A directory of the conferences, mission fields, and institutions connected with the Seventh-day Adventist denomination is given in the following pages. Administrative and personnel rolls have been re-inferred from the different Division or Union offices. Below appears data summarized in the latest available Annual Statistical Report, the one last issued at this date.

The number of churches and the church membership in each of the conferences in North America, as well as those outside of North America, are the figures published in the latest available Annual Statistical Report. Populations of conferences in North America are based on the 1950 census or latest figures available; and population figures for other fields have been furnished largely from the different Division or Union offices.

The classification order of workers in the General Conference Working Policy, those persons who carry Missionary Credentials are placed immediately following office and mission sections of the Yearbook. The Directory of Workers lists the names and addresses of ordained and licensed ministers and workers holding Missionary Credentials. A separate index of principal workers engaged in educational, publishing and medical fields, and institutions connected with the organizations concerned. In cases where current reports were not received, previous official and personnel rolls have been retained or adjusted to the best information available. Below appears data summarized largely from the 1955 Statistical Report, the one last issued at this date.

The Seventh-day Adventist denomination was organized May 21, 1863, with a constituency of 125 churches, and 3,500 members. The work was largely confined to North America until the year 1874, when the first missionary, Elder J. N. Andrews, was sent to Switzerland. Gradually other countries were entered. In 1886 a minister went to Russia, the first non-Protestant country in which this work was started. The schooner Pitcairn was launched in San Francisco Bay on July 28, 1890, and was soon prepared to carry groups of missionaries to various Pacific islands. In 1894 Seventh-day Adventist workers first entered a heathen land, opening a mission in Matabeleland, South Africa. South America was entered the same year, and Japan in 1898.

Although publishing and the distribution of literature had been a major factor in the development of the Advent cause from its beginning, the first regular publishing house was incorporated in 1861 at Battle Creek, Mich., under the name of the Seventh-day Adventist Publishing Association. The Ad- vent Review and Sabbath Herald was first published in 1858 at Paries. Since 1860 the Youth's Instructor at Rochester, N. Y., in 1862; and the Signs of the Times at Oakland, Calif. in 1874. In 1886 the Health Reform Institute, later the Battle Creek Sanitarium, was established. The first denominational school was opened in 1872. Tract and missionary society work was organized on a state-wide basis in 1870, and state Sabbath school associations in 1877. The name, "Seventh-day Adventists," was chosen in 1860, and in 1868 the denominational headquarters were moved from Battle Creek, Mich., to Washington, D.C.

Since 1901 to the close of 1955 there have been sent out 7,851 missionaries for mission service in various lands comprising all of the larger countries of the world and many of the islands of the sea. Evangelistic and institutional workers numbering 41,033 were using 731 languages and modes of speech in their gospel service.

The membership of the 11,745 Seventh-day Adventist churches throughout the world in 1955 was 1,006,218. There were 70 union conferences and missions, 132 local conferences, 198 regularly organized mission fields, and 650 institutions. Of the 41,033 laborers, 16,131 were in North America, and 24,902 in other countries.

The funds in tithes and offerings contributed in 1955 by Seventh-day Adventists were the largest ever raised by the denomination during any one year. The amount of $67,919,367.42 was equivalent to a per capita contribution of $72.24 for every member in the world field. In North America alone the per capita giving in tithes and offerings was $194.12. In addition to the above, $366,162.22 was given in North America in 1955 for various specific projects not included in the above.

The Statistical Report showed that there were 42 Seventh-day Adventist publishing houses and branches, whose book and periodical retail sales in 1955 were $20,015,037.93. These publishing houses employed 1,760 workers in producing this literature, and 3,431 colporteurs were engaged in its distribution. Seventh-day Adventist literature has been printed in 202 languages, and there were 377 periodicals issued.

The membership of the General Conference of Seventh-day Adventists, including churches, at the beginning of 1954 was $273,859,482.94.

The total amount of funds in tithes and offerings contributed since the organization of the General Conference of Seventh-day Adventists in 1863 to the close of 1955 was $822,708,858.38. Literature sales for the same period were registered at $304,971,064.09.
FUNDAMENTAL BELIEFS OF SEVENTH-DAY ADVENTISTS

Seventh-day Adventists hold certain fundamental beliefs, the principal features of which, together with a portion of the scriptural references upon which they are based, may be summarized as follows:

1. That the Holy Scriptures of the Old and New Testaments were given by inspiration of God, contain an all-sufficient revelation of His will to men, and are the only unerring rule of faith and practice. 2 Tim. 3:15-17.

2. That the Godhead, or Trinity, consists of the Eternal Father, a personal, spiritual Being, omnipotent, omnipresent, omniscient, infinite in wisdom and love; the Lord Jesus Christ, the Son of the Eternal Father, through whom all things were created and through whom the salvation of the redeemed hosts will be accomplished; the Holy Spirit, the third person of the Godhead, the great regenerating power in the work of redemption. Matt. 28:19.

3. That Jesus Christ is very God, being of the same nature and essence as the Eternal Father. He took upon Himself the nature of the human and moral conduct is comprehended in His law and the same nature and essence as the Eternal Father, a personal, spiritual Being, omnipotent, omnipresent, omniscient, infinite in wisdom and love; the Lord Jesus Christ, the Son of the Eternal Father, through whom all things were created and through whom the salvation of the redeemed hosts will be accomplished; the Holy Spirit, the third person of the Godhead, the great regenerating power in the work of redemption. Matt. 28:19.

4. That every person in order to obtain salvation must experience the new birth; that this comprises an entire transformation of life and character by the regenerating power of God through faith in the Lord Jesus Christ. John 3:16; Matt. 18:3; Acts 2:37-39.

5. That baptism is an ordinance of the Christian church and should follow repentance and forgiveness of sins. Its observance is shown in the death, burial, and resurrection of Christ. That the power of baptism is by immersion. Rom. 6:4; Acts 16:30-33.

6. That the will of God as it relates to moral conduct is comprehended in His law of ten commandments; that these are great moral, unchangeable precepts, binding upon all men, in every age. Ex. 20:1-17.

7. That the fourth commandment of this unchangeable law requires the observance of the seventh-day Sabbath. This holy institution is at the same time a memorial of creation and a sign of sanctification, a sign of the believer's rest from his own works of sin, and his entrance into the rest of soul which Jesus promises to those who come to Him. Gen. 2:1-3; Ex. 20:8-11; 31:12-17; Heb. 4:1-10.

8. That the law of ten commandments points out sin, the penalty of which is death. The law cannot save the transgressor from his sin, nor impart power to keep him from sinning. In infinite love and mercy, God provides a way whereby this may be done. He furnishes a substitute, even Christ the Righteous One, to die in man's stead, making "Him to be sin for us, who knew no sin; that we might be made the righteousness of God in Him." 2 Cor. 5:21. That Christ is justified, not by obedience to the law, but by the grace that is in Christ Jesus. By accepting Christ, man is reconciled to God, justified for the sins of the past, and saved from the power of sin by His indwelling life. Thus the gospel becomes "good news to all who believe." Rom. 1:16. This experience is wrought by the divine agency of the Holy Spirit, who convinces of sin and leads to the Sin-Bearer, inducting the believer into the new covenant relationship, where the law of God is written in the heart of every true child of God, and the enabling power of the indwelling Christ, His life is brought into conformity to the divine will for man. The honor and merit of this wonderful transformation belong wholly to Christ. 1 John 2:1, 2; 3:4; Rom. 3:20; 5:8-10; 7:4; Eph. 2:15; Acts 13:39; Gal. 2:20; Heb. 10:12.

9. That God "only hath immortality." 1 Tim. 6:15. Mortal man possesses a nature inherently sinful and dying. Eternal life is the gift of God through faith in Christ. Rom. 6:23. "He that hath the Son hath life." 1 John 5:12. Immortality is bestowed upon the righteous at the second coming of Christ, when the righteous dead are raised from the grave and the living righteous translated to meet the Lord. Then it is that those accounted faithful "put on immortality." 1 Cor. 15:51-55.

10. That the condition of man in death is one of unconsciousness. That all men, good and evil alike, remain in the grave from death to the resurrections, Rom. 6:1-6; Acts 16:30-33.

11. That there shall be a resurrection both of the just and of the unjust. The resurrection of the just will take place at the second coming of Christ; the resurrection of the unjust will take place a thousand years later, at the close of the millennium. John 5:28, 29; 1 Thess. 4:13-18; Rev. 20:5-10.

12. That the final impenitence, including Satan, the author of sin, will, by the fires of the last day, be Judged and the end of existence, becoming as though they had not been, thus purging God's universe of sin and sinners. Rom. 6:23; Mal. 4:1-3; Rev. 20:9, 10; Obadiah 16.

13. That no prophetic period is given in the Bible to reach the second advent, but that the longest one, the 2300 days of Dan. 8:14, terminated in 1844, and brought us to an event called the cleansing of the sanctuary.

14. That the true sanctuary, of which the tabernacle on earth was a type, is the temple of God. The heavens, of which Paul speaks in Hebrews 8 and onward, and of which the Lord Jesus, as our great high priest, is minister; and that the priestly work of the human Christ is the antitype of the work of the Jewish priests of the former dispensation; that this heavenly sanctuary is the one to be cleansed at the end of the 2300 days of Daniel 8:14; its cleansing being, as in the type, a work of judgment, beginning with the entrance of Christ as the high priest upon the judgment phase of His ministry in the heavenly sanctuary foreshadowed in the earthly service of cleansing the sanctuary on the day of atonement. This work of judgment in the heavenly sanctuary began in 1844. Its completion will close human probation.

15. That God, in the time of the judgment and in accordance with His uniform dealing with the human family in warning them of coming events, sends forth a proclamation of the approach of the second advent of Christ; this proclamation will be made by the three angels of Revelation 14; and that their threefold message brings to view a work of reform to prepare a people to meet Him at His coming.

16. That the time of the cleansing of the sanctuary, synchronizing with the period of the appearance of the Son of Man during the day of judgment (Revelation 14), is a time of investigative judgment, first with reference to the dead, and secondly,
with reference to the living. This investiga-
tive judgment determines who of its living multitudes are worthy
of translation. 1 Peter 4:17, 18; Dan. 7:9, 10;
Rev. 14:6, 7; Luke 20:35.

17. That the followers of Christ should be a
godly people, not adopting the unholy
maxims nor conforming to the unrighteous
isms either in organized division sections or
without divisional affiliation as have been or
shall be properly organized and accepted by
the General Conference and of general in-
stitutions and departments of work, and
such general laborers and field secretaries
as shall receive delegate’s credentials from
the General Conference in session. Such
credentials to be ratified by
the General Conference in session. The num-
vote of the General Conference in session.
(b) Such local conferences and properly
organized local missions not included in any
division, union conference or union mission
or such local conferences or local missions

vote of the General Conference shall be

THE CONSTITUTION AND BY-LAWS
of the
General Conference of Seventh-day Adventists

(As Revised at the Forty-Seventh Session
Held in San Francisco, California, May 24-
June 5, 1954)

Article I—Name
This organization shall be known as Gen-
eral Conference of Seventh-day Adventists.

Article II—Object
The object of this Conference is to teach
all nations the everlasting gospel of our Lord
and Saviour Jesus Christ and the command-
ments of God.

Article III—Membership
Sec. 1. The membership of this Conference
shall consist of:
(a) Such union conferences and union mis-
sions, as shall be properly organized and ac-
ccepted by vote of the General Conference in
session.
(b) Such local conferences and properly
organized local missions not included in any
division, union conference or union mission
or such local conferences or local missions
directly attached to divisions as have been or
shall be properly organized and accepted by
vote of the General Conference shall be
designated as follows:
(a) Such union conferences and union mis-
sions, as shall be properly organized and ac-
ccepted by vote of the General Conference in

the General Conference are designated by
the Executive Committee of the General Con-
ference, such credentials to be ratified by
the General Conference in session. The num-

18. That the divine principle of tithes and
offerings for the support of the gospel is an
acknowledgment of God’s ownership in our
lives, and that we are stewards who must
render account to Him of all that He has
committed to our possession.

19. That God has placed in His church the
gifts of the Holy Spirit, as enumerated in 1 Corinthians 12 and Ephesians 4. That these gifts operate in harmony with the
divine principles of the Bible, and are
given for the perfecting of the saints, the
work of the ministry, the edifying of the body of Christ. Rev. 12:17; 19:16; 1 Cor. 1:5-7. That the gift of the Spirit of prophecy
is one of the identifying marks of the remnant church. 1 Cor. 1:6, 7; 12:28; 18:12; 19:10; Amos 3:7; Hoses 12:10, 13. They
recognize that this gift was manifested in
the life and ministry of Ellen G. White.

20. That the second coming of Christ is the
great hope of the church, the grand climax of the gospel and plan of salvation. His coming will be literal, personal, and
visible. Many important events will be asso-
ciated with His return, such as the resurrec-
tion of the dead, the destruction of the wicked, the purification of the earth, the
reward of the righteous, the establishment of
His everlasting kingdom. The almost complete fulfillment of various lines of
prophecy, particularly those found in
the books of Daniel and the Revelation, with
existing conditions in the physical, social, in-
dustrial, political, and religious worlds, in-
dicates that Christ’s coming is “near, even
at the doors.” Matt. 25:31. The exact time
of that event has not been foretold. Be-
lievers are exhorted to be ready, for “in
such an hour as ye think not the Son of
man” (Matt. 24:44) will be revealed. Luke
Rev. 1:7; Heb. 3:28; James 5:1-17, Joel 2:9;
10; 1 John 2:6.

21. That the millennial reign of Christ
covers the period between the first and the
second resurrections, during which time the
saints of all ages will live with their blessed
Redeemer in Heaven. At the end of the
millennium, the Holy City with all the
saints will descend to the earth. The
wicked, raised in the second resurrection,
will go up on the breadth of the earth
with Satan at their head to compass the
camp of the saints. This will come down
from God out of Heaven and devour
them. In the conflagration which destroys
Satan and his host, the earth itself will be
regenerated and cleansed from the effects
of the curse. Thus the universe of God
will be purified from the foul blot of sin.

22. That God will make all things new.
The earth, restored to its pristine beauty,
will become forever the abode of the saints
of the Lord. The promise to Abraham, that
through Christ he and his seed should poss-

reme, and every creature which is in heaven
and on the earth and under the earth, and

EDUCATIONAL INSTITUTIONS

OUTLINE OF COURSES IN EDUCATIONAL INSTITUTIONS

As a result of various actions taken by the Department of Education, it is recommended that the work of our intermediate schools, academies, and colleges be organized upon a semester basis, each semester to be subdivided approximately into three periods of six weeks each. It was also recommended that the credits given in secondary schools be reckoned upon a unit basis, one unit representing a study pursued 36 weeks with five recitations a week, forty-five minutes in length, or its equivalent; that college credits be given on the semester-hour basis, a semester-hour representing a study pursued one sixty-minute hour a week for eighteen weeks. Some colleges following the quarter plan instead of the semester, give credit on a quarter-hour basis, a quarter-hour for this purpose representing a course of study pursued one sixty-minute hour a week for twelve weeks. The scope of the work offered in Seventh-day Adventist schools is as follows:

Lists of church school teachers will be found in connection with directories of the conferences in which such teachers are located. Directories of colleges, academies, and intermediate schools follow in alphabetical order.

If it is desired to find the directory of a school or other institution whose name cannot be recalled, refer to the list of institutions at the close of the respective North American union conference or division directories in preceding pages, and there will be found the name of every institution listed. Then refer to the General Index, where the institution may be readily located.

The names of teachers and other workers in colleges and secondary schools are also given in the Index of Institutional Workers.

In the three preceding tables the dates given indicate the time when the Conference sessions were convened.
Countries, Island Groups, and Islands in which Seventh-day Adventist Work Has Been Established

The work of Seventh-day Adventists is being carried on in nearly all of the principal countries of the world, and in many of the smaller geographical and political divisions. It is generally considered that a country or political division has been entered by Seventh-day Adventist interests when regular medical, educational, or other mission activities are being conducted among the people of that particular area, or when there is in the territory one or more groups of persons connected in an organized way with the denomination, such as in Sabbath school or in church fellowship. A new field is not considered as entered when only itinerant preaching or colporteur work has been done, or when there are only a few scattered believers.

Recognizing the need of a reliable list of geographical and political divisions of the world which can be used as a basis for checking the different areas in which Seventh-day Adventist work is being carried forward, by General Conference Committee action we are using the list of countries published in Statistical Papers, Series A, Volume VII, No. 3, "Population and Vital Statistics Reports," issued by the United Nations, New York, July, 1955.

As changes are made from time to time in the administrative bodies or political boundaries of countries, and as such changes are recognized and published by the United Nations, we shall endeavor to change our list accordingly.

Certain countries are preceded by an asterisk (*) which denotes a country not as yet entered by work of Seventh-day Adventists. This part of the list is also subject to change, and anyone intimately acquainted with conditions, knowing of a correction that should be made, will kindly advise the Statistical Secretary, especially as new mission territories are entered.

#### MISSION RECEIPTS AND APPROPRIATIONS

The amounts following have been taken from the annual report and disbursement statements of the General Conference of Seventh-day Adventists for the several years. Prior to 1905 these reports were made up on a somewhat different plan than since that date, and are not easily comparable. The amounts here given represent mission contributions, and percentages of the receipts, and other General Conference income from the entire world field, and General Conference expenditures for foreign mission and home appropriations, and for the General Conference headquarters administration.

Effective advertising is more than a gesture of goodwill between competent suppliers and their favorite buyers. It is specific information concerning available services rendered by whom, when, and where.

The Yearbook serves thousands of S.D.A. offices throughout the world. While it is designed primarily as a directory and reference book, the following pages reflect, in a measure, the expression of business-like cooperation which exists between these alert advertisers and experienced Seventh-day Adventist institutional buyers. We introduce each group to the other in this volume.

We welcome the new "faces" in this select group; and when you write to advertisers, kindly mention that you saw their advertisement in the 1957 S.D.A. Yearbook. To all we wish a very prosperous year.

PROTEIN-RICH
VEGETABLE ENTREES

The preference of many because of their delicious flavor and tenderness.

5 Different Varieties:

PROTOSE: The first so-called vegetable meat and still a favorite for over 50 years. Has a consistency somewhat similar to potted meat and may be served cold or prepared as steaks, croquettes, loaves, patties or hot dishes.

VEGETABLE STEAKS. When prepared for serving they look and taste much like cube steaks. Serve them as steaks, croquettes, as an ingredient of chop suey or in any way that meat is prepared.

VEGETABLE SKALLOPS. You will like the delightful flavor and texture of these all-vegetable Skallops which resemble deep sea food. Serve them in casserole dishes, deep fried, and in salads.

VEGETABLE BURGER. Resembles hamburger. Makes tempting vegetable meat balls, loaves, croquettes and spaghetti and noodle hot dishes.

VEGETABLE STEAKS (Small Cuts). The newest addition to the Battle Creek list of meatless entrees. So ideal for stews, casseroles, rice, spaghetti, and noodle dishes. They are very tender and delicious, and have won immediate popularity.

SAVITA. A jar of real kitchen magic. Makes rich brown meat-like gravy for all vegetable entrees. Also flavors soups, hot dishes, bouillons or sandwich fillings.

Battle Creek Protein-Rich Vegetable Meats are economical because there is no loss as gristle, bone or fat; neither is there shrinkage from cooking. They are rich in protein, carbohydrates and minerals.

"Denominationally Owned and Operated"
SEXTON SELLS MORE TRAINED BUYERS THAN ALL OTHER WHOLESALE GROCERS

These Are Equally Divided Between Men and Women

Women buyers judge largely by intuition. Appreciate immediately the value of new products in brightening their service. Weigh the value of the product in their individual service rather than by a price standard alone.

Men buyers depend upon careful analysis. Slower to accept new items because they prefer to have things more standardized. Sometimes overemphasize price as a factor in their determination.

Buyers for the institutional and restaurant field are skilled in the technique of appraising foods. They make full use of scientific methods of ascertaining food cost.

Sexton sells to 60,000 individual units in this great market. The growth of the company has been based entirely on quality and service. A policy of fine merchandise, carefully packaged, fairly priced and promptly delivered has won the confidence and good will of these trained buyers.
