Missionary Worker.

Vol. 6.

LONDON, WEDNESDAY, DECEMBER 31, 1902.

No. 49.

OUR SANITARIUM ENTERPRISE.

Our people will remember that at the late General Meeting in Leeds definite steps were taken to raise money for establishing a sanitarium, and a medical missionary training school in the United Kingdom. Brother Daviells, the president of the General Conference, made an offer to raise £4 000 in America for this purpose, provided that we would raise £2,000: two pounds for every pound that we raise in this kingdom. At the late meeting of the General Conference and Mission Board held in Battle Creek, the offer was acted upon, and re-affirmed, the following resolutions being unanimously passed:—

"That an earnest and persevering effort be put forth by the General Conference Committee to raise,—

"1. Three thousand dollars remaining on the appropriation voted one year ago, for the London and Belfast treatment rooms.

"2. Twenty thousand dollars recommended at the Friedensau council for the establishment of a sanitarium in England; this sum to be expended under the direction of the British Union Conference Committee,"

Now it remains for us to do our part, and proceed to raise the thousand pounds which we have set out to secure by donations. Some has already been paid in, and some more has been pledged, but we still have almost £700 to raise.

The purpose of this article is to lay before our people throughout the kingdom a few details concerning a place that we have found which is suitable for our purpose At the meeting of the British Union Conference Committee, which was recently held in London, a special committee visited the place, and brought in a unanimous recommendation that steps be taken at once to raise the money with which to secure this property. I am sure you will all be interested in a brief description of the place. It is situated on the Godstone Road, in a suburb of the town of Caterham, a place of about 9,000 inhabitants. It can be reached by train from Charing Cross, Waterloc, Cannon Street, or London Bridge, and the express trains make the trip in a little more than half an hour. Caterham is in the Caterham valley, which is well known for its beautiful scenery. The house is now being used

as a hydropathic institution, and is known as the Surrey Hills Hydro. It is within seventeen miles of Westminster Bridge, London, and consequently has free delivery of goods from the city. Although it is away from the smoke and fog of the city it is near enough at hand to be easily accessible.

The building stands in about an acre and a half of ground, freehold property. The main building consists of four floors, the basement, the ground floor, the first floor, and the second floor. In the basement are to be found, the bath and treatment rooms, which are nicely equipped, and in use at the present time. There is a general bathroom containing two porcelain tubs, and a hot and cold spray, sitz baths, a vapour bath, etc.; a wash and shampoo room provided with hot and cold spray and two marble slabs, and in addition two Turkish rooms. The drainage of the bathrooms is in perfect The wells are all of glazed brick, and the ceiling is about ten feet high. The rooms are well-Besides this there are six or seven lighted. dressing rooms, each provided with a horsehair couch as well as electrical apparatus. The kitchen is also in the basement, and is equipped with an excellent kitchener, as well as a gas range. There are besides all the usual offices.

The ground floor is entered by steps from a small porch. The hall is wide and well lighted. On the left is a drawing room extending across the building and lighted from wo sides. It is well-furnished, and nicely decorated, and contains a first-class piano. The furniture is substantial and in good condition. On the right is an office, and a smaller drawing-room, or sitting-room, and a hall leads into a dining-room which is provided with one large table, and six smaller tables, and adjoining is a private dining-room. The dining-room is capable of seating thirty guests at one time. It is served from a pantry, which is provided with a gas range, and is conveniently situated. The rooms are all well lighted, attractively furnished, and in good condition. On the east side is a large billiard room, which would serve admirably as a gymnasium.

On the first floor are nine bedrooms of ample size, and well furnished, a number of them in use, together with a private bathroom, a large clothes press and linen room, as well as lavatories, and a housemaid's sink.

On the second floor are eleven bedrooms, varying in size, all well furnished, and all opening into the main hall.

Besides this building, which is furnished throughout, a villa with seven rooms, with kitchen, scullery, bathroom, and offices, is included in the property, and attached to the main building. The villa is also freehold.

The building faces east and west, thus giving sunshine to all the rooms, either in the forencen, or the afternoon of the day. Half of the main building was built four years ago, and is in perfect condition. The other half is older, but is in fairly good condition. The institution was started about three years ago, but the one in charge died within a year, and since then it has been run by those who knew little or nothing of hydrotherapy, and they are anxious to sell the place. With the villa it is able to accommodate from forty to fifty patients. Without the villa they have had as many as thirty-five at one time during the summer. It is within five minutes' walk of the railway station, at the highest part of the town, and over four hundred feet above the level of the sea. The surroundings are beautiful, and all that could be desired, and I need not say anything about the picturesque beauty of the hills of Surrey.

"Present Truth" Agents' Record for Week ending Dec. 25, 1902.

The Missionary Morker

Printed Weekly. Subscription Price, 1s. 6d. per year.

Address all communications to

The Worker, 451 Holloway Road, London, N.

(Continued from page 210.)

The institution cost upwards of £6 000, and it is now offered to us completely furnished throughout, kitchen furniture, tableware, bedroom furniture. etc., complete as it stands, for the small sum of £2,800,—less than half of what it cost. It is scarcely necessary to add that in my opinion, also the opinion of all those who have seen the place, it is a rare opportunity, and I believe it is a providential opening. All who have seen it have said, "Take the place;" but in order to do that we must raise the money first, and so I make an urgent appeal to our people everywhere to lay hold of this splendid opportunity, and enable us to purchase the place. and thus establish a sanitarium and nurses' training school in this kingdom. In my own experience I have never seen as favourable an opening as the present one, and I feel that we should be making a great mistake to let such a providential opportunity stip away from us. If our brothers and sisters throughout the British field would take hold each one to Mit, there would be no difficulty at all in securing the place at an early date. Of course, it is in the market, and may be sold at any time, but I trust and believe that the Lord will give us an opportunity to buy the place provided we set about it in an earnest, business-like manner. Here is a splendid opportunity to make donations to an enterprise that will be the means of doing much good for the cause. There is an urgent demand for such an institution. We have calls constantly from the people, and it is high time that we realise our responsibility to God in this matter, and lay hold of the medical missionary work with a hearty grip. If each one throughout the kingdom would contribute about a pound, as was recommended by Elder Daniells at the Leeds meeting, you can see that we should soon have the money with which to purchase. When we raise our thousand pounds, then we should receive £2,000 from our brethren in America. Each pound contributed here brings two pounds from America.

May each and all make this matter a subject of earnest prayer, and contribute as the Lord blesses them. The demand is more urgent than I can tell you, and I have not the slightest doubt but that all of you, if you had an opportunity to visit the place, as I had to-day, in company with Dr. Waggoner and others, would gladly do your part in the opening of such an institution. Each one who contributes, helps to found the institution, and will

afterwards have an interest in its success and prosperity. It has been suggested that those who do not have means to contribute give some time to the sale of Present Truth and Good Health, and turn over the profits from them to this institution. In this way every one can have an opportunity of contributing to the enserprise, and anything that you are able to give, no matter how small the gift may be, will be gladly received and used for this purpose. I trust that we shall have a hearty response to this appeal, and that our brethren and sisters everywhere, and the children too, will make sacrifices in order to secure such a medical missionary institution for this United Kingdom.

Donations and pledges may be sent to Brother Alfred Bacon, 451 Holloway Road, London, N., who is the secretary and treasurer of the British Union Conference.

A. B. OLSEN.

DEAR FELLOW-WORKERS:-

It is with much sadness of heart that we insert these few lines to inform you that our dear sister Leah, with whom most of you were acquainted, fell asleep in Jesus, Nov. 29, in her 24th year.

She was baptized by Elder E. J. Waggoner in 1894. From childhood she had known the Scriptures, and they made her wise unto salvation, even to the end. Just before she passed away, she said: "It is all true, Jesus is with me." Amid her suffering she derived great faith and courage from such promises as Matt. xxviii. 20 and Isa. xlviii. 2.

During the past nine years, she laboured most faithfully in active service for the Master in many of the large towns and villages of Great Britain. Her death was due to overwork and exposure whilst engaged in selling *Present Truth*, which brought on tuberculosis, to which disease she eventually succumbed.

We have laid her away until the Lord shall come to be glorified in His saints.

Your brethren in Christ,

JAMES AND MONT. BELL

CANVASSERS TAKE NOTICE.

In order to conform to the law and thus avoid trouble, every one of our agents for either books or papers should have a certificate from us, authorising them as agents. Every agent should carry this certificate with him while at work, so as to be able to show it when requested to do so. If you have not such a certificate, please write to us and we will send one.

I. T. S. Led.,

Per W. C. SISLEY.
