Did You ever notice It?

The real reason is mony times disguise for suppressed and an ostensable reason is substituted.

For example— When Rebekah desired Isaac to send Jacob away from the wrath of Esau, she didn't say,—"Isaac, Esau is planning to kill Jacob because of that trick Jacob worked to get from you the blessing".

O no, She told about the daughters of Heth who were such a weariness to her, and of her fear that Jacob would marry into some of these Hethite families.

Isaac readily fell in with the suggestion and calling Jacob, sent him away. Gen. 17.

We frequently hear about some one, who, full of zeal for the brethren, has a burden to stand firmly against the encroachments of usurpers who are come in to spy out our liberty, he will not stand quietly by and witness wrongs! Not he! He will cry aloud and spare not. He will expose the wrong principles that are being unwittingly received by the dear unsuspecting brethren. He has no idea of being at enmity with any one-least of all with the work of the denomination. O indeed no. He would'nt turn a hand to hinder, surely not, but still the remarkable fact remains, that he sees all kinds of wrong and bad order and must utter his warning. and so the mails are filled with "Voices" and Kindly and Brotherly Counsels" and "A few aggettous" and "Open Letters".

Course these dear, zealous, disinterested unsetted workers do not always explain about their personal grievances.

The "typical reformer of the denomination" has discovered that the head of every man is Christ and is blissfully indifferent to the actions of conference committees; but he forgets, or at least fails, to tell of the numerous times that the licence and credentials committee of some conference has hard-heartedly turned him down. No he wont tell any thing about that. But he will raise his voice of warning against the rapid trend of the denomination toward Papal principles.

Did you ever notice it?

The Missionary Volunteer Convention

According to appointment the Missionary Volunteer Convention was held at this place March 18-21. From first to last the meetings were of interest. Brethren and sisters from the nearby churches were welcomed to our midst and enjoyed the feast of good things with us.

The students and young people appreciated the labors of Prof. M. E. Kern, and, as is always the case, the parents were grateful for that which was a blessing to their children.

To the workers, none of the meetings were of more value than those held for council. In these the experience and advice of Prof. Kern was greatly appreciated.

Johntson, Luray, and Cummings

On Feb 7, I arrived at Johnston where there is a small company of our people. I was sorry to learn that this little company had not met for ·Sabbath service for some time. Sabbath meetings are a great strength to those who do not forsake the assembling of themselves together as the Lord instructs us. I truly hope the company at Johnston will not under estimate the great blessing that may be obtained by meeting for worship. I had a very pleasant visit at Johnston. Brother Cherry took me out in the country about eleven miles where there is an interest to hear this truth. I preached there twice to an interested company of people and I truly hope more may be done soon in this community. I have asked Eld. Scott to visit them at his earliest.... convenience.

At Luray I spent one night with Brother A. C. Fitts where one service was held—Brother Fitts took me across the country to Cummings, calling at Sister Thomas' home where we left an appointment for a Sunday morning service which was held with a fair audience and some interest. Dr. Monsen with his boys from Luray also attended the Sabbath meetings at Cummings and we had an enjoyable occassion. We found at this place a number of interested souls thruthe labors of Sister Carrie Willis—We look for soul; tobe brought to the truth from this community in the near future.

Making Excuses

It is said of those who were bidden to the supper, that "They all with one consent began to make excuse", and in conclusion the Lord of those servants said that "None of those men which were bidden shall taste of my supper."

It is a fearful thing to despise the call of the Lord. The call, "Go work today i my vineyard" comes to everyone. Are you making excuses? Do I hear you say that you are interested in Missionary work, but that you can not do any thing in particular.

The master says that he gave talent to every one. You have some talent, and some day the Master will call upon you to render on account of your stewardship.

The man in the parable that had the least talent buried it in the ground, and the Lord of those servants said of this one, "Thou wicked and slothful servant", and then gave the command, "Cast ye the unprofitable servant into outer darkness."

As we look over our part of the Lord's vineyard, and see the need of workers, especially of those who will go from house to house with the message in printed form, we wonder that there are so few who respond when the Lord is saying that, "Where there is one canvasser in the field there ought to be one hundred."

How can we rest satisfied and enjoy the blessings of this message while we see the thousands all around us who never have heard this blessed truth.

Brethren and Sisters let us not ask to be excused from taking part in carring the truth from door to door, but thank God for the privelege of having a part in this closing work.

Courage and Push

These are the words which convey to our min is wait faithful canvassers in Georgia have set for their goal. When one is very courageous and pushes out in the work some thing is will done.

Perhaps a few words from the canvassers will be appreciated by the reader. "I like the work better all the time." "We are not the least discouraged and are glad the Lord gives us a place in this needy field." "I am having many good experiences." "One man came six miles to see me last Sunday and bought and paid for one D. & R., one M. of N., and one Best Stories."

From one of our paper workers comes this experience:—

In—there was a girlworking with "Leslies Weekly." "I followed her all the time I worked there, but sold 103 papers. She was taking subscription. Her manager (He was there) was very anxious to get me to sell 'Leslies Weekly', but I told him that I was satisfied with my paper and that I considered it for superior."

One of our faithfull canvasse is relates the following, very interesting experience:—

"To the man whose order I took, when canvassing, for D. & R., M. of N., and Best Stories after his telling me that he would knock the D. out of me in a minuite— I delivered the books yesterday and received cash for the same."

"But the Devil tried to head him off again. He was fixing a pump he had just paid \$58.00 for and he cursed all agents and told me to go and do what I pleased (with the books.) I asked him if I could put up my horse and have dinner. He said, yes. So I put my horse up and fed him, and though it was one aclock, he kindly prepared me dinner. He had five men helping him and really misused me. But I had dinner and about a half an hour afterwrads when he got the pump fixed he put his tools in my buggy and we drove down to his office at the saw-mill and he paid me for the books and, I left him in good friendship."

We are glad for the power that is in this message to keep a man Christ-like when he is mistreated. May God help us all to rightly represent Him to all people at all times and under circumstances.

Where are the canvassers who will volunteer to enter the work here?

We are pleased to read such interesting experiences and to note how true to right principles our workers keep. May the Lord always keep them in his work.

Who else wants to enter this work? us hear from you.

FIRLD

From The Isolated

In a recent communication one of our dearaged brethren, who is not with us in membership but wants to be, and is, in heart and soul, writes. "I talk lots to the people of the second coming of Christ and the Third Angel's Message of Rev. 14. and some of them send for me and I go and downat Ican. Thave the book coming king and lend it out to many of them, and I am sending for a catalog of our books for may be some may want to buy some of the books. Thave not yet paid my tithes, but I will pay from February on, to help support our clergy." This agod brother is over seventy years and after telling of the good experiences he and his aged wife had with the special REVIEW sends four dollars, most of which they collected from house. He say they are of good courage and so will all of God's children be that will do as they are doing-

A Good Suggestion

How to get every member of the church to work with our missionary literature is a very important question. The publication of the "Gospel Santinel" has opened an avenue for many to work. One state Missionary Volunteer secretary has adopted the following plan, and we believe it is a good suggestion. The ordered 200 copies of the payer: these cost her \$1.00. Out of this number the junior members of her local society are to sell at least twenty copies for flive cents each. This will pay for the entire shipment, and will leave the members free to distribute the 180 papers gratuitously. dollar will then be sent in for another lot of papers. Does not this appeal to every missionary worker as a most feasible plan for securing abundant returns, thereby greatly multiplying the value of one dallar? Can you suggest any thing beffer: If not try this The second secon

The Carlotte Same Server

One of the largest tract societies in the Unis ted States has just sent out the following announcement concerning this paper: "lieve is the opportunity the children have been looking for. We would like to see the children handling this paper, selling it at two cents per copy. We believe it can be done. How would you like to try it? We would suggest that you subscribe for a club for six months, and then divide it among the children. Now children let us show the older people and young folks what we can do!" This is another good suggestion.

In clubs, the "Gospel Sentinel" is only 25 ets., per copy for one year; or 1-2 ct., per copy when large quantities of one issue are ordered. The "Gospel Sentinel" is not a childs paper, but it is so full of short, pointed articles.

Doings of the Committee

The Conference Committee held a meeting at the sanitarium Mar. 1-3. Among other things, it was veted that three Young People's, and Sabbath School conventions be held this summer, as follows; Bartow, Tampa and Cainesville. Word has come from all of these places announcing a welcome, and we hope for most profitable occasions. The dates will be announced later.

In harmony with the advice of our Union Conference President, it was decided to organize a " onference Church." The membership of this church is to be made up of such isolated members as can not well hold membership in our other churches. Will all such send your names to sister Stringer, the conference secretary, who will act as clerk, the conference president will serve as elder. Only those will be enrolled as members who are approved by these officers.

It was also decided to hold our camp-meetting this year at Orlando, about Oct., 21-31. The camp-meeting will be preceded by a tentmeeting, and a canvassers' institute. The tentmeeting will begin about three weeks prior and the institute two weeks before the camp-meeting.

Following the plain instruction given in the Testimonies, it was also decided to begin the meetings of the conference at least, three days before the camp-meeting, so as to get the business largely over before the camp-meeting proper begins. Brethren, begin to plan now for There was a state of the state these gatherings.

In the Signs of the Times for April beginning with April 14, there will appear a series of very interesting articles in the weekly edition, from the pen of Prof. Howell, entitled The Bible in Greece.

A number of special articles have just been received from the pen of Mrs. E. G. White, which will also appear in good time. Three articles God in Nature. Two articles, A Personal God, God is our Fort. Two articles, What it is to grow? These are especially instructive and interesting, touching as they do some of the points and questions of the day.

Besides these, many articles are appearing regularly from her pen every week.
