Preface

A directory of the conferences, mission fields, and institutions connected with the Seventh-day Adventist denomination is given in the following pages. Administrative and workers' lists have been furnished by the organizations concerned. In cases where current reports were not received, previous official and personnel rolls have been retained or adjusted to the best information available. Below appears data summarized largely from the 1945 Statistical Report, the one last issued at this date.

The number of churches and the church membership in each of the conferences in North America are those reported at the close of the year 1946. In fields outside of North America the church and membership statistics at the close of 1945 have been used except in instances where the organizations themselves have reported later figures. Populations of conferences in North America are based on the 1940 census reports; and population figures for other fields have been furnished largely from the different Division or Union offices.

The names and addresses of workers who hold Bible instructors credentials have been included in the Workers Directory in addition to ordained and licensed ministers and credentialed missionaries. A separate index of principal workers employed in educational, publishing and medical institutions is also given.

The Seventh-day Adventist denomination was organized May 21, 1863, with a constituency of 125 churches and 3,500 members. The work was largely confined to North America until the year 1874, when the first missionary, Elder J. N. Andrews, was sent to Switzerland. Gradually other countries were entered. In 1886 a minister went to Russia, the first non-Protestant country in which this work was started. The schooner "Pitcairn" was launched in San Francisco Bay on July 28, 1890, and was soon prepared to carry groups of missionaries to various Pacific islands. In 1894 Seventh-day Adventist workers first entered a heathen land, opening a mission in Matabeleland, South Africa. South America was entered the same year, and Japan in 1896.

Since 1901 to the close of 1946, 5,566 missionaries have been sent out for mission service in various lands, comprising all of the larger countries of the world and many of the islands of the sea. Thirty thousand nine hundred and nineteen evangelistic and institutional workers were using more than 600 languages and modes of speech in their gospel service.

The membership of the 9,496 Seventh-day Adventist churches throughout the world in 1945 was 576,378. There were 69 union conferences and missions, 137 local conferences, 197 regularly organized mission fields, and 510 institutions. Of the 30,919 laborers, 11,793 were in North America, and 19,126 in other countries.

The funds in tithes and offerings contributed in 1945 by Seventh-day Adventists were the largest ever raised by the denomination during any one year. The amount of $31,540,935.24 was a per capita contribution of $54.72 for every member in the world field. In North America alone the per capita giving in tithes and offerings was $118.44.

The Statistical Report showed that there were 52 Seventh-day Adventist publishing houses and branches, whose book and periodical retail sales in 1945 were $9,291,594.79. These publishing houses employed 1,284 workers in producing this literature, and 3,218 more were engaged in its distribution. Seventh-day Adventist literature has been printed in 186 languages, and there were 278 periodicals issued.

The enrollment in the 15,640 Sabbath Schools was 688,281, and the annual Sabbath school contributions were $3,796,306.59. Sanitariums, hospitals, and treatment rooms, to the number 162 engaged in the care of the sick, with 6,013 physicians, nurses, and other attendants, who treated 1,153,306 out-patients and 99,700 in-patients during 1945.

There were 3,189 elementary schools, and 269 secondary and advanced schools with 7,527 teachers employed, and an enrollment of 148,144 pupils. At the close of the 1944-45 school year 1,124 students entered some branch of denominational work.

The property value of all organization and institutions connected with the Seventh-day Adventist denomination, including churches, at the close of 1945 was $118,565,691.70.

The total amount of funds in tithes and offerings contributed since the organization of the Seventh-day Adventist General Conference in 1863 to the close of 1946 was $416,041,909.16. Literature sales for the same period were registered as $161,748,518.59.
FUNDAMENTAL BELIEFS OF SEVENTH-DAY ADVENTISTS

Seventh-day Adventists hold certain fundamental beliefs, the principal features of which, together with a portion of the scriptural references upon which they are based, may be summarized as follows:

1. That the Holy Scriptures of the Old and New Testaments were given by inspiration of God, contain an all-sufficient revelation of His will to men, and are the only unerring rule of faith and practice. 2 Tim. 3:15-17.

2. That the Godhead, or Trinity, consists of the Eternal Father, a personal, spiritual Being, omnipotent, omnipresent, omniscient, infinite in wisdom and love; the Lord Jesus Christ, the Son of the Eternal Father, through whom all things were created and through whom the salvation of the redeemed hosts will he accomplished; the Holy Spirit, the third person of the Godhead, the great regenerating power in the work of redemption. Matt. 28:19.

3. That Jesus Christ is very God, being of the same nature and essence as the Eternal Father. While retaining His divine nature He took upon Himself the nature of the human family, lived on the earth as a man, exemplified in His life as our Example the principles of righteousness, attested His relationship to God by many mighty miracles, died for our sins on the cross, was raised from the dead, and ascended to the Father, where He ever lives to make intercession for us. John 1:1, 14; Heb. 2:9-18; 8:1, 2; 4:14-16; 7:25.

4. That every person in order to obtain salvation must experience the new birth; that this comprises an entire transformation of life and character by the recreative power of God through faith in the Lord Jesus Christ. John 3:16; Matt. 18:3; Acts 2:37-39.

5. That baptism is an ordinance of the Christian church and should follow repentance and forgiveness of sins. By its observance faith is shown in the death, burial, and resurrection of Christ. That the proper form of baptism is by immersion. Rom. 6:1-6; Acts 10:47-48.

6. That the will of God as it relates to moral conduct is comprehended in His law of ten commandments; that these are great moral, unchangeable precepts, binding upon all men, in every age. Ex. 20:1-17.

7. That the fourth commandment of this unchangeable law requires the observance of the seventh day Sabbath. This holy institution is at the same time a memorial of creation and a sign of sanctification, a sign of the believer's rest from his own works of sin, and his entrance into the rest of soul which Jesus promises to those who come to Him. Gen. 2:1-3; Ex. 20:8-11; 31:12-17; Heb. 4:9-10.

8. That the law of ten commandments points out sin, the penalty of which is death. The law cannot save the transgressor from his sin, nor impart power to keep him from sinning. In infinite love and mercy, God provides a way whereby this may be done. He furnishes a substitute, even Christ the Righteous One, to die in man's stead, making "Him to be sin for us, who knew no sin; that we might be made the righteousness of God in Him." 2 Cor. 5:21. That one is justified, not by obedience to the law, but by the grace that is in Christ Jesus. By accepting Christ, man is reconciled to God, justified by His blood for the sins of the past, and saved from the power of sin by his indwelling life. Thus the gospel becomes "the power of God unto salvation to everyone that believeth." Rom. 1:16. This experience is wrought by the divine agency of the Holy Spirit, who convinces of sin and leads to the Sin-Bearer, inducting the believer into the new covenant relationship, where the law of God is written on his heart, and through the enabling power of the indwelling Christ, his life is brought into conformity to the divine precepts. The honor and merit of this wonderful transformation belong wholly to Christ. 1 John 2:12; 4:4; Rom. 3:20; 5:8-10; 7:7; Eph. 2:8-10; 3:17; Gal. 2:20; Heb. 8:8-12.
9. That God “only hath immortality.” 1 Tim. 6:15. Mortal man possesses a nature inherently sinful and dying. Eternal life is the gift of God through faith in Christ. Rom. 6:23. “He that hath the Son hath life.” 1 John 5:12. Immortality is bestowed upon the righteous at the second coming of Christ, when the righteous dead are raised from the grave and the living righteous translated to meet the Lord. Then it is that those accounted faithful “put on immortality.” 1 Cor. 15:51-55.

10. That the condition of man in death is one of unconsciousness. That all men, good and evil alike, remain in the grave from death to the resurrection. Eccl. 9:5, 6; Ps. 146:3, 4; John 5:28, 29.

11. That there shall be a resurrection both of the just and of the unjust. The resurrection of the just will take place at the second coming of Christ; the resurrection of the unjust will take place a thousand years later, at the close of the millennium. John 5:28, 29; 1 Thess. 4:13-18; Rev. 20:5-10.

12. That the finally impenitent, including Satan, the author of sin, will, by the fires of the last day, be reduced to a state of non-existence, becoming as though they had not been, thus purging God's universe of sin and sinners. Rom. 6:23; Mal. 4:1-3; Rev. 20:9, 10; Obadiah 16.

13. That no prophetic period is given in the Bible to reach to the second advent, but that the longest one, the 2300 days of Dan. 8:14, terminated in 1844, and brought us to an event called the cleansing of the sanctuary.

14. That the true sanctuary, of which the tabernacle on earth was a type, is the temple of God in Heaven, of which Paul speaks in Hebrews 8 and onward, and of which the Lord Jesus, as our great high priest, is minister; and that the priestly work of our Lord is the antitype of the work of the Jewish priests of the former dispensation; that this heavenly sanctuary is the one to be cleansed at the end of the 2300 days of Daniel 8:14; its cleansing being, as in the type, a work of judgment, beginning with the entrance of Christ as the high priest upon the judgment phase of His ministry in the heavenly sanctuary fore-shadowed in the earthly service of cleansing the sanctuary on the day of atonement. This work of judgment in the heavenly sanctuary began in 1844. Its completion will close human probation.

15. That God, in the time of the judgment and in accordance with His uniform dealing with the human family in warning them of coming events vitally affecting their destiny (Amos 3:6, 7.), sends forth a proclamation of the approach of the second advent of Christ; that this work is symbolized by the three angels of Revelation 14; and that their threefold message brings to view a work of reform to prepare a people to meet Him at His coming.

16. That the time of the cleansing of the sanctuary, synchronizing with the period of the proclamation of the message of Revelation 14, is a time of investigative judgment, first with reference to the dead, and secondly, with reference to the living. This investigative judgment determines who of the myriads sleeping in the dust of the earth are worthy of a part in the first resurrection, and who of its multitudes are worthy of translation. 1 Peter 4:17, 18; Dan. 7:9, 10; Rev. 14:6, 7; Luke 20:35.

17. That the followers of Christ should be a godly people, not adopting the unholy maxims nor conforming to the unrighteous ways of the world, not loving its sinful pleasures nor countenancing its follies. That the believer should recognize his body as the temple of the Holy Spirit, and that therefore he should clothe that body in neat, modest, dignified apparel. Further, that in eating and drinking and in his entire course of conduct he should shape his life as becomes a follower of the meek and lowly Master. Thus the believer will be led to abstain from all intoxicating drinks, tobacco, and other narcotics, and the avoidance of every body and soul defiling habit and practice. 1 Cor. 3:16, 17; 9:25; 10:31; 1 Tim. 2:9, 10; 1 John 2:6.

18. That the divine principle of tithes and offerings for the support of the gospel is an acknowledgment of God's ownership in our lives, and that we are stewards who must render account to Him of all that He has committed to our possession. Lev. 27:30; Mal. 3:8-12; Matt. 23:23; 1 Cor. 9:9-14; 2 Cor. 9:6-15.

19. That God has placed in His church the gifts of the Holy Spirit, as enumerated in 1 Corinthians 12 and Ephesians 4. That these gifts operate in harmony with the divine principles of the Bible, and are given for the perfecting of the saints, the work of the ministry, the edifying of the body of Christ. Rev. 12:17; 19:10; 1 Cor. 1:5-7.
20. That the second coming of Christ is the great hope of the church, the grand climax of the gospel and plan of salvation. His coming will be literal, personal, and visible. Many important events will be associated with His return, such as the resurrection of the dead, the destruction of the wicked, the purification of the earth, the reward of the righteous, the establishment of His everlasting kingdom. The almost complete fulfillment of various lines of prophecy, particularly those found in the books of Daniel and the Revelation, with existing conditions in the physical, social, industrial, political, and religious worlds, indicates that Christ’s coming “is near, even at the doors.” Matt. 24:33. The exact time of that event has not been foretold. Believers are exhorted to be ready, for “in such an hour as ye think not the Son of man” (Matt. 24:44) will be revealed. Luke 21:25-27; 17:26-30; John 14:1-3; Acts 1:9-11; Rev. 1:7; Heb. 9:28; James 5:1-8; Joel 3:9-16; 2 Tim. 3:1-5; Dan. 7:27; Matt. 24:36, 44.

21. That the millennial reign of Christ covers the period between the first and the second resurrections, during which time the saints of all ages will live with their blessed Redeemer in Heaven. At the end of the millennium, the Holy City with all the saints will descend to the earth. The wicked, raised in the second resurrection, will go up on the breadth of the earth with Satan at their head to compass the camp of the saints, when fire will come down from God out of Heaven and devour them. In the conflagration which destroys Satan and his host, the earth itself will be regenerated and cleansed from the effects of the curse. Thus the universe of God will be purified from the foul blot of sin. Revelation 20; Zech. 14:1-4; 2 Peter 3:7-10.

22. That God will make all things new. The earth, restored to its pristine beauty, will become forever the abode of the saints of the Lord. The promise to Abraham, that through Christ he and his seed should possess the earth throughout the endless ages of eternity, will be fulfilled. “The kingdom and dominion, and the greatness of the kingdom under the whole heaven will be given to the people of the saints of the Most High, whose kingdom is an everlasting kingdom, and all dominions shall serve and obey Him.” Dan. 7:27. Christ, the Lord, will reign supreme, and every creature which is in heaven and on the earth and under the earth, and such as are in the sea, will ascribe “blessing, and honor, and glory, and power,” unto “Him that sitteth upon the throne, and unto the Lamb forever and ever.” Gen. 15:14-17; Rom. 4:15; Heb. 11:5-16; Matt. 6:6; Isaiah 55; Rev. 21:1-7; 5:13; Dan. 7:27.

EDUCATIONAL INSTITUTIONS

OUTLINE OF COURSES IN EDUCATIONAL INSTITUTIONS

As a result of various actions taken by the Department of Education, it is recommended that the work of our intermediate schools, academies, and colleges be organized upon a semester basis, each semester to be subdivided approximately into three periods of six weeks each. It was also recommended that the credits given in secondary schools be reckoned upon a unit basis, one unit representing a study pursued 36 weeks with five recitations a week, forty-five minutes in length, or its equivalent; that college credits be given on the semester-hour basis, a semester-hour representing a study pursued one sixty-minute hour a week for eighteen weeks. Some colleges following the quarter plan instead of the semester, give credit on a quarter-hour basis; a quarter-hour for this purpose representing a course of study pursued one sixty-minute hour a week for twelve weeks. The scope of the work offered in Seventh-day Adventist schools is as follows:

Lists of church school teachers will be found in connection with directories of the conferences in which such teachers are located. Directories of colleges, academies, and intermediate schools follow in alphabetical order.

If it is desired to find the directory of a school or other institution whose name cannot be recalled, refer to the list of institutions at the close of the Division directory in preceding pages, and there will be found the name of every institution listed. Then refer to the index, where the institution may be readily located.

The names of teachers and other workers in colleges and secondary schools are also given in the Institutional Workers Directory.

**MISSION RECEIPTS AND APPROPRIATIONS**

The amounts following have been taken from the annual receipt and disbursement statements of the General Conference of Seventh-day Adventists for the several years. Prior to 1905 these reports were made up on a somewhat different plan than since that date, and are not easily comparable. The amounts here given represent mission contributions and percentages of tithe receipts, and other General Conference income from the entire world field; and General Conference expenditures for foreign mission and home appropriations, and for the General Conference headquarters administration.

*Beginning with 1940, annual sales of literature have been computed on a somewhat different basis, which accounts for the seeming decrease in value.*

Countries, Islands, and Island Groups in which Seventh-day Adventist Work Has Been Established.

The work of Seventh-day Adventists is being carried on in nearly all of the principal countries of the world, and in many of the smaller geographical divisions. It is generally considered that a country or political section has been entered by Seventh-day Adventist interest when regular medical, educational, or other mission activities are being conducted among the people of that particular area, or when there is in the territory one or more groups of persons connected in an organized way with the denomination, such as in Sabbath school or church fellowship. A new field is not considered as entered when only itinerant preaching or colporteur work has been done, or when there are only a few scattered believers.

Recognising the need of a reliable list of political and geographical divisions which could be used as a basis for checking the different areas in which Seventh-day Adventist work is being carried forward, the following action was taken at the 1946 General Conference session:

"Voted, That the designations of the several sections of the world field in which Seventh-day Adventists are conducting their work be based on the list of countries, islands, and island groups in such authoritative works as the World Almanac and the Statesman's Yearbook."

Following this procedure, the list shown below comprises the political and geographical divisions given in the World Almanac (1947 edition) and the Statesman's Yearbook (latest edition 1945), with the exception of the individual states of the United States of America, and the several continental provinces of Canada, Australia, the Union of South Africa, British India, and Germany. The list also includes principal island groups of the Pacific Ocean.

With world conditions as unsettled as at this time, it is not unlikely that political changes may render difficult the maintaining of stable lists of countries for checking purposes. Furthermore, there may be other standard catalogs of countries which should be consulted in addition to those mentioned above. The editors of the YEARBOOK will welcome any corrections or additions to the lists here presented, substantiated by authoritative sources of information.

Parallelling the standard list of political and geographical areas shown below, there are given the names of the countries, islands, and island groups in which Seventh-day Adventist work is being conducted at the present time, as far as they have been recorded in the General Conference office. This list also is subject to correction by those who are intimately acquainted with conditions in the various sections of the world field; and the list will be extended as new mission territories are entered.

INSTITUTIONAL WORKERS INDEX

In the following index are given the names of workers listed in the Educational, Food Companies, Publishing, and Medical sections of the Yearbook, such as college and secondary school teachers, managers and other institutional administrators, editors, physicians, and nurses. In addition to the page on which the name appears, a designation is given to indicate the class of institution in which the worker is employed: as E for Educational, F for Food Companies, P for Publishing, and M for Medical; also the general nature of the work is shown: as t for teacher, n for nurse, e for editor, b for business. Thus a teacher is designated Et; an editor, Pe; a physician, Mp; a sanitary business manager or treasurer, Mb, etc. A few names that do not fall into these particular groups are shown simply by the class of institution. For workers in North America, the name or initials of the institution employing them is given, but outside of North America, the name of the country only is usually shown.

Legend

- **E** for Educational
- **F** for Food Companies
- **P** for Publishing
- **M** for Medical
- **t** for teacher
- **n** for nurse
- **e** for editor
- **b** for business

The Prophetic Faith of Our Fathers

By LeRoy Edwin Froom

This book for the hour is the result of thirteen years of intensive research by the author—securing, analyzing, organizing, charting the materials, and lecturing thereon. Then came the writing of this monumental work in four volumes. It represents a General Conference investment of thousands of dollars in priceless source documents secured throughout Europe and America. The publishers have added other thousands in exacting verification, checking, illustrating, indexing, and producing a work of typographical art.

It has thirty-two full pages of composite facsimiles, including reproductions of fascinating title pages, striking passages of text, and intimate portraits of prophetic spokesmen. A series of six priceless charts multiples its value and utility. Scholarly in form and fully documented, it is nonetheless readable and attractive. It is at once a handbook of facts, a history of vital developments, and a human interest portrayal of the leading characters in the changing drama of prophetic exposition—all framed in a biographical setting. It will have a special appeal for the trained mind.

Greater Durability!

Royals are the sturdiest typewriters engineering science has produced. Royals stand up longer, spend more time on the job, less time for repairs, giving you maximum return from your typewriter investment.

 Evangelism

By Ellen G. White

INSPIRED COUNSEL FOR TODAY'S NEEDS

Instruction for the minister and Bible instructor from the old files of the “Review” and other publications, along with counsel and warning given to individual evangelists and ministerial institutes, but not generally available today, makes this an important book in the Christian Home Library series. The planning of gospel campaigns, organization of evangelistic groups, methods of presenting the message, psychology of public appeal, and work in large cities receive the chief emphasis of the compilation. The responsibility of the Bible instructor, the song leader, and various other types of workers in gospel efforts is made clear under a variety of topical discussions. One large section is devoted to medical evangelism. 747 pages, with topics indexed in great detail.
