THE LORD OF GLORY.*

SEE the Lord of glory dying,
See him gasping, hear him crying,
See his burdened bosom heave.
Look, ye sinners, you that hung him,
Look, how deep your sins have stung him!
Dying sinners, look and live.

See the rocks and mountains quaking,
Earth unto her center shaking;
Nature's groans awake the dead.
Look on Phœbus, struck with wonder,
While the peals of legal thunder
Smite the dear Redeemer's head.
Heaven's bright, melodious legions,
Chanting through the tuneful regions,
Cease to trill the quivering string;
Songs seraphic all suspended
Till the mighty war is ended
By the all-victorious King.

Hell and all the powers infernal
Vanquished by the King eternal,
When he poured the vital flood;
By his groans which shook creation
Lo, we found a proclamation,
Peace and pardon by his blood.

Shout, ye saints, with admiration;
Fill with song the wide creation,
Since he's risen from the grave.
Shout with joyful acclamation
To the Rock of your salvation,
Who alone has power to save.

Bear with patience tribulation,
Overcoming all temptation,

Till the glorious jubilee.
Soon he'll come with bursts of thunder;
Then shall we adore and wonder,
Singing on the highest key.

"I WILL GUIDE THEE."

Nashville, Tenn., June 4, 1904.

THERE were many things to be considered in choosing a location for our sanitarium in Washington, and for our training school for Christian workers. We knew that everything must be in accordance with the light given; and we praise the Lord for guiding us to Takoma Park.

We fully believe that the Lord has gone before us in the purchase of land, and we shall do all in our power to carry out his will in the establishment of his work in this place. We shall need young people of the very best talent in our work in Washington. We shall need workers who will bring no cloud upon the precious truth we are proclaiming. And we shall need means to erect the buildings that will be necessary for the carrying forward of our work.

We know that we are where the Lord would have us, and we greatly desire that the work shall be established at once, and in accordance with his will. The message must be proclaimed in Washington, and must

go forth from that place to the other cities of the South.

God himself originated the plan for the advancement of his work, and he has provided his people with a surplus of means, that when he calls for help, they may respond, saying "Lord, thy pound—not my pound—hath gained other pounds."

The Lord calls upon his people in every State in America to come up to his help in the establishment of his work in Washington. Those who have this work in hand are to show no lack of interest in it. And our people are to remember that for the present the work in Washington is to be our first interest. There are many kinds of work to be carried forward in different places; but our first interest just now is our work at the capital of our nation.

We are to center our minds for the present on the work that needs to be done at Washington. Daily our petitions are to ascend to heaven for the success of this work, that it may move forward rapidly. The Lord of hosts gave special direction that the publishing work done in Battle Creek should be transferred to Washington. The directions were so plain that we could see that there must be no delay. And since we have moved forward in obedience to this word, we have had

evidence that the Lord has prepared the way at every step for the establishment of important interests at Washington. Thus far he has helped us in a way that leaves no room for any one to doubt or question.

The FIELD

LANCASTER, PA.

DEAR BRETHREN: Eleven souls have already accepted the truth in Lancaster, Pa., and the prospect is that this number will be more than doubled before the effort is over. Our attendance is yet excellent. The amount of books and tracts circulated in connection with the effort is as follows:

Pages of books sold, 10,967; pages of books lent, 1,159; tracts given away and sold, 12,804.

Our donations since June 10, amount to eighty dollars and ninety-eight cents. We are of good courage in the Lord, and feel strong in the power of his might.

LANCASTER TENT COMPANY.

ROANOKE, VA.

We closed the series of services in the tent at this place Sunday night, the twenty-fourth of July, and on Monday folded the tents and shipped them to Stanley for use at the camp-meeting.

For unavoidable reasons, we were delayed in opening the series of meetings, and rains broke in on the short time that was left, so that a number of appointments were missed, yet many manifest a deep interest in the truths presented. Fully two-thirds of the audience the last night were men.

The people opened their homes to us in many instances, and our one Bible worker had her time well filled. Though we could not bind off the work in any particular cases, the seed sown will certainly bear fruit in due season. The call for the tent to be

sent back and the meetings to continue soon, was general and urgent, and some said that it ought to stand on the same ground the next time.

The city has a population of about twenty-six thousand, young and old, of whom the Norfolk and Western Railway Co., with its main offices and shops here, employs about six thousand; so that on an estimate of only three members to a family for each man employed, about eighteen to twenty thousand of the whole number are dependent on that company directly, and the remainder indirectly, for a living. For all such *the* Sabbath especially, or any "sabbath" at all, is surely a test.

The workers connected with the effort made are of good courage, and cherish an abiding hope for genuine success in the message in Roanoke.

M. S. BARCOCK.

THE MIDDLETOWN TENT.

We have just completed the second week of services in our tent, and we have surely had good evidence of the fact that the Lord is with us. We have had excellent audiences, and feel greatly encouraged from the fact that between thirty and forty of these are regular attendants.

We have been able to sell tracts and books upon the subjects which have been considered at each service, and we consider that this, too, goes to show the interest which is manifested. During the two weeks we have distributed eleven thousand two hundred and twenty pages of tracts, eight thousand and sixty-five pages being sold in the tent, and three thousand one hundred and fifty-five pages distributed throughout the town. Over one hundred periodicals have been given away, and six of our denominational books have been sold. May the Lord bless the people as they read this literature, that their eyes may be opened to see and accept this truth.

Sister Austin is with us, and is do-

ing house-to-house work with tracts and the "Family Bible Teacher." She already has two places for readings with people that can not attend the services.

We ask the prayers of all of God's people for our work for souls here in Middletown.

RANDOLPH, VT.

MANY of the brethren will note that this is the place of our camp-meeting last year, and a place where considerable work was done by way of a tent meeting, Bible readings, and house-to-house work with our literature. This

spring some of the brethren thought more work ought to be put in that place, as there seemed to be interested people, and hoping that there would be more fruit from last summer's work, the writer was asked to go to that field to develop any interest that he might find. After some four weeks spent in house-to-house and personal work, it seemed best to respond to some invitations for public services, hence we set up the portable tabernacle where Sabbath-school and other services could be conducted, and gave the people another chance to show their interest in things divine, eternal.

We found Randolph to be a very pretty place, having clean lawns, comfortable homes, and quite a degree of prosperity in this world's goods. From a natural or carnal standpoint, the people were very favorably situated. Socially, they were quite cordial. But when we speak of the spiritual phase of the place, we are inclined to believe that the God of this world has blinded their eyes that they shall not see what their Saviour has in store for them—not only in eternal life, something future, but in present blessings to all who will do his commandments. While we can not report that any have taken their stand for present truth as the result of our effort, we do believe there will yet be more to come out later. Some are interested, will read, and we hope will soon walk with God. But the interest being small, and there being other places in the State that may never have as much work done for them, it was thought best to leave those special ones that seem interested to the tender care of the brethren who can visit and give reading matter to them from week to week, and devote our time to other places.

HARDWICK.

We are now located at Hardwick, a fast-growing village, with many stone sheds, where much of the Woodbury granite is worked. The population of the village is from fifteen to eighteen

hundred, and being situated on the St. J. & L. C. Railroad, is readily reached. Our tent, being at one end of the village, is of easy access to the people.

Though there are many Italians, French, Swedish, etc., yet it is a new place for the third angel's message. Many books have been put in this place and the surrounding territory by our canvassers, and we trust that the special effort connected with and following our camp-meeting will be to the glory of God and the encouragement of his people.

F. M. DANA.

Hardwick, Vt., July 26, 1904.

THE WORK AT CARIBOU, MAINE.

ANOTHER week of services is in the past, and eternity alone will reveal the results. There are some features about the work here that are certainly encouraging and interesting. Our average evening attendance is one hundred and seventy-five, and a large number of them are the same people. There are some who have not missed a meeting since we opened; and the way they listen to the truth presented, is evidence that they are interested in what is being said.

Then there are a number who come for many miles, every night, and for people who labor hard all day to hitch up and drive nine miles each way, would seem to show that they are interested to hear the truth.

Last Sunday evening we presented the Sabbath question. The pavilion was well filled, and a large number of people were standing without. The street for quite a way was lined with teams, and the Spirit of God was present, and hearts were much impressed by what was said. The people are reading and studying, and we certainly believe that souls will accept the truth.

We are now in the midst of presenting the various features of the testing truth, and within the next few days

we expect decisions will be made. On Sunday evening we expect to present the change of the Sabbath, and there are many people who are very anxious to know about it. Many questions are being asked night after night, and it is evident that some people are reading their Bible.

The company here are of good courage, and we are glad for the sweet harmony which pervades the camp. Where unity exists, there will be the presence of the Spirit. And so we trust that the dear brethren and sisters will remember this work daily before the throne of God, and plead with the Lord that as these testing truths are presented, souls will yield themselves to the Spirit of God, and walk in the light of truth.

P. F. BICKNELL,

F. C. GILBERT.

NEW BEDFORD AND VINEYARD HAVEN.

FRIDAY, July 22, I went to New Bedford, Mass., to have a talk with Brother Uchtmann concerning the work there, and also to spend Sabbath with the church. I was pleased to find Brother Uchtmann of good courage, and prepared to tell me of some experiences he has had which seem to be marked providences of God. We hope and pray that they may materialize as he expects.

Sabbath, notwithstanding the rain, we had a goodly number at church, and the Lord helped me to say words of encouragement concerning the great commission given to this people and some of the results which are seen. There seemed to be a feeling of thankfulness that Brother Uchtmann had been permitted to come there to labor, and a good expression of determination to assist him in every way possible.

As a people we need faith in our message, and a spirit to love and sustain the messengers who are giving their lives to the work, even though we may feel that some of their methods are not wise.

Aarons and Hurs are needed in this closing struggle with the Amalekites. One's prayer may be as acceptable to God while sitting on a stone with arms outstretched as when kneeling. As laborers, we need to most carefully study our own selves, to see that our manner of life and expression tend to draw towards Christ.

Sunday I spent some time with Brother Gilbert Collins and Sister Bradford considering a new proposition for the enlargement of the work in New Bedford.

A large building known as "The Franklin Hospital," has recently closed on account of the inability of the proprietors to physically carry on the work. Sister Bradford, who for some years has felt anxious to see treatment rooms opened in that city by our people, considers the present opportunity a golden one for the carrying into effect of this plan.

The matter will be considered by the committee of the New England Sanitarium, and if the necessary funds and proper help can be secured, we shall be glad to see the work, not only started there, but made a success. In the meantime let us not forget that there is a crying need for the new addition at Melrose, where the work is struggling to get upon its feet.

Monday I made my first visit to Vineyard Haven in company with Brother and Sister George F. Merry. We were the guests of his brother and sister, Joseph and Alice, in the old homestead which was their birthplace. It stands on a hill in full view of the beautiful harbor, and of Cottage City, across the bay.

I had greatly felt the need of a day or two away from official cares, and this proved to be a most pleasant place and opportunity for me. I also had a short visit with Sister Dora Luce and her aged aunt, who live on the island.

As arrangements had been made for Captain Johnson and his wife to come to Boston Harbor with our mis-

sionary yacht, "Sentinel," to engage in the work for a time, I decided to take the trip with them from Vineyard Haven. We left there Thursday morning.

The captain stated that the Lord had worked for them in a remarkable manner on their journey from New York Harbor, and their experience at the Haven was certainly another important addition. A large tugboat with a tow of four barges had laid over at the Haven on account of the heavy fog, and Captain Johnson visited its captain and engineer, and when they found where we were going, they offered to tow us free of charge, and the engineer very willingly did some work for us in repairing our gasoline engine. Many times on the trip we had reason to thank God for this kind providential help. I will not take time to give details of our trip, but will simply say that in twenty-four hours we anchored in the safe and quiet harbor of Gloucester.

On reaching the post-office, I found an urgent request awaiting me to come to Enfield at once. I had just time to catch the train, and reached Enfield in the evening. I found that Sister Bolter, wife of Brother Daniel Bolter, was in a critical condition physically. The doctors had said that there was no medical help for her, and she had decided to call for the elders of the church according to James 5: 14, 15.

On Sabbath morning, Brethren E. A. Dickinson, of the South Amherst church, J. P. Brown, of the Springfield church, and J. H. Tiney, of the Athol church, came in, and together with Elder Mattson, and several others who were present, we placed our dear sister in the arms of our faith before the Great Physician, and we felt that he came very near and greatly blessed his suffering child, so that she at once arose and walked, and praised the Lord. This service was followed by a most hearty testimony meeting.

In the evening I spoke in the tent to about thirty people. The tent work moves slowly, but some are being stirred by the messages of truth, and I was glad to find the brethren of good courage.

Sunday I reached the office at South Lancaster, where I hope to spend a few hours before returning to Gloucester.

A. E. PLACE.

MEDICAL MISSIONARY

KNOWLTON, P. Q., SANITARIUM.

THE sanitarium at Knowlton, P. Q., is conveniently located a few rods from the Knowlton station, and a half mile from the center of the town, upon a quiet street beautifully shaded with maples. The main building is centrally located upon an acre lot, which allows of a spacious lawn arranged with walks, flower beds, and trees. On the rear, right-hand corner is an "annex" building which has a hall upon the first floor used for meetings. A stable and garden occupy the rest of the land.

About one-fourth mile to the north, in full view, lies Brome Lake, a beautiful sheet of water five miles in length, and nearly the same in width. Some of the most picturesque combinations of scenery in this part of Canada are to be seen around this lake.

Knowlton has many handsome summer residences, several business enterprises, and an excellent water supply. The chief income of the country is from their large dairies. Butter, cheese, and eggs are wholesale products.

The sanitarium completed its first year on July 23. Few sanitariums have enjoyed the rapid growth which has come to this one. There are about twenty regular patients at present, besides those who call during the

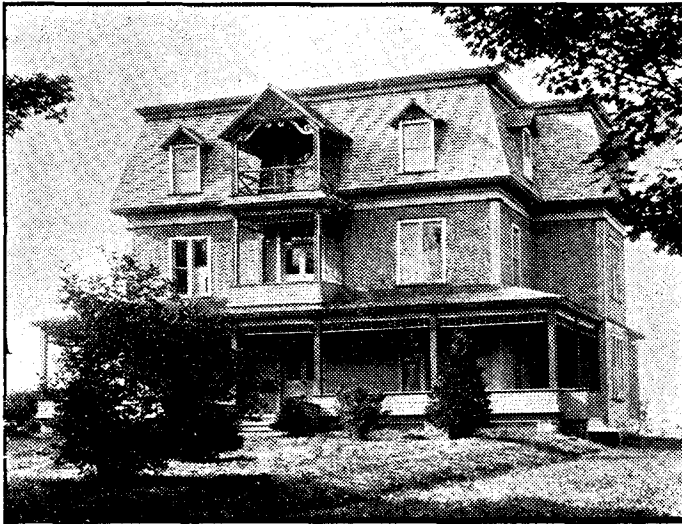

day, and nearly as many more who are anxiously waiting for admission. The third story is used as a surgical ward, and has several occupants. Many of the first people of the place are or have been patients at the sanitarium. They have come to appreciate the institution very highly, and say that they would rather see any other enterprise go than the sanitarium.

The institution had little to start with and less to do with during the first months of its history; but they

Being in Canada many things made and sold in the States are hard to obtain and are costly on account of the duty imposed. Nut foods are included in this class. Raw peanuts are twelve cents a pound. Much time is often required to obtain an order from the States, so that it is necessary to choose from the things at hand.

It was encouraging to see this beacon light so brightly burning, and to

followed the pay-as-you-go idea, and so its prosperity now is not hampered by initial debts.

The tables are set with a strictly vegetarian diet, served in wholesome combinations, at the hours of 8 A. M. and 3 P. M.

The workers hold their Sabbath services at eleven o'clock, and have the assistance of Elders W. H. Thurston and S. A. Farnsworth when they are at home.

The workers are, W. H. White, M. D., physician in charge; Mrs. W. H. White, matron; George Litchfield, treasurer; Mr. and Mrs. Hurdon, Mrs. Litchfield, Miss Van Dusen, Miss Sheidow, Miss M. Litchfield, Mr. Booth, Mr. Randall, nurses; Miss M. G. Frye, cook; other helpers, Mrs.

WHO WILL RESPOND?

It must be with a good degree of satisfaction that every lover of this message sees the amount of work that is being accomplished by our canvassers. The report in the GLEANER for last week should be a source of encouragement to every one. Fifty-five agents at work, and more than a thousand dollars' worth of orders taken. Good! Reports are coming in, and by reading those that are published, you will see that when the right motive is behind the work, it will go.

We in the office, the manufacturers of the ammunition, must stay behind and send the supplies to the front, and can not be at the exciting part of the battle. We therefore earnestly watch for reports from the firing line, to know how the battle goes. Agents—soldiers of the cross,—we, and the folks at home, want to hear the news. Write us through our papers.

A general tone has seemed to accompany letters recently received from agents, signifying that when they have left out the thought of dollars and cents, and *set about to do good*, they were blessed with success and realized both.

Now is the time for new recruits to enter this work, and for those who have dropped out by the way to take new courage. The faithful soldiers in this campaign have started the march in the right direction. Who will come up as reinforcements?

We have a good stock of ammunition, and can keep a much larger number engaged. Some new "field pieces" are being prepared that will be a surprise even to the enemy, which, with our present equipment, are sure to capture some of his forces.

Yours in the work,

W. B. WALTERS.

ITEMS OF INTEREST

CENTRAL NEW ENGLAND.

—Mr. and Mrs. Charles L. Johnson, of Leominster, Mass., spent the Sabbath at South Lancaster.

—Miss Amy Tanner, of Camden, N. J., is visiting her brother, Mr. Percy Tanner, at South Lancaster, Mass.

—Dr. L. A. Marsh left South Lancaster Sunday to connect with the Melrose sanitarium during the month of August.

—Miss Jennie Larmonth, from the Melrose sanitarium, spent Sabbath and Sunday in South Lancaster visiting friends.

—Elder A. E. Place, who is engaged in tent work at Gloucester, Mass., returned to South Lancaster Sunday morning to spend a day or two.

—Mrs. Nellie F. Whittaker, of New Bedford, Mass., who is on her way to Marlow, New Hampshire, to visit her brothers, has been spending a few days with friends in South Lancaster.

—Miss Elizabeth Bloss, one of the students of the academy who has been spending her vacation at the Melrose sanitarium, is making a short visit in South Lancaster, before returning to her home at Kirkville, New York.

—Professor Frederick Griggs, of South Lancaster, Mass., has just returned home from a trip to New York and Philadelphia, where he has been attending meetings, and infusing the young people with a strong desire to attend the South Lancaster Academy.

H. B. TUCKER.

MAINE.

—The reports from the Caribou tent effort are encouraging. A good class of people are in attendance.

—We shall be glad if those who have tithes on hand or pledge money, will kindly send it to the office at once, and not wait until camp-meeting time to pay it, as the money is needed.

—Elder J. E. Jayne, auditor for the Atlantic Union Conference, is at North Deering auditing the books of the Maine Conference and Tract Society. His many friends are glad to welcome him back to the State.

A SELF-SUPPORTING MISSION.

A MISSION has been opened by Sister Stella Archer Maloney, at 179 Harvard St., Malden, Mass., for several lines of self-supporting missionary work. She has several classes of young people to whom she is giving instruction in language, sewing, and how to live. Her burden is to bring these people to the great truth for this

time. As a help to this end, she would be glad to have some of our books, pamphlets, and tracts on the tables in her rooms.

If any individual or any of our tract societies has a copy of either of the following books (damaged or second-hand books will be acceptable) "Great Controversy," "Patriarchs and Prophets," "Two Republics," "Empires of Prophecy," "Empires of the Bible,"

"Perils of the Republic," etc., which they are willing to donate for this purpose, please notify this sister what you can spare, and she will give directions about sending. She is also quite anxious for literature in the Hebrew language.

A. E. PLACE.

SOUTHERN NEW ENGLAND CAMP-MEETING.

MIDDLETOWN, CONN., September 1 to 10, has been selected as the place and date of our camp-meeting. We are to have efficient help from the General and the Union Conference, including the educational, medical, and canvassing departments.

A few months ago a call was made for \$500 for a tent and camp-meeting fund. About one-half of this amount has been subscribed and \$201 has been sent into the office. We have purchased a large new tent, 40 x 60 ft., and two family tents 12 x 14 ft., with flies, and Brother and Sister Perry Holloway, of Rhode Island, have given the conference one family tent with fly. Here we have had to stop.

Now, brethren, do you want to see your committee fail for lack of funds with camp-meeting right upon us? We still have faith to believe that the \$500 will be raised. Some promised to do more later on. Others have not, as yet, helped in the offering. Are you not convinced at heart that God wants you to have a part in this work? In order for the work to go forward as you wish to have it, this call must be answered. Where are the volunteers? We must have more help before camp-meeting. If you know of any who do not have the GLEANER, please lay this matter before them.

Your obedient servant,

G. E. LANGDON.

ISSUED WEEKLY

By the Atlantic Union Conference

Of Seventh-day Adventists

South Lancaster, Mass.

(Official Organ)

Subscription Price, Fifty Cents a Year

EDITOR, JENNIE THAYER

Entered at South Lancaster, Mass., as second-class matter

PLEASE see important notices on the previous page.

BROTHER P. L. HOEN has returned from Iowa, and his address is 235 Twenty-seventh Street, Brooklyn, N. Y.

A CONFERENCE secretary writes: "We were glad indeed to see so good a number of reports of all kinds in last week's paper. We trust that this may not be the last record-breaking canvassing report."

VERMONT NOTICE.

AS OUR books and stock of the Tract Society office will leave Burlington August 12, all letters for the Tract Society, F. M. Dana, or the writer, should be addressed after that time until September 1, to Hardwick, Vt., Camp-ground.

E. W. THURBER.

SPECIAL NOTICE, VIRGINIA.

SINCE advertising rates for the camp-meeting at Stanleyton, Page County, in the papers and on the bills, we are sure that there will not be fifty coming over those roads under the certificate plan, therefore they would not get any reduction on the return trip home. We now advise all who come over the Southern Railway to buy round-trip summer excursion tickets to Luray. Luray is only seven miles from Stanleyton, the place of the meeting. Bear in mind that the fare will be \$1.35 less if you do not

want to go into the Caverns at Luray. These rates are from points on the Southern, and may be obtained on the other roads also. Make full inquiry before starting to the meeting. If the station is not a coupon station, you will have to notify the agent ahead in order to get your tickets. Those coming over the Chesapeake and Ohio will use the card orders, and those coming over the Norfolk and Western will get reduced rates, as advertised. We have sent this information to all who are likely to come under the certificate plan, and insert the notice in the *Review* and *GLEANER* in hopes that it will be seen by all in time. If you can not buy the summer excursion tickets, you will have to get the best rates you can. We are sorry that we can not do better, but the roads mentioned say they can not, under the rules, change the arrangements.

In coming to Luray on the summer excursion ticket, you will of course have to pay your fare to Stanleyton from Luray and look after your baggage. This you can do some times, by seeing the conductor in time, without changing trains.

WILLIAMSBURG GENERAL MEETING.

A GENERAL meeting will be held at Williamsburg in connection with Elder Schwartz' tent effort August 23 to 27. We desire to see a large representation of our people from the southeastern portion of the conference in attendance. Many from that portion of the conference could not get to the camp-meeting this year on account of its being so far away. This meeting will be a blessing to all in that section of the conference, if they will come. Accommodations will be provided for all who will come, as Elder Schwartz tells me that he can secure two empty houses which will provide room for quite a number. Also there is room on the lot where the tent is pitched to

pitch three or four tents. The cost, therefore, for accommodations will not be large. Every one who comes must bear in mind that you are expected to bring your own bedding and a few dishes.

The meetings will be held in the tent. In other words, it will be a little local camp-meeting. Last year we held just such a meeting near Edinboro for the northwestern portion of the conference, and we had one of the most profitable meetings that I ever attended. Over one hundred were present. I trust that all, as far as possible, will make an effort to be present. Any one desiring to know more about the details of the arrangements, should write to Elder Schwartz. Address him at Williamsburg, Pa.

TENTS AND ROOMS FOR THE SOUTHERN NEW ENGLAND CAMP-MEETING, SEPTEMBER 1 TO 10.

IT will be necessary for the conference to rent tents for the camp-meeting this year from some tent firms; therefore, it will be necessary for the committee to know at once how many tents will be wanted. All who wish tents are requested to send word *without delay* to Brother D. K. Royer, 61 Whitmore St., Hartford, Conn. The 10 x 12 ft. tents will probably be \$2.50 for the entire time. The 12 x 14 ft., \$3. If we can get them for a lower rate, we shall give you the advantage of it.

All who desire rooms in the city, will please write to Brother A. J. Clark, 16 Main St., Middletown, Conn., immediately, so that he will know how many to secure. Furnished rooms are renting in the city from \$2.50 to \$3 a week. Possibly a better rate may be obtained when we find how many are wanted.

Brethren and sisters, make your plans now to come, and bring your family. Further particulars will be given next week.

G. E. LANGDON.
