

THE NORTH PACIFIC GLENER

"Put ye in the sickle, for the harvest is ripe."

VOL I

COLLEGE PLACE, WASHINGTON, JULY 31, 1906

No. 14

BRITISH COLUMBIA.

The following plans and resolutions were adopted by the B. C. Conference convened at Victoria, May 24-26:

No. 1.

Whereas, The prospering hand of our God has dealt bountifully with us during the past year in all branches of the work,

Resolved, That with grateful hearts we hereby express our gratitude to Him for His fostering care.

No. 2.

Whereas, The winter season being in the mind of this committee the better time to convene in annual conference, we therefore recommend,

That the fiscal year of this conference close the 31st day of December of each year, and that the executive committee call this conference together, as soon thereafter as in their judgment may be deemed best.

No. 3.

Whereas, It is very evident that our larger cities are rapidly ripening up in wickedness and corruption to a condition where the judgments of God will soon fall upon them, thus rendering the work of the third angel's message very difficult therein,

Resolved, That, now, while there is time left us, we advise the executive board of this conference, as quickly as possible to strengthen and build up the work in such cities as Vancouver and Victoria and other of our larger towns in this province.

No. 4.

Whereas, The scattering of our literature is one of the most potent factors in giving the third angel's message to the world and lays the foundation for the work of the ministry, and

Whereas, We believe that the end is near and the time for this work is very short; therefore,

We Recommend, That all our conference laborers and churches put forth special efforts to encourage this line of work:

(a) By urging our people who are adapted to it to engage in the sale of our books and periodicals.

(b) By systematic efforts among our churches and scattered Sabbath-keepers to constantly scatter tracts, pamphlets and papers.

We further recommend that this conference make an earnest appeal to the North Pacific Union Conference to give us its general canvassing agent, as soon as possible, to spend some weeks in thoroughly organizing this work.

No. 5.

Whereas, The influence surrounding our public schools is becoming such that it is unsafe to trust the education of our children longer to them, and

Whereas, The Lord has given positive instruction to us that we should gather our children out from these schools into schools of our own where they can be taught the truth for this time; therefore,

Resolved, That the executive committee be instructed to give careful attention to the education of our children and youth by establishing church schools in our churches.

No. 6.

Whereas, The Western Washington Conference has so liberally donated their colporter boat, "Evangel," and released Brother David Dodge to go with it; therefore,

Resolved, That we extend to that conference our heartfelt thanks for their liberality and pledge ourselves to

faithfully use the boat in carrying the message in this field.

No. 7.

Resolved, That the conference elect at this session a Religious Liberty Secretary who will be in close touch with the Union Conference Religious Liberty Secretary and who will lead out in this work in this province.

No. 8.

We Recommend (a) That all credentials and licenses of workers be extended to December 31, 1906; (b) That the following papers be given by this conference:

Credentials—Elder E. L. Stewart.

Missionary Credentials—Edward C. Wiggery, Mary G. Wiggery, David Dodge.

No. 9.

Resolved, That we will give our hearty support to The North Pacific Gleaner, our Union Conference paper, by securing subscriptions for the same and by furnishing live reports from the field.

No. 10.

We Recommend, That the Conference Secretary be instructed to send the title and trust funds to the North Pacific Union Conference each month and that the secretary of the North Pacific Union Conference be requested to send our appropriation monthly.

P. P. ADAMS, Sec.

Wm. Young, of British Columbia, writes: "The interest in our tent meeting is keeping up nicely and Elder Adams and myself are of good courage hoping to see a nice company raised up at Vernon as a result of the presence of His spirit."

as second-class matter.

TEACHERS, NOTICE

The ground selected for the Tacoma Institute is at Chambers' Creek, on the Steilacoom car line. To reach the ground, take street car from any part of Tacoma and transfer at 11th street to Steilacoom line via cable car. Our baggage agent will meet trains and boats on Monday, August 6th. We trust that all will come on or before that day, as all except hand baggage must be taken to the ground by special freight car.

The ground is a beautiful ravine, on a clean stream of fresh water, and close to Puget Sound, where either salt or fresh water bathing can be enjoyed. Excellent spring water is close by for drinking.

The services of Sister G. H. Smith, who has had much experience in cooking for camp meetings, have been secured to cook for the Institute. This will insure excellent food for all.

While the site selected will not have all the conveniences of the city, it has been chosen with a view to having a cool, quiet place where teachers may enjoy some rest and recreation, as well as study.

The Western Washington Conference extends a most cordial welcome to all teachers of the North Pacific Union.

JOEL C. ROGERS,

Educational Superintendent, Western Washington Conference.

The GLEANER subscription list now exceeds the 600 mark. Nearly 100 subscriptions have been received during the past month.

CAMP MEETINGS FOR WESTERN WASHINGTON.

Two camp meetings are contemplated for this conference, to be held as follows: For the southern end of the field, at Vancouver, from August 2-12; for the northern section, at or near Bellingham, from September 6-16. It is well to state in reference to this northern meeting that the exact place for it has not as yet been selected. Announcement in reference to this point and other details connected with the meeting will be made a little later.

Special attention is called in this notice to the meeting at Vancouver from Aug. 2-12. Our people in the churches of the southern section should begin at once to plan for this gathering. We expect a good meeting. In view of the fast-approaching day when our work for the world will be over, we need as never in the past to use these opportunities for seeking God and coming close together for the closing conflict.

Elder W. B. White and wife and Professor J. L. Shaw, who for a number of years has been our missionary in India, are expecting to attend this meeting. None can afford to miss this treat.

Every one should come early and be ready for the first meeting Thursday night, Aug. 2, and remain throughout the ten days. Order tents at once, so that we may know how many will be needed. Don't fail in this. Place your order with Brother W. C. Raley at 309 Second Ave., North, Seattle, Wash.

The rent charged will be made as light as is consistent with the expense of the meeting.

F. M. BURG,

Pres. W. Washington Conf.

It is planned now to hold a camp meeting in Clark County about July 26 to August 5. Our people in that section are really interested in this proposed meeting, and we are looking for a season of refreshing.

J. L. Jones, principal of the Mt. Ellis Academy, Bozeman, Montana, attended the Educational Convention at College View, Neb. His wife, who is matron of the institution accompanied him.

MEDICAL MISSIONARY CONVENTION.

We have just received a program of the Medical Convention to be held August 22 and 23, at South Tacoma, Wash., in connection with the Educational Convention which will be held there from August 6 to 30. We are sure that this will be an interesting occasion. The names of so prominent physicians connected with subjects of such importance is sufficient to warrant the conclusion that time spent at this convention will not be regretted.

The following program subject to some slight, necessary changes is proposed:

W. R. Simmons—Empyema and its treatment.

Dr. C. Bush—Necessary conditions for good surgical work in sanitariums.

Dr. Julia White—Training of Medical Missionaries.

Dr. F. M. Rossiter—Obstetrics.

Dr. G. H. Heald—Review of Prof. Fisher's work on Diet.

Dr. S. P. S. Edwards—How to encourage patients to engage in open air exercises and diversion.

Dr. W. B. Holden—Professional standing of our medical missionary work.

Dr. F. Zelinsky—The relation of our institutions and private practice.

Dr. A. Winegar Simpson—Anaesthesia and after treatment.

Dr. W. A. George—

(Topic to be selected.)

L. M. Bowen, J. A. Burden—The finances of our sanitariums.

Dr. J. E. Froom—Some non-medical essentials in our sanitariums.

PROGRAM COMMITTEE,

Drs. Simmons, Holden, Froom, Rand, Bush.

WANTED—A good man, a Sabbath-keeper, to help clear land and do other ranch work. Will give \$30.00 per month and board to suitable man. Good home and church privileges. Write at once.

CAREY S. SMITH,

Colby, Clatsop Co., Wash.

FROM THE FIELD**MONTANA NOTES.**

The excavating for the new school building and boys' dormitory, at Mt. Ellis Academy has already been done. The stone for the foundation and basement have also been brought upon the ground. And as the money has been raised for the building, the outlook for the future is very encouraging.

Brother Victor Armstrong has gone to his home at Ovando. He expects to return this fall to resume his studies at the Academy.

Brother Eric Fletcher reports some success in the canvassing work at Great Falls.

A letter recently received from Brother Stewart Kime, states that the work at Kalispell is progressing, and that the outlook is quite favorable. The attendance is good and some are interested in the truth. We trust that these brethren may have a harvest of souls as a result of their work.

The interest in the tent meetings at Bozeman is slowly increasing. Quite a number from the outside are regular attendants, and new faces are seen almost nightly. Some are deeply interested in the truths presented. We hope, that when the test comes, a goodly number may be led to take a stand with God's people.

Elder W. F. Martin and family are expected to arrive this week at Bozeman, from College Place.

Prof. J. L. Jones, who attended the Educational Convention at College View, Neb., has returned to the Academy. Many of the teachers volunteered to go to foreign fields, and as a result, some will be asked to go to swell the corps of workers in the far-off lands. Thus the message of the third angel is being rapidly extended.

Miss Edna Tibbits, of Bozeman, who is suffering from an attack of appendicitis, has gone to Missoula to be operated upon by Dr. H. B. Farnsworth. We wish her a speedy recovery.

Elder W. B. White states in a letter of a recent date, that on the 15th inst. the thermometer at Pasco and North Yakima registered as high as 112 and 114. We in Montana are grateful that our thermometers do not indulge in such extremes.

W. A. GOSMER.

ITEMS OF INTEREST

Elder H. W. Decker left College Place the 19th for California, on business connected with the North Yakima Sanitarium. He may extend his trip to Wisconsin before returning. He expects to be gone till about September 1st.

Word from Elder E. L. Stewart states that having taken a severe cold which settled deeply upon his lungs he is unable for the present to do very much active work. He hopes, however, to soon be about again.

The past week Brother A. G. Adams, the Union Conference Secretary and Auditor, has been busy auditing the accounts of the Portland Sanitarium.

Work on the new Sanitarium building at College Place is moving forward very encouragingly, and it is hoped that by the beginning of the next school year it may be ready for occupancy. During the last two years, splendid success has attended the surgical work done at this institution, in nearly every case the patients making a fine recovery. The new building will contain, kitchen, dining-room, doctor's office, and ten or twelve rooms for patients.

A neat little folder has been issued by Prof. M. E. Cady, Educational Secretary of our Union Conference, announcing the Educational Convention at South Tacoma, August 6-30. From the program outlined we should judge that a good, solid month's work is before our educational workers, and no doubt the institute will be one of great profit. Besides the instructors from our own field, we understand that Misses Sarah Peck and Katherine Hale will be present from California,

and all our teachers and educational workers are looking forward with much interest to this occasion.

MOVING THE OFFICE.

Since the division of the Union Conference in February, the Union Conference office has had no permanent location. Temporarily it has been located at College Place, and the GLEANER for a month or two was printed on the College press. Later this printing office was closed up through vacation, which obliged us to go to the city of Walla Walla for our printing, where it has since been done. At a session of the Union Conference Committee held in College Place April 30, after carefully looking over the situation it was thought best to locate the office in the city of Spokane as soon as possible, it being very central in the Union Conference, a good railroad centre, and all the conveniences needed for our work. The time has now come to move the office, and this issue of the Gleaner will be the last published in College Place. Hereafter it will be issued from Spokane, and we trust in a little larger form, as in its present form, it is difficult to issue all the matter which comes in for publication. As soon as we are located in Spokane we will inform the readers of the GLEANER the address to which mail for the paper should be sent, also mail for Brother C. H. Castle, the Treasurer. For the present, the address of the writer will be College Place, Washington.

W. B. WHITE

NOTICE.—INSTITUTE.

Mail for those attending the Teachers' Institute at Tacoma should be addressed: **Steilacoom, Wash., Adventist Institute.**

Baggage should be labelled: **Tacoma, Wash., Chambers Creek, near Steilacoom.**

Trains and boats will be met on Sunday and Monday, August 5 and 6, and every needed assistance given in reaching the grounds.

Teachers and friends, come with us. It will do you good.

JOEL C. ROGERS,
Ed. Sect. Western Wash. Conf.

NOTES FROM THE FIELD.

Rosa E. Herr and Fannie Ferren are now at Baker City, Ore. Thus far Sister Herr has worked 104 hours and has \$116.00 worth of orders. Sister Ferren has worked 133½ hours and has \$183.50 worth of orders. Both will soon have their scholarship earned.

Hannah Boyson, who has spent only a few hours in North Yakima with the "Heralds," has about \$100.00 worth of orders.

Edith W. Smith, who has just begun work with "Gt. Cont." in Boise, Idaho, is starting out well there and is of good courage.

H. D. Casebeer is meeting with good success with our health books in Canyon County, Idaho.

Are there not those of our young people, after seeing these good reports and better, if you could only see the excellent letters, which accompany the reports, so full of faith and confidence that God is leading them, are there not those, who, in these reports hear the call of God for them to take up this line of work? If so, write us at once and we will gladly help you to make the start.

God is no respecter of persons.

T. G. JOHNSON.

SUMMER AND FALL CAMP MEETINGS.

Here are the dates for a few camp meetings which will be held in our Union Conference during the summer and fall. Others will be added soon.

Western Oregon.

Gravelford—July 20-29.

Tillamook—August 3-12.

Roseburg—August 24—

Southern Oregon—Late in September.

Western Washington.

Vancouver—August 2-12.

Near Bellingham—September 6-16.

We expect that all these local camp meetings, and the others to follow, will be seasons of refreshing to our people who attend them, and we hope and trust that strong efforts will be made on the part of our people to come. It will pay, brethren and sisters, for in these perils of the last days we need to improve every opportunity, to obtain strength and help.

W. B. WHITE

OBITUARY.

Nancy B. Dray.—Fell asleep at the home of her daughter, Mrs. Alice Pomeroy, at Newankum, Lewis County, Washington, Mrs. Nancy B. Dray, aged 91 years, 10 months and 17 days. Born in Trumble County, Ohio, in the year 1814, died July 6, 1906. She early became a member of the M. E. Church of which she was a consistent member for 50 years. In the year 1895 she first heard the third angel's message proclaimed, which she received, and united with the "remnant" which keep the commandments of God and have the testimony of Jesus, of which she remained a faithful member until the end. Words of comfort were spoken from Rev. 14:13, when we laid her away to await the coming of the life giver. A large circle of friends and relatives mourn their loss, but not without hope. Her last words were expressive of her faith and "that blessed hope." Truly, a mother in Israel is gone.

ALBERT BECK.

Elder and Mrs. White, Elder W. F. Martin, and Prof. J. L. Shaw left Monday evening, July 23, for Portland.
