

Have had some sales but not extensive. We find people friendly and they seem willing to hear, and we expect some fruit. Some nights are so cool that we have set up a stove in our tent which makes it very comfortable. I am still alone and have no help except that Mrs. Thurston acts as tent master when I am speaking.

I find my hands more than full during the day filling invitations to call on my hearers. God is good to us for which we are thankful. One week ago I spoke upon the subject of "The Devil" which was advertised by handbills; it worked so well that we tried the same thing this week with good results. Last Sunday our donations were \$7.12, and although we are presenting the subject of the Sabbath now, we received \$8.70 to-day, making \$39.40 cash donations in just seventeen days. To-day I spoke by special request at a M. E. camp-meeting held near this place to some interested listeners. Our work in this place is the first of the kind in the county. God has given an increase in other new counties and we expect to find some faithful ones here.

As soon as possible I shall return to Middletown and Slate Hill and hold a few services there.

H. G. THURSTON.

(This report was crowded out of last week's issue and Elder Thurston requested that it be left out, but as we had it all in type, we thought it would be best to print it.)

ANOTHER week has passed since our last writing, and we can report material progress in our work. During the week just passed, we have had a good hearing, and we think an interest is being developed notwithstanding a colored camp-meeting and other places to attract the people of the place. Nearly the same people come from time to time. To-night (Sunday, Aug. 19) it rained yet we had a good hearing. Last Friday I advertised our subjects for this afternoon and evening, and we think it proved a success. Our donations for the day are \$7.12; \$5.77, collection to-day and \$1.35, box donation to-night. We have been at work just ten days and have received \$20.48 donations. We think God is working upon hearts. We expect to begin upon the testing truth this

week. We are still alone, solely without help but from above,—tent master, missionary, and minister combined, and have been so just four weeks, and preach about eight times each week on an average. Expect to return to Slate Hill in a few weeks if possible and baptize some and hold a few meetings, also at Middletown. Our courage is good for God has not left us alone. Aid us by your prayers for this first effort in Sullivan County. Address us here, Box 300.

Obituary Notices.

PALMER.—Our dear brother Daniel Palmer died at Bernhard's Bay, Oswego Co., August 12, 1894. In 1879 he accepted the message with his wife, under the preaching of Elder E. W. Whitney and Brother J. Q. Foy. Year by year the truth became more important and precious to him until about one year ago he felt impressed to sell his property that he might help more in the cause. As soon as arrangements could be made he took instruction and entered the canvassing work, locating at Bernhard's Bay. The Lord gave him evidence and assurance that he was with him in his work. A short time before our Auburn camp-meeting he was taken with bloody dysentery. At times he seemed to be better, but after several days of intense suffering he died with a bright hope of a better life than this. The day before he died, he requested the hymn "There's no other name like Jesus" sung, and he with a happy countenance joined in every verse. He felt anxious to live only to continue in carrying the precious truth to the people, but said he felt willing to abide the Lord's will. His age was 41 years.

The funeral was held at his own home near Pooleville, Madison Co., August 15. Remarks at funeral by the writer.

WARNER.—Sister Mary A. Warner died of dropsy near Mannsville, Jeff. Co., N. Y., August 15, 1894, on her 74th birth-day. She was born at Sacketts Harbor, N. Y., August 15, 1820. She embraced the truth with her husband over ten years ago, and at our camp-meeting at Watertown I baptized them. She has been an invalid for years. About two months ago she began to rapidly decline. She gave evidence to the last of a bright hope.

The funeral was held at the house, August 17. Discourse by the writer.

EUREKA
HEALTH FLOUR

IS THE TRADE MARK OF THE BEST

Whole Wheat Flour.

It has no equal; it contains about four times the nutriment to be found in common white flour. Made only from the best quality of wheat, in one of the best equipped mills of the State, it cannot help giving satisfaction to all who use it. White bread is tasteless after you have used Whole Wheat Bread.

HEALTH FOODS

Should be used by all who value health. The reason is this, they contain no lard, ammonia, alum, or other objectionable and harmful substance; they are made from the best of material, no cheap, starchy flour, no cheap shortening; they are carefully and scientifically prepared; they are thoroughly baked so that the task of the stomach in digesting is as slight as possible.

These foods are equally good for the strong and healthy and for the sick and dyspeptic. In the sick room they are indispensable, and often greatly hasten the recovery of the invalid from the fact that there is nothing about them to retard recovery.

We have circulars describing all these foods, telling of what they are composed, and the case for which each food is best adapted. These will be sent free upon application.

There is a full supply of these foods continually on hand at the Depository. They can be shipped to any part of the State with slight expense for freight. When ordered in lots of 50 lbs. or more, we give a discount which will aid in paying freight.

Here is a list of some of the best foods:—

Granola, *The Gem of Health Foods.*

Sanitarium Granola has been manufactured for nearly seventeen years, and is unquestionably the finest health food ever devised, and is greatly superior to any of the numerous imitations to which its success has given rise.

Sanitarium Coffee

Is a pure cereal preparation, tastes much like the sale coffee, but has none of its injurious properties, and besides is very inexpensive, selling at the low figure of 10 cents per pound.
