extension of our New Zealand school, the present building proving entirely inadequate to meet the needs of that field.

In closing this report, we would express our deep gratitude to God for the privilege of having a part in the proclamation of this message, and for the many evidences that He has revealed to us of His leading during the year under survey.

CARIBBEAN MISSIONS

Porto Rican Mission

This mission comprises Porto Rico, Santo Domingo, and the Virgin Islands. The past year has been one of steady progress. Two new churches were organized. We have eleven churches with 503 members. D. C. Babcock has conducted a tent meeting in St. Thomas with encouraging results. William Steele and a native worker have had excellent success in an effort in the Montañon, in the western part of Porto Rico. A church will be organized there soon. In Santo Domingo city, a much-needed chapel and living quarters for the pastor were erected during the past year. Peter Nygaard reports a good attendance and a good interest in that city since they have a suitable place to which they may invite the people. Francisco Megrant, in Azua, the southern part of Santo Domingo, reports an interest, and hopes there will be enough believers soon to organize a church in that city.

Our training school in Aibonito has had an excellent attendance the past year. Seventy-five or more of the young people in our field have made application to attend the school this year; but the present accommodations will permit us to take no more than forty-five students. We hope the institution may be enlarged before another school year opens. We have an earnest class of young people in training who will largely provide the necessary help for carrying the gospel to the thousands in this field.

Our goal for the harvest ingathering was set for $3,000. We have raised $3,816. Our Sabbath schools had a goal of fifteen cents a week per member. We have more than reached this goal. Our Sabbath school offerings have almost doubled over last year's offerings.
The health of our workers has been very good. No one had to leave the field on account of ill health. We thank the Lord for this. The outlook for the future is very encouraging. We believe that the coming year will be the best in the history of this mission.

C. V. Achenbach.

South Caribbean Conference

This conference is one of the most difficult we have to operate, owing to its scattered and divided nature. It comprises the Windward Islands from St. Kitts in the north to Granada in the south. Barbados, Trinidad, and Tobago make up the complement of islands. The territory also includes the three Guianas, British, Dutch, and French,—altogether from north to south 2,000 miles. The two million inhabitants are made up of one and one-fourth million English, one-quarter million French, 100,000 Dutch, 120,000 East Indians, 20,000 aboriginal Indians, Spanish, Portuguese, etc. There are sixty-three churches and companies of baptized Sabbath keepers; with a total membership of 2,088. Facilities for visiting the different parts of this field are exceedingly indifferent, as well as dangerous, involving much time and patience. But these can be improved when funds allow. In the Guianas, most of our work must be done by launches, as the country people live on the banks of great rivers. We need a man to develop and care for the work in each group of islands. No work has been done in French Guiana. There are eight believers in Dutch Guiana. The conference is well organized, and, given suitable help and facilities, would soon take its place among our most progressive territories. The people are hospitable, but poor, and are often victims of bad sanitation, because of swamps, and below-sea-level lands. We have three small mission stations. We have no church schools nor a training school. These are sadly needed. We also need more boats, a printing press, or small work, a number of courageous colporteurs, and some way for visiting among the scattered believers on Trinidad. People respond easily to the truth. They are earnest, loyal, and willing, but require constant supervision. A nurse in Trinidad would be a great boon and fill a great and very urgent need.

Elder I. V. Minner has the superintendency of the three Guianas under the direction of the local executive. Dr. Chaas. Cave continues his valuable medical work at Barbados. S. L. Ash has charge of the home missionary department. N. H. Knight, recently from London, is our secretary and treasurer. Miss M. E. Robertson, recently from London, is in charge of the Sabbath school work.
an enrolment of thirty young people. As the youth of our constituency have meager income we are endeavoring to make the industrial feature a prominent one. Tropical farming, carpentry, and broom-making have been chosen to enable the boys to partly work their way toward an education.

To the eight church schools already held in different parts of the main land, as well as on several islands, it is hoped that several more may be added soon. It is also our aim to conduct a ten-week teachers’ normal session during the new school year with the view of strengthening our church schools to be real mission centers.

The work in Nicaragua has received a remarkable impetus through the medical work done by Doctors Brayshaw and Nelson. Their efficient hospital service in Bluefields has made a very favorable impression for the cause of truth. A new effort is being made to circulate our literature among the Spanish-speaking people in the western section of this republic.

In San José, Costa Rica, mission work has been done during the entire year. A rest home has also been provided in this beautiful mountain-city with the intent that our workers’ families may secure necessary recuperative vacation near by.

Colombia, the last one of the South American republics to see the message permanently started, has finally been put upon our map of missions. Last July the Colombia Mission was opened in Bogotá, the capital, in rented quarters. A church was organized and we are indeed glad for this encouraging beginning. Several colporteurs from the States have come recently to lead out in this important work to give the message in this Latin field. Already we have two native colporteurs in sight, and we trust soon to have many believers among Colombia's six millions of gospel-needy people.

Max Trummer.

Guatemala

The year 1921 has been a year of progress in the Guatemala Mission. In all lines of the work there has been steady advance. The membership at the beginning of the year was twenty-two, and at the time of this report it is thirty-three.

During the year three of our native members have entered the work in evangelistic and Bible work. Beside these, F. M. Owen and family came from the States and began work in Guatemala City in April. Brother Emanuel Alvarez, of Honduras, joined us in October. Already souls are accepting the truth as the result of the labors of these workers.

Through the generosity of the brethren who have helped to raise the church extension fund of the General Conference, we have been able to build a very neat chapel in Guatemala City, the capital, to which to invite the people. It is in a good location, and is now being completed, although we are already using it. It has brought great encouragement to our native people to have such a building, and will give permanency to our work in this country.

The colporteur and home missionary departments of our work have prospered this year, the total retail sales being one thousand dollars in excess of any previous year. This has been due to the efficient leadership of the field agent, Brother Broomfield, and to the fact that so large a proportion of our members work with literature near their homes.

Interests are springing up in various parts of the country where our faithful colporteurs have gone. We are planning to follow up as many
SURVEY OF THE FIELD

of these interests as possible. We feel sure that if we can do this, many souls will be won for the Master. We have just closed a splendid general meeting, and the workers went from it refreshed, and with the unanimous purpose to work for a large ingathering of members for the coming year. We face the future with courage, for best of all, the Lord is with us.

E. W. Thurber.

Salvador

The little State of Salvador is one of three republics that have recently united forming the United States of Central America. Although the smallest of the three, being only about fifty miles wide by one hundred and fifty long, it is the most densely populated, and is proving a fruitful field for the third angel’s message.

Our work began here about five years ago, and each year has seen a little gain. The past year has been a hard one, owing to the fact that we have been without a superintendent. However, the native workers have taken hold with a will, and nineteen have been baptized so far, with the prospect for as many more to be added before the year closes.

The constitution of Salvador grants religious liberty. With the good interest at present, and the prospect of a superintendent, we are hopeful for a good harvest of souls the coming year.

J. A. Bodle.

JAMAICA CONFERENCE

This conference comprises the island of Jamaica, the Cayman, and the Turks Islands.

Sixty-five organized churches and companies, with a membership of 2,000, comprise its constituency.

The West Indian Training School, located at Mandeville, had an enrolment of seventy-six students. From this fine body of young people, we have already begun to draw workers. The school is under the management of Prof. W. H. Wineland.

The young people of the Jamaica Conference have a new vision of the possibilities in connection with the work of this denomination. Since our Missionary Volunteer secretary, Miss Minnie E. Dauphinee, took charge of the work some two years ago, forty-three Volunteer societies have been organized, many of whose members are planning to enter the training school.

Seven ordained ministers, and four other workers are employed in field and office work. Five other workers are employed in the training school at Mandeville. During the year G. A. Roberts, president of the conference, because of failing health, left the field. The writer, C. E. Wood, of British Columbia, has reached the field to take his place. Also Miss Minnie E. Dauphinee was advised by her physician to return to her home in Canada. Altogether the outlook for Jamaica is encouraging.

C. E. Wood.

DETACHED MISSIONS

Hawaii

The territory of Hawaii was annexed to the United States in 1898. It lies in the North Pacific Ocean about 2,020 miles southwest of San Francisco. There are eight inhabited islands, with a total area of
6,449 square miles. The population, not including United States troops, is 250,000. The islands were first brought under one control by king Kamehameha in 1795. Queen Liliuokalani, the eighth and last Hawaiian to occupy the throne, was deposed in 1893.

The Hawaiians are a stalwart race. They are generous, pleasure loving, natural musicians and orators, usually well educated, as compulsory education has been in vogue for nearly fifty years. They were never cannibals.

During the year 1921 we have purchased another large mission property which is located in Hilo, on the island of Hawaii; S. T. Hare has charge of this mission. We now have four good properties in Hawaii, and these are all free from debt.

Our harvest ingathering work for 1921 was a source of great encouragement to our people. We used 5,750 papers and received $9,203.75. This is an average of $1.60 per paper and based upon our present membership of 150, we have a per capita of $61.35.

Brother and Sister J. U. Jeffers and Miss Gladys Jeffers, from Hinsdale, have come to Honolulu this year to take charge of our treatment rooms in Honolulu, while Brother C. R. Webster and family have gone to the island of Kauai to open up work on that island.

Prospects for the further development of our work in all lines are very bright.

L. L. Hutchinson.

Bahama Islands

In February, 1921, J. H. Smith and family left this field for the States after nearly eight years of service here. In May the writer and wife, who had been on furlough for one year, arrived to take up the work left by Brother Smith.

In July the believers on the Island of Eleuthera and Harbour Island were visited. In August a visit was made to Long Island, where a deep interest has been awakened from reading some of our literature. These interested ones were more fully instructed in the truth and are now awaiting baptism. The time is ripe for a public effort to be made on this island, where many for the first time are becoming interested in the truth.

On Andross Island our people are struggling hard to erect a small place of worship. Our native Bible worker, Sister Somelian, with her husband, is now located at Deep Creek, Andross, where Brother Somelian is helping the brethren put up their little church building.

Realizing the need of better facilities for carrying forward the work in these out islands where it is so difficult to find halls or meeting places in which to present the truth to the people, our brethren were asked to provide funds for the purchase of a suitable tent for this work. Sufficient funds were given and pledged for this purpose by the believers in this field so that an order has been placed with a firm in the States for the tent. It is hoped that we shall have it here in time for the general meeting which we hope to have some time in the early part of 1922.

Travel from one island to another is by means of sailing vessels, and often much time is consumed in making these trips, consequently one cannot accomplish as much in a given time here as in other places where means of transportation is more convenient and reliable.

Sister Anna Nye recently came to this field as a self-supporting worker. Additional help is needed. Especially should help be provided for a church school here in Nassau.
During the year the tithe receipts were $1,876; and the offerings to missions through the Sabbath school and other channels, amounted to $455.98.

W. G. Kneeland.

Mexican Mission

During the year 1921 our cause has witnessed many changes in this field. Because of failing health, Elder G. W. Caviness has been compelled to return to the States. C. S. Nicolas has been called to act as pastor of the Mexican church of San Antonio, Tex. The following laborers from abroad and from the local field have been added to our force of evangelical laborers: J. E. Bond, from the Spanish Department of the Bureau of Home Missions, C. E. Moon and wife, and Jessie C. Butler recently returned from Porto Rico, Eligio Camacho and family from South Texas, C. V. Williams joined our office force, V. M. Calvo, and Antonio E. Torres, of Mexico.

At the time of our general meeting in November, 1920, the territory of the Mexican Mission was divided into six districts, northeastern, north central, northwestern, central, southern, and Yucatan. At the time of division A. N. Allen was placed in charge of the work in the southern division. Excellent work has been done in that field, forty-two having being baptized, one church building erected, with arrangements for two others. C. P. Martin is director of the northeastern division. In this field the work has moved steadily forward. There have been thirty-six baptisms, and before the end of the year, the number will have reached forty. A church of about fifteen members will be organized before the close of the year in the city of Saltillo. In the month of May we had the privilege of organizing a church in San Luis potosi of twenty-one members, and several others have been added since. In the central division we have baptized eighteen, and the prospects are that we shall baptize ten or fifteen more before the year closes. This will give us a total of more than a hundred baptized for the year in Mexico. It was only in the month of October that C. E. Moon began work in the northwestern district.

During the year our colporteurs have had excellent success. The total sales to the end of October were over $80,000 (Pesos). Several have been brought to Christ by the colporteurs, two having been baptized. The faithful bookman is an evangelist of the best type.

During the months of May, June, and July a very successful summer school was conducted by H. D. Casebeer, assisted by C. S. Nicolás, Dr. West, Sister R. W. Parmele, and J. E. Bond. Most of our colporteurs attended this school, as well as a number of our young people. Perhaps our greatest need is a good strong training school.

One of our native colporteurs has been called to act as field secretary of Salvador, and another of our field men (an American) has been called to act as union field secretary for Central America.

The outlook is good in Mexico, and under the direction of our mighty Leader we expect to see great things accomplished during 1922.

J. E. Bond.
CONSTITUTION AND BY-LAWS OF THE GENERAL CONFERENCE.

(As amended at the thirty-ninth session, held at San Francisco, California, March 29 to April 14, 1918.)

Article I — Name.

This organization shall be known as the General Conference of Seventh-day Adventists.

Article II — Object.

The object of this Conference is to teach all nations the everlasting gospel of our Lord and Saviour Jesus Christ.

Article III — Membership.

Section 1. The membership of this conference shall consist of: —
(a) Such union conferences as have been or shall be properly organized and accepted by vote.
(b) Such local conferences not embraced in any union conference as have been or shall be properly organized and accepted by vote.
(c) Such union missions as have been or shall be properly organized and accepted by vote.
(d) Missions, properly organized, not included in union conferences or missions.

Sec. 2. The voters of this conference shall be designated as follows: —
(a) Delegates at large.
(b) Regular delegates.

Sec. 3. Delegates at large shall be: —
(a) The General Conference Executive Committee.
(b) Such representatives of missions of the General Conference as shall receive delegates' credentials from the executive committee, and such other workers as may be selected, such credentials to be given only by the consent of a majority of the executive committee.

Sec. 4. Regular delegates shall be such persons as are duly accredited by union conferences, union missions, and local conferences and missions not included in any union conference.

Sec. 5. Each union conference shall be entitled to one delegate without regard to numbers, an additional delegate for each local conference in its territory, and an additional delegate for each five hundred of its membership. Each local conference not included in a union conference shall be entitled to one delegate without regard to numbers, and one additional delegate for each five hundred members. Union missions and local missions not included in union conferences shall have such representation as may be decided by the General Conference Executive Committee, and accepted by the delegates in session.

Article IV — Officers and Their Duties.

Sec. 1. The regular officers of this Conference shall be a president, the vice-presidents, a general secretary, an associate secretary, a general treasurer, an assistant treasurer, and an auditor, who shall be elected by the Conference.

Sec. 2. President: The president shall act as chairman of the executive
committee, and labor in the general interests of the Conference, as the executive committee may advise.

Sec. 3. Vice-Presidents: The Vice-Presidents shall assist the President in administering the affairs of the Conference in all parts of the world. In the absence of the President they shall act as chairman of the committees with which they are directly associated by the arrangement of the General Committee. They shall have the direct oversight and charge of the administrative work in the fields to which they are assigned.

Sec. 4. General Secretary: It shall be the duty of the general secretary and the associate secretary to keep the minutes of the proceedings of the conference sessions and of the committee meetings, and to collect such statistics and other facts from union, and local conferences and missions, as may be desired by the conference or the executive committee, and to perform such other duties as usually pertain to such office.

Sec. 5. General Treasurer: It shall be the duty of the general treasurer and the assistant treasurer to receive all funds and disburse them by order of the president, and to render such financial statements at regular intervals as may be desired by the conference or the executive committee.

Sec. 6. Election of officers: All officers of the Conference, and the members of the executive committee except presidents of union conferences, shall be chosen by the delegates at the regular quadrennial sessions of the General Conference, and shall hold their office for the period of four years, or until their successors are elected, and appear to enter upon their duties.

Article V — Executive Committee.

Sec. 1. At each regular session the Conference shall elect an executive committee for the carrying on of its work between the sessions.

Sec. 2. The executive committee shall consist of the president, the vice-presidents, the general and associate secretaries, the general treasurer, the assistant treasurer, the sub-treasurers, the field secretaries, the presidents of union conferences, the superintendents of organized union missions, the secretaries and assistant secretaries in charge of duly organized departments, namely, the Publishing, Medical, Educational, Sabbath School, Religious Liberty, Young People's Missionary Volunteer, Home Missionary, and the North American Negro Department, the general secretary and assistant secretaries or superintendents of nationality work of the North American Foreign department, the ex-presidents of the General Conference having credentials from this Conference, and other persons not to exceed eleven in number.

Article VI — Incorporations, Departments and Agents.

Sec. 1. Such incorporations may be authorized and departments created as the development of the work requires.

Sec. 2. At each regular session of this Conference, the delegates shall elect the trustees of all corporate bodies connected with this organization, as may be provided in the statutory laws governing each.

Sec. 3. The Conference shall employ such committees, secretaries, treasurers, agents, ministers, missionaries, and other persons, and make such distribution of its laborers, as may be necessary to effectively execute its work.
Sec. 4. The Conference shall grant credentials or licenses to its ministers and missionaries. In union missions the respective executive committees shall have power to grant credentials and licenses to foreign and native workers.

Article VII — Sessions.

Sec. 1. This Conference shall hold quadrennial sessions at such date and place as the executive committee shall designate by a notice published in the Advent Review and Sabbath Herald at least three months before the date for the session.

Sec. 2. The executive committee may call special sessions at such time and place as it deems proper, by a like notice, and the transactions of such special sessions shall have the same force as those of the regular sessions.

Article VIII — By-Laws.

The voters of this Conference may enact by-laws and amend or repeal them at any session thereof, and such by-laws may embrace any provision not inconsistent with the constitution.

Article IX — Amendments.

This constitution or its by-laws may be amended by a two thirds' vote of the voters present at any session, provided that, if it is proposed to amend the constitution at a special session, notice of such purpose shall be given in the call for such special session.

BY-LAWS.

Article I — Regular Sessions.

Sec. 1. At each session of the Conference the executive committee shall nominate for election the presiding officers for the session.

Sec. 2. Previous to each session of the Conference, the executive committee shall provide such temporary committees as may be necessary to conduct the preliminary work of the Conference.

Article II — Executive Committee.

Sec. 1. During the intervals between sessions of the Conference, the executive committee shall have full administrative power, with authority to grant and withdraw credentials and licenses, and to fill for the current term any vacancies that may occur in its officers, boards, committees, or agents, by death, resignation, or otherwise, except in cases where other provisions for filling such vacancies shall be made by vote of the General Conference. The withdrawal of credentials or filling of vacancies on the executive committee shall require the consent of two thirds of the members of the executive committee.

Sec. 2. Any five members of the executive committee, including the president or a vice-president, shall be empowered to transact such executive business as is in harmony with the general plans outlined by the committee, but the concurrence of four members shall be necessary to pass any measure.

Sec. 3. Meetings of the executive committee may be called at any time or place, by the president or a vice-president, or such meeting may be called by the secretary upon the written request of any five members of the committee.
Article III — Departments.

Sec. 1. The work of the departments of this organization shall be in charge of the secretaries elected by the General Conference, associated with the committees selected by the executive committee, when such committees are not otherwise provided for by the Conference.

Article IV — Finance.

Sec. 1. This Conference shall receive a tithe from all of its union conferences and local conferences not included in union conferences, and the tithe of its union and local mission fields.

Sec. 2. The executive committee shall be authorized to call for such special donations as may be necessary to properly prosecute its work.

Sec. 3. The Conference shall receive offerings devoted to missions.

Article V — Audits.

Sec. 1. The executive committee shall have the accounts of the Conference and its several departments audited at least once each calendar year, and shall report upon the same to the General Conference at its regular sessions.

Sec. 2. The executive committee shall appoint annually eight persons not in its employ, who, with the president, the vice-presidents, the secretary, the treasurer, and not less than seven presidents of union conferences, shall constitute a committee for auditing and settling all accounts against the General Conference.

Carnie-Goudie Tents

Seventh-day Adventist preachers demand the best in tents. We know that to be a fact. CARNIE-GOUDIE Tents are used by more S. D. A. conferences than any other make. The reason they are so widely used is because they answer every tent question satisfactorily.

Note These Points Where Carnie-Goudie Tents Excel

**Canvas** — Mount Vernon Army and our own rain-test ducks — the best made.

**Rope** — Pure unoiled Manila Hemp — made to our order.

**Thread** — Special quality of almost double ordinary strength.

**Workmanship** — Sailors and Seamers with the “know how” of long experience.

**Pitch** — Cut extra high — to stand wind and rain.

Now if you are going to buy tents for meetings this summer, you want the best value you can procure — you want a tent that will stand the practical tests of wind and rain. The CARNIE-GOUDIE S. D. A. Tents are such tents.
