STATISTICAL REPORT

of Seventh-day Adventist® Conferences, Missions, and Institutions Throughout the World for the Year Ending December 31, 2010

A WORD ABOUT THIS REPORT

Church Growth.—During 2010, a total of 1,050,785 persons became Seventh-day Adventists by baptism and profession of faith. We praise our God for the working of His Spirit, which convicts men and women worldwide. However, it is notable that fewer people became Seventh-day Adventists than in 2009, if only by 4,527. Some may wonder if this is not cause for concern.

The Meaning of Numbers.—While there is never room for complacency, have we perhaps become too focused on our numbers? Scripture does not tell us to trust in numerical strength—just the opposite! It is "not by might, nor by power," as the world understands them, that God's work will be done. Yet have we perhaps overlooked some important figures?

Separated Brothers and Sisters.—In the 21st century, more than 1 in 5 of all baptized Seventh-day Adventists separated from the church. Some consciously decided to leave; some were asked to leave; many more somehow just slipped away. This is a disturbing trend, especially when we remember that the "Good Shepherd" dropped everything to search for just one missing sheep! The General Conference has established initiatives in Nurture and Retention. We hope that every Adventist will recognize the need for discipling, and for nurturing those already in the church, as well as for bringing new sheep into the fold.

Membership Statistics.—Inaccuracies in reported membership are, firstly, an issue of integrity; but secondly, if we do not accurately track membership, it is difficult to identify those who have slipped away and need to be reclaimed. "Revival and Reformation" needs to extend to our own record-keeping. Accordingly, in this *Report*, some membership figures are marked as "unverified data". This means analysis by the Office of Archives, Statistics, and Research has revealed inaccuracies or inconsistencies. Membership records need to be carefully reviewed by all local churches.

Audits and the Mission of the Church.—At the 2011 Annual Council, General Conference officials called for membership audits to be undertaken globally. Annual Statistical Reports over the next few years may show reduced growth rates, as audits identify members already separated from us, and remove them from the books. Any decline in growth rate ought, however, to be taken not as a sign that God is no longer blessing, but rather as a sign of the revival and corporate reform that alone can be the basis for powerful proclamation of the good news of a risen Redeemer.

GLOBAL MISSION

The Church's Presence, Outreach, and Mission

Challenge of Global Mission.—The Global Mission document voted at the 1989 Annual Council and endorsed at the 1990 General Conference Session seeks to create an awareness, in concrete measurable terms, of what the gospel commission means to the church today.

Monitoring Global Advance.—Table 1 below lists major unentered regions of the world according to conferences or missions rather than by countries. It is based on a challenge of Global Mission: to place a church among each one million of earth's population. To locate regions where the ratio of churches to population is less than 1:1,000,000, we have used the 2011 *Seventh-day Adventist Yearbook* to find those conferences or missions with low church-to-population ratios. For example, in the West Congo Union Mission of the East-Central Africa Division the Lower Congo Field has a population of 5.9 million and 4 churches. Therefore, on average, each church serves a population of 1.5 million people. Progress is indicated in the fact that in 1997, when this field was organized, each church served an average of 3.4 million people.

This view of the global challenge shows in which conferences or missions the great challenges lie in relation to the Adventist "presence." (For a definition of "presence" see "Definitions" in the next column.)

A column is provided to show the "Population Estimate (Millions) Per Church 1990 or When Organized" for comparison. The basis for these entries is the 1991 *Seventh-day Adventist Yearbook* or the *Yearbook* representing the year of the field's organization after 1990. In some cases the 2010 ratio is larger than the earlier ratio. This may be due to a population that is growing more rapidly than the church or to official revisions in population estimates, rather than to a loss of churches. In some cases the fields that existed in 1990 no longer exist by the same name or territory so a direct comparison is impossible. In other cases growth of churches has lowered the ratio below 1.0. These are being eliminated year by year as church growth occurs.

The number of churches is taken from this edition of the *Annual Statistical Report*; population statistics are for mid-2010 and are provided by the Population Reference Bureau of Washington, DC.

Some countries with a population of one million or more yet with little or no Seventh-day Adventist organizational structure are shown in parentheses.

Table 2 lists all countries and areas of the world and shows church-planting activity and general growth, including the number of ordained ministers, churches, companies, and members, for each country.

Although isolated Sabbath keepers or Seventh-day Adventists from other countries are known to reside in some countries where there is no organized church, the data here corresponds to official reports from the divisions.

The "Ordained Ministers" column excludes those who serve in administrative positions at the union and division levels.

Definitions.—Officially, what is a "country or area of the world"? For the purposes of this report, it is a political entity recognized by the United Nations. Because the Seventh-day Adventist Church does not involve itself in political affairs, the reader should attach no special significance to the presence of certain names in the list or the absence of others. The countries and areas shown in the accompanying Global Mission tables are as listed in the United Nation's publication *Population and Vital Statistics Report* "Statistical Papers," Series A Vol. LXIII, No. 1, Data available as of 1 January 2011, except for Taiwan which is not listed in the United Nations publication. Population figures are supplied by the Population Reference Bureau of Washington, DC.

"Presence" means the existence within the territory of an organized church.

"Established work" exists in a country or area of the world when one or more of the following criteria have been met: (1) when an organized church meets regularly; (2) when a mission station, healthcare facility, or school is functioning regularly; or (3) when a regular full-time denominational employee is based in the country or area carrying on outreach or soul-winning activities through such units as a Sabbath school, an organized company, or a language school. Seventh-day Adventist work is *not* considered to be established in a country or area when it is limited to a series of evangelistic meetings, literature-evangelist work not based there, scattered Sabbath keepers, employees traveling through, or temporary service by regular employees, student missionaries, or other volunteer employees. Countries or areas where the church does not have established work are listed in a half-page table on page 77.

The "number of countries and areas of the world" as listed by the United Nations as of 1 January 2011 is 236. Our count is 232 because we do not count Hong Kong SAR, Macao SAR (or Taiwan) since they are considered part of China according to the United Nation's listing. Also, we only count Saint Helena, not Ascension and Tristan da Cunha as they are dependencies of Saint Helena.

Symbols Used in Table 2:

- + Improvement, but percentage calculation is impossible because the beginning figure is zero.
- Decrease in growth.
- () Negative number.
