Preface

A directory of the conferences, mission fields, and institutions connected with the Seventh-day Adventist denomination is given in the following pages. Administrative and workers' lists have been furnished by the organizations concerned. In cases where current reports were not received, previous official and personnel rolls have been retained or adjusted to the best information available. Below appears data summarized largely from the 1947 Statistical Report, the one last issued at this date.

The number of churches and the church membership in each of the conferences in North America are those reported at the close of the third quarter, 1948. In fields outside of North America the church and membership statistics at the close of 1947 have been used except in instances where the organizations themselves have reported later figures. Populations of conferences in North America are based on the 1940 census reports; and population figures for other fields have been furnished largely from the different Division or Union offices.

Following the classification order of workers in the General Conference Working Policy, those persons who carry missionary credentials are placed immediately following the ordained minister groups in the conference and mission sections of the Yearbook. The Workers Directory lists the names and addresses of ordained and licensed ministers and workers holding missionary credentials and Bible instructors' credentials. A separate list of principal workers employed in educational, publishing and medical institutions is also given.

The Seventh-day Adventist denomination was organized May 21, 1863, with a constituency of 125 churches and 3,500 members. The work was largely confined to North America until the year 1874, when the first missionary, Elder J. N. Andrews, was sent to Switzerland. Gradually other countries were entered. In 1886 a minister went to Russia, the first non-Protestant country in which this work was started. The schooner "Pitcairn" was launched in San Francisco Bay on July 28, 1890, and was soon prepared to carry groups of missionaries to various Pacific islands. In 1894 Seventh-day Adventist workers first entered a heathen land, opening a mission in Matabeleland, South Africa. South America was entered the same year, and Japan in 1896.

Although publishing and the distribution of literature had been a major factor in the development of the Advent cause from its beginning, the first regular publishing house was incorporated in 1861 at Battle Creek, Mich., under the name of the Seventh-day Adventist Publishing Association. The Advent Review and Sabbath Herald was first published in 1850 at Paris, Maine; the Youth's Instructor at Rochester, N.Y., in 1852; and the Signs of the Times at Oakland, Calif., in 1874. In 1866 the Health Reform Institute, later the Battle Creek Sanitarium, was established. The first denominational school was opened in 1872. Tract and missionary society work was organized on a state-wide basis in 1870, and state Sabbath school associations in 1877. The name, "Seventh-day Adventists," was chosen in 1860, and in 1903 the denominational headquarters were moved from Battle Creek, Mich., to Washington, D.C.

Since 1902 to the close of 1947, 5,944 missionaries have been sent out for mission service in various lands comprising all of the larger countries of the world and many of the islands of the sea. Thirty-five thousand two hundred thirty-five evangelistic and institutional workers were using almost 700 languages and modes of speech in their gospel service.

The membership of the 9,554 Seventh-day Adventist churches throughout the world in 1947 was 628,594. There were 72 union conferences and missions, 136 local conferences, 295 regularly organized mission fields, and 545 institutions. Of the 35,235 laborers, 13,518 were in North America, and 21,717 in other countries.

The funds in tithes and offerings contributed in 1947 by Seventh-day Adventists were the largest ever raised by the denomination during any one year. The amount of $38,978,496.56 was a per capita contribution of $62.02 for every member in the world field. In North America alone the per capita giving in tithes and offerings was $126.95. In addition to the above, $740,213.13 was given in North America in 1947 for mission rehabilitation and famine relief.

The Statistical Report showed that there were 49 Seventh-day Adventist publishing houses and branches, whose book and periodical retail sales in 1947 were $11,477,499.76. These publishing houses employed 1,641 workers in producing this literature, and 3,129 more were engaged in its distribution. Seventh-day Adventist literature has been printed in 190 languages, and there were 282 periodicals issued.
The enrollment in the 15,107 Sabbath schools was 765,952, and the annual Sabbath school contributions were $4,290,178.33. Sanitariums, hospitals, and treatment rooms, to the number of 177 engaged in the care of the sick, with 7,229 physicians, nurses, and other attendants, who treated 1,409,353 out-patients and 132,593 in-patients during 1947.

There were 3,474 elementary schools, and 290 secondary and advanced schools with 8,444 teachers employed, and an enrollment of 170,295 pupils. At the close of the 1946-47 school year 1,111 students entered some branch of denominational work.

The property value of all organizations and institutions connected with the Seventh-day Adventist denomination, including churches, at the beginning of 1947 was $138,440,570.51.

The total amount of funds in tithes and offerings contributed since the organization of the Seventh-day Adventist General Conference in 1863 to the close of 1947 was $491,036,933.50. Literature sales for the same period were registered as $183,558,205.54.

Review of 1948

The record of the past year reveals many significant and interesting items:

General and North America: The General Conference President spoke May 2 in Constitution Hall, Washington, D.C., on "The Meaning of the Present World Situation."—For the first time in ten years the Autumn Council met in Denver, Colorado, with representatives from all divisions present, except Soviet Russia.—The new Temperance journal Listen was launched, the first issue dated July-September, published by the Pacific Press Publishing Association, Mountain View, California.—Riverside Sanitarium and Hospital, Nashville, Tennessee, was opened June 1, and will serve the growing needs of the colored constituency.—Seven union-wide Youth's Congresses were conducted by the Missionary Volunteer Department in North America.—A Radio Department was organized in the General Conference by Autumn Council action.

Africa: In the Southern African Division there are 110,000 Sabbathkeepers (55,000 baptized members and as many more in Bible classes). During the year 902 evangelistic efforts were held; 165,000 have taken the Voice of Prophecy course.

Asia: The first senior college students graduated from Spicer Missionary College near Poona, India, received diplomas in February.—Youngberg Memorial Hospital was opened in Singapore.—In spite of unsettled conditions in China more than fifty evangelistic efforts opened in China on April 4, resulting in hundreds of baptisms. China was torn by civil war. Missionary families were removed from Mukden, Peiping, Tsingtao, Nanking, and Hankow, most of whom were relocated in South China.

Australia: The Australasian Inter-Union Conference, made up of two union conferences and two union missions, was established. Leaders of the Inter-Union were appointed at the Autumn Council.—A new mission was opened in the mountains of New Guinea.

Europe: The Central European Division was reorganized on a provisional basis at the Autumn Council.—Skodsborg Sanitarium, Denmark, celebrated its fiftieth anniversary.—A new training school was opened in Zeist, Holland.—Marienhöhe Missionary Seminary, Darmstadt, Germany, again opened its doors after successful negotiations with authorities for re-occupation of the property.—Members of the Seventh-day Adventist Theological Seminary staff in Washington, D.C., held a special extension school in Britain.—Youth's Congresses were held in Europe; one in the British Union and one for the Austrian-Swiss youth.—Certain African fields were reassigned: Ethiopian Union Mission to Northern Europe; and the major portion of the French areas of West Africa to Southern Europe.

Latin America: The River Plate Junior College, Argentina, celebrated its fiftieth anniversary in September.—On July 29, the Rio Clinic and Rest Home moved to its new and permanent home, the Rio de Janeiro Sanitarium and Hospital, built on a mountain overlooking the harbor.—Extended series of Youth's Congresses were held throughout Latin-America, eleven in Inter-America; ten in South America.

EDUCATIONAL INSTITUTIONS

OUTLINE OF COURSES IN EDUCATIONAL INSTITUTIONS

As a result of various actions taken by the Department of Education, it is recommended that the work of our intermediate schools, academies, and colleges be organized upon a semester basis, each semester to be subdivided approximately into three periods of six weeks each. It was also recommended that the credits given in secondary schools be reckoned upon a unit basis, one unit representing a study pursued 36 weeks with five recitations a week, forty-five minutes in length, or its equivalent; that college credits be given on the semester-hour basis, a semester-hour representing a study pursued one sixty-minute hour a week for eighteen weeks. Some colleges following the quarter plan instead of the semester, give credit on a quarter-hour basis; a quarter-hour for this purpose representing a course of study pursued one sixty-minute hour a week for twelve weeks. The scope of the work offered in Seventh-day Adventist schools is as follows:

Lists of church school teachers will be found in connection with directories of the conferences in which such teachers are located. Directories of colleges, academies, and intermediate schools follow in alphabetical order.

If it is desired to find the directory of a school or other institution whose name cannot be recalled, refer to the list of institutions at the close of the Division directory in preceding pages, and there will be found the name of every institution listed. Then refer to the index, where the institution may be readily located.

The names of teachers and other workers in colleges and secondary schools are also given in the Institutional Workers Directory.

STATISTICAL TABLES

MISSION RECEIPTS AND APPROPRIATIONS

The amounts following have been taken from the annual receipt and disbursement statements of the General Conference of Seventh-day Adventists for the several years. Prior to 1905 these reports were made up on a somewhat different plan than since that date, and are not easily comparable. The amounts here given represent mission contributions and percentages of tithe receipts, and other General Conference income from the entire world field; and General Conference expenditures for foreign mission and home appropriations, and for the General Conference headquarters administration.

Countries, Islands, and Island Groups in which Seventh-day Adventist Work Has Been Established.

The work of Seventh-day Adventists is being carried on in nearly all of the principal countries of the world, and in many of the smaller geographical divisions. It is generally considered that a country or political section has been entered by Seventh-day Adventist interest when regular medical, educational, or other mission activities are being conducted among the people of that particular area, or when there is in the territory one or more groups of persons connected in an organized way with the denomination, such as in Sabbath school or church fellowship. A new field is not considered as entered when only itinerant preaching or colporteur work has been done, or when there are only a few scattered believers.

Recognizing the need of a reliable list of political and geographical divisions which could be used as a basis for checking the different areas in which Seventh-day Adventist work is being carried forward, the following action was taken at the 1946 General Conference session:

"Voted, That the designations of the several sections of the world field in which Seventh-day Adventists are conducting their work be based on the list of countries, islands, and island groups in such authoritative works as the World Almanac and the Statesman’s Yearbook."

Following this procedure, the list shown below comprises the political and geographical divisions given in the World Almanac (1947 edition) and the Statesman’s Yearbook (latest edition 1945), with the exception of the individual states of the United States of America, and the several continental provinces of Canada, Australia, the Union of South Africa, British India, and Germany. The list also includes principal island groups of the Pacific Ocean.

With world conditions as unsettled as at this time, it is not unlikely that political changes may render difficult the maintaining of stable lists of countries for checking purposes. Furthermore, there may be other standard catalogs of countries which should be consulted in addition to those mentioned above. The editors of the YEARBOOK will welcome any corrections or additions to the lists here presented, substantiated by authoritative sources of information.

Paralleling the standard list of political and geographical areas shown below, there are given the names of the countries, islands, and island groups in which Seventh-day Adventist work is being conducted at the present time, as far as they have been recorded in the General Conference office. This list also is subject to correction by those who are intimately acquainted with conditions in the various sections of the world field; and the list will be extended as new mission territories are entered.

Sec. 2. Appropriations shall be made subject to the receipt of the full amount of funds estimated in the General Conference budget. In case of a shortage, the distribution shall be on a pro-rata basis to all the interests represented in the budget.

Sec. 3. Appropriations for major permanent investments shall be held in trust for the purpose for which the appropriation was designated. In case the project is abandoned, the funds shall revert to the General Conference. Other funds appropriated to division fields shall be administered by the division committees.

Sec. 4. All funds raised in division fields, except the regular funds belonging to the General Conference, as indicated under Article XV, may be used for the advancement of the work in the fields in which they were raised.

Sec. 5. General Conference funds in all the world shall be made available to meet the annual appropriations of the General Conference.

**Article XVII—Finance**

Sec. 1. To tide over a possible financial depression, the Treasurer of the General Conference shall carry in cash or in readily convertible securities, a Reserve Fund equal to forty per cent of the regular and special appropriations of the preceding year. The Reserve Fund shall not fall below this figure except on authorization of an Autumn Council of the Executive Committee.

Sec. 2. The Executive Committee, acting through its legal agency, the General Conference Corporation, shall have power to make such annuity contracts as may seem desirable; but all moneys obtained in this way shall be invested in securities, and not be made available for appropriation until the annuity contracts have matured.

Sec. 3. The tithes and mission offerings received by the General Conference shall be held as a trust for appropriations to the work of the Seventh-day Adventist denomination. It shall not be within the prerogative, therefore, of the General Conference Committee, the Treasury Department, nor of any agent or agency of the denomination, to loan these funds to private individuals, to indorse notes, sign bonds or other securities, or in any way to divert the funds of the General Conference from their intended purpose.

Sec. 4. The basis for computing per capita funds shall be the average of the membership of the four quarters of the second preceding calendar year as published by the Statistical Secretary in his quarterly reports.
FUNDAMENTAL BELIEFS OF SEVENTH-DAY ADVENTISTS

Seventh-day Adventists hold certain fundamental beliefs, the principal features of which, together with a portion of the scriptural references upon which they are based, may be summarized as follows:

1. That the Holy Scriptures of the Old and New Testaments were given by inspiration of God, contain an all-sufficient revelation of His will to men, and are the only unerring rule of faith and practice. 2 Tim. 3:15-17.

2. That the Godhead, or Trinity, consists of the Eternal Father, a personal, spiritual Being, omnipotent, omnipresent, omniscient, infinite in wisdom and love; the Lord Jesus Christ, the Son of the Eternal Father, through whom all things were created and through whom the salvation of the redeemed hosts will be accomplished: the Holy Spirit, the third person of the Godhead, the great regenerating power in the work of redemption. Matt. 28:19.

3. That Jesus Christ is very God, being of the same nature and essence as the Eternal Father. While retaining His divine nature He took upon Himself the nature of the human family, lived on the earth as a man, exemplified in His life as our Example the principles of righteousness, attested His relationship to God by many mighty miracles, died for our sins on the cross, was raised from the dead, and ascended to the Father, where He ever lives to make intercession for us. John 1:1, 14; Heb. 2:9-18; 8:1, 2; 4:14-16; 7:25.

4. That every person in order to obtain salvation must experience the new birth; that this comprises an entire transformation of life and character by the recreative power of God through faith in the Lord Jesus Christ. John 3:16; Matt. 18:3; Acts 2:37-39.

5. That baptism is an ordinance of the Christian church and should follow repentance and forgiveness of sins. By its observance faith is shown in the death, burial, and resurrection of Christ. That the proper form of baptism is by immersion. Rom. 6:1-6, Acts 16:30-33.

6. That the will of God as it relates to moral conduct is comprehended in His law of ten commandments: that these are great moral, unchangeable precepts, binding upon all men, in every age. Ex. 20:1-17.

7. That the fourth commandment of this unchangeable law requires the observance of the seventh day Sabbath. This holy institution is at the same time a memorial of creation and a sign of sanctification, a sign of the believer's rest from his own works of sin, and his entrance into the rest of soul which Jesus promises to those who come to Him. Gen. 2:1-3; Ex. 20:8-11; 31:12-17; Heb. 4:1-10.

8. That the law of ten commandments points out sin, the penalty of which is death. The law cannot save the transgressor from his sin, nor impart power to keep him from sinning. In infinite love and mercy, God provides a way whereby this may be done. He furnishes a substitute, even Christ the Righteous One, to die in man's stead, making "Him to be sin for us, who knew no sin; that we might be made the righteousness of God in Him." 2 Cor. 5:21. That one is justified, not by obedience to the law, but by the grace that is in Christ Jesus. By accepting Christ, man is reconciled to God, justified by His blood for the sins of the past, and saved from the power of sin by His indwelling life. Thus the gospel becomes "the power of God unto salvation to everyone that believeth." Rom. 1:16. This experience is wrought by the divine agency of the Holy Spirit, who convinces of sin and leads to the Sin-Bearer, inducting the believer into the new covenant relationship, where the law of God is written on his heart, and through the enabling power of the indwelling Christ, his life is brought into conformity to the divine precepts. The honor and merit of this wonderful transformation belong wholly to Christ. 1 John 2:1,2; 5:4; Rom. 3:20; 5:8-10; 7:7; Eph. 2:8-10; 8:17; Gal. 2:20; Heb. 8:12.

9. That God "only hath immortality." 1 Tim. 6:15. Mortal man possesses a nature inherently sinful and dying. Eternal life is the gift of God through faith in Christ. Rom. 6:23. "He that hath the Son hath life." 1 John 5:12. Immortality is bestowed upon the righteous at the second coming of Christ, when the righteous dead are raised from the grave and the living righteous translated to meet the Lord. Then it is that those accounted faithful "put on immortality." 1 Cor. 15:51-55.
10. That the condition of man in death is one of unconsciousness. That all men, good and evil alike, remain in the grave from death to the resurrection. Eccl. 9:5, 6; Ps. 146:5, 4; John 5:25, 28.

11. That there shall be a resurrection both of the just and of the unjust. The resurrection of the just will take place at the second coming of Christ; the resurrection of the unjust will take place a thousand years later, at the close of the millennium. John 5:28, 29; 1 Thess. 4:15-18; Rev. 20:5-10.

12. That the finally impenitent, including Satan, the author of sin, will, by the fires of the last day, be reduced to a state of non-existence, becoming as though they had not been, thus purging God's universe of sin and sinners. Rom. 6:23; Mal. 4:1-3; Rev. 20:9, 10; Obadiah 16.

13. That no prophetic period is given in the Bible to reach to the second advent, but that the longest one, the 2300 days of Dan. 8:14, terminated in 1844, and brought us to an event called the cleansing of the sanctuary.

14. That the true sanctuary, of which the tabernacle on earth was a type, is the temple of God in Heaven, of which Paul speaks in Hebrews 8 and onward, and of which the Lord Jesus, as our great high priest, is minister; and that the priestly work of our Lord is the antitype of the work of the Jewish priests of the former dispensation; that this heavenly sanctuary is the one to be cleansed at the end of the 2300 days of Daniel 8:14; its cleansing being, as in the type, a work of judgment, beginning with the entrance of Christ as the high priest upon the judgment phase of His ministry in the heavenly sanctuary foreshadowed in the earthly service of cleansing the sanctuary on the day of atonement. This work of judgment in the heavenly sanctuary began in 1844. Its completion will close human probation.

15. That God, in the time of the judgment and in accordance with His uniform dealing with the human family in warning them of coming events vitally affecting their destiny (Amos 3:6, 7), sends forth a proclamation of the approach of the second advent of Christ; that this work is symbolized by the three angels of Revelation 14; and that their threefold message brings to view a work of reform to prepare a people to meet Him at His coming.

16. That the time of the cleansing of the sanctuary, synchronizing with the period of the proclamation of the message of Revelation 14, is a time of investigative judgment, first with reference to the dead, and secondly, with reference to the living. This investigative judgment determines who of the myriads sleeping in the dust of the earth are worthy of a part in the first resurrection, and who of its living multitudes are worthy of translation. 1 Peter 4:17, 18; Dan. 7:9, 10; Rev. 14:6, 7; Luke 20:35.

17. That the followers of Christ should be a godly people, not adopting the unholy maxims nor conforming to the unrighteous ways of the world, not loving its sinful pleasures nor countenancing its follies. That the believer should recognize his body as the temple of the Holy Spirit, and that therefore he should clothe that body in neat, modest, dignified apparel. Further, that in eating and drinking and in his entire course of conduct he should shape his life as becomes a follower of the meek and lowly Master. Thus the believer will be led to abstain from all intoxicating drinks, tobacco, and other narcotics, and the avoidance of every body and soul defiling habit and practice. 1 Cor. 3:16, 17; 9:25; 10:8; 1 Tim. 2:9, 10; 1 John 2:6.

18. That the divine principle of tithes and offerings for the support of the gospel is an acknowledgment of God's ownership in our lives, and that we are stewards who must render account to Him of all that He has committed to our possession. Lev. 27:30; Mal. 3:8-12; Matt. 23:23; 1 Cor. 9:9-14; 2 Cor. 9:6-15.

19. That God has placed in His church the gifts of the Holy Spirit, as enumerated in 1 Corinthians 12 and Ephesians 4. That these gifts operate in harmony with the divine principles of the Bible, and are given for the perfecting of the saints, the work of the ministry, the edifying of the body of Christ. Rev. 12:17; 19:10; 1 Cor. 1:5-7.

20. That the second coming of Christ is the great hope of the church, the grand climax of the gospel and plan of salvation. His coming will be literal, personal, and visible. Many important events will be associated with His return, such as the resurrection of the dead, the destruction of the wicked, the purification of the earth, the reward of the righteous, the establishment of His everlasting kingdom. The almost complete fulfillment of various lines of prophecy, particularly those found
in the books of Daniel and the Revelation, with existing conditions in the physical, social, industrial, political, and religious worlds, indicates that Christ’s coming “is near, even at the doors.” Matt. 24:33. The exact time of that event has not been foretold. Believers are exhorted to be ready, for “in such an hour as ye think not the Son of man” (Matt. 24:44) will be revealed. Luke 21:25-27; 17:26-30; John 14:1-3; Acts 1:9-11; Rev. 1:7; Heb. 9:28; James 5:1-8; Joel 3:9-16; 2 Tim. 3:1-5; Dan. 7:27; Matt. 24:36, 44.

21. That the millennial reign of Christ covers the period between the first and the second resurrections, during which time the saints of all ages will live with their blessed Redeemer in Heaven. At the end of the millennium, the Holy City with all the saints will descend to the earth. The wicked, raised in the second resurrection, will go up on the breadth of the earth with Satan at their head to compass the camp of the saints, when fire will come down from God out of Heaven and devour them. In the conflagration which destroys Satan and his host, the earth itself will be regenerated and cleansed from the effects of the curse. Thus the universe of God will be purified from the foul blot of sin. Revelation 20; Zech. 14:1-4; 2 Peter 3:7-10.

22. That God will make all things new. The earth, restored to its pristine beauty, will become forever the abode of the saints of the Lord. The promise to Abraham, that through Christ he and his seed should possess the earth throughout the endless ages of eternity, will be fulfilled. “The kingdom and dominion, and the greatness of the kingdom under the whole heaven will be given to the people of the saints of the Most High, whose kingdom is an everlasting kingdom, and all dominions shall serve and obey Him.” Dan. 7:27. Christ, the Lord, will reign supreme, and every creature which is in heaven and on the earth and under the earth, and such as are in the sea, will ascribe “blessing, and honor, and glory, and power,” unto “Him that sitteth upon the throne, and unto the Lamb forever and ever.” Gen. 15:14-17; Rom. 4:13; Heb. 11:8-16; Matt. 5:5; Isaiah 35; Rev. 21:1-7; 5:13; Dan. 7:27.

INSTITUTIONAL WORKERS INDEX

In the following index are given the names of workers listed in the Educational, Food Companies, Publishing, and Medical sections of the Yearbook, such as college and secondary school teachers, managers and other institutional administrators, editors, physicians, and nurses. In addition to the page on which the name appears, a designation is given to indicate the class of institution in which the worker is employed: as E for Educational, F for Food Companies, P for Publishing, and M for Medical; also the general nature of the work is shown: as t for teacher, p for physician, n for nurse, e for editor, b for business. Thus a teacher is designated Et; an editor, Pe; a physician, Mp; a sanitarium business manager or treasurer, Mb, etc. A few names that do not fall into these particular groups are shown simply by the class of institution. For workers in North America, the name or initials of the institution employing them is given, but outside of North America, the name of the country only is usually shown.

FOR BETTER PROJECTION
of 2" x 2" Slides and Filmstrips

New S.V.E. "Instructor" 300

Finer projection than ever before is assured with this newest of S.V.E. Projectors, the "Instructor" 300, which takes 2" x 2" slides, single and double-frame filmstrips. New Duo-Threading feature permits quick "push-in style" threading of filmstrips, or they may be threaded in the conventional manner. Film advances smoothly, as aperture glasses are released to eliminate all danger of scratching or marring film.

The improved optical system of the "Instructor" 300 insures maximum screen brilliance and full color value from color slides. All optical elements are coated. The 5" lens which is provided is a Wocoted S.V.E. anastigmat of the finest quality. (3", 4" and 7" lenses are also available).

Complete with lens, semi-automatic slide changer, film rewind take-up and leatherette carrying case, the "Instructor" 300 is being introduced at $90.00.

Order from General Conference of Seventh-day Adventists. For further information and literature on Filmstrips and 2" x 2" Slides, address Dept. 7-D, Society For Visual Education, Inc.

An Organ you can carry anywhere

THE ESTEY FOLDING ORGAN
Portable as a suitcase, this model has served mission boards the world over. It weighs but 75 pounds, measures 30½" long x 20" high when folded in its carrying case.

Yes, here is a true reed instrument of proven quality, with a mellow resonance usually found only in larger organs. Compact and inexpensive, it's the ideal solution to the problem of assuring the best of devotional music where you want it and when you want it.

The Estey Folding Organ is equipped with two full sets of reeds, 8' Diapason and 4' Flute. The organ tones are full, the volume range wide. And its four-octave keyboard is thoroughly adequate for the average composition.

Other Estey models are available in various price steps up to $900.
