NOTES.—Cols. 2-8 of the Grand Total for 1921 give the figures of the 4th quarter; Col. 21, net gain of 6147 for the whole year added to the membership December 31, 1920, of 52712, should more correctly, aggregate 58,859 at the end of 1921, instead of 58635. The loss of 224 members is due to discrepancies in the reports, the membership of the previous report not having been properly consulted in some cases. This will be avoided in future by the insertion of col. 9. The figure given, viz., 58,635, is more likely to be correct and will serve as the basis for further reports; Cols. 25 and 26 must be added in order to find the total of the Sabbath-School Offerings; Col. 28, Harvest

Ingathering, is not complete in the Grand Total for 1921. Swiss francs 8984.72 (\$1549.60) for the first quarter and Fr. 1068.69 (\$194.50) for the second quarter must be added for the Latin Union, and some Dan. Kr. 38,000 (\$7000.00) for the first quarter, and Dan. Kr. 27,232.04 (\$4960.37) for the second quarter, for the Scandinavian Union; for the former they were included, however, under column 25 (Annual Offerings), for the latter under column 26 (Miscellaneous Offerings) of those reports, and hence also under columns 29 and 30 of the Grand Total for 1921 of this somewhat re-arranged form; Cols. 34-36 give the figures of the fourth quarter.

General Conference of S.D.A. for Year ending December 31, 1921, Giving Finances Annex to the American Annual Report Blank.

NOTE.—Only the essential columns have been taken from the detailed report. It should be noted that in some instances no uniform system has been followed. Col. 17 is evidently not complete. The finances are in local currency.

GENERAL INFORMATION.

WE are glad that returns have reached us from the various fields in the European Division in such good time that this report will be off the press and ready for distribution at the session of the General Conference to be held in San Francisco. As explanatory notes have been added to the reports themselves, where these were thought necessary, we may be brief in our remarks on some of the general features of the data here presented.

It should be noted that the consecutive order of the columns has been changed so as to give space to several items hitherto not provided for. This form will be adopted in the future.

The membership of the Division, it will be seen, has risen Dec. 31st, to 58,635, which is a net increase over that of 1920 of 6,147. There have been 7,621 additions by baptism and 1,102 by vote, or a total of 8,723 which is certainly most encouraging and the best result thus far obtained. It is difficult to ascertain correct figures for comparison of the preceding years when, in some cases, these had to be estimated on account of conditions re-

sulting from the war. The data here given has been brought up to actual facts and is fully reliable.

The financial items, in the Recapitulation for the fourth quarter, are given in dollars and in that for the year only the totals are reported by unions in their own currency with that of their local fields transposed into the general unit at the current rate of exchange. If a total in dollars is to be found for any union for the whole year, the figures for the four quarters should be added on account of the fluctuating rates of exchange rather than to transpose the annual total of the home currency.

Some of the columns eliminated in the Annual Recapitulation may be looked up in the Grand Total for the year found at the close of the report for the fourth quarter. The Annex refers to the American blank and represents only such corresponding columns for which the data is not supplied elsewhere.

One encouraging feature is the report published for Russia, detailed returns being given for the third quarter, to

which the totals of the preceding quarters have been added by unions. It will be seen that the figures for the South Russian and Siberian unions are very incomplete, the membership still being based on 1920. There have been 1,182 additions in Russia during the three quarters and from news recently to hand these will be increased by several hundred. We were pleased to learn that we had estimated the membership for Russia too low by 526 when placing it at 6,500 at the beginning of the year so that Russia has added

1,685 to our numbers during 1921.

The reports for the Home Missionary and Missionary Volunteer Departments will be studied with interest. According to the latter we now have 510 young people's societies with a membership of 8,912 which would well run up to 10,000 if the reports were complete. What potential energy this army of four youth represents for the cause in the European Division the near future only will reveal.

Skodsborg March 10, 1922.

THE SECRETARY.
